On a related note, the only elementary fundraiser is the PTO fall fundraiser in September and October. As elementary administrators have reviewed for us in the past, items such as cookie dough and candy may be sold but are not consumed at school. Additionally, the focus is on adults for something like a PTO fundraiser and different from some fundraisers at middle and high school levels.

18. Approve Wisconsin Association of School Boards (WASB) Membership Renewal

Enclosed in the meeting packet is a scanned copy of the WASB renewal letter, as well as the Report to the Membership, a copy of complimentary subscriptions and publications we receive as part of our membership, and the dues invoice. The annual dues would become \$5,385 for the 2023-2024 fiscal year. (They were \$5,128 for the 2022-2023 fiscal year.)

19. Approve Overnight Athletic Trips for the 2023-2024 School Year

Athletic director, Todd Meikle has worked with our head coaches and Principal Nerby to assemble the overnight athletic trip request for this next school year. Obviously, a trip to State could impact this, but that would be nothing new or reason to be concerned.

As stated in the past, the thinking is to have all scheduled overnight athletic trips for the year approved at the same time at the start of the year in an organized fashion. It is appropriate to point out that special trips involve fundraising, cost to the student-athlete/family, and/or a supporting parent or community group. The school district does not use tax dollars in the form of budget dollars to pay for additional or special overnight trips and the related costs, upgrades from a school bus to a coach bus, and other such costs that may be associated with some of these trips now or in the future.

Here is a quick overview of the trips submitted by Athletic Director Todd Meikle (see meeting packet for additional details):

- Ski and Snowboard Club: Mt. Ashwabay in Bayfield January 23-24, 2024
- Varsity Boys Soccer: Tournament at the Prairie School in Racine September 1-2, 2023
- Varsity Girls Volleyball: Tournament at Kettle Moraine High School September 8-9, 2023

A motion to approve an Assistant Football Coach beginning with the 2023-2024 is anticipated.

11. Approve Preliminary 2023-2024 Budget

As the Board knows, each October is when the Board formally adopts the budget for the current fiscal/school year and also sets the tax levy. However, Board Policy 0155 – Committees also states the following: “. . . *The Board as a whole shall act as a committee on school finance. . . C. During the months of April and May, the committee shall receive prepared estimates of the budget for the ensuing fiscal year, showing anticipated expenditures and needed revenues for the year. This budget shall be presented to the Board for preliminary approval in June and final approval in October. . .*”

The way we’ve operated especially in the past few years, the Board sees regular updates based on the current year, as well as projections for the next year (and frankly the next several years due to our operational referendum cycle).

Business Manager Holtz will take us through additional explanation and information as we look to the 2023-2024 year (see attachment in board packet), adjustments to revenues and expenditures, and the looming impact of the state’s next biennial budget. A Preliminary Budget spreadsheet plus Preliminary Budget Narrative will either be in the meeting packet with the Operations Agenda items or will come as a separate document in light of other meetings as we prepare the meeting packet.

A motion to approve the preliminary budget for 2023-2024 is recommended.

12. Approve 2023-2024 Board meeting Calendar

As I shared last month, I prepared a draft of what the 2023-2024 Board of Education calendar could look like and that is in the Board meeting packet again this month. Here are just a few items to note in the background document:

- The regular October Board meeting when the Board formally approves the budget and sets the tax levy is scheduled for October 25 (the 4th Wednesday) because of the October aide certification and desire to make sure all the important arrangements are not rushed. Additionally, by delaying then the Board meeting packet can include as much of this information as possible.

- With the regular Board meeting shifting to October 25, I did not schedule a learning session for the following week on November 1.
- The January Board meeting would be January 10, 2024, due to the Education Convention in Milwaukee being the following week. (Note: Unless it is a referendum year, we do not have a learning session in January due to the convention.)
- I have marked what would be the June learning session with the question mark. As I have noted in the past, I usually feel a learning session during the last week of school is not the best use of time. We could end up meeting or cancel that learning session and can make a determination as we get closer to the end of the year, very similar to how we have approached this previously.

A motion to approve the Board meeting calendar for the 2023-2024 fiscal year is recommended.

13. Approve Technology Department Purchases

Director Weber reports that the Technology Department is working through purchase options and anticipate more information will be provided at the meeting.

A motion to approve the Technology Department purchases is anticipated.

Updated note: As of the preparation of the AGENDA, we anticipated a purchase recommendation for this month. The Technology Department has now let us know that they have asked us to bring this forward at the July meeting of the Board.

14. Approve Hot Water Heater for the Secondary Campus

As of the preparation of the meeting packet, bid specs were still coming in for the replacement of the hot water heater. Additional information will be provided at the meeting.

A motion to approve the purchase of a hot water heater for the Secondary Campus is anticipated.

15. Approve District Insurance (Property, Liability, Workers Compensation)

Business Manager Holtz met with the insurance representative on June 12 and has some updates on the insurance options.

- Property Insurance**
- Liability Insurance**
- Workers Compensation Insurance**

16. Overnight Choral Trip to New York City for the 2024-2025 School Year (informational item)

Due to the fundraising and planning involved with a trip of this nature, we wanted to make sure the Board is aware of and supportive of the trip. Board Policy 2340 – District Sponsored Trips covers four forms of trips: (a) field trips; (b) extra-curricular/co-curricular program related trips; (c) overnight trips; and (d) other District-sponsored trips.

A trip to New York City is not technically foreign travel, so the Board does not need to approve it since the principal is able to do so. However, Principal Nerby and I agreed that making the Board aware of this up front would be wise. Additionally, given various world events, there are likely at least some people who might view a trip of this nature as being quite similar to foreign travel.

Rather than include the entire policy, I'll simply copy and paste two sections of the policy below as a quick review for some and perhaps new information for others.

Extra-Curricular/Co-Curricular Trips

The Board recognizes that student trips will occur for reasons that are not directly incorporated into the curriculum as part of a class, but rather are part of the extra-curricular/co-curricular activities offered by the District. For example, a District athletic team may travel to away games, or take a trip to an out of town tournament. Any such trips must be identified at the beginning of the activity for the school year, or for the particular season. Extra-curricular or co-curricular trips shall be approved by the school administration and athletic director in accordance with the same procedures used for approving field trips. In cases where such advance notice is not possible (such as travel to State tournament competition), the staff member responsible for such activity shall notify the building administrator of the activity and pertinent information.

Extra-curricular trips that extend to an overnight stay are considered overnight travel, other than WIAA athletic teams participating in State tournaments/meets.

Overnight Travel

Overnight travel is defined as a field trip that involves one or more overnight stays. Overnight travel includes foreign travel. The District views overnight travel outside of the District related to the curriculum/program as an adjunct to that curriculum/program. As such it is an important feature of the overall educational program. The District recognizes the importance of overnight travel outside of the District to amplify and enhance studies that occur in the schools' classrooms through unique enrichment opportunities that are not available locally. Overnight travel shall be approved by the principal and, in the case of foreign travel, shall be submitted to the Board for approval.

Additional information about the New York City choral trip is included in the packet for your information.

17. Achievement Gap Reduction School Board Review (informational item)

Included in the meeting packet are the Achievement Gap Reduction (AGR) reports completed by Director Weber. The report deals with math and reading for kindergarten through fifth grade. The older program name or term SAGE (Student Achievement Guarantee in Education) may sound more familiar.

This is simply an informational item, so no formal action is necessary.

18. Board Policy First Readings

- a. **Policy 0161 - Parliamentary Authority (Revised):** The policy and drafting note has been revised to clarify the appointment of a parliamentarian during a Board meeting if there is a challenge to parliamentary procedure. The options provide greater flexibility for the Board. This revision is recommended, but not required.

- b. **Policy 1213/3213/4213 – Student Supervision and Welfare (Revised):** The policy is revised to account for staff posting photos of students who are their own children or relatives on social media as an exception to the general prohibition of posting photos of students. The revision applies both to direct connections on social media (i.e. friends/followers) as well as to posting content involving students. The revision is recommended.
- c. **Policy 1421/3121/4121 - Criminal History Record Check and Employee Self-Reporting Requirements (Revised):** These policies are revised to add clarification to the reference to “minor traffic offenses”. It should be noted the policy does not require the imposition of discipline or penalty for every violation reported but is designed to require reporting by the employee so that administration is in a position to assess the matter. The revision is recommended.
- d. **Policy 2260.02 - Services for Bilingual Students/English Learners (Revised):** This policy has been revised to reflect state statutes and administrative code, use updated terminology as well as recommendations from professionals in the field. These revisions are recommended but not required.
- e. **Policy 2416 - Student Privacy and Parental Access to Information:** This correction removes repetitive language from this Policy 2416 since comparable language is already part of Policy 5780 - Student/Parent Rights where it is more appropriately placed. Removing this language from Policy 2416 does not change Board policy since comparable language exists in Policy 5780.
- f. **Policy 2460.03 - Independent Educational Evaluation (IEE) (Revised):** This policy is revised to clarify the procedures when the cost of an IEE is in excess of the district’s maximum allowable cost in order to align with current legal standards. This revision is required for legal compliance.
- g. **Policy 2522 - Library Media Centers:** This policy is revised to reflect the process for requests relative to materials available in the District's library that are not part of the District's classroom instructional materials. The process for communicating with the Board regarding classroom instructional materials is covered in Policy 9130 - Public Requests, Suggestions, or Complaints. The revisions to this policy separate the review process for different types of materials available for students. This policy provides options for the procedures including the option for the Board to delegate the responsibility to the District Administrator to develop procedures through guidelines, or for the Board to implement procedures itself. Note that the more extensive process option will require adherence to open meetings law mandates and should be carefully considered before selecting. The revisions are recommended.
- h. **Policy 2700.01 - School Performance and State Accountability Report Cards (Revised):** This policy is revised to reflect statutory language. The revision is recommended for statutory compliance.

- i. **Policy 3120.04/Policy 4120.04 - Employment of Substitutes (Revised):** Policy 3120.04 is revised to reflect the distinction between regular employed teachers hired to serve as substitute teachers on a permanent basis. Both policies have been revised to clarify the reasonable assurances process for unemployment compensation purposes. These revisions are recommended.
- j. **Policy 5113 - Open Enrollment Program (Inter-District) (Revised)** This policy has been reorganized to make it easier for District's to use when evaluating open enrollment applications and to include clarification regarding preferential processing of applications for siblings of any student selected in the random selection process, provided that there is space in the sibling's grade level. Adoption of the revision is recommended.
- k. **Policy 5340 - Student Accidents/Illness/Concussion (Revised):** The policy has been revised to reference sudden cardiac arrest notification requirements added into law by 2021 Wisconsin Act 210 as identified in 118.2935, Wis. Stats. The law requires that the Department of Public Instruction, in coordination with WIAA and two pediatric cardiologists (one at the Medical College of Wisconsin and the University of Wisconsin) develop information on sudden cardiac arrest. The information is to be included in the notifications concerning concussions prior to student athletic participation. The requirement is effective for sports beginning four (4) months after passage, which was March 30, 2022. The Department of Public Instruction has not yet released the required communication; however, information is available from the WIAA: [Sudden Cardiac Arrest | Health | Wisconsin Interscholastic Athletic Association \(wiaawi.org\)](#); [A Fact Sheet for Parents \(wiaawi.org\)](#). Revision of this policy is recommended to be compliant with state law. The inclusion of information on sudden cardiac arrest is required for any sport beginning after July 31, 2022.
- l. **Policy 5517.01 - Bullying (Revised):** This policy has been revised to reflect the Wisconsin statutory provisions.
- m. **Policy 7440.01 - Video Surveillance and Electronic Monitoring (Revised):** This policy is revised to add options regarding the storage of and access to video footage.
- n. **Policy 8146 - Notification of Educational Options (Revised):** This policy has been revised to include the new 2021 Act 83 requirements regarding a Class 1 notice of the educational options available to children who reside in the district as well as the district's and each school's most recent report card performance category. The revision is recommended for statutory compliance.
- o. **Policy 8500 - Food Services:** This policy has been revised to reflect the updates by the USDA Food and Nutrition Service's (FNS's) Civil Rights Division to their Nondiscrimination Statement to include gender identity and sexual orientation as protected characteristics. This change is based upon the current standards established by the USDA FNS's Civil Rights Division and should be made to keep the policy current and compliant. District specific edits were also made.

- p. **Policy 8740 - Protection of District Funds :** This policy has been revised to reflect that while few school districts, if any, require surety bonding, most have the same protections for the District through various standard insurance policies. Similarly, the policy name has been changed to more accurately reflect the contents of the policy and practice among districts. If this is a current district policy, Neola recommends that you review it to make sure you do in fact have bonding, or alternatively, revise the policy as provided here.
- q. **Policy 9130 - Public Requests, Suggestions, or Complaints:** The policy is revised to remove the reference to library materials as the new language for reconsideration of library materials has been added to Policy 2522 and AG 2522 if the district chooses to instead include it in the guideline. Specific reference to revised forms was noted in the update.

19. Board Policy – Technical Changes (single reading)

- a. **Policy 0165.2 - Change of Regular Meetings:** A correction was made so that the sentence makes sense grammatically.

Darlene Hohlfelder

Dear Lindsey Ferry and Mark Smullen,

I am writing to notify you of my upcoming retirement with June 6, 2023 as my last day. I am grateful for the opportunity of 35 years with Sturgeon Bay Schools. I have worked with such amazing staff and students from my days as an Educational Interpreter to a Special Ed. Associate. Also, I am so fortunate to end my years with such a nice group of students.

Sturgeon Bay Schools is a great place for our kids to learn, grow, and succeed!!

Thank you,

To all this may concern,

Upon my look for summer work I was offered a position within the Y as a full time child care director and I have accepted. I am sorry for the short notice as my first day will be June 7th I will be using June 6th as my last day at Sawyer and the Sturgeon Bay school district. I want you all to know this was a hard decision on the last few days but the stability in the summers was the biggest part.

Thank you,
Ashley

Dear Katie,

I am writing to formally notify you of my resignation from my position as Library Associate Teacher at Sunrise Elementary effective June 6, 2023. My family will be relocating to Northfield, Minnesota as my husband has accepted the role of CEO of the Northfield Area Family YMCA commencing on July 1, 2023.

My time at the Sunrise has made this a difficult decision due to the overwhelmingly positive experiences and relationships that I have developed over the past year. I will be forever grateful to have had the opportunity and I am confident I will maintain many of the connections I have made with colleagues and friends.

Kind regards,

A handwritten signature in cursive script that reads "Kori Powell".

STATEMENT OF PHILOSOPHY

The School District of Sturgeon Bay believes that a school system in America has an obligation to continually strive to instill in each individual, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities embodied in our American heritage.

It is the aim of this District to provide a diversified program of educational experiences to youth and to cooperate with the home, church and community to promote the development of individually different but effectively-educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student's ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promote good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values.

CHAIN OF COMMAND – ORGANIZATIONAL CHART

The chain of command is the formal line of authority, communication, and responsibility within the District.

[Policy 3112](#) – Board-Staff Communications

~~The chain of command depicted on the organizational chart identifies the relationships in the District.~~

PURPOSE

- A. The primary goal is the development and operation of an educational program of the highest quality for the benefit of students and the community.
- B. Teaching is a profession and the quality of the educational program is dependent upon the quality of the teaching service. The ultimate aim of education is the continuing development, continuity and implementation of quality in our educational program and constant welfare of the students.
- C. Wisconsin law expressly prohibits strikes at any time by the teaching personnel covered by this Handbook.
- D. In the event of any violation of the preceding clause, the Board may take whatever disciplinary action it deems appropriate including immediate discharge and such action shall not be subject to arbitration except on the basis that the employee involved did not participate in the prohibited activity.
- E. History

The Compensation Study Committee met during the 2013-2014 and 2014-2015 school years. During the first year and a half of the process, compensation background and a series of twenty-one (21) school district compensation plans were studied. In the second semester of the 2014-2015 school year, the focus became the design of our new model.

Key consideration was given to the following concepts throughout the process:

- Retain quality staff
- Attract quality staff
- Establish clear goals and aligning a pathway that links goals to salary
- Have a simple system that is not overly complex
- Have a system that helps staff continue to develop and provides incentives

In addition to the concepts mentioned above, the following concepts were deemed as critically important and things the compensation model needed to support:

- Growth
- Improvement
- Leadership

Educator Effectiveness & Teacher Evaluation

Compensation models we studied took a variety of approaches to incorporating the teacher evaluation process. In the end, we decided upon an approach that recognizes the important and unique working relationship between the teacher and principal, recognizes the instructional coaching inherent in the Danielson Framework, and embraces the roles these components have in helping staff members, and the school as a whole, grow and improve.

In order for a teacher to progress to the next rung in the salary ladder, the teacher must have a satisfactory evaluation (may not be on any plan of improvement) whether in the summative evaluation year or any year of the three-year cycle. Additionally, in order to be eligible for any supplemental pay, the teacher must have a satisfactory evaluation and may not be on any plan of improvement. We will have more data once we have implemented Educator Effectiveness and can examine the role it plays in the future.

Salary Ladder Conversion & History

Ten lanes (five BA and BA+ credits; five MA and MA+ credits) were in existence prior to the development of the new salary ladder. Teachers were placed onto the new salary ladder by taking into account their 2014-2015 Sturgeon Bay salary, moving to the most comparable salary amount rung on the new ladder, and then going up one rung. Teachers with a Master's Degree had \$2,000 subtracted from their current salary amount prior to moving to the new ladder; \$2,000 was then added to their new base pay rung placement as ongoing supplemental pay (see next section). No professional staff member could have their salary reduced from the 2014-2015 school year to the 2015-2016 school year during the transition from one system to the new system.

Salary Ladder Conversion (continued)

To be more competitive with beginning salary payment, three steps at the bottom of the previous scale were eliminated. For the 2018-2019 school year, the salary ladder was updated further; the bottom two rungs were removed and a new top rung was added. For the 2019-2020 school year, the salary ladder was updated again by removing the bottom two rungs, effectively moving the starting salary from \$30,231 to \$39,440 in five years. The salary ladder placement of approximately 25 individuals (who were in close proximity to the adjusted base two or three times) was also approved for the 2019-2020 school year. Most recently, the Board approved changes to the ladder that took effect in the April of 2022 thereby awarding some additional compensation to professional staff member at that point. For the 2022-2023 school year, the starting salary amount is \$40,000.

Supplemental Pay

Ongoing supplemental pay will be awarded to individuals with a Master's Degree. Individuals with a Master's Degree will receive \$2,000 annually in supplemental pay on top of their base pay designated by the current salary ladder (see Continuing Educational Support below for support details related to earning a Master's Degree).

Yearly supplemental pay will be awarded to individuals based upon activities in that school year. Leadership activities and priority areas identified on "Appendix B" are eligible.

Note: Teachers who earn a Doctoral Degree will receive a one-time \$1,000 stipend in recognition of the accomplishment, and are also encouraged to work with their building principal regarding leadership opportunities described in Appendix B: Supplemental Pay for Yearly Leadership Opportunities.

Continuing Educational Support

In an effort to support professional staff members in professional growth, improvement, and to facilitate leadership opportunities within the district, pre-approved continuing education courses will be reimbursed at a rate of half the cost per credit (up to \$200 reimbursement per credit), up to a maximum of 12 credits per school district fiscal year. All credits must be directly connected to the subject area, student learning, or duties associated with a position that the district has asked the professional staff member to prepare for.

The Supervising Principal and Superintendent must approve in writing all Master's Degree coursework or above and any credits being taken prior to the course(s) beginning, if reimbursement will be requested or if Master's Degree supplemental pay will be requested once the degree is complete. Credits earned shall be graduate credits (a) directly related to the teacher's current teaching assignment (e.g. English, Math, or elementary education) or (b) part of a Master's Degree program in education into which the teacher has been formally accepted or (c) if (a) and (b) do not apply, in education or any subject matter area in which the teacher is certified, with the prior written approval of the supervising Principal AND Superintendent. In all instances, such credits shall qualify only if taken in an accredited program offered by an accredited graduate school, if they meet Wisconsin Department of Public Instruction Certification requirements, and if the institution is approved by the district. The graduate credits must be in the best interest of the District as determined by the Superintendent.

Note: A teacher may not receive payment for attending a workshop or course AND also receive credit reimbursement for the same workshop or course.

A professional staff member who leaves the district within five years of receiving reimbursement owes the district a pro-rated amount (20% less per year) prior to receiving their release and resignation approval. If leaving within one year, the person would owe the district 100% of the reimbursement paid; 2 years = 80%; 3 years = 60%; 4 years = 40%; 5 years = 20%.

National Board Certification Support

A professional staff member who obtains a National Board certification may receive a one-time reimbursement up to \$2,500 for expenses associated with obtaining the National Board Certification. (Note: this refers to expenses not eligible for reimbursement by the State or any other organization.) This may be awarded upon the initial completion and earning of the certification. This applies only to initial certification at this time and not to any expenses associated with renewing the National Board Certification credential. Additional support from the school district:

- The District will provide up to four (4) days of paid leave per year to work collaboratively on the National Board Certification process.
- The District will provide one (1) day of paid leave for a teacher taking the National Board Certification test.
- The District will provide support in the form of a National Board Certified coach/mentor for staff members going through the National Board certification process.

A professional staff member who leaves the district within five years of receiving reimbursement owes the district a pro-rated amount (20% less per year) prior to receiving their release and resignation approval. If leaving within one year, the person would owe the district 100% of the reimbursement paid; 2 years = 80%; 3 years = 60%; 4 years = 40%; 5 years = 20%.

Note: At the present time, the State of Wisconsin also pays teachers with their National Board Certification \$2,500 annually while holding the certification. The district will assist the professional staff member in receiving their State stipend by verifying their employment with the district. If the State stipend is eliminated or drastically reduced, the school district could examine the possibility of adding some sort of supplemental pay or stipend.

Salary & Supplemental Pay Model Review Procedures

Annually an assessment of the current framework will be conducted to determine impact, functionality, and financial sustainability. The review will be conducted by a district team under the leadership of the superintendent. The assessment will consider the following:

- Does the model support key concepts, such as the following:
 - Retain quality staff
 - Attract quality staff
 - Establish clear goals and aligning a pathway that links goals to salary
 - A simple system that is not overly complex
 - A system that helps staff continue to develop and provides incentives
 - Growth
 - Improvement
 - Leadership
- Does the model take into account priority areas for the district?
- Is the model sustainable over the next three years?

Effective with the 2022-2023 school year, we would like to move the annual review meeting from April to February. The Board would receive an informational update in a Board meeting, likely the February regular meeting. Professional staff members should watch for information in the annual review meeting minutes and the informational Board meeting update.

Annual review meetings were conducted on the following dates:

April 26, 2016

April 11, 2017

April 12, 2018

April 8, 2019

The annual review was conducted via Google Doc from March 31 - April 6, 2020, due to the COVID-19 school closure and Safer-at-Home order.

A. Professional staff may elect through the cafeteria plan either to be provided with the District's health insurance coverage as described above or to receive additional payment of cash compensation/alternative benefit plan (ABP) as set forth below.

B. Where the District employs both spouses prior to March 2011 one spouse will be eligible for participation in the alternative benefit plan (ABP) if the other spouse enrolls in group insurance coverage. Any new employed spouses after March 2011 will not be eligible for the alternate benefit.

C. Employees eligible for insurance may choose, at the beginning year of each cafeteria plan year, between:

1. participation in the District's health plan
2. a cash payment equal to the amount listed below

D. Cash Compensation: The cash contribution dollar amount shall be \$5,000 and less the District's share of social security and Medicaid.

The amount of each additional cash contribution dollar amount shall be calculated by dividing the dollar amount stated above by twenty-four (24) times per year.

Health insurance eligible part-time employees who select the cash compensation shall receive a pro-rated amount of the District's contribution based upon the part-time employee's percentage of full-time employment.

E. The cash compensation amount shall be paid to the employee as additional taxable earnings which are not subject to Wisconsin Retirement System (WRS) contributions to the extent permitted by WRS rule or law, with the appropriate employee F.I.C.A., state and federal taxes deducted from the teacher's payroll check.

F. Beginning Eligibility Date for Cafeteria Plan:

1. New Employees: Payments shall be based on the employee's eligibility date. For new employees, this constitutes the employee's first day of active service. Employees must enroll in the cafeteria plan prior to the employee's first day of active service. Absent a "qualifying event", i.e. loss of spouse health coverage, etc., the employee must continue to take the chosen option until the end of the cafeteria plan year

If the new employee's first date of active service is after the 15th of the month, no cash contribution is required in that month. If the employee's first date of active service is on the 1st through the 15th of the month, the District will contribute the payment.

2. Current Employees: Current employees, when permitted by applicable Internal Revenue Code section 125 "cafeteria plan" rules, must make written cafeteria plan election initially prior to the beginning of the subsequent cafeteria plan year. Absent a "qualifying event", i.e. loss of spouse health coverage, etc., the employee must continue with the chosen option until the end of the

cafeteria plan year. Once the employee is eligible to begin cash in lieu of health status contributions will begin with the first paycheck beginning after the cafeteria plan year starts.

G. Any professional staff who waives participation in the District group health insurance plan and elects to receive cash compensation in lieu of health insurance may enroll in the group health insurance plan at a later date in the case of a “qualifying event”, pursuant to the late enrollment terms, timelines, and conditions set forth in the group health insurance contract and the plan’s cafeteria rules. The cash compensation payments shall cease effective with the month in which the staff member commences participation in the group health insurance plan.

H. As part of the cafeteria plan, the District will automatically deduct all employees’ health and dental premiums on a pre-tax basis.

I. The district will offer eligible employees the option to elect a Section 125 Flexible Spending Plan for uninsured medical and/or daycare expenses. The District will choose the Section 125 Flexible Spending Plan provider.

A teacher will be eligible for retirement benefits with at least 15 years of full-time equivalent experience in the District.

Full time equivalent experience in the District shall be defined as follows:

- (1) Worked at least 15 years as a full-time teacher in the District
- or;
- (2) Obtained at least 15 of Wisconsin Retirement System (WRS) full-time equivalency credits as a teacher in the District. The WRS reports full-time equivalency employment credits on its annual statements to participants in the WRS system. It shall be the responsibility of the employee to notify the District of their employment credits.

Categories Two and Three describe an early retirement plan for which Sturgeon Bay Public School teachers are eligible if at the time of retirement, they are a member of the health insurance plan and they qualify as per policy of the insurance provider. Retirees accepting the post-employment benefits are subject to all future changes in the health insurance plan structure, plan carrier and plan benefits that are applied to active employees.

Teachers retiring in January, typically the end of the first semester of a school year, shall be entitled to continuing health insurance benefits, as provided to active employees, with the District paying the required premium equivalent to the flat dollar amount of the premium in effect at the time of their retirement. Teachers retiring at the end of the second semester of the school year, typically in June, shall be entitled to continued health insurance benefits at the flat dollar rate established for the subsequent school year or the current school year – whichever is higher. (If the current school year is a higher rate, those teachers will begin paying the difference of the insurance premium as soon as the health insurance premium is higher than when they retired.)

Category Two:

Teachers with one to 14 years of service with the district at the end of the 2012-2013 school year.

Teachers who have 14 years or less experience in the district at the end of the 2012-2013 school year shall be eligible to retire between the ages of fifty-five (55) and sixty-five (65). Such teachers shall be eligible for three (3) years of health insurance coverage or shall be eligible for health insurance coverage until the retiree becomes eligible for Medicare/Medicaid.

Note: As the district transitions to the updated system beginning with the 2022-2023 fiscal year, teachers in Category Two may voluntarily choose to participate in Category One instead of Category Two. Notification of this choice should be made in writing to the district superintendent and business manager by October 1, 2022. The order of catch-up payments will be based on seniority in the district. *See additional notes regarding the transition below.*

Category Three:

For teachers who have reached their years of service at the end of the 2012-2013 school year, there shall be three (3) sub-categories of teachers eligible for retirement benefits as follows:

Sub-Category A - Teachers with at least fifteen (15) years of full-time equivalent experience in the District.

Sub-Category B - Teachers with at least twenty (20) years of full-time equivalent experience in the District.

Sub-Category C - Teachers with at least twenty-five (25) years of full-time equivalent experience in the District.

Full-time equivalent experience in the District shall be defined as follows:

- (1) Worked at least 15, 20 or 25 years as a full time teacher in the Sturgeon Bay District or;
- (2) Obtained at least 15, 20 or 25 years of Wisconsin Retirement System (WRS) full-time equivalency credits as a teacher in the District. The WRS reports full-time equivalency employment credits on its annual statements to participants in the WRS system. It shall be the responsibility of the employee to notify the District of their employment credits.

Teachers in sub-categories A, B or C above shall be eligible to retire between the ages of fifty-five (55) and sixty-five (65). Such teachers shall be eligible for four (4) years (Sub-Category A), six (6) years (Sub-Category B) or eight (8) years (Sub-Category C) of health insurance coverage or shall be eligible for health insurance coverage until the retiree becomes eligible for Medicare/Medicaid.

In addition to the health insurance benefit described in Sub-Categories A, B, or C, teachers who have already had 15, 20, or 25 years of service in the District at the end of the 2012-2013 school year, upon early retirement, retirees with accumulated, unused sick leave may exchange at the minimum rate of ten (10) days of unused sick leave for one (1) additional month of health insurance coverage, at the flat dollar amount of the premium in effect at the time of their retirement, up to a maximum of twelve (12) months. Such additional health insurance coverage terminates when the retiree becomes eligible for Medicare/Medicaid. Additional provisions pertaining to Sub-Categories A, B, or C are as follows:

When the cost of the monthly health insurance premium exceeds the per diem value of ten (10) days of unused sick leave, based on salary only, additional sick leave days must be used.

The per diem value of the sick leave used must equal or exceed the cost of the monthly insurance benefit using the least number of extra days. In applying the value of sick leave to the monthly cost of the health insurance benefit, the per diem value of the sick leave at the time of retirement shall be used.

The dollar difference between the flat dollar amount of health insurance premium and the actual premium must be paid by the retired teacher on a timely basis, as requested by the District.

Other Contingencies in Category Two or Three

In the event an early retiree, who is receiving a health insurance benefit should die, the surviving spouse may continue to receive a single health insurance plan benefit for a period of time not to exceed four months

from the date the retiree died. The District's obligation to the surviving spouse shall not exceed the maximum benefit the retiree would have received had the retiree survived. All other District payments and liabilities will cease.

A retiree receiving benefits, who establishes eligibility for unemployment compensation benefits, shall have the amount of the insurance payments reduced by the same amount of unemployment compensation benefits paid by the District as a secondary employer unless the retiree makes full payment to the District.

In the event governmental requirements result in duplication of insurance benefits provided in this article, the costs of providing insurance benefits under this article will be offset against the costs of governmentally required programs. Unless required by law, all insurance payments payable under this article shall cease when the retired teacher becomes eligible for Medicare/Medicaid.

If any teacher, who participates in this post-employment benefits program and who receives unemployment compensation benefits that the District is responsible for paying, during the period that they are receiving post-employment benefits, the amount the District is obligated to pay to such retired teacher under this post-employment benefits program shall be reduced by an amount equal to the unemployment compensation benefits received by such retired teacher.

A teacher retiring underneath this provision forfeits all re-employment rights with the District, except that the retired teacher will be eligible for substitute teaching positions, co-curricular advisor, mentor or curriculum work.

Validity: If any aspect of this agreement is found to be discriminatory or violative of the Federal Age Discrimination in Employment Act, the Wisconsin Fair Employment Act, or any other state or federal law by any court of competent jurisdiction or administrative agency, then the entire article shall be considered null and void.

It is agreed that any teacher who elects to participate in this post-employment benefits incentive must, as a condition on eligibility for the post-employment benefits herein, shall provide the District with a written waiver and release of claims signed by such teacher which unequivocally and explicitly:

- A. Waives any rights or claims which the employee may have under the Federal Age Discrimination in Employment Act of 1967 (29 U.S.C 621 et seq.) as amended by the Older Workers Benefit Protection Act (S. 1511 1990) and the Wisconsin Fair Employment Act (§§ 111.31, 111.33, Wis. Stats).
- B. Acknowledges that the employee has been placed on notice by this statement that he/she had the right to consult with his/her attorney before signing this post-employment benefits agreement. The employee, by voluntarily accepting this incentive, unequivocally and explicitly acknowledges that he/she has received the requisite notice.
- C. Acknowledges that the employee has received at least forty-five (45) days to consider whether or not to accept the post-employment benefits incentive contained in this Agreement.

The employee has the right to revoke the waiver contained herein, if he/she notifies the District within seven (7) calendar days after signing the waiver.

STATEMENT OF PHILOSOPHY

The School District of Sturgeon Bay believes that a school system in America has an obligation to continually strive to instill in each individual, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities embodied in our American heritage.

It is the aim of this school district to provide a diversified program of educational experiences to youth and to cooperate with the home, church and community to promote the development of individually different but ~~effectively educated~~effectively educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student's ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promote good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values.

APPENDIX C

Post-employment Benefits

Post-employment benefits for support staff were changed based upon years of service as of the end of the 2012-2013 school year. As a result, we currently have three categories of support staff pertaining to post-employment benefit eligibility. These categories are Category A, Category B, and Category C as listed below.

Category A

Support staff members hired since the start of the 1998-1999 school year do not qualify for any post-employment health or dental insurance benefit in retirement.

Category B

Support staff members hired prior to the start of the 1998-1999 school year who had 15 years of service at the end of the 2012-13 school year qualify for a post-employment benefit. The benefit these support staff members qualify for is as follows:

The Employer shall continue health coverage, single or family plan, for three (3) months following employee retirement, with the District paying the required premium equivalent to the flat dollar amount of the premium established in effect at the time of their retirement. Should a retiree become Medicare eligible during the time of this retirement benefit, the retirement benefit will end. This insurance benefit applies to health insurance only. Retirees accepting the post-employment benefits are subject to all future changes in the health insurance plan structure, plan carrier and plan benefits that are applied to active employees.

A retiree receiving benefits, who because of other employment, establishes eligibility for unemployment compensation benefits, shall have the amount of the insurance payments reduced by the same amount of unemployment compensation benefits paid by the District as a secondary employer. The retiree would then have to pay that amount to the District.

Category C

Teacher Associates used to have a separate agreement prior to the 2012-2013 school year. When this was changed, teacher associates were added to the Support Staff category. Therefore, teacher associates hired prior to the 2003-2004 school year with enough years of service as outlined below are in Category C. Teacher associates, who had ten (10) years of service at the end of the 2012-2013 school year qualify for the following benefit:

The employer shall continue health coverage, single or family plan for six (6) months following employee retirement, if the employee had ten (10) years of service at the end of the 2012-2013 school year, with the District paying the required premium equivalent to the flat dollar amount of the premium established in effect at the time of their retirement.

Sturgeon Bay District and Elementary Vision and Mission Statements

Dear Families:

Welcome to the start of the 2023-2024 school year at Sawyer Elementary School!

We are excited to work with you to create a successful elementary school experience for your child/ren. Through this handbook we have attempted to answer questions about the elementary school programs, policies, procedures, and expectations. Please review the handbook and keep it in a convenient place for future reference. If you have any questions, please contact the main office at 920-746-1825 . Nothing is more important to us than your child/ren and the partnership between home and school!

District Mission Statement

The School District of Sturgeon Bay, in partnership with the student, family, and community, will provide diverse educational opportunities for the development of informed, knowledgeable citizens and successful lifelong learners.

Elementary Vision Statement

Sturgeon Bay Elementary Schools are committed to cultivating and maintaining a learning community in which:

Collaboration is the norm.

There is a clear and shared focus on student learning. Expectations for meeting standards, academically and socially, are high. Our staff is highly qualified, dedicated and passionate about the role they play in the education of our students. Leadership fosters mutual respect and trust.

The instructional program is student-centered and research-based.

Teachers know and understand individual learning needs and styles and actively adapt instructional practice to ensure success. Curriculum, instruction, and assessment align with district and state standards.

Students are confident, self-motivated and eager to learn.

Classrooms are inviting and interactive places where students and staff exhibit a positive attitude, are purposefully engaged and feel included. Respect is evident. All should feel safe and supported.

Communication is open and diversity is honored.

School, family, and community partnerships are encouraged. Everyone understands and actively works toward achieving the shared goal of student success. Parents and community members perceive our schools as warm and inviting.

Educational Philosophy

The School District of Sturgeon Bay believes that we have an obligation to continually strive to instill in each individual, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities in our American heritage.

This school district aims to provide a diversified program of educational experiences for youth and to cooperate with the home, church, and community to promote the development of effectively educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student’s ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promote good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values.

Arrival to and Departure from School

Supervision will be provided in the bus zones at all schools beginning at 7:20 AM and 2:25 PM.

Buses

- Early Childhood (EC)/4K buses will arrive at 7:20am. Students will unload from the buses at the EC/4K entrance and go directly to their classrooms.
- Grades K-2 Sawyer neighborhood buses will arrive at Sawyer school at 7:20am. Students will unload from the buses at the main entrance.

Private Vehicle

Please drop your student off on the school side of the street if you are bringing your child/ren to school in the morning.

The streets around each school are busy places in the morning. Having your child/ren cross the street presents a serious safety risk. Students are to go directly into the building. Please park in one of our parking lots if you choose to walk your child to the building. The congestion in these areas is a safety concern. Should you run late in the morning, please bring your child to the “main entrance.” All doors are locked at 7:40am.

Afternoon Dismissal

- All students who are riding the bus will begin loading the buses at 2:27pm.
- After buses leave at approximately 2:35pm, those students getting picked up in private vehicles will be dismissed individually. Parents or other approved adults are directed to one of our five valet parking spots, indicated by a numbered cone. Parents or other approved adults must display the school-provided student sign in their passenger-side window to effectively communicate with the staff member directing cars to valet spots.

- Parents who want to meet students at the main door for pick-up need to park in one of our parking lots, use the crosswalk, and wait on the grassy area in front of the main office window or sidewalk until their child's teacher brings their child to them.

Attendance

It is expected that children attend school daily. If a child is ill, please keep them home to encourage a speedy recovery and to limit the possibility of passing the illness on to others. Parents are expected to call the school office at 920-746-1825 to report their child's absence. Your cooperation helps ensure the safety of students. Please notify the school if your home, work, or emergency phone numbers change. Parents who do not have a phone are expected to send a written note of explanation with the child upon his or her return to school. Failure to report an absence by one of these means will result in the absence being documented as **unexcused**. Sturgeon Bay Schools want to work with you to ensure your child is attending school and following district truancy policies and state law.

Students are expected to enter the school with their classmates by 7:40am. Students arriving after 7:40 am should report to the office and will be marked tardy. Students arriving after 8:00am will be considered absent (excused or unexcused) for the appropriate part of the school day missed. ***If your child/ren must leave the building prior to dismissal, s/he must meet a parent or other adult to check out in the office prior to leaving and must check in at the office upon his/her return.*** School Board policy 5200 addresses attendance and truancy issues.

Students may be excused from school during the course of the day only if in the custody of their parent/s, an adult designated on the pupil emergency card, or an adult designated in a written note from their parents. Students will be required to make up all necessary assignments as determined by the teacher.

If your family has a planned absence during a time when school attendance is expected, please submit a written note to the school office at least one week in advance to have the absence excused. The family will be responsible to assist their student in the completion of assignments.

We encourage families to make medical, dental, counseling, and other appointments after school hours whenever possible, unless there is an emergency. Community agencies have usually been able to accommodate appointments after our school day.

With written parent permission a representative from an out-of-school counseling agency may pick a student up at the end of the school day and transport the student to an out-of-school counseling session. We expect students to be supervised by Sturgeon Bay School District employees while at school. School facilities do not have spaces for these activities.

The following is a summary of some key points regarding school attendance:

- Parents are expected to contact their child's school when their child is absent. Absences without a parent excuse are considered unexcused.
- Arriving late to school without a parent excuse is considered an unexcused tardy. A child can be considered truant if there are 5 or more unexcused late arrivals during a semester. Students should be at school by 7:40 AM. Parents can bring their child to school as early as 7:20 AM.
- A child is considered truant if there are 5 or more unexcused absences in a semester.
- **Each student is allowed up to 10 excused absences each year** for reasons such as illness, medical appointments, vacation, funerals, and family emergencies. Parents are expected to inform the school of the absence at least one week in advance when possible. Students are responsible for completing assignments they will miss during these absences.
- While we do encourage you to keep your child home when they are ill, parents are expected to contact their child's school if their child is absent because of illness. A written medical excuse may be requested by the district if

your child is absent for several consecutive days or chronically absent during the year due to illness. ***Absences with a written doctor's note do not count toward the 10-day total.***

1997 Wisconsin Act 239 became effective June 18, 1998. This act includes the following (please note that only significant and relevant changes are listed):

- **Changes the definition of “habitual truant” to “pupil who is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a semester.”**
- **Allows that parents may excuse a child for not more than 10 days per school year.**
- Once notified of attendance/truancy concerns, the parent must meet with school personnel within 5 school days (may be an additional 5 days by mutual consent.) If the meeting is not held within 10 days, court proceedings may be initiated without the meeting.
- The parent or person in control of a child who fails to attend school regularly may be fined not more than \$500 or imprisoned for not more than 30 days or both (first offense.) For second and/or subsequent violations, the person may be fined \$1000, imprisoned for 90 days or both.
- The court may also order: community service, counseling at the responsible party's expense, and the parent/guardian's attendance at school with the child.

For more information on Wisconsin's attendance law, please see *Wisconsin State Statute 118.15 Compulsory School Attendance* at the following link: <http://docs.legis.wisconsin.gov/statutes/statutes/118/15>

Board Policy Book

The Sturgeon Bay School Board Policy Book is available for parent review on the school website.

Building Use

Sturgeon Bay Schools encourages the use of its facilities by civic groups in the evenings. To request use of a facility, contact the manager of Buildings & Grounds.

Celebrations

Please distribute invitations or presents for private parties outside of school. The school is no longer allowed to distribute directory data to parents.

Please remember to let the teacher know ahead of time if you would like to send treats to the classroom; please consider nutritious choices. Soft and hard candies are not allowed in school. No personal deliveries (balloons, flowers, candy, etc.) will be accepted for students at school.

Classroom Assignments

Classroom assignments for a given school year are made by the principal with every effort to balance classes according to gender, academic and social leadership, special needs, and matches of learning and teaching styles. If parents have concerns regarding the class assignment of their child/ren for the following school year, they are to contact the principal directly by phone or e-mail.

Class Lists/Directory Data

Under the Wisconsin Pupil Records Law, school districts may not disclose “directory data” with respect to each pupil to any person. Directory data includes student name, address, and telephone number. The Sturgeon Bay Board of Education policy does not allow this information to be given out. Contact your principal with any questions.

Students enrolling in the Sturgeon Bay School District will use his or her birth name, unless that name has been changed by an Order of the Court. A copy of the Court Order addressing the name change must be on file in the student's behavioral record.

Student Code of Classroom Conduct

Student conduct in the classroom shall be governed by the rules and provisions of the Code of Classroom Conduct developed for each school in consultation with a committee of School District residents that consists of parents, students, members of the School Board, school administrators, teachers, pupil services professionals, and other residents of the School District who are appointed to the committee by the School Board. Each school's Code of Classroom Conduct shall be adopted by the School Board (5500).

Positive Behavioral Intervention & Supports (PBIS)

Positive Behavioral Intervention & Supports (PBIS) is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors. PBIS uses a collaborative team approach to analyze and respond to discipline-related behavioral patterns. Each elementary school has three explicitly stated school-wide expectations (e.g., Be Safe, Be Responsible, Be Respectful). Teaching matrices are developed to teach rules and procedures aligned with these expectations for the classroom and other settings in the school (hallway, lunchroom, playground, etc.).

A major initiative at the elementary level is a PBIS framework which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a multi-level system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognizes that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions. A multi-level system of support includes a general curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students. Universally, all students have the opportunity to utilize our Safe Harbor Spaces to either celebrate an improvement in their behavior or to reset or de-escalate when they are struggling behaviorally. Targeted or intensive interventions are added for students who do not respond to universal efforts and require additional support.

Students spend the majority of their time in classroom environments where behavior is expected to meet the high standards set by the School District of Sturgeon Bay. While most discipline matters are managed in the classroom, some student behavior is managed by the administration through an office referral that may result in interventions or consequences based on the nature of the violation of Board policy or the Code of Student Conduct. Parent/guardian involvement is critical to the creation of safe and orderly environments. Parent/guardian notification is desired at all levels of interventions and consequences, but it is required whenever there is the possibility that a student may be removed from the classroom environment.

Students who violate the Code of Student Conduct may be removed from their current educational setting and receive instruction in an alternate setting within the school building. Removals during an in-school Intervention are not considered a suspension from school and do not count toward the cumulative days of removal. Parents will be notified of an in-school intervention. Severe behavior or chronic misconduct that has created a substantial barrier to learning for others may result in the student's removal from their current educational setting.

Responses to Appropriate and Inappropriate Behavior

In order to maintain a healthy and safe learning environment for all students, Sawyer School implements a multi-tiered system of support that addresses the teaching and reinforcing of appropriate behaviors and effective re-teaching and responding to inappropriate behaviors. The definition and responses to misbehaviors can be found in [this document](#).

Inappropriate Behavior that extends beyond an in-school intervention may result in an out-of-school suspension.

Communicable Diseases and Ailments

Call the respective school IMMEDIATELY should your child contract one of the following diseases:

Community Events and Activities

Elementary staff members get many requests from outside groups and/or agencies to make announcements and/or distribute informational brochures and flyers to elementary students. These flyers and brochures have information regarding positive, worthwhile events and activities available to the students in our community. While we want to support having our students involved in these community events, we must remain consistent regarding what and how we distribute materials to students. The following guidelines are used as per Board Policy:

- All requests for making announcements or distribution of materials must be approved by the principal.
- Announcements and distribution of materials are made only for non-profit community organizations.
- If the organization requests hard copies, it will have to provide them to the school.

- Information about the event will also be posted on Bloomz.

Conduct

The School District of Sturgeon Bay recognizes and accepts its responsibility to create, foster, and maintain an orderly and safe classroom environment conducive to teaching and to the learning processes. Every member of the school community is expected to contribute to this. Staff, including administrators, teachers, and associates must use their training, experience and authority to create schools and classes where effective learning is possible. Students are expected to come to school, and to every class, ready and willing to participate, learn and grow, and to enhance the learning of others. Parents should be aware of their children's activities, performance, and behavior in school, and are asked to cooperate and consult with the school to prevent or address problems.

The Classroom Code of Conduct policy (5500) establishes behavior guidelines and expectations of the student by staff, administrators and fellow students. Adopted by the Board of Education in the spring of 1999, this Code is part of the Board Policy Book and is available upon request.

Cooperation with Community Organizations

The Board of Education recognizes there are many after school activities during Wednesday evenings in our community. Many of these organizations act as an important partner with the school in the overall development of youth. Every effort shall be made to schedule school activities so they will interfere as little as possible with scheduled community events. As a general rule, Wednesday evenings will remain devoid of school activities. (Board Policy KMA)

Divorced Parents

The Sturgeon Bay Elementary Schools will maintain strict neutrality between parents who are involved in a divorce action, unless otherwise directed by Court Order.

Each family with children in an elementary school is requested to provide the principal with a certified copy of the most recent Court Order, which provides specific custody and visitation rights of the parents. In the absence of a copy of the written Court Order, neither parent shall be deemed to have rights superior to the other parent.

Unless directed otherwise in the most recent Court Order, both parents, custodial and non-custodial, are entitled to all grade reports, notices of school activities, disciplinary action, and teacher/principal conference appointments or summary. **The non-custodial parent will submit a written request for these reports and notices, including his/her current address, to the building secretary.** For the purpose of conferencing, both parents will be scheduled for the same conference time.

Students will not be released to any person other than those listed on the emergency card. It is the custodial parent(s)' responsibility to notify the school office regarding any changes to emergency card information.

A non-custodial parent with visiting rights may not visit his/her child enrolled in school during required school hours unless such a visit is expressly requested in a certified copy of the most recent Court Order and is on file with the school, or the custodial parent has consented in writing to such a visit and the visit is approved by the principal.

Dress and Grooming

The students of the Sturgeon Bay School District should use good judgment in their dress and grooming. They should dress in a manner that does not present a danger to health or safety, advertise alcohol, tobacco or drugs, have slogans with vulgar, violent or sexually suggestive themes or signify gang affiliations or cause interference with classroom order. Caps, hats of any kind, or bandanas are not to be worn in any school building except on special, principal approved dress-up days. Oxford style lace or Velcro tennis shoes with soft gum rubber soles are required for physical education and are the preferred tennis shoe for general school wear. This type of shoe provides good traction and serves as a safety measure.

Tennis shoes with retractable roller blades are not allowed. Flip flop sandals are not allowed on the playground or in PE class. All clothing should be marked for easy identification. At the close of the school year any items that remain in a lost & found bin will be donated to charity.

Dress for Recess

Students are expected to play outside for recesses and should be dressed appropriately, especially when the weather is wet or cold. Temperature guidelines have been developed to help in the selection of clothes:

- **40 – 50 Degrees** – light jacket as needed
- **Under 40 Degrees** – winter jackets, hats or headbands, mittens or gloves
- **Under 20 Degrees** – boots required in all areas in grades EC/4K– 2
- Students will have indoor recess when temperatures are at or below 0 degrees

During snow conditions, snow pants must be worn to play off the blacktop area. EC/4K – 2nd grade students are expected to wear snow pants outside if parents sent them to school with the child and the temperatures warrant their wear. Students not having boots when needed will stay in a dry area outside as designated by the playground supervisor. When the ground is sufficiently dry such that mud will not be tracked into the school and classrooms, an announcement will be made by the principal or playground supervisor stating that “boots are not required.”

Electronic Devices

Electronic devices such as cell phones are not allowed in school except for special activities with the approval of the principal. If an electronic device is brought to school it will be confiscated and returned only to a parent.

Emergency Plans

Doors

All school exits will remain locked unless there is a school staff member present to monitor the door. If visiting the school please ring the doorbell at the main entrance and the door will be opened by someone in the main office.

Fire

Fire drills are held monthly as required by law. Teachers instruct students as to the procedures to follow for a fire drill/alarm. Plans are posted in all classrooms.

High Risk or Violent Situations

The school district has a plan that will be followed for security, intruders, and bomb threats. All school personnel have copies of this plan, which has been developed with the Door County Sheriff’s Department and the Sturgeon Bay Police Department.

School Closings

In the event of severe weather conditions or emergency circumstances, the Superintendent or designee may close schools. Official announcements will be made over radio stations WDOR 93.9 FM, WSRG STAR 97.7 FM, WBDK 96.7 FM, cable channel 7, and social media platforms. This type of communication is also used to inform parents of any busing delays caused by inclement weather or mechanical problems. In the event that both parents work outside the home, arrangements should be made as to where a child should go, if school is closed during the course of the day. Phones are typically very busy during such emergencies, so advance arrangements are important. Regular bus routes are followed when school is dismissed early. Please discuss a plan for emergency school closings with your child/ren, the phone lines become extremely busy during snow emergencies. If school is “CLOSED” all school activities involving students and/or parents scheduled for that day are canceled. If there is any doubt regarding where a child should go, the child will remain at school until parents are notified and arrive to pick-up their student.

Weather Conditions

Tornado alert plans are posted in all classrooms. Tornado alert drills are conducted once annually.

Enrollment Procedures

Preschool children must be 4 years old on or before September 1. Kindergarten children must be 5 years old on or before September 1. The Sturgeon Bay School Board has a policy regarding early admission to Kindergarten; contact the principal if you are considering this. First grade children must be 6 years old on or before September 1 or have completed a state approved kindergarten program.

All new and returning families are expected to complete the district registration process on the district website.

Fees

The registration fee is \$20.00 per student in 4K – grade 2. This registration fee helps defray the cost of consumable school supplies - workbooks, worksheets, construction paper, etc. Fees are collected upon registration. Text and library books are furnished by the Board of Education on a loan basis. Replacement costs will be assessed for lost or damaged books by the issuing teacher or librarian.

Field Trips

Field trips are an important part of our education program. Through these excursions, students see what they are learning in the classroom applied in real life. It's a time to develop skills in courtesy, safety, and good citizenship, and it stimulates interest and pride in our community. Permission slips will be sent home for parental approval of student participation in each field trip. **Students must have written parental permission to participate on all field trips off the Sturgeon Bay School sites.** Field trips between Sawyer, Sunrise, T.J. Walker Middle School, Sturgeon Bay High School, the Door County Library, and Crossroads at Big Creek will not require parent permission for participation; however, parents will be notified of these trips through teacher email or newsletters. The permission slip will indicate any cost associated with the field trip. Scholarships are available by contacting the building principal. **Only children in the class may attend the field trip; no pre-school children or infants.**

Participation in activities held away from the school site is dependent on the student meeting the school's expectations regarding academic performance and school-wide behavior. Parents will be notified by the principal if a child is in danger of losing field trip privileges. Students who do not go on school-sponsored field trips will be expected to attend school and will be supervised by school personnel.

Food Services

Nutritious and convenient breakfasts and lunches are available daily to your child at the lowest possible cost to you. The school lunch program is an excellent value for the money, we encourage participation.

Most school years, meal pricing fluctuates based on the cost of food and government reimbursement rates. The price of school meals can be found on the food service page of the school website as well as in the beginning of the school year mailing.

Each school building and lately each school year, meals are served differently based on a classroom or school schedule, requests from students or teachers and how many food service staff are on site.

Every year school food service provides the highest quality foods that are student choice. A portion of school salads are created with greens and vegetables grown in the Waseda Farms Growing and Learning Lab located in between the high and middle school buildings.

Free & Reduced Food Services

Sturgeon Bay School District serves meals under the National School Lunch Program. Families may automatically qualify for free or reduced meal prices based on participation in other income based government programs. If a family has a question about eligibility they can check with the director of food service. If a family does not participate in other programs, a free or reduced application should be completed annually at the start of the school year and returned to the district office.

There are reasons for this request. If families qualify, lunch would either be free of cost or charged at a reduced rate of \$0.40. Families who qualify for free or reduced-price meals may also receive P-EBT benefits and have access to other waived fees within the school district. School districts also receive grants and funding based on the percentage of families in their district who qualify for free or reduced-price meals.

Additional copies are available at each school office, can be mailed if requested, printed from the school food service webpage or can be completed online if a Wordware Lunch Account is already set up. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other officials. Applications may be submitted at any time during the school year.

In the operation of the child nutrition programs, no child will be discriminated against because of race, color, sex, national origin, age, or disability. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington D.C. 20250.

Harassment

The District is committed to providing equal educational opportunities for all students and stopping discrimination. We will maintain a learning and working environment for students and employees free from any form of harassment or intimidation. Board Policy 5517 states that the District does not tolerate harassment in any form and will take necessary and appropriate action to eliminate it, up to and including discipline of offenders. Any student who believes he/she has been subjected to harassment is encouraged to directly inform the person engaging in harassing conduct or communication that such conduct or communication is offensive and must stop. Any student who believes he/she has been the victim of harassment must report his/her concerns to the principal or a district staff member, verbally or in writing, in a timely manner. Complaints will be processed in accordance with established procedures. There shall be no retaliation against individuals who file complaints under this policy. A copy of the policy is available upon request at each school office.

Health

Screenings at School

With the cooperation of the Door County Health Department, the following health screening services are provided for:

- **Vision Screening:** EC – grade 2
- **Hearing Screening:** EC – Grade 2

If problems are noticed during screening, the Door County Public Health Department will contact parents. Parents can request private screenings for their child by contacting the Health Department directly. If a parent does not wish to have his/her child/ren participate in these screenings, a request for exclusion must be submitted in writing to the respective school office. These are basic screenings and are not substitutes for the physical and vision exams recommended by the district.

Home/School Communication

The District maintains a Website at www.sturbay.k12.wi.us, which can be visited at any time.

The principal will send home an electronic weekly newsletter.

In addition, teachers will send home information electronically, or through newsletters periodically. These will include past/future areas of instruction, special interest topics and other pertinent information.

Written communication (teacher letters, field trip permission slips, etc.) will be sent home in a specially designated red Home/School Communication Folder provided by the PTO. Please check the folder's contents daily and return it to school.

If you have general concerns regarding your child or his/her school work please contact the teacher first, then the principal if deemed necessary.

Homebound

Special education services and placement are determined through the IEP team process and are based on each individual student's disability related needs. Under state and federal law, the school district is required to provide IEP services in the least restrictive environment. Requests for services provided in the home will be considered by the IEP team. However, the option of homebound or virtual services may be declined or rejected if the special education services required for the student to make progress cannot be provided in the home or through virtual learning.

For further information on homebound instruction, you may contact your child's School Counselor, Principal and/or Director of Special Education/Pupil Services.

Homework

The Board of Education has a policy regarding homework (2330). Homework is defined as any opportunity to extend learning beyond the regular classroom period. The board believes that teachers, students, and parents/guardians all have responsibilities regarding homework. Students are expected to complete homework obligations. Each classroom teacher will communicate their assignment/homework procedures and routines at the beginning of the year.

If you have concerns regarding your child's homework please contact the teacher first, then the principal if deemed necessary.

Illness or Injury

Students are expected to report all injuries to their teacher or supervisor immediately. When a child becomes ill or injured at school, the parents will be contacted at home or work to inform them of the illness or injury and to request that the child be transported home if needed. When a parent cannot be reached, the school will contact and release the child to the person/s designated on the pupil emergency card. Please keep emergency cards up to date. It is important to have persons listed in addition to the parents as sometimes neither parent can be reached. Please be sure the persons listed on the card have been informed and give their permission to be contacted.

The cost of medical care rests with the student’s parent or guardian. The school board does not provide student insurance, however a low cost student insurance policy is available. Participation is optional, but should be considered by families who do not have insurance coverage. To receive an information packet and application form, please contact your respective school office.

Immunizations

State law requires that students through grade 12 and children in day care centers be immunized. Immunizations are required against measles, mumps, rubella, hepatitis B, polio, diphtheria, tetanus, chicken pox, and pertussis/whooping cough. Students must present written evidence of complete basic and booster immunizations, including the day, month and year for each one.

If students are not fully immunized upon admittance to school, they must have received at least one dose of any vaccine required for their grade within 30 days of admission. They must remain on schedule and complete all required immunizations within one year. Exemptions may be obtained for medical, religious or personal conviction reasons. A physician must sign the medical waiver; a parent, guardian or adult student must sign religious and personal conviction waivers. Those students not in compliance with minimum requirements for their age/grade, parent/guardian will receive legal notices during the school year to remind them of the need for immunizations or waiver.

Following are the current minimum required immunizations for each age/grade level. It is not a recommended immunization schedule for infants and preschoolers. For that schedule, contact your doctor or local health department.

Age/Grade	Number of Doses
Pre K (2 years through 4 years)	4 DTP/DTaP/DT 3 Polio 1 MMR ⁵ 3 Hep B 1 Var ⁶
Grades K and 1 ¹	4 DTP/DTaP/DT/Td ¹ 4 Polio ⁴ 2 MMR ⁵ 3 Hep B 2 Var ⁶
Grade 2 through 5	4 DTP/DTaP/DT/Td ² 4 Polio ⁴ 2 MMR ⁵ 3 Hep B 2 Var ⁶

1. DTP/DTaP/DT vaccine for children entering Kindergarten: Your child must have received one dose after the 4th birthday (either the 3rd, 4th, or 5th) to be compliant. (Note: a dose 4 days or less before the 4th birthday is also acceptable).
2. DTP/DTaP/DT/Td vaccine for students entering grades 1 through 12: Four doses are required. However, if your child received the 3rd dose after the 4th birthday, further doses are not required. (Note: a dose 4 days or less before the 4th birthday is also acceptable).
3. Tdap means adolescent tetanus, diphtheria and acellular pertussis vaccine. If your child received a dose of a tetanus-containing vaccine, such as Td, within 5 years of entering the grade in which Tdap is required, your child is compliant and a dose of Tdap vaccine is not required.
4. Polio vaccine for students entering grades kindergarten through 12: Four doses are required. However, if your child received the 3rd dose after the 4th birthday, further doses are not required. (Note: a dose 4 days or less before the 4th birthday is also acceptable).
5. The first dose of MMR vaccine must have been received on or after the first birthday (Note: a dose 4 days or less before the 1st birthday is also acceptable).
6. Var means Varicella (chickenpox) vaccine. Chickenpox disease history is also acceptable.

Internet Access

Elementary students can use computers for accessing and exploring information on the internet. In the interest of maintaining computer ethics, all parents must sign an acceptable use policy. Intentional misuse of computers or technology will jeopardize student access to such equipment and be cause for disciplinary action. Please see the appendix for a copy of the Sawyer Acceptable Use Policy.

Library Procedures

Classrooms visit the library once each rotation. Students check out one book at a time and keep it for one week. Classroom teachers are given overdue notices for their students to take home when a book has not been returned one week past the due date. This gives students an extra week to return their books before they become overdue. Fines are not charged for overdue books, but if a book is lost or is significantly damaged, the family will be billed for the replacement cost of the book. It may be helpful to keep library books in a "special" place in the home. This place should be for school library books only and should be out of reach to younger siblings or pets.

Medication

It is understood that not all medications can be given at home. In order to comply with State Statutes, the Board of Education has a medication policy (5330). Before school personnel can administer any medication at school a Prescription Medication Authorization Form must be on file, this pertains to both prescription and non-prescription medications. All medication, prescription and non-prescription, must be sent to school in the original, unexpired container and will be kept in the school office. The building principal will designate school personnel authorized to dispense medication. The school nurse will provide training to those individuals.

Prescription Medication Authorization Forms are available from the school office or on the district website. An exception to this noted in Wisconsin Statute 118.291 became effective September 1, 1999. This legislation permits a student to carry in their possession an inhaler for the treatment of asthma provided three conditions are met:

- The inhaler is used before exercise to prevent the onset of breathing problems.
- The student has written permission from both a physician and their parent or guardian (if they are a minor).
- The principal has a copy of the written approval of the physician and parents (school office).

Please do not send cough drops to school as they can be a choking hazard.

Neglect/Abuse Referrals

As per Wisconsin Law 48.981 school personnel are required to report suspected cases of child abuse/neglect to the Door County Department of Social Services or Sturgeon Bay Police Department. The procedures followed are outlined by law and school policy/procedures (5440.01). All such reports are confidential.

Nondiscrimination Policy

It is the policy of the School District of Sturgeon Bay, pursuant to s.118.13, Wis, Stats., and PI 9, that no person, on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability, may be denied admission to any school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil services, recreational, or other programs.

All vocational education programs follow the district's policies (2260) of non-discrimination on the basis of the above-mentioned reasons. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation.

Any questions of complaints concerning Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of the above mentioned reasons, contact: Mr. Dan Tjernagel, Superintendent, School District of Sturgeon Bay, Sturgeon Bay, WI 54235, phone 920-746-2800.

Inquiries related to Section 504 of the Rehabilitation Act of 1972, which prohibits discrimination on the basis of handicap, should be directed to: Director of Pupil Services/Special Education,, School District of Sturgeon Bay, Sturgeon Bay, WI 54235, phone 920-746-2804.

Open Enrollment

There is a short window of opportunity to apply for open enrollment under the open enrollment law. Application forms may be obtained from the District Office, 1230 Michigan Street beginning February 1. If your child has already been accepted, you do not need to reapply. Should you have further questions please call our Student Information and Data Specialist at 920-746-3876.

Parent/Teacher Conferences

Parent/Teacher conferences are one of the most important channels of communication between school and home. Regularly scheduled conferences are held twice each year for grades 4K-grade 2 to review student progress and plan for remediation and/or enrichment. Conferences will be held during the fall and early spring. Every effort will be given to create an accommodating conference schedule for families with children at multiple schools. Teachers welcome opportunities at any time of the school year to discuss in private any concern you have regarding your child. Conferences are scheduled through BLOOMZ.

Parent Teacher Organization

The Parent-Teacher Organization (PTO) supports the united efforts of home, school, and community on behalf of children. The goal of the PTO is to increase participation within the school between parents, teachers, and all school staff. Meetings are held monthly, and parent participation is welcome and valued.

Pets/Animals in School

The guidelines and expectations regarding pet or animal visits for classroom "show & tell" type activities include:

- The principal is to be consulted prior to the inclusion of a live animal in the classroom.
- Prior to introducing any animals into the classroom, teachers shall be certain that: students and school personnel are not allergic to their presence; the animals are free from any diseases or parasites; the animals will present no physical danger to students; and students are instructed of expected behavior in the presence of the animal
- All pets brought to school must have their vaccinations unless they are too young for required shots.
- Pets must be brought into school by a parent, shown, and immediately taken home after the classroom lesson. Parents need to make arrangements with the teacher to find out the best time for showing the pet. This arrangement will save the parent time knowing that they must be at school as long as the pet is at school. Animals are not to roam freely at school. Animals are not to be transported on school buses.
- Only the parent, teacher, or students designated by the teacher are to handle the animals.

Animals, other than therapy animals working with the school and approved by the principal, are not allowed on school grounds during arrival and dismissal times, even on a leash.

Physical Education

All students are expected to participate in physical education (phy. ed.) classes. A doctor or chiropractor's note is needed to excuse a student from participation in phy. ed. class. Exceptions will be made if a student is feeling ill or has an injury and has not had time to get the written excuse. In most situations, students who do not participate in physical education will observe the class activities.

Pictures

Student pictures are taken each year for students in grades Early Childhood - grade 2. Memory books will be available, order forms will be distributed in red take-home folders.

Playgrounds

Playgrounds are supervised during the school day. Playground rules are reviewed regularly with students. School rules of courtesy and respect apply to the playground. We are concerned for the safety of each child at school.

We ask that children not bring trading card collections, electronic games, gadgets, cell phones, footballs, hardballs, bats, skateboards, roller blades, scooters, or other objects that may cause injury or simulate violence.

Playing rough games, tackling, fighting, and throwing snowballs are not allowed. Please discuss the importance of responsible playground behavior with your child/ren.

Report Cards

Report cards are issued at the end of each trimester for students in grades 4K-grade 2. Report cards reflect the educational development of your child in terms of academics, study habits, physical development, and social-emotional growth. Parents can use this information to support their child's learning at home.

Selling In the Schools

Individuals or groups must receive permission from their building principal in order to sell items on school grounds. Sales are allowed for "non-profit" causes only. Sale of school related items, containing facsimiles of school logos (i.e. sweatshirts, T-shirts, jackets, etc.) by recognized school groups might be permitted with the approval of the school district administrator. (Board Policy 8550)

Snacks/Treats

Our schools promote an environment that cultivates maximum student potential. Nutrition/activity influences a child's development, health, wellbeing, and potential for learning. Our district's nutrition/activity policy encourages us to support lifelong healthy eating and activity habits. Please send snacks with nutritional value (Board Policy 8510). Select snacks from several areas of the Food Guide Pyramid. Offer a variety of foods and vary the presentation to maintain your child's interest in snack choices. Appropriate portions will support your child's appetite for lunch. Students are allowed to have a personal water bottle throughout the day. No soda or candy is allowed. **Let the teacher know at least a day in advance if you would like to send a special treat for the entire class in recognition of a birthday or other celebration.** Please consider treats that have nutritional value and are easy to serve in the classroom setting.

Preschool classes may have a different system for "group" snacks. Teachers will include information about snacks in their newsletters.

Special Education

The Sturgeon Bay Schools provides programs to meet the special education needs of individual students ages three to twenty-one. All categorical programs in areas of learning, social and emotional development and sensory impairment are provided, including supportive therapies, transportation and adaptive equipment.

A child is eligible for any of these programs if, after going through an evaluation process, the child's needs require special education programming. If you suspect that a student may be in need of special help, you can contact the classroom teacher, counselor, or principal for consultation. For further information, contact the Director of Pupil Services/Special Ed, Ms. Lindsay Ferry, at 746-2804.

Sturgeon Bay Police Dept. Prevention Programs/School Resource Officers

Officers from the Sturgeon Bay Police Dept. will provide instructional support at all 4K – grade 2. They will present topics such as: Stranger Danger (knowing address & phone number), Bike Safety, Job of a Police Officer, Home Alone Safety, Abduction Prevention, Peer Pressure, and Alcohol and Other Drug Abuse Information. Classroom teachers will provide parents more information regarding these classroom presentations through their newsletters. Officers will also help monitor traffic at busy drop-off and pick-up times and visit with students in hallways, lunchrooms, and playgrounds. The goal is for children to see police officers as “community helpers”.

Our school counselor is available for consultation with parents.

Title I

Title I is a federally funded program designed to provide support in the areas of reading, language arts, and math for students in grades K-5. The Sturgeon Bay Title I Program is a school-wide program and aligned with our Response to Intervention services. For further information please contact Jen Weber at 920-746-1854.

Supplies

Each grade level has a specific list of supplies needed for regular classroom use which can be found on the district website.

Teacher Qualifications

Parents of students in the Sturgeon Bay School District have the right to know the professional qualifications of the classroom teachers that instruct their children. Federal law allows parents to ask for specific information about the child's classroom teachers and requires that we respond in a timely manner when we are asked for such information. Parents have the right to ask for the following information in regard to their child's teachers:

- Whether the Wisconsin Department of Public Instruction has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the Wisconsin Department of Public Instruction has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has advanced degrees and, if so, the subject of the degrees.
- Whether any teachers' assistants or similar paraprofessionals provide services to your child and, if they do, their qualifications.

To receive any of this information, please call the Principal of the school attended by your child or children.

Transfer Students

Children can be affected by moves in both positive and negative ways. The following suggestions may be helpful in providing for a successful transition.

Transfer into this district

Notify the school of your intention to enroll as soon as possible. This allows the teacher time to prepare the room with the materials needed for your child and that student for receiving a new classmate. Accompany your child to school on his/her first day and meet the child's teacher(s). If possible, arrive a few minutes early. Supply the child with the basic school supplies but consider allowing your child to use "old favorites" (notebooks, school bags, lunch boxes, etc.). It may be less threatening to stay with the familiar. It may be helpful for your child during this type of transition to maintain familiar routines - bedtimes, chores, sports, etc. Provide opportunities outside of the school day for your child to develop new friendships. Consult your child's teacher and/or school counselor about any questions or concerns regarding your child's transition. We want your child's transition to our school system to go smoothly and successfully.

Transfer out of this district

If a student withdraws from the school before the end of the school year, the school should be notified at least two days in advance, but it is preferable for it to be up to thirty days in advance. This will help to ensure that all withdrawal procedures may be completed; there is time for completion of projects and time to say good-bye. At the time a student enrolls in a new school, the parents will then initiate a request for the student's records to be sent to the new school. Be aware and willing to discuss feelings your child may express towards the move. Include your child in the move as much as possible. Involve him/her in packing, planning, and visiting the new home and school. Ask your child's teacher for a "Pupil Transfer Summary" to take with you to your child's new teacher. It will provide information about books used in our system and the progress the student has made. It will be most helpful for the new teacher on your child's first day at the new school. We want your child to have a smooth and successful transition to their new school.

Transportation

Bus transportation is contracted for the school district through Kobussen. Bus transportation is available to all students who live outside a 1/3 mile radius of their school, or reside in an unusually hazardous area as determined by the State Department of Transportation. Parents must sign-up their students to ride the bus by registering electronically with Kobussen Bus Company on our district website. Initial registration or changes to pick up or drop off sites will require three days' notice prior to the change taking effect. Only one drop-off and one pick-up address are allowed per child. Changes to drop-off sites are only for emergencies. School buses are not to be used for play dates. Contact Kobussen at 920-818-0785 with any questions.

Visitors

Parents are always welcome. However, to be respectful of student learning and instructional time, visits to a class should be arranged with the teacher beforehand and parents should share the purpose of their visit. The principal will approve all reasons for visits during the school day. Students attending from other schools must obtain permission from the principal prior to a visitation.

All visitors, including parents and volunteers, are required to report to the office and register before going to a classroom. Visitors will be identified by a nametag guest pass. All visitors must also sign out of the office and return their guest pass prior to leaving the school. We look forward to your visits!

Volunteers

We welcome volunteers in our schools. Parents have the opportunity to volunteer with the classroom teacher, principal, or Parent Teacher Organization. **Volunteers working with children must complete a background check with our district office prior to beginning volunteering.** Please do not bring infants or very young children along when you volunteer.

Volunteers are required to report to the office and register before going to a classroom. Volunteers will be identified by a nametag visitor's pass. Volunteers must also sign out of the office and return their visitor's pass prior to leaving the school.

Section 1: Calendar & Staff Information

The Sturgeon Bay 2023-2024 School Year Calendar can be found on the front page of the [Sturgeon Bay Schools website](#) or by clicking on this [link](#).

Directory Data

Under the Wisconsin pupil records law, school districts may disclose “directory data” with respect to each pupil to any person. Parents or guardians may request that all or any part of the directory data not be released without prior consent.

PARENTS OR GUARDIANS HAVE 14 DAYS FROM RECEIPT OF THE PARENT HANDBOOK TO INFORM THE SCHOOL IN WRITING IF THEY DO NOT WANT THE DIRECTORY DATA RELEASED FOR ANY REASON.

Directory data means those pupil records which include the pupil’s name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, photographs, degrees and awards received, and the name of the school most recently previously attended by the pupil.

The Sturgeon Bay Board of Education policy does not allow this information to be given to commercial vendors. Contact your principal with any questions.

WI Statute 118.125(1)(b)

Students enrolling in the Sturgeon Bay School District will use his or her birth name, unless that name has been changed by an Order of the Court. A copy of the name change Court Order must be on file in the student’s behavioral record.

Closing School (Inclement Weather or Emergency)

If it becomes necessary to close school due to inclement weather or other emergency situations, notification will be given to WDOR and on the school district Facebook page as soon as possible.

It may also be necessary to communicate closing or other information with staff members. All staff members will be expected to provide a phone number to the school secretary at the beginning of the school year. This phone number will be used to contact all staff members in case of the inclement weather or emergency situations. Staff members who change their primary contact phone numbers should notify the school secretary as soon as possible so that the phone list can be kept up to date at all times.

Student Arrival/Breakfast Schedule

Students arrive, go to their hooks and put their outdoor clothing and backpacks away. Students who will be eating breakfast will go to their designated room (4K in their classrooms, Kindergarten in the multi-purpose room, Grades 1-2 in the gym. Students who do not eat breakfast will go to an alternative location. (Kindergarten and Grade 1 - LMC, Grade 2 in the Art Room). If students chose breakfast they stay in their breakfast location until the bell rings.

7:40 Bell rings, students line up and go to class

7:45 Announcements

Indoor Recess Procedure

EC-2nd Grades

Associates will supervise students in their classrooms, LMC or the multi-purpose room. Students will go to classrooms in which they have rest-time. Associates will supervise.

Emergency Phone Calls

The school district will use School Messenger for any emergency call needed throughout the year.

Reading and Math Coaches Responsibilities:

Responsibilities that directly affect elementary school programming include:

- Providing leadership in planning, developing, implementing and assessing English Language Arts and Mathematics programs,
- Serving as a resource to teachers by demonstrating instructional strategies,
- Modeling and providing in-service regarding new or innovative instructional strategies,
- Assisting with or conducting individual student assessments and intervention plans,
- Assisting with implementation student assessments and developing systematic reporting processes and forms,
- Assisting teachers with the evaluation and selection of instructional materials.

Specialist Schedules (Art, Music, Physical Education, and Library Media Center)

Teachers are asked to be aware of precise starting and ending times for special classes and school-wide assemblies.

Classroom teachers are asked to have students at the door of the specialist at the designated time; specialists are asked to have the previous class lined up and ready to leave at the designated ending time.

On occasion “zero” days will be determined by the principal due to special activities. No specials will be held on a zero day.

Staff Absences

1. ALL absences pre-planned or unplanned, paid or not paid, sub needed or not needed must be entered into Skyward first.

2. While entering your absence in Skyward, if you need a sub, please check the “**sub needed box**”. 3. Once you check the box, the system will transport you to the Absence Management software where you will also enter your absence information. Once the information is entered into Absence Management, the system will assist in locating a sub. Please remember that if for some reason your absence is NOT approved by your building principal, you will need to delete that absence from Absence Management.

4. Absence Management will only be used to obtain and track subs for the district. It will not be used to track absences, and no balances have been entered into this new software. Again, **ALL ABSENCES MUST BE ENTERED INTO SKYWARD.**

Advance Absence – more than 24-hour notice

1. Enter absence in Skyward for approval from building supervisor.
2. Skyward will ask if a sub is needed.
3. Indicate yes, and you will be transported to Absence Management.
4. Create the absence in Absence Management so a substitute can be called/emailed. You can arrange your own sub and assign that sub to your absence.

Unplanned Absence – less than 24-hour notice, but before 6:00 AM

1. Enter absence in Absence Management software.
2. If you **cannot** enter the absence in Absence Management, call Angie (920-493-1820). Leave a message if not answered. Angie or your building secretaries can create an absence and reason for the absence if your situation will prevent you from entering your own absence.

Unplanned Absence – after 6:00 AM (think of it this way, if you are calling in this late in the morning, you need to connect with someone regarding your absence)

1. Call the sub phone (920-493-1820) right away.
2. Enter into Skyward

3. Enter into Absence Management or work with Angie to get it entered into Absence Management.

These staff absence procedures including Frequently Asked Questions (FAQs) can be found on [this document](#). Please print yourself a copy and have it on-hand, in the event that you need a substitute.

Student Hours

Early Childhood:	Monday-Thursday Morning session: 8:30 AM – 11:30 AM
4K:	Monday – Friday Morning session: 7:40 AM – 11:30 AM
Full-day 4K-2nd Grade:	Monday - Friday Full day session: 7:40 AM – 2:40 PM

Teacher Hours

The elementary teacher day is from 7:30 AM – 3:30 PM, with a 30 minute duty-free lunch. For purposes of personal leave a ½ day AM will be 7:30 AM – 11:30 AM and a ½ day PM will be 11:30 AM – 3:30 PM.

Each student’s classroom teacher is the primary person responsible for supervision of the student during the teacher’s contract day hours except for the 30 minutes of duty-free lunch. During the 30 minutes of a teacher’s duty-free lunch, each student is supervised by one or more associates under the direction of the principal or principal/designee. The only other time the responsibility transfers to another staff member is during a class in which another teacher provides direct instruction – music, art, physical education, library, guidance, STEAM - the specialist assumes supervision responsibility during these classes.

At the end of a school day (full day and early release day) the classroom teacher is responsible for each student assigned to him/her until the student is on the school bus or the parent has picked the child up. Staff members assigned door duty will return student/s to the classroom teacher. If the parent has not arrived by the end of the teacher’s contract day, then the teacher will notify the principal (or designee) that assistance is needed.

On Fridays and on any day immediately preceding a student holiday, elementary teachers may leave the building as soon as they have satisfactorily supervised the departure of students (the student is on the school bus or the parent has picked the child up).

Section 2 Health, Medical and Safety

Abuse/Neglect

The Board of Education is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law.

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and in the laws and procedures detailed herein governing

the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and thereafter at least once every five (5) years after the initial training.

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a child by other than accidental means.

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency.

Employees shall also notify the appropriate administrator according to the District's Reporting Procedure for Student Abuse or Neglect.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Any such instances, whether real or alleged, should be dealt with in accordance with the administrative guidelines established by the District Administrator.

Employee Assistance Program (EAP)

The School District of Sturgeon Bay has established a program for employee and family assistance with the sole purpose of maintaining and, when necessary, improving staff morale, health, productivity, and reputation.

The EAP has been set up with the cooperation and support of the Sturgeon Bay Education Association. The Board of Education pays for the initial assessment with a counseling professional. Strict standards of confidentiality are maintained in this program. No employee may be disciplined in any manner for his/her involvement or refusal to be involved in any aspect of the EAP.

Fire Drills

Monthly fire drills are required by law. It is the responsibility of every teacher to make the students aware of the procedure to follow during a fire drill. Each classroom will have a posted plan for emergency evacuation. Teachers will take a class roster when leaving the room.

General rules:

- Set aside whatever you are doing, every alarm must be taken seriously.
- Stand and pass quietly out of the room when told to do so by the teacher.
- Walk rapidly, single file near the wall toward the designated exit. Do not run, push, or talk. Do not take any books or jackets with you.
- Remain in line enough distance from the building to be out of danger and out of the way of the fire fighters. The teacher should check attendance outside the building.
- Return to the building when you hear the "All Clear" signal.
- The teacher will be the last person to leave the room. Close the classroom doors. Make a final check to be sure that all students have left the building.

Hepatitis B

Staff members are eligible to receive hepatitis B inoculations at district expense if they perform tasks and procedures that may expose them to blood borne pathogens.

Tasks/procedures may include, but not be limited to, the following examples:

- Care of minor injuries that occur within a school setting, i.e., bloody nose, scrape, minor cut;
- Initial care of injuries that require medical or dental assistance, i.e., damaged teeth, broken bone protruding through the skin, severe laceration;
- Care of students with medical needs, i.e., tracheotomy, colostomy, injections;
- Care of students who need assistance in daily living skills, i.e., toileting, dressing, hand washing, feeding and menstrual needs;
- Care of students who exhibit behaviors that may injure themselves or others, i.e., biting, hitting, scratching;
- Care of an injured person in laboratory setting, vocational education setting, or art class;
- Care of injured person during a sport activity;
- Care of students who receive training or therapy in a home-based setting;
- Cleaning tasks associated with body fluid spills

Injury/Accident

Accidents to students, faculty members, or other school personnel are to be reported to the school office immediately.

Student injuries should be reported on the Accident Report form available in EACH BUILDING and must be submitted in DUPLICATE.

In the event of a serious accident, illness or head injury during the school day, the staff person responsible for the child at the time of injury should:

- Immediately notify the child's parents or other responsible person designated by the parents on the pupil's emergency card.
- Provide emergency care until either the parents or medical personnel assume responsibility.
- Fill out an accident report, including the final disposition.

Teacher's must also notify the principal and school nurse and explain the nature of the emergency and where the student is located, wait for medical personnel or an administrator, and give the EMT or administrator whatever assistance he/she may need.

Do not diagnose in any way and do not tell the student what you think his/her condition is. Give first aid IF NEEDED AND YOU ARE CAPABLE. Call the Paramedics at 911 if necessary. For your own protection do not directly expose any part of your body to the blood or bodily fluids of another individual. Surgical gloves are available in the office. A pair should be kept in each classroom for emergency situations.

Lock Down Drill Preparation

The elementary schools will conduct lock down drills at various times during the year. The district's School Resource Officer (SRO) will accompany the building administrator or designee to each building to observe the drills.

If you have any child in your classroom who is easily rattled, alarmed, or upset with a new experience, you may want to discuss the drill with his/her parents ahead of time and/or have a private discussion with the student or student and parents ahead of time.

Please prepare your students prior to the drill at a time that works well for your students. Please remember that your

choice of words is important, but your body language and tone of voice are just as, if not more, important.

There will be two different types of lockdown drills we will prepare for:

- **Modified Lockdown:** An example of when this lock down would be used would be in the event of a medical emergency somewhere in the building where hallways and other common areas need to be clear for first responders. Staff should lock their classroom doors and remain in their classrooms, offices, etc. Teachers should continue teaching as usual. Students and staff are not allowed to leave their rooms until an all clear has sounded.
- **Lockdown:** This drill will help us prepare for the *Hide* portion of *Run, Hide, Fight*. Please see the Crisis Management flipchart posted in your room for more information. (Please contact the school secretary if you do not have this flipchart.) During this drill, all doors should be locked, all lights turned off and staff and students moved to an area of the room away from windows. Everyone should remain silent and hidden until the all clear is given.

Medical, Counseling and Other Appointments

We encourage staff members to make medical, dental, counseling, and other appointments after school hours whenever possible and unless there is an emergency to attend to. Because our school day ends by 2:40 PM, community agencies have usually been able to accommodate after-school appointments.

Medication

No medication will be given to children at school without a signed request by the parents. This includes non-prescription and prescription drugs. Non-Prescription and Prescription Medication Authorization Forms are available from local doctors, and in each school office.

All medication, prescription and non-prescription, must be sent to school in the original container (prescription medication containers must state the physician's recommended dosage) and be kept in the school nurses' office. Pills and medications that are sent to school in envelopes or plain bottles will be held in the school office for parents to retrieve.

The building principal will designate school personnel authorized to dispense medication, if the school nurse is not available. The nurse or designated staff member is to dispense the medication in the school nurse's office at the time indicated on the Medication Authorization Form and record the dispensation on the student's Daily Medication Record.

Medication Administration

Sturgeon Bay School District Medication Policy:

- A *Medication Authorization Form* must be completed for prescription and non-prescription medications, which are to be administered at school by school personnel.
- All medications must be sent in the original container and stored in a locked cubicle.
- Prescription labels must contain the name and phone number of the pharmacy, the student's identification, name of the physician, name of the drug, dosage and time(s) to be administered.
- Follow specific medication administration procedures.
- Keep a daily log of medication administration which includes date, name of student, name of medication, dosage and name of person who administered the medication.

Observing the Five Rights:

1. Right name: Is the student's *name* the same?
2. Right drug: Is the ordered *drug* the same?
3. Right dose: Is the ordered *dose* the same?
4. Right route: Is the ordered *route* the same?
5. Right time & frequency: Is the *time* and *frequency* of the administration the same?

Oral Administration:

- Double-check the medication label with the prescription medication form.
- Confirm the student's identity.
- Wash hands thoroughly, and maintain clean technique throughout the procedure.
- Pour the correct number of tablets into the bottle cap. If too many are poured out, put the excess back. Never touch any of the excess medication or you may contaminate the entire bottle.
- Pour the tablet into a medicine cup, and recap the medication bottle.
- Give the cup to the student or tap the medication into his hand.
- The student can then give himself the medication.
- Provide the student with water to swallow the medication.

Documentation:

Whenever a medication is given, document it as soon as possible. Record:

- student's name
- date
- medication
- dosage
- route
- time of administration

Outdoor Clothing Expectations

Dress for Recess

Students are expected to play outside for recesses and should be dressed appropriately, especially when the weather is wet or cold. Temperature guidelines have been developed to help in the selection of clothes:

- **40 – 50 Degrees** – light jacket as needed
- **Under 40 Degrees** – winter jackets, hats or headbands, mittens or gloves
- **Under 20 Degrees** – boots required in all areas in grades EC/4K– 2
- Students will have indoor recess when temperatures are at or below 0 degrees

Snow Conditions

During snow conditions, snow pants must be worn to play off the blacktop area. EC/4K – 2nd grade students are expected to wear snow pants outside if parents send them to school with the child and the temperatures warrant their wear. Students not having boots when needed will stay in a dry area outside as designated by the playground supervisor. When the ground is sufficiently dry such that mud will not be tracked into the school and classrooms, an announcement will be made by the principal or playground supervisor stating that “boots are not required.”

Plan for Security, Intruders and Bomb Threats

Measures regarding General Security:

All school doors will be locked at all times, except during large-scale family events. Staff members will have access the building by using their fob. Visitors will be required to press the doorbell and will be viewed by camera and buzzed in by the building secretary. The custodian unlocks and locks the main doors as needed for groups using the facilities in the evening.

Signs are posted on all entry doors reminding visitors to report to the office to register upon entering a building. Visitors will wear a guest pass while in the building. Visitors must also sign out of the office and return the visitor’s pass prior to leaving the building.

Each staff member is responsible for opening his/her own doors upon entering the building; keep interior doors locked, but should be propped open using a plastic “foot”. Each staff member is responsible for closing classroom windows and closing and locking classroom doors when leaving the building.

Each staff member entering the facility during times other than regular school hours is responsible for leaving the building secure.

Procedure for Intruder and/or Active Shooter (Run, Hide, Fight Model):

When an active shooter is in your vicinity (please see your Crisis Management flipchart for more information): **Run**

- Have an escape route and plan in mind
- Leave your belongings behind
- Keep your hands visible
- Lead any students and staff with you to your building’s rally site (Sunrise – Hope Church, Sawyer – Door County Cooperative, Sunset – Maytag Laundry on Egg Harbor Road)
- If you cannot run...

Hide

- Hide in an area out of the shooter’s view
- Block entry to your hiding place and lock the doors
- Silence your cell phone and/or pager

Fight

- As a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter

- Act with physical aggression and throw items at the active shooter

Procedure for Bomb Threat:

- An all-call announcement will be issued: “We have received a threat to building safety. Please evacuate the building in a calm, orderly manner.”
- Office personnel/building coordinator will contact authorities.
- Accompany your students and evacuate the building. Do not stop for outdoor clothing unless the temperatures are sub-zero. If temperatures are sub-zero, have students take their jackets with them, but they should put them on only after getting outside and away from the building. Any student with necessary medication (diabetes, asthma, etc.) in their desks or backpacks should take the medication with him/her.
- The principal, secretary, and aides will check restrooms for occupants. Any students in the corridors or other rooms should be notified to vacate the building with the students and teachers in closest proximity to them at the time.
- The secretary and aides will take emergency cards, class lists, medications, first aid packs, megaphones, and walkie-talkies to the evacuation site. All classroom and entrance doors will be locked.
- Attempt to keep each class together and report to the designated area.
- Remain together until further instructions are issued from the district communication center.

Building Specific Instructions:

- **Sawyer:** Exit the building at the exit used for fire drills. Proceed to Sawyer Park. Take attendance. In inclement weather, proceed to the Sawyer Park Pavilion.

Tobacco-Free Environment

As of July 1, 1990, all public schools and school-owned property in Wisconsin are by law smoke free for all persons. Smoking and vaping is not permitted in or on any school-owned property.

Tornado or Weather Disasters

In the event of a tornado or other weather emergency, the possibility of destruction or injury is great. The total staff has the ultimate responsibility for the safety of everyone in the building. It is the responsibility of each staff member to know and follow the weather alert plan for his/her school. Each classroom will have an evacuation sign posted. At least one drill will be held each year. Please notify the principal if evacuation signs are not in place.

Wellness Policy School Board Policy 8510

As required by law, the Board of Education establishes the following wellness policy for the Sturgeon Bay School District.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits

Please see the School Board Policy posted on the school web-site for further details.

Section 3 Resources, Buildings and Transportation

Budgets

Individual teachers submit budgets in the spring of each year. The budget year runs from July 1 – June 30.

Requisitions for items needed for the beginning of the school year must be submitted in Skyward for approval by the building principal (special education to Director of Pupil) before leaving for the summer. All requisitions for a given budget year must be submitted by March 15th.

Purchases may be made at local vendors (Walmart, Target, Econo Foods, and Pick N Save.) Receipts must be submitted to the appropriate administrator promptly **with the appropriate account and teacher codes.**

Reimbursement for purchases paid for personally will be reimbursed when a completed check voucher and receipt are submitted to the appropriate administrator. **Please include the account and teacher codes.**

All teachers are expected to keep records of expenditures from individual budget accounts and not exceed spending.

Building use Outside of School Hours

Staff members must complete an online Use of School Facilities request **for any group activity scheduled outside of the normal workday (7:30 AM – 3:30 PM.)** Staff members who use a school facility outside of the normal workday are responsible for room and building security before, during, and after the scheduled activity. Please turn off lights, close windows, and lock doors.

Classroom Maintenance and Security

Classroom teachers are responsible for keeping all aspects of their rooms in good order at all times. Teachers are to engage students in “general clean up” prior to dismissal each day.

Whiteboards, desks, and woodwork must be kept free of writing and drawing, cuts, scratches, etc. Periodic checking is necessary, and teachers should report defacing of property at once so that students may be held accountable. Use only masking tape – not cellophane tape – when attaching materials to classroom walls.

Furniture and resources should be arranged and organized for optimal use in learning with equal access to all students. Personal large items of furniture must be approved by the principal before they are brought to school. All large furniture items must be removed at the end of each school year so they do not impede summer cleaning of the room.

Do not borrow equipment from another room or department without permission of the person responsible for that equipment.

Teachers in charge of activities that require the use of the Gym or other common space should be sure to lock all doors and turn off all lights when leaving the area. Students should not be allowed in these rooms without staff supervision. Classroom doors should be locked at all times and propped open by using a plastic “foot” or other device. Windows should not be covered but paper to cover them should be kept nearby in case of a lockdown.

When leaving the building after 5:00 p.m. on days when school is not in session, be sure the exit doors are locked. Do not depend on someone else to do this. Never leave students in the building unsupervised.

Facility Use Requests

Personal Use of School Facility

Building use on non-school days by student groups must receive approval of the principal, and use of the facility must be reserved through the district's online Facility Use Calendar. Since custodians are not on duty, lights and doors are not checked. The individual who uses the building must assume the responsibility of door, lights, and total building security.

Students are not to be in the building after school hours without the direct supervision of a teacher or staff member.

School Group/Organization Use of Facility

Use of the facility must be reserved through the district's online Facility Use Calendar. Failure to reserve facilities through this system may result in an event or activity being canceled or moved to a less-than-desirable location.

Keys and Fobs

School keys and fobs are valuable and are loaned to you during your employment. Do not loan your key/s to anyone, including students. Please report lost keys to the building principal immediately.

Lights-Technology Equipment

Please turn off your lights when not in your room – noon, recesses, assemblies, computer lab, etc! Exception – the gym – it uses more power to turn the lights on/off for a short period of time than to leave them on.

Maintenance Repair Requests

Immediate Concerns:

All requests for immediate assistance (cleaning up after a student illness or injury, multiple clogged toilets, overflowing water) are to be handled by calling the building secretary who will locate the custodian. If the custodian is not available, the secretary (or principal/designee) will call the manager of buildings and grounds to locate any available custodian for immediate assistance. The regular custodian will take over upon his/her return.

All requests for non-emergency assistance (need for paper towels, toilet paper, etc.) should be written on a note and posted outside of the classroom door for the night time custodian.

Repairs:

Staff members are asked to make non-emergency maintenance requests for repairs to the building secretary.

Special Projects:

Staff members are asked to submit requests for special projects in writing to the principal. If approved and budgeted for, the request will be processed.

Concerns:

Please report all concerns regarding a building's heating, lighting, plumbing or structure first to the primary building custodian, second to the building principal. Should any staff member notice a serious concern when in the building in the evening or on a weekend, please call the primary custodian first, then the building principal. If he is not available, call the building principal. If neither can be reached, call the Director of Buildings and Grounds.

Parking

All part-time and full-time staff members are expected to park in the parking lot.

Please include "directions for parking" in information given to field trip chaperones asking people to fill the parking lots prior to using the streets.

Personal Use of School Facilities, Property, and Vehicles

School Facilities

See Facility Use Requests / Personal Use of School Facility.

Property

Each employee of the School District should understand that all equipment, supplies, and facilities have been purchased by tax dollars for the specific use of the educational program and whatever public and general use the Board of Education may authorize.

Processing Freight

Instead of delivery to a central receiving site, all freight will be delivered to the individual schools. Teachers and staff will be responsible for opening and checking their own orders and contacting vendors in case of discrepancies. The following procedure should be used for all freight received:

- Check all packages as soon as they are received.
- Sign and date the packing slip. After verification, send the slip to Kim Gordon in the Business Office.
- If the packing slip is missing, contact Kay Stack in writing or through email with the following information:
 - Name of vendor
 - Purchase order number
 - Description and number of items received
 - Description of discrepancies, if any
 - Your name
 - Current date
- Call the vendor immediately to discuss discrepancies.

Note to secretaries: If an order arrives in a crushed, wet, torn, or damaged box, notify the delivery driver before signing for the order.

Recycling

Sturgeon Bay School District strongly encourages recycling of all paper, glass, cardboard, tin, and aluminum. Use the appropriate containers in classrooms and hallways for disposing of these materials. Please involve your students in recycling.

District Vehicle Use

The District maintains vehicles for employee work-related use. You may sign up for a school vehicle for an out-of-town conference or training by using the District Facility Use calendar. If both vehicles are in use on that date, and your travel will take place outside of normal school hours, a Suburban may be available for use.

Keys are kept behind the reception desk in the high school office and must be returned there after use.

It is expected that you will refill the vehicle with fuel after use according to the directions, and that you will leave the vehicle clean. Any problems should be reported to the Facilities Manager.

Transporting Students in Vehicles

In order for a staff member to transport student in a district vehicle, besides obtaining parent

permissions, the following must be met:

- School-related function
- Staff member has been authorized to transport students
- Staff member has submitted a physical form completed by their physician

In order for a staff member to transport students in their personal vehicle, the following must be met:

Section 4 Classroom Operations

Attendance

Please familiarize yourself with the attendance information in the Parent Handbook so you are aware of the school policies.

Children are expected to attend school on a regular basis. If a child is ill, parents should keep him/her at home so that a speedy recovery is likely, and to limit the possibility of passing the illness on to others. Parents are expected to call the school to report their child's absence. Parents who do not have a phone are expected to send a written note of explanation with the child upon his or her return to school. **All written excuses must be forwarded to the building secretary.** Failure to report an absence by one of these means will result in the absence being documented as unexcused. Students will be required to make up all necessary assignments as determined by the teacher.

Teachers should enter student attendance into Power School before 8:00AM. If there are problems with PowerSchool, send a paper copy to the office. Students who arrive between 7:40- 8:00 AM will be marked as tardy. Students who arrive after 8:00 AM will be considered absent (excused or unexcused) for the appropriate periods of the school day missed and **MUST** have a signed pass from the office to be allowed into the classroom.

Any student entering the building after 8:00 AM or leaving the building before the end of the school day (except for participation in school events) **MUST CHECK IN or OUT** at the office for a pass. For example, if a student has to leave school for an appointment, s/he will check out at the office and upon arrival back at school will be issued a signed pass to be allowed back into the classroom. If you have a student arrive without a pass, send that student to the office. If a student leaves early and does not plan on returning, please make a note and ask that student for a signed pass the next morning. The student will be recorded absent (excused or unexcused) for the periods missed.

Students may be excused from school during the course of the day only to the custody of their parents, an adult designated on the pupil emergency card, or an adult designated in a written note from their parent.

Breakfast

Breakfast is provided in each elementary building beginning at 7:20AM.

Contest Participation

Entering students in contests must receive prior approval from the building principal. A list of participating students is to be forwarded to the elementary office. Notification of winners is to be done in an orderly, non-disruptive fashion.

Distribution of Materials

Elementary staff members get many requests from outside groups and/or agencies to make announcements and/or distribute informational brochures and flyers to elementary students. These flyers and brochures have information regarding positive, worthwhile events and activities available to the students in our community. While we want to support having our students involved in these community events, we must remain consistent regarding what and how we distribute materials to students. The following guidelines are used as per Board Policy KI:

- All requests for making announcements or distribution of materials must be approved by the principal.
- Announcements and distribution of materials are made only for non-profit community organizations.
- Classroom teachers will make brief announcements regarding an event/activity.
- If the organization provides copies, they will be made available to those interested students. (If enough copies are provided for each individual student, they will be given to classroom teachers. You may place them in a location for interested students to pick up. If there are "some" copies given to the school for distribution, you will be given one for use in an announcement and the others will be placed on the table by the office for interested students to pick up and take home.)
- In no cases will students be issued materials without the student requesting them.
- In no cases will elementary students be asked to sell or purchase items
- Not specifically related to elementary school projects without prior approval by the District Administrator.

Field Trips

Teachers scheduling field trips should complete a field trip request in Transfinder. Please note timelines in the following transportation guidelines.

The teacher scheduling a field trip must notify the lunch program and all specialists whose schedules are affected by the trip. Changes in special classes are not allowed for field trips unless requested by the specialist teacher. Requests for a change in schedule for special classes must be made in advance and must be approved by the principal.

With the exception of trips to the public library or another school facility, at least one other adult must accompany a class of students on a field trip; chaperones may not bring pre-school children or infants. All chaperones must complete a background check and be approved by the principal to participate in a field trip.

Permission slips are required for field trips other than visiting Crossroads, the Door County Public Library or other Sturgeon Bay School District schools and must include the objectives of the trip, destination(s), the date (and rain date), departure and return times and any cost inferred by the trip. Verbal permission may be granted over the phone when necessary.

An emergency first aid kit and a copy of student emergency cards must be taken on each field trip. Teachers are responsible for medication students must take on field trips. A list of bus riders must be provided to the bus driver and school secretary prior to departing from school.

Do not send money collected for field trips directly to the business office. **Keep money in a locked location in your classroom or the office.** When all the money is collected from students in your classroom or grade level, count the money, and complete a cash record form. Money sent to the business office must be accompanied by this completed form.

Provide field trip chaperones information regarding where to park vehicles.

Homework – School Board Policy 2330

The Board of Education acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools.

"Homework" shall refer to those assignments to be prepared outside of the school by the student or independently while in attendance at school.

Such work facilitates the development of good study and work habits and serves as a valid communication tool to parents.

The District Administrator shall develop administrative guidelines for the assignment of homework according to these guidelines:

- A. Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the school.
- B. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.
- C. Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.
- D. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student's time. E. As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated. F. The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities.
- G. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
- H. Homework should be promptly evaluated

Pets in School

The use of animals in the classroom is to be permitted subject to regulations concerning care and responsibility.

Guidelines & Expectations regarding pet or animal visits for "show & tell" type activities:

- Principals are to be consulted prior to the inclusion of a live animal in the classroom.
- Prior to introducing any animals into the classroom, teachers shall be certain that: students and school personnel are not allergic to their presence; the animals are free from any diseases or parasites; the animals will present no physical danger to students; and students are instructed of expected behavior in the presence of the animal
- All pets brought to school must have their vaccination shots unless they are too young for required shots. ● Pets must be brought into school by a parent, shown, and immediately taken home after the classroom lesson. Parents need to make arrangements with the teacher to find out the best time for showing the pet. This arrangement will save the parent time knowing that they must be at school as long as the pet is at school. Animals are not to roam freely at school.
- Only the parent, teacher, or students designated by the teacher are to handle the animals.

Guidelines & Expectations regarding animals in classrooms:

- Principals are to be consulted prior to the inclusion of a live animal in the classroom.
- Live animals may be brought into the classroom for educational purposes, but only under conditions, which insure the health and safety of the children and the well being of the animal. There must be a direct relevance to the objectives of the instructional program.
- Prior to introducing any animals into the classroom, teachers shall be certain that: students and school personnel

are not allergic to their presence; the animals are free from any diseases or parasites; the animals will present no physical danger to students, and students are instructed in the proper care and handling of the animal.

- All pets brought to school must have their vaccination shots unless they are too young for required shots. If an animal constitutes a health risk or a student or staff member suffers from an allergy that is aggravated by the presence of the animal, the animal must be removed.
- Care of the animal(s) is the responsibility of the classroom teacher.
- Animals shall be housed in suitable, sanitary self-contained enclosures appropriate to the size of the animal. Teachers will be responsible for ensuring enclosures are kept in sanitary condition. Animals are not to roam freely at school.
- Animals shall not be left in schools during holiday periods, and where practical, teachers responsible will make arrangements for their care in other locations.

Staff shall not bring their own household pets into district schools except for instructional purposes. Animals are not to be transported on school buses.

Animals are not allowed on school grounds during arrival and dismissal times, even on a leash, unless they are a therapy dog team approved by the district's therapy dog program team.

Professionalism

Teaching is a visible career and one which offers many opportunities for individuals to demonstrate their professionalism and to create a positive image of the individual and school. Teachers are encouraged to dress, act, and speak in a manner befitting of the education profession.

School Supplies

Resources in the community often purchase school supplies that are then available in each office for children who do not have supplies and are not able to get them. If a child in your classroom needs some things or everything on the school supply list, arrange for the child to obtain these items in a discrete manner. If we do not have what is needed please contact the principal for assistance in purchasing it. Don't hesitate to help your students get what they need! School supplies can also be purchased at the school store.

Student Dress and Grooming

The students of the Sturgeon Bay School District should use good judgment in their dress and grooming. They should dress in a manner that does not present a danger to health or safety, advertise alcohol, tobacco or drugs, have slogans with vulgar, violent or sexually suggestive themes or signify gang affiliations or cause interference with classroom order. Caps, hats of any kind, or bandanas are not to be worn in any school building except on special, principal approved dress-up days. Oxford style lace or Velcro tennis shoes with soft gum rubber soles are required for physical education and are the preferred tennis shoe for general school wear. This type of shoe provides good traction and serves as a safety measure. Tennis shoes with retractable roller blades are not allowed. Flip flop sandals are not allowed on the playground or in PE class. All clothing should be marked for easy identification. At the close of the school year any items that remain in a lost & found bin will be donated to charity.

Teachers will arrange for children without all appropriate outdoor attire to bring reading materials to the lunchroom and be supervised there during the lunch recess. The teacher is also responsible for contacting the parent should this be a recurring concern for a child. Referrals might also be made to "Clothe My People."

Transfer Students

Contact the school secretary when a transfer is known. Procedure, regarding records, to be followed when a student transfers out of the district:

- The progress record will be updated to include days present, tardies, date of withdrawal and the teacher's name.
- A Pupil Transfer Summary is completed by the classroom teacher. One copy goes with the student to the newschool and one copy goes into the behavioral record folder.
- Original progress reports are to be collected from all areas and placed in the behavioral folder. The complete behavioral record folder is forwarded to the elementary secretary within two days of the child's withdrawal.

If a child moves out of the school district, the following ideas may be helpful, not only for the child who is moving away, but also for the needs of the students left behind:

- Allow time for good-byes.
- Encourage the student to write back to the class – a self-addressed, stamped envelope could be a going away project – booklet, autographed rock or T-shirt, video.
- Structure activities that stress the positive aspects of the move. Examples: Social Studies - view a map of the new community. Reading - read a story about moving, new friends.

Children can be affected positively and/or negatively by transfer to a new school. The following suggestions may be helpful in providing for a successful transition into our school:

- With assistance from other staff members, arrange for an unhurried, positive first meeting. Your first five (5) minutes with a new student are the most important five (5) minutes with him/her! Ask for assistance from a teaching associate, counselor or principal, if necessary.
- Make certain a desk, books, and other materials are available upon arrival of the child.
- Prepare other children for meeting, accepting and including someone "new".
- Be alert to any suggestions of poor adjustment; psychosomatic illnesses, etc.
- Maintain regular contact with the student's parents to minimize any problems that may occur, and to promote home/school communication.

Truancy

1997 Wisconsin Act 239 became effective June 18, 1998. This act includes the following (please note that only significant and relevant changes are listed):

- Changes the definition of "habitual truant" to "pupil who is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a semester."
- Allows that parents may excuse a child for not more than 10 days per school year.
- Once notified, the parent must meet with school personnel within 5 school days (may be an additional 5 days by mutual consent.) If the meeting is not held within 10 days, court proceedings may be initiated without the meeting.
- The parent or person in control of a child who fails to attend school regularly may be fined not more than \$500 or imprisoned for not more than 30 days or both (first offense.) For second and/or subsequent violations, the person may be fined \$1000, imprisoned for 90 days or both.
- The court may also order: community service, counseling at the responsible party's expense, and the parent/guardian's attendance at school with the child.
- Suspension of the student's driving privilege for up to one year (raised from 90 days.)
- As of January of 2010 this truancy policy also applies to students enrolled in kindergarten.

Section 5 Behavior Management

Student Code of Classroom Conduct

Student conduct in the classroom shall be governed by the rules and provisions of the Code of Classroom Conduct developed for each school in consultation with a committee of School District residents that consists of parents, students, members of the School Board, school administrators, teachers, pupil services professionals, and other residents of the School District who are appointed to the committee by the School Board. Each school's Code of Classroom Conduct shall be adopted by the School Board (5500).

General Expectations Regarding Behavior Management

Positive Behavioral Intervention & Supports (PBIS)

Positive Behavioral Intervention & Supports (PBIS) is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors. PBIS uses a collaborative team approach to analyze and respond to discipline-related behavioral patterns. Each elementary school has three explicitly stated school-wide expectations (e.g., Be Safe, Be Responsible, Be Respectful). Teaching matrices are developed to teach rules and procedures aligned with these expectations for the classroom and other settings in the school (hallway, lunchroom, playground, etc.).

A major initiative at the elementary level is a PBIS framework which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a multi-level system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognizes that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions. A multi-level system of support includes a general curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students. Targeted or intensive interventions are added for students who do not respond to universal efforts and require additional support.

Students spend the majority of their time in classroom environments where behavior is expected to meet the high standards set by the School District of Sturgeon Bay. While most discipline matters are managed in the classroom, some student behavior is managed by the administration through an office referral that may result in interventions or consequences based on the nature of the violation of Board policy or the Code of Student Conduct. Parent/guardian involvement is critical to the creation of safe and orderly environments. Parent/guardian notification is desired at all levels of interventions and consequences, but it is required whenever there is the possibility that a student may be removed from the classroom environment.

Students who violate the Code of Student Conduct may be removed from their current educational setting and receive instruction in an alternate setting within the school building. Removals during an in-school Intervention are not considered a suspension from school and do not count toward the cumulative days of removal. Parents will be notified of an in-school intervention. Severe behavior or chronic misconduct that has created a substantial barrier to learning for others may result in the student's removal from their current educational setting.

Students are expected to behave according to their school's PBIS Matrix.

Use of PBIS procedures and routines are expected throughout each elementary school. Students will be taught expected behaviors through the use of "Cool Tools". It is the classroom teacher's responsibility to build a classroom management system for students and use it to monitor student behavior. Teachers are required to have a system of recording minor behavior infractions and to utilize the Office Discipline Referral for all major behavior incidents. Whenever an ODR is completed the classroom teacher must contact the parent to discuss the incident. DR data will be recorded in SWIS and this data will be analyzed by each grade level team on a regular basis. The use of additional teaching will be determined using this data. It is essential that each staff member have an understanding of the definitions of behavior infractions and the flowchart to be used for handling behavior problems. Any severe incidents or questions should be referred to the building coordinator or principal.

All staff members are asked to give all students frequent specific feedback regarding their behaviors and attitudes - positive feedback when we witness helping, sharing, polite conversation, good manners, walking, etc. and constructive feedback when we see teasing, hurting, shouting, poor manners, running, etc. **All staff members have a responsibility to support the behavioral education of all students.**

Specialists and Associates

Specialist Teachers and Teaching Associates are also expected to utilize the school-wide PBIS system and teachers' classroom management systems for behavior.

Responses to Appropriate and Inappropriate Behavior

In order to maintain a healthy and safe learning environment for all students, Sawyer School implements a multi-tiered system of support that addresses the teaching and reinforcing of appropriate behaviors and effective re-teaching and responding to inappropriate behaviors. The definition and responses to misbehaviors can be found in [this document](#).

Inappropriate Behavior that extends beyond an in-school intervention may result in an out-of-school suspension.

Assembly Behavior Expectations

Please review appropriate audience etiquette prior to each assembly your class attends. Common expectations include the following:

- No talking or whispering when someone is addressing the large group
- Audience members may laugh or respond when appropriate. We want students to enjoy the activity. However, there are to be NO private conversations going on during an assembly. Student behavior may not disrupt or distract others.
- Students are to sit still and sit on their bottoms. If your classroom uses carpet squares, students may bring them for comfort and "spacing."

Any staff member who sees or hears a student misbehaving or talking is asked to immediately deal with the situation. Move yourself next to the student/s, move the student/s next to you or remove the student from the room as appropriate. Attendance at special assemblies is a privilege not to be abused.

Bullying

The Sturgeon Bay School District strives to provide a safe, secure, and respectful learning environment for all students in school buildings, on school grounds, in school buses, and at school-sponsored activities. Bullying has a harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

By definition, bullying is deliberate or intentional behavior using words or actions intended to cause fear, intimidation, or harm. Bullying may be repeated behavior and involves an imbalance of power. The behavior may be motivated by an actual or perceived distinguishing characteristic such as, but not limited to, age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status.

Bullying behavior can be:

- Physical (e.g., assault, hitting or punching, kicking, theft, or threatening behavior)
- Verbal (e.g., threatening or intimidating language, teasing or name-calling, or racist remarks)
- Indirect (e.g., spreading cruel rumors, intimidation through gestures, social exclusion, or sending insulting messages)

or pictures by mobile phone or using the Internet).

Bullying behavior is prohibited in all schools, buildings, property, and educational environments including any property or vehicle owned, leased, or used by the district. This includes public transportation regularly used by students to go to and from school. Educational environments include, but are not limited to, every activity under school supervision.

Any student or other concerned individual who is either a victim of the bullying or is aware of the bullying is encouraged to report the conduct to the principal or school resource officer. Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously, and a clear account of the incident will be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

The principal, school resource officer, or designee shall within one school day interview the person(s) who are the victim(s) of the bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying will be notified prior to the conclusion of the investigation. The district shall maintain the confidentiality of the report and any related pupil records to the extent required by law.

If after investigation it is determined that a student participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, the district administration and Board of Education may take disciplinary action including, but not limited to, suspension, expulsion, and/or referral to law enforcement officials for possible legal action as appropriate.

Corporal Punishment

Corporal punishment is not permitted by the Board of Education (Policy JGA). This does not preclude the use of physical force for self-defense or in instances when physical restraint is necessary to protect the student from further injury.

End of Day Supervision

In an effort to keep our children safe, please follow these procedures at school dismissal time: ● Persons on “door duty” will supervise the children as they leave the school building. These persons will supervise the sidewalk area and bus loading areas.

- When children get on to a school bus they will stay on the bus. If the child asks to get off the bus for any other reason (i.e. needs to retrieve something from within the school, needs an emergency bathroom stop or is confused as to where he/she is to travel to on that day) the bus driver will alert the person on “door duty” for assistance.
- A child may be dismissed from the bus to a parent or other guardian if the parent or guardian comes directly to the bus to get a child.
- When bus loading is completed the person on “door duty” will signal to bus drivers that the busses may leave the loading area.
- All students who are picked up by vehicle will be dismissed from the building only after all busses leave the loading area unless the parent or guardian comes to the school building to pick up a child.
- Students who walk or ride bikes will be dismissed from the building as the area clears of buses and vehicles. Persons on “door duty” will also remind students who ride bikes to “walk” their bikes on sidewalks adjacent to the school.
- Staff members have been assigned “door duty” responsibilities. Responsibilities begin at 2:30 and end at approximately 2:45 PM but not until students have left the entries and sidewalk areas. Should a staff member have a conflict on a given day, please ask a colleague to exchange days with you.
- Students who are not picked up by their parents return to the supervision of their classroom teacher until the parent does pick the child up. If the parent has not arrived by the end of the teacher’s contract day, then the teacher will notify the principal that assistance is needed.

Emotional Behavioral Disabilities (EBD) Programming

Behavioral issues regarding a student in an Emotional Disabilities Program (EBD) should be dealt with as per the student's IEP and individual behavioral management plan. The EBD instructor will share behavior plans with staff on an as needed basis.

Suspensions and Expulsions

Only the principal may suspend a student from school. Emergency and short-term suspensions from class will be handled by the principal or her designee at a teacher's request. Teachers are cautioned not to enter a precarious position by issuing a statement to the effect that a student will never be permitted back in class.

A suspension is a temporary suspension of a student from his/her classes and activities by the superintendent or principal for disciplinary reasons or for the good of the group. It cannot continue indefinitely. At the end of a suspension, a student must either be returned to school or expelled from school. Due process must be accorded to the student involved in a suspension. Suspended students must be allowed to make up work and assignments missed during the suspension on the same terms as other absences from school.

An expulsion is the complete severance of the student from all rights to participate in the programs of the school. Only the Board of Education has the power to expel.

Section 6 Instruction

Curriculum

The official written curriculum of the district is documented using unit planning templates stored in grade level shared drives in Google Drive. Unit planning templates include the following categories:

- Course
- Standards and Benchmarks
- Report card language
- Unit title
- Learning Targets
- Success Criteria
- Links to Evidence tasks
- Grade level progressions

All teachers will be trained in the use of unit planning templates and collecting evidence through the use of formative assessments, and are expected to keep unit planning files up to date.

Duties of Classroom Teacher

Through their preparation of lessons and activities, classroom teachers determine, in large measure, the success or failure of substitute teachers. It is the responsibility of each classroom teacher to have available current lesson plans which include a clear statement of the daily objective and procedures, the test and page numbers of the subject matter under consideration, and the assignments to be corrected and/or made.

In addition, each classroom teacher should have developed a special folder for the substitute teacher that is kept with the lesson plan book in a place easily accessible to the substitute. The folder should contain special activities and exercises, which could be used by the substitute to extend or supplement the daily lesson plan.

The substitute teacher folder should also contain:

- Daily schedules and procedures.
- Lesson plans.
- A current seating chart if students are assigned to specific seats.
- The procedures for the checking in and out of necessary supplies and books, and the location of these materials.
- A schedule of special activities or services and students involved.
- A list of students to call on to help with routine classroom responsibilities.
- A list of detailed classroom procedures and rules or policies that the teacher expects students to follow.
- An updated list of any medication that must be administered to students including:
 - Location of medication
 - Names of students, times, and dosages to be administered.
 - Person to contact in administering the medication (NOTE: the school secretary administers all medications. No substitute teacher shall dispense medication to a student).
- The teacher's duty schedule such as corridor, study hall, playground, and other assigned supervision, and fire/tornado drill responsibilities.
- A school information sheet that outlines general school procedures, schedules, rules, and use of materials and equipment.
- A list of critical material and its location. If appropriate, a list of supplies and materials the students should not handle when under the supervision of a substitute.

Substitutes will find that regular staff members will provide cooperation and assistance if asked.

Duties of the Substitute Teacher

Substitute teachers are an important part of the work we do each day. To help our substitute teachers have a successful teaching experience, they should do the following:

- Report to the school office to get the substitute folder.. Each school will give the substitute further directions as to their check-in procedures.
- Observe the regular work hours, schedules, and responsibilities of the teacher. Substitute teachers are expected to remain in the building until the regular faculty dismissal time, unless released by the building administrator. Each elementary school may have a slightly different schedule due to busing and/or other special circumstances. If you are not certain of the exact time schedule in the building, you should inquire of the person calling you or contact the individual school office.
- Examine the substitute teacher's folder for procedures for lunch and attendance counts, the teaching schedule and a seating chart as outlined under "Duties of the Classroom Teacher."
- Follow the objectives and lesson plan sheets as closely as possible. If plan sheets are not available, make this known to the building administrator.
- Write your name on the board as a manner of introduction.
- Leave a note at the end of the day describing the work accomplished and/or assigned and listing any questions or difficulties that may have occurred. Include all information that will be important to the classroom teacher in resuming the instructional program and daily activities.
- Leave the classroom in good order.
- Report to the school office before leaving the building to determine if your services will be needed the following day.
- Return any keys issued to you.

Under no condition is it permissible for the substitute teacher to use corporal punishment. This does not preclude the prudent use of physical force as a means of self-defense or to prevent injury to you, others, or the property of others. Substitute teachers should ask each building administrator for discipline procedures specific to his or her school.

Educational Philosophy

The School District of Sturgeon Bay believes that we have an obligation to continually strive to instill in each individual, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities in our American heritage.

This school district aims to provide a diversified program of educational experiences for youth and to cooperate with the home, church, and community to promote the development of effectively educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student's ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promotes good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values

.Instructional Models

The School District of Sturgeon Bay follows the Danielson Framework for Teaching. Each teacher is expected to know and use the framework:

- Domain 1 – Planning and Preparation
- Domain 2 – The Classroom Environment
- Domain 3 – Instruction
- Domain 4 – Professional Responsibilities

Lesson Plans

All teachers are expected to write weekly lesson plans. Lesson Plans should be prepared with enough detail so a substitute is able to follow them.

Technology Use

Staff Members are encouraged to use the technology resources of the district to explore educational topics, conduct research, and communicate with others in order to further the mission of the district. As the district will frequently rely

upon email to disseminate information, teachers are responsible for checking and reading their email at least once per school day. Email access is also available outside the building via the web interface.

Staff Members should note that email and telecommunications are not entirely secure and that the district at all times retains the right to review files and communications in order to maintain system integrity and ensure that users are using the system responsibly. Communications over the networks and files stored on district servers are not private.

Inappropriate use of district technology may lead to disciplinary action that may include termination of employment with the district.

Section 7 Assessment and Records

Anecdotal Records

Classroom teachers are to document and date concerns about students and keep on file. Any one incident may be insignificant, but several may provide needed information at a future date. At the close of each school year consult with the building principal regarding any and all personal documentation in order to determine if it should be kept or shredded.

Cumulative Records

The cumulative records of students are filed in each school office and are available to all teachers. Teachers are encouraged to check these records to learn more about students and to better meet their educational needs.

To review a student's records, record your name and date on the orange form in the file. Check the file out by signing the checkout form (ask the secretary if assistance is needed). All material reviewed is confidential, and misuse of the records is grounds for termination of employment with the School District of Sturgeon Bay.

Section 9 Parents, Family and Community Community Service Learners

Our district's Service Learner Program Coordinator will forward information to faculty regarding our responsibilities when hosting a high school service learner. Please contact the Service Learner Program coordinator with concerns or questions.

Staff members who supervise the students are to advise them where to park.

Fundraising

Any student fundraising campaign that takes place off campus must receive prior approval by the Board of Education. The purpose of this policy is to limit door-to-door selling by students. In-house fundraisers are permitted with the approval of the principal. Fundraisers involving food items must be in compliance with the district's Wellness Policy.

Those teachers or staff members who seek private business funding or donations in excess of \$100 must follow Board of Education policy and use the adopted form.

Home/School Communication

The District maintains a Website at www.sturbay.k12.wi.us, which can be visited at any time.

The principal will send home a weekly newsletter through BLOOMZ.

Teachers are expected to communicate regularly with individual parents regarding academic and behavioral concerns, positive as well as negative. Teachers are expected to send home informational newsletters at least monthly. These parent letters should include: past/future areas of instruction in your classroom, special interest topics, and other pertinent information. **Teachers are to give their principal a copy of each general communication to parents.** Written communication (teacher letters, Sloops, field trip permission slips, etc.) will be sent home in a special designated red Home/School Communication Folder provided by the PTO. It is the professional responsibility of each teacher to proofread all written communications to parents, and/or have a colleague proofread all communications. The "Quick Checks" can provide assistance to staff in their development of quality newsletters.

Homework - School Board Policy 2330

The Board of Education acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools.

"Homework" shall refer to those assignments to be prepared outside of the school by the student or independently while in attendance at school.

Such work facilitates the development of good study and work habits and serves as a valid communication tool to parents.

The District Administrator shall develop administrative guidelines for the assignment of homework according to these guidelines:

- Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the school.
- Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.
- Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.
- The number, frequency, and degree of difficulty of homework assignments should be based on the ability and

- needs of the student and take into account other activities which make a legitimate claim on the student's time. ● As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated. 36
- The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities.
- Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
- Homework should be promptly evaluated

Parent Teacher Conferences

The purposes of the conferences are:

- To supplement the progress report and serve as another means of reporting to parents.
- To promote good relations between the home and the school through an interpretation of the school's program.
- To share information about students:
 - Success and accomplishments
 - Definitions of/and suggested solutions to problems
 - Concrete evidence of student progress

Suggestions for a successful conference:

- Review the student's record before the conference and note strengths and areas for growth. Specific examples are helpful. Arrange student information in a system that is easily communicated.
 - Provide materials for parent use while they are waiting to meet with you.
 - Greet the parent in a friendly, warm manner.
 - Explain the purpose of the conference.
 - Begin the teacher report with an explanation that the information being presented is a review of your observations of the student.
 - Select the student's strongest attribute, move gently into problem areas, and close with an assurance that together success can be achieved.
 - Point out the need to know that student as the parent sees him/her.
 - Be a good listener.
 - Ask for clarification.
 - Ask questions that direct the discussion to relevant topics.
 - Phrase questions to avoid "yes" or "no" answers.
 - Avoid defensive responses, educational jargons, being evasive, if you can't answer a question, say so.
 - Review areas of information which parents usually seek.
 - Avoid giving advice; substitute instead an analysis of the situation with a menu of solutions from which to choose. ●
- When a difference occurs between the school's observations and those of the parents, work with parent/guardian to identify and resolve the difference.
- Summarize the conference:
 - Review those recommendations agreed to by both parties.
 - Mention any unresolved issues which may need further discussion and/or action and who is responsible for which.
 - If necessary, set a date for continued communication.
 - End the conference on a positive note.
 - Analyze the conference and document pertinent information.

PTO – Parent Teacher Organization

The Parent-Teacher Organization (PTO) supports the united efforts of home, school, and community on behalf of children. The goal of the PTO is to increase participation within the school between parents, teachers, and all school staff. Meetings are held monthly, and parent participation is welcome and valued.

School Visitors – School Board Policy 9150

The Board of Education welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to establish visitor guidelines.

The District Administrator or building administrator has the authority to prohibit the entry of any person to a school of this District or require a visitor to leave when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Non-staff access to students and classes must be limited and only in accordance with a schedule which has been determined by the principal after consultation with the teacher whose classroom is being visited. Classroom visitations must be non-obtrusive to the educational process and learning environment and should not occur on an excessive basis.

Parent concerns about any aspect of his/her child's educational program should be presented through the procedure set forth in Board Policy 9130 - Public Complaints, a copy of which is available at the Board office and at each school.

The District Administrator shall promulgate such administrative guidelines as are necessary to protect students and employees from disruption to the educational program or the efficient conduct of their assigned tasks.

Individual Board members who are interested in visiting schools or classrooms on an unofficial basis shall make the appropriate arrangements with the principal. In keeping with Board bylaws, such Board member visits shall not be considered to be official unless designated as such by the Board.

The Board member shall be visiting as an interested individual in a similar capacity of any parent or citizen of the community. These visits should not be considered to be inspections nor as supervisory in nature.

If, during a visit to a school or program, a Board member observes a situation or condition which causes concern, s/he should discuss the situation first with the District Administrator as soon as convenient or appropriate. Such a report or discussion shall not be considered an official one from the Board.

All visitors to a school of the District must comply with the visitor rules as set forth in Board Policy 7440, Facility Security.

Revised 10/16/13

Revised 6/18/14

Volunteers

We welcome volunteers in our schools. Parents have the opportunity to volunteer with the classroom teacher, building principal, or Parent Teacher Group. Parents should not bring infants or preschool children along when they volunteer.

Staff members who work with regular volunteers are to advise them where to park. Any volunteer who will work on a regular basis with students must complete a background check through the district office.

Section 10 Special Needs

Children of Divorced Parents - Guidelines

The Sturgeon Bay Elementary Schools will maintain strict neutrality between parents who are involved in an action affecting the family, unless otherwise directed by Court Order.

Each family in such a situation shall be requested to provide the building principal with current information regarding any Court Order that provides specific rights to the child's parents. In the absence of a copy of the written Court Order, neither parent shall be deemed to have rights superior to the other parent. Either parent may provide the building principal with a certified copy of the most recent Court Order.

Unless directed otherwise in the most recent Court Order, both parents, custodial and non-custodial, are entitled to all grade reports, notices of school activities, disciplinary action, and teacher/principal conference appointments or summary. For the purpose of conferencing, both parents should be scheduled for the same conference time whenever possible.

Students will not be released to any person other than his/her custodial and residential parent or that person's spouse or individuals designated on the pupil's emergency card, without written permission of the custodial parent or joint custodial and residential parent.

A non-custodial parent with visiting rights may not visit his/her child enrolled in school during required school hours unless such a visit is expressly requested in a certified copy of the most recent Court Order and is on file with the school, or the custodial parent has consented in writing to such a visit and is approved by the building principal. A non-custodial parent may request a copy of his/her child's report card or other teacher dispensed materials.

Special Education

The Sturgeon Bay Schools provides programs to meet the special education needs of individual students ages three to twenty-one. All categorical programs in areas of learning, social and emotional development and sensory impairment are provided, including supportive therapies, transportation and adaptive equipment.

A child is eligible for any of these programs if, after going through an evaluation process, the child's needs require special education programming. If you suspect that a student may be in need of special help, you can contact the classroom teacher, counselor, or principal for consultation. For further information, contact the Director of Pupil Services/Special Ed, Ms. Lindsay Ferry, at 746-2804.

Section 504

The district will ensure students who are handicapped within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. A "qualified handicapped individual" is any person who: (1) has a physical or mental impairment which substantially limits one or more major life activities; (2) has a record of such an impairment; and (3) is regarded as having such an impairment. A 504-accommodation plan will be designed for each student according to individual need.

Students with the following physical or mental conditions may be found handicapped under section 504 (including, but not limited to): AIDS, allergies, asthma, recovering chemical dependent, ADHD, congenital defects, diabetes, the formerly handicapped, hepatitis B, hemophilia, obesity, pregnancy with medical problems, schizophrenia, retinitis-pigmentosa, temporary conditions, Tourette's syndrome, tuberculosis, dwarfism, epilepsy, and communicable diseases. Major life activities include caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Response to Intervention

The Sturgeon Bay Elementary Schools believe that increased student learning requires the consistent practice of providing high quality instruction matched to student needs. In a high-quality educational environment, student academic and behavioral needs are identified and monitored continuously by using documented student performance data, to make instructional decisions. Unique needs are addressed, parents are informed and involved, and all staff work toward the common goal of raising achievement. Response to Intervention (RtI) is a general education framework through which a school creates a high-quality educational environment by screening the needs of all students; differentiating core instruction for all students; applying research-based interventions to address specific needs of individual students; and continually monitoring progress to ensure success. High quality education requires collaborative efforts from all district staff, general educators and special educators to facilitate that process.

Please refer to the Elementary Response to Intervention (RtI) Handbook for more information

All staff are expected to follow the Copyright law of the United States (Title 17 U.S. Code) which governs the making of photocopies or other reproductions of copyrighted materials. The person using copying equipment is liable for any infringement.

Color copiers are available in each school – please limit the use of color to final products or special projects. Color copies are extremely expensive.

Internet Access

Elementary students can now use computers for accessing and exploring information on the Internet. In the interest of maintaining computer ethics, all students using the Internet for any purpose while at school must have submitted a signed internet use and parent permission form before using the Internet. Intentional misuse of computers or technology will jeopardize student access to such equipment and be cause for disciplinary action. (Board Policies JQ, JQA and JQ-PF)

Arrival to and Departure from School

Arrival Procedures (7:20-7:40 AM)

Supervision will be provided in the bus zones and on the playground beginning at 7:20 AM.

Buses

Sunrise – Grades 3-5

- Sunrise neighborhood buses will arrive at Sunrise school at 7:20. Students will unload from the buses and go directly to the playground.
- Buses from the Sawyer neighborhood will arrive by 7:30.

Private Vehicle

Please drop your student off on the school side of 15th Avenue if you are bringing your child/ren to school in the morning.

The streets around Sunrise are busy places in the morning. Having your child/ren cross the street presents a serious safety risk. Students are to go directly to the playground area or enter the school to eat breakfast at 7:20 a.m. Please quickly drop off your child and move your vehicle. Please park away from any bus area if you choose to walk your child to the playground or enter the building. The congestion in these areas is a safety concern. Should you run late in the morning and drop your child off at any one of the elementary schools, please drop your child off at the “main entrance.” All other doors are locked at 7:40 AM after associates and children have come into the buildings.

Bikes

During weather that is appropriate for bike riding, students are allowed to ride their bikes to school. Bicycles must be “walked” on sidewalks adjacent to the school. Bicycle racks are provided for parking and the bike rack area is “off-limits” during the school day. Helmets are encouraged. In order to provide a measure of safety, the Board of Education has a policy and rules related to bicycles at school. Included are the following:

- Students may bring bikes to school at their own risk; locks are encouraged.
- Bikes are to be kept in the bike racks during school hours.
- No bike use during school hours.
- Students should ride only THEIR own bikes; one child per bike.
- All bikes should be licensed.
- Students should demonstrate safe bike riding skills and follow the state laws regarding the use of bikes.
- Infractions of bike rules may result in suspension of bike privileges. No roller blades, skateboards, or scooters are allowed. We simply cannot store them inside during the school day.

Afternoon Dismissal

Supervision will be provided at the bus zone.

All times are approximate

- All students dismissed at 2:50
- Boys and Girls Club bus – 14th Avenue Door
- All other buses – Rhode Island Door
- Car riders – 15th Avenue
- Each student will be sent home the usual way unless the parent sends a written note to the school office stating the specific request for an alternate plan for that day; exceptions will be made when a parent calls for an emergency last minute change.

Attendance

It is expected that children attend school daily. If a child is ill, please keep them home to encourage a speedy recovery and to limit the possibility of passing the illness on to others. Parents are expected to call the school office at 920-746-1829 to report their child's absence. If the school is not called prior to 8:00 AM, school personnel will attempt to contact parents of absent students. Your cooperation helps ensure the safety of students. Please notify the school if your home, work, or emergency phone numbers change. Parents who do not have a phone are expected to send a written note of explanation with the child upon his or her return to school. Failure to report an absence by one of these means will result in the absence being documented as **unexcused**. Sturgeon Bay Schools want to work with you to ensure your child is attending school and following district truancy policies and state law.

Students are expected to enter the school with their classmates at 7:40 AM. Students arriving after 7:40 should report to the office and will be marked tardy. Students arriving after 8:00 AM will be considered absent (excused or unexcused) for the appropriate periods of the school day missed. Students will be dismissed according to the dismissal procedure. ***If your child/ren must leave the building prior to dismissal, s/he must check out in the office prior to leaving and must check in at the office upon return for a pass to return to the classroom.*** School Board policy 5200 addresses attendance and truancy issues.

Students may be excused from school during the course of the day only if in the custody of their parent/s, an adult designated on the pupil emergency card, or an adult designated in a written note from their parents. Students will be required to make up all necessary assignments as determined by the teacher.

If your family has a planned absence during a time when school attendance is expected, please let the school office know at least one week in advance. The family will be responsible to assist their student in the completion of assignments. No school textbooks will be sent on family trips.

We encourage families to make medical, dental, counseling, and other appointments after school hours whenever possible, unless there is an emergency. Community agencies have usually been able to accommodate appointments after our school day.

Non-school employees and persons not contracted by the school are not allowed to counsel or provide therapy for students at school. With written parent permission a representative from an out-of-school counseling agency may pick a student up at the end of the school day and transport the student to an out-of-school counseling session. We expect students to be supervised by Sturgeon Bay School District employees while at school. School facilities do not have spaces for these activities.

The following is a summary of some key points regarding school attendance:

- Parents are expected to contact their child's school when their child is absent. Absences without a parent excuse are considered unexcused.
- Arriving late to school without a parent excuse is considered an unexcused absence. A child can be considered truant if there are 5 or more unexcused late arrivals during a semester. Students should be at school by 7:40 AM. Parents can bring their child to school as early as 7:20 AM.
- A child is considered truant if there are 5 or more unexcused absences in a semester.
- **Each student is allowed up to 10 excused absences each year** for reasons such as illness, medical appointments, vacation, funerals, and family emergencies. Parents are expected to inform the school of the absence at least one week in advance when possible. Students are responsible for completing assignments they will miss during these absences.
- While we do encourage you to keep your children home when they are ill, parents are expected to contact their child's school if their child is absent because of illness. A written medical excuse may be requested by the district if

your child is absent for several consecutive days or chronically absent during the year due to illness. ***Absences with a written doctor's note do not count toward the 10-day total.***

1997 Wisconsin Act 239 became effective June 18, 1998. This act includes the following (please note that only significant and relevant changes are listed):

- **Changes the definition of “habitual truant” to “pupil who is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a semester.”**
- **Allows that parents may excuse a child for not more than 10 days per school year.**
- Once notified of attendance/truancy concerns, the parent must meet with school personnel within 5 school days (may be an additional 5 days by mutual consent.) If the meeting is not held within 10 days, court proceedings may be initiated without the meeting.
- The parent or person in control of a child who fails to attend school regularly may be fined not more than \$500 or imprisoned for not more than 30 days or both (first offense.) For second and/or subsequent violations, the person may be fined \$1000, imprisoned for 90 days or both.
- The court may also order: community service, counseling at the responsible party's expense, and the parent/guardian's attendance at school with the child.
- Suspension of the student's driving privilege for up to one year (raised from 90 days.)

For more information on Wisconsin's attendance law, please see *Wisconsin State Statute 118.15 Compulsory School Attendance* at the following link: <http://docs.legis.wisconsin.gov/statutes/statutes/118/15>

Board Policy Book

The Sturgeon Bay School Board Policy Book is available for parent review on the school website.

Book Orders

Several times during the school year teachers receive book order forms from children's book clubs. These clubs offer paperback books at reasonable prices. Most of the clubs are sponsored by companies with which the district has done business for years. We do not want to have students put excessive pressure on parents to buy these books. If your family does not want to get book order forms sent home, please communicate that to your student's homeroom teacher.

Building Use

Sturgeon Bay Schools encourages the use of its facilities by civic groups in the evenings. To request use of a facility, contact the manager of Buildings & Grounds.

Celebrations

Please distribute invitations or presents for private parties outside of school. Invitations may be distributed at school if you are inviting the entire class.

Please remember to let the teacher know ahead of time if you would like to send treats to the classroom; please consider nutritious choices. No personal deliveries (balloons, flowers, candy, etc.) will be accepted for students at school.

Classroom Assignments

Classroom assignments for a given school year are made by the principal with every effort to balance classes according to gender, academic and social leadership, special needs, and matches of learning and teaching styles. If parents have concerns regarding the class assignment of their child/ren for the following school year, they are to contact the principal directly by phone or e-mail. Please know that requests for specific teachers will not be automatically honored, as the first priority is balanced classes.

Class Lists/Directory Data

Under the Wisconsin pupil records law, school districts may disclose “directory data” with respect to each pupil to any person. Directory data includes student name, address, and telephone number. The Sturgeon Bay Board of Education policy does not allow this information to be given out. Contact your principal with any questions.

Students enrolling in the Sturgeon Bay School District will use his or her birth name, unless that name has been changed by an Order of the Court. A copy of the Court Order addressing the name change must be on file in the student’s behavioral record.

Student Code of Classroom Conduct

Student conduct in the classroom shall be governed by the rules and provisions of the Code of Classroom Conduct developed for each school in consultation with a committee of School District residents that consists of parents, students, members of the School Board, school administrators, teachers, pupil services professionals, and other residents of the School District who are appointed to the committee by the School Board. Each school’s Code of Classroom Conduct shall be adopted by the School Board (5500).

Positive Behavioral Intervention & Supports (PBIS)

Positive Behavioral Intervention & Supports (PBIS) is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors. PBIS uses a collaborative team approach to analyze and respond to discipline-related behavioral patterns. Each elementary school has three explicitly stated school-wide expectations (e.g., Be Safe, Be Responsible, Be Respectful). Teaching matrices are developed to teach rules and procedures aligned with these expectations for the classroom and other settings in the school (hallway, lunchroom, playground, etc.).

A major initiative at the elementary level is a PBIS framework which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a multi-level system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognizes that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions. A multi-level system of supports includes a general curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students. Targeted or intensive interventions are added for students who do not respond to universal efforts and require additional support.

Students spend the majority of their time in classroom environments where behavior is expected to meet the high standards set by the School District of Sturgeon Bay. While most discipline matters are managed in the classroom, some student behavior is managed by the administration through an office referral that may result in interventions or consequences based on the nature of the violation of Board policy or the Code of Student Conduct. Parent/guardian involvement is critical to the creation of safe and orderly environments. Parent/guardian notification is desired at all levels of interventions and consequences, but it is required whenever there is the possibility that a student may be removed from the school environment.

Students who violate the Code of Student Conduct may be removed from their current educational setting and receive instruction in an alternate setting within the school building. Removals during an In School Intervention are not considered a suspension from school and do not count toward the cumulative days of removal. Parents should be notified in writing of an In School Intervention. Severe behavior or chronic misconduct that has created a substantial barrier to learning for others may result in the student’s removal from their current educational setting.

Behavior that extends beyond an In School Intervention will be handled following the Sturgeon Bay Elementary Schools In School/Out of School Suspension guidelines as described below.

In-School/Out-of-School Suspension Guidelines

In order to maintain a healthy and safe learning environment for all students:

- 1) The following in school behaviors may result in in-school suspension, as determined by the administrator and or his/her designee. The administrator will inform the parent/s.
 - a) Significantly disruptive behavior (longer than 10 minutes in classroom) third (or more) incident of threatening behavior (gesture such as raised hand or clenched fist or verbal harassment or name-calling, bullying or threatening statement such as “I’ll get you” or “You’ll be sorry”)
 - b) An incident of violent action (aggressive hitting, pushing, tripping, biting, or kicking that causes no serious physical harm, bruise or injury)
 - c) Repeated violations of the student code of classroom conduct

- 2) The following behaviors in school activities may result in out-of-school suspension, as determined by an administrator. The administrator will contact the parent/s. A conference with student & parent will be held upon return to school.
 - a) Failure to comply in an in-school suspension setting
 - b) Significantly disruptive behavior (longer than 20 minutes cumulative)
 - c) Severe threatening behavior (verbal bullying or threatening statement that is more specific and detailed and/or includes a specific plan rather than just an angry reaction, such as “At recess I’m going to take my pencil and poke your arm” or “I’m going to beat you up on the way home from school” or an attempt to follow-through on a threat
 - d) Repeated incidents of violent action (aggressive hitting, pushing, tripping, biting, or kicking that causes no serious physical harm, bruise or injury)
 - e) Severe physical violence (physical contact that results in a mark that lasts longer than 15 minutes, a bruise, an injury, or draws blood)

- 3) Serious behaviors in school activities may result in out-of-school suspension, as determined by an administrator. A referral to the police liaison officer or police department may occur if a pattern of serious behavior develops. The administrator will contact the parent/s and police in such situations. A conference with student & parent will be held upon return to school.

Chicken Pox	Keep patient home until all lesions are crusted over, usually 5-6 days after rash appears.
Conjunctivitis (“Pink Eye”)	Depends on the case, refer for diagnosis and medical treatment.

Measles	Communicable from onset of respiratory illness until 4 days after appearance of rash. Keep patient home until 5 days after the appearance of rash.
Mumps	Keep patient home until salivary gland swelling has subsided, or other symptoms have cleared.
Pertussis (“Whooping Cough”)	Child should be under physician’s care.
Scabies	Keep patient home under adequate treatment from physician and until the physician gives permission to return to school.

Impetigo	Keep patient home until all lesions have healed, or child has been on antibiotic treatment for 24 hours.

Community Events and Activities

Elementary staff members get many requests from outside groups and/or agencies to make announcements and/or distribute informational brochures and flyers to elementary students. These flyers and brochures have information regarding positive, worthwhile events and activities available to the students in our community. While we want to support having our students involved in these community events, we must remain consistent regarding what and how we distribute materials to students. The following guidelines are used as per Board Policy KI:

- All requests for making announcements or distribution of materials must be approved by the principal.
- Announcements and distribution of materials are made only for non-profit community organizations.
- Classroom teachers will make brief announcements regarding an event/activity.
- If the organization provides copies, they will be made available to those interested students.
- Students will be offered information regarding these events, but not required to take them.
- A flyer and brochure of an event will also be posted on the “Community Events” bulletin board.

Conduct – School & Bus

The School District of Sturgeon Bay recognizes and accepts its responsibility to create, foster, and maintain an orderly and safe classroom environment conducive to teaching and to the learning processes. Every member of the school community is expected to contribute to this. Staff, including administrators, teachers, and associates must use their training, experience and authority to create schools and classes where effective learning is possible. Students are expected to come to school, and to every class, ready and willing to participate, learn and grow, and to enhance the learning of others. Parents should be aware of their children’s activities, performance, and behavior in school, and are asked to cooperate and consult with the school to prevent or address problems.

The Sturgeon Bay Elementary Schools use a system of **Positive Behavioral Interventions and Supports** which include teaching of key behavior expectations and practicing those behaviors on a regular basis. “Cool Tools” taught throughout the school year establish clear expectations for behavior in all school environments. Office discipline referrals will be made when students fail to exhibit appropriate behavior. When an office referral is made a student conference and re-teaching session will be held, and if appropriate, parents will be notified. Each school has three clear, consistent rules – “Be Safe, Be Responsible, Be Respectful”. Bus behavior will be outlined and reinforced by the Kobussen bus company supplying transportation for the district.

The Classroom Code of Conduct policy (5500) establishes behavior guidelines and expectations of the student by staff, administrators and fellow students. Adopted by the Board of Education in the spring of 1999, this Code is part of the Board Policy Book and is available upon request.

Cooperation with Community Organizations

The Board of Education recognizes there are many after school activities during Wednesday evenings in our community. Many of these organizations act as an important partner with the school in the overall development of youth. Every effort shall be made to schedule school activities so they will interfere as little as possible with scheduled community events. As a general rule, Wednesday evenings will remain devoid of school activities. (Board Policy KMA)

Destination Imagination

Destination Imagination is an international creative problem-solving competition for student's kindergarten through college. The program is highly effective for any student who has the desire to work as part of a team towards a unique solution to one of DI's challenging problems developed each year. Students learn to cooperate with each other, evaluate ideas, research topics, and make decisions, as well as develop independence and self-confidence. In our elementary schools, students in grades 3-5 participate on teams of 5-7 members; each team is assigned a coach.

Divorced Parents

The Sturgeon Bay Elementary Schools will maintain strict neutrality between parents who are involved in a divorce action, unless otherwise directed by Court Order.

Each family with children in an elementary school is requested to provide the principal with a certified copy of the most recent Court Order, which provides specific custody and visitation rights of the parents. In the absence of a copy of the written Court Order, neither parent shall be deemed to have rights superior to the other parent.

Unless directed otherwise in the most recent Court Order, both parents, custodial and non-custodial, are entitled to all grade reports, notices of school activities, disciplinary action, and teacher/principal conference appointments or summary. **The non-custodial parent will submit a written request for these reports and notices, including his/her current address, to the building secretary.** For the purpose of conferencing, both parents will be scheduled for the same conference time.

Students will not be released to any person other than those listed on the emergency card. It is the custodial parent(s)' responsibility to notify the school office regarding any changes to emergency card information.

A non-custodial parent with visiting rights may not visit his/her child enrolled in school during required school hours unless such a visit is expressly requested in a certified copy of the most recent Court Order and is on file with the school, or the custodial parent has consented in writing to such a visit and the visit is approved by the principal.

Dress and Grooming

The students of the Sturgeon Bay School District should use good judgment in their dress and grooming. They should dress in a manner that does not present a danger to health or safety, advertise alcohol, tobacco or drugs, have slogans with vulgar, violent or sexually suggestive themes or signify gang affiliations or cause interference with classroom order. All shirts or blouses must cover the midriff, have a minimum of 2 inch straps, and expose no cleavage. Backless or strapless shirts/tops are not permitted. Undergarments should not be visible. Shorts or skirts may be worn to school. They must be of appropriate style and length (extend to mid-thigh). Long sleeve shirts must be available to be worn at school from November – March as building temperatures vary. Caps, hats of any kind, or bandanas are not to be worn in any school building (except on school spirit days or when hat days have been purchased). Tennis shoes are required for physical education. Tennis shoes with retractable roller blades are not allowed. All clothing should be marked for easy identification. At the close of the school year any items that remain in a lost & found bin will be donated to charity.

Dress for Recess

Students are expected to play outside for recesses and should be dressed appropriately, especially when the weather is wet or cold. Temperature guidelines have been developed to help in the selection of clothes:

- **40 – 50 Degrees** – light jacket as needed
- **Under 40 Degrees** – winter jackets, hats or headbands, mittens or gloves
- **Under 0 Degrees** – boots encourage in all areas grades 3 - 5

Students will have indoor recess when temperatures are at or below -10 degrees

During snow conditions, snow pants must be worn to play off the blacktop area. Students may choose to wear/not wear snow pants on the blacktop area, but must wear them to play off the blacktop area. Boots are required on the blacktop area when snow or ice is present. Students not having boots when needed will stay in a dry area outside as designated by the playground supervisor. When the ground is sufficiently dry such that mud will not be tracked into the school and classrooms, an announcement will be made by the principal or playground supervisor stating that “boots are not required.”

Educational Philosophy

The School District of Sturgeon Bay believes that we have an obligation to continually strive to instill in each individual, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities in our American heritage.

This school district aims to provide a diversified program of educational experiences for youth and to cooperate with the home, church, and community to promote the development of effectively educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student’s ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promotes good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values.

Electronic Devices

Electronic devices such as cell phones need to remain off and in the child’s backpack during school, with [permission](#) from the child’s family. Smart watches are allowed if they are not a distraction or are used inappropriately and with the permission of the child’s family. If a student takes their cell phone out of their backpack during the school day or their smartwatch becomes a distraction, the family may be asked to pick it up at the office and the student may lose their privilege of bringing their cell phone or smartwatch to school. Families also must understand and accept the risk of theft or damage by sending a phone or smartwatch to school and that the school will not be held responsible.

Emergency Plans

Doors

All school exits will remain locked unless there is a school staff member present to monitor the door. If visiting the school please ring the doorbell and the door will be opened by someone in the main office.

Fire

Fire drills are held monthly as required by law. Teachers instruct students as to the procedures to follow for a fire drill/alarm. Plans are posted in all classrooms.

High Risk or Violent Situations

The school district has a plan that will be followed for security, intruders, and bomb threats. All school personnel have copies of this plan, which has been developed with the Door County Sheriff's Department and the Sturgeon Bay Police Department.

School Closings

The Superintendent or designee may close schools. Official announcements will be made over radio stations WDOR 93.9 FM, WSRG STAR 97.7 FM, WBDK 96.7 FM, and local television news broadcasts. In the event that both parents work outside the home, arrangements should be made as to where a child should go if school is closed during the course of the day. Phones are typically very busy during such emergencies, so please make arrangements in advance and discuss them with your child/ren. If there is any doubt regarding where a child should go, the child will remain at school.

Weather Conditions

Tornado alert plans are posted in all classrooms. Tornado alert drills are conducted twice annually.

Enrollment Procedures

Returning students will be able to register online by visiting the district's registration webpage at <https://www.sturbay.k12.wi.us/family-parents/registration.cfm>.

In addition, all students entering Sturgeon Bay Schools for the first time are requested to have a physical and dental examination by a licensed physician or nurse practitioner and dentist. Physical examinations are strongly encouraged for students entering preschool or kindergarten and sixth grade.

All students entering kindergarten are requested to provide proof of an eye examination by a licensed optometrist or physician by December 31st following enrollment in kindergarten.

Fees

The registration fee is \$10.00 per Half-Day Preschool student, \$20.00 per Full-Day Preschool student and \$20.00 per student in Kindergarten – grade 5. This registration fee helps defray the cost of consumable school supplies - workbooks, worksheets, construction paper, etc. Fees are collected during August registration days or upon registration of transfer students. Text and library books are furnished by the Board of Education on a loan basis. Replacement costs will be assessed for lost or damaged books by the issuing teacher or librarian.

Field Trips

Field trips are an important part of our education program. Through these excursions, students see what they are learning in the classroom applied in real life. It's a time to develop skills in courtesy, safety, and good citizenship, and it stimulates interest and pride in our community. Permission slips will be sent home for parental approval of student participation in each field trip. **Students must have written parental permission to participate on all field trips off the Sturgeon Bay School sites.** Field trips between Sawyer, Sunrise, T.J. Walker Middle School, Sturgeon Bay High School, the Door County Library, and Crossroads at Big Creek will not require parent permission for participation; however, parents will be notified of these trips through teacher newsletters. The permission slip will indicate any cost associated with the field trip. Scholarships are available by contacting the building principal. **Only children in the class may attend the field trip; no pre-school children or infants.**

Participation in activities held away from the school site is dependent on the student meeting the school's expectations regarding academic performance and school-wide behavior. Parents will be notified by the principal if a child is in danger of

losing field trip privileges. Students who do not go on school-sponsored field trips will be expected to attend school and will be supervised by school personnel.

Food Services

It is preferred that parents prepay at the food services department located at the high school for their children's breakfast, lunch, and milk. Prices are listed in the food service application. Please mail payments to: Sturgeon Bay High School, Food Service Department, 1230 Michigan Street, Sturgeon Bay, WI 54235. Please call 920-746-2807 with any questions concerning your family's food services account. If your child has special dietary needs contact the Food Service director at 920-746-3877. With medical verification of lactose intolerance an alternative beverage will be provided. Prices are listed on the Food Services application.

Breakfast

Breakfast is available at all elementary schools each morning. A carton of milk is also available for a cold lunch beverage. Students who do not select a school breakfast may bring their own snack as an alternative. A carton of milk is also available.

Lunch

Lunch is served between 11:15 - 12:30. Both student lunches and salads include one carton of either chocolate or white milk. Milk only is available as a cold lunch beverage.

Parent/Family Visitors during Lunch

The lunch hour is a time for students to take a break from the classroom and socialize with their friends. We ask parents who want to visit school during the lunch hour to please consider the following:

- National School Lunch Week is a great week to visit. This is a time for parents to come and visit during lunch and share a school meal with their students.
- For parents who want to visit, we ask that you consider participating in school lunch, if possible, rather than bringing in outside food. Fast food can be a distraction for other students and has caused some concerns at times in the past.
- Younger siblings who are not in school yet sometimes have a hard time handling the lunch room setting.

Free & Reduced Food Services

Students in grades K-5 who receive free food services will receive a breakfast including one white milk, or one milk only and a lunch with one milk included free of charge. Additional milks are available and will be charged to the student's food services account. Students in grades K-5 who receive reduced food services will receive a breakfast, including one milk, free of charge at breakfast. A lunch, including one milk, will be provided for the reduced fee. Additional milks are available to these students and charged to the student's food services account.

Sturgeon Bay School District serves meals under the National School Lunch Program. To apply for free or reduced price meals, households must fill out the application and return it to the food services department located at the high school. Additional copies are available at each school office. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other officials. Applications may be submitted at any time during the school year.

In the operation of the child nutrition programs, no child will be discriminated against because of race, color, sex, national origin, age, or disability. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington D.C. 20250.

Harassment

The District is committed to providing equal educational opportunities for all students and stopping discrimination. We will maintain a learning and working environment for students and employees free from any form of harassment or intimidation. Board Policy 5517 states that the District does not tolerate harassment in any form and will take necessary and appropriate action to eliminate it, up to and including discipline of offenders. Any student who believes he/she has been subjected to harassment is encouraged to directly inform the person engaging in harassing conduct or communication that such conduct or communication is offensive and must stop. Any student who believes he/she has been the victim of harassment must report his/her concerns to the principal or a district staff member, verbally or in writing, in a timely manner. Complaints will be processed in accordance with established procedures. There shall be no retaliation against individuals who file complaints under this policy. A copy of the policy is available upon request at each school office.

Health

Screenings at School

With the cooperation of the Door County Health Department, the following health screening services are provided for:

- **Vision Screening:** Preschool, Kindergarten – grade 5
- **Hearing Screening:** Preschool, Kindergarten – Grade 5

If problems are noticed during screening, the Door County Public Health Department will contact parents. Parents can request private screenings for their child by contacting the Health Department directly. If a parent does not wish to have his/her child/ren participate in these screenings, a request for exclusion must be submitted in writing to the respective school office. These are basic screenings and are not substitutes for the physical and vision exams recommended by the district.

Examinations by Medical Professionals

All students entering school for the first time are encouraged to have a physical examination by a licensed physician or licensed nurse practitioner or show proof of a physical examination within the prior 12-months. Proof of physical examination is due by December 31st.

All students participating in school sponsored interscholastic athletic programs are required to have a physical examination in accordance with the Wisconsin Interscholastic Athletic Association regulations.

The cost of all such examinations shall be borne by the students' parents or guardians.

Home/School Communication

The District maintains a Website at www.sturbay.k12.wi.us, which can be visited at any time.

Sunrise School uses the school website, at www.sturbay.k12.wi.us/schools/sunrise, and the Bloomz app to provide information and updates to families. Please look for information from your child's teacher on how to download and register for the Bloomz app.

In addition, teachers will send home information electronically, or through newsletters approximately once a month. These will include past/future areas of instruction, special interest topics and other pertinent information.

Written communication (teacher letters, SLOOPS, field trip permission slips, etc.) will be sent home in a specially designated red Home/School Communication Folder provided by the PTO. Check the folder's contents daily and return it to school.

Fourth and fifth grade students will be provided with an assignment notebook. The notebook will be used to develop organizational skills regarding classroom assignments. Use of the assignment notebook is required; replacement notebooks

are available for purchase at the school store. We ask that teachers and parents monitor and assist with the use of the assignment notebook.

If you have general concerns regarding your child or his/her school work please contact the teacher first, then the principal if deemed necessary.

Homebound

If a student at the elementary level will be absent for 20 consecutive days or has intermittent absences of at least 5 consecutive school days for an anticipated absence of 20 or more days and the absences are due to physical and/or emotional illness, the student may qualify for Homebound instruction. A licensed physician and/or licensed mental health professional must verify the need for absences in writing. Homebound instruction is available to students as the need develops and is designed to help the students maintain educational progress by providing educational services during specific periods of time when the student cannot attend school. It shall be provided within the limits as prescribed by state law.

Special education services and placement are determined through the IEP team process and are based on each individual student's disability related needs. Under state and federal law, the school district is required to provide IEP services in the least restrictive environment. Requests for services provided in the home will be considered by the IEP team. However, the option of homebound or virtual services may be declined or rejected if the special education services required for the student to make progress cannot be provided in the home or through virtual learning.

For further information on homebound instruction, you may contact your child's Guidance Counselor, Principal and/or Director of Special Education/Pupil Services.

Homework

The Board of Education has a policy regarding homework (2330). Homework is defined as any opportunity to extend learning beyond the regular classroom period. The board believes that teachers, students, and parents/guardians all have responsibilities regarding homework. Students are expected to complete homework obligations. Each classroom teacher will communicate their assignment/homework procedures and routines at the beginning of the year.

If you have concerns regarding your child's homework please contact the teacher first, then the principal if deemed necessary.

Illness or Injury

Students are expected to report all injuries to their teacher or supervisor immediately. When a child becomes ill or injured at school, the parents will be contacted at home or work to inform them of the illness or injury and to request that the child be transported home if needed. When a parent cannot be reached, the school will contact and release the child to the person/s designated on the pupil emergency card. Please keep emergency cards up to date. It is important to have persons listed in addition to the parents as sometimes neither parent can be reached. Please be sure the persons listed on the card have been informed and give their permission to be contacted.

The cost of medical care rests with the student’s parent or guardian. The school board does not provide student insurance, however a low cost student insurance policy is available. Participation is optional, but should be considered by families who do not have insurance coverage. To receive an information packet and application form, please contact your respective school office.

Immunizations

State law requires that students through grade 12 and children in day care centers be immunized. Immunizations are required against measles, mumps, rubella, hepatitis B, polio, diphtheria, tetanus, chicken pox, and pertussis/whooping cough. Students must present written evidence of complete basic and booster immunizations, including the day, month and year for each one.

If students are not fully immunized upon admittance to school, they must have received at least one dose of any vaccine required for their grade within 30 days of admission. They must remain on schedule and complete all required immunizations within one year. Exemptions may be obtained for medical, religious or personal conviction reasons. A physician must sign the medical waiver; a parent, guardian or adult student must sign religious and personal conviction waivers.

Following are the current minimum required immunizations for each age/grade level. It is not a recommended immunization schedule for infants and preschoolers. For that schedule, contact your doctor or local health department.

Age/Grade	Number of Doses
Pre K (2 years through 4 years)	4 DTP/DTaP/DT 3 Polio 1 MMR ⁵ 3 Hep B 1 Var ⁶
Grades K and 1 ¹	4 DTP/DTaP/DT/Td ¹ 4 Polio ⁴ 2 MMR ⁵ 3 Hep B 2 Var ⁶
Grade 2 through 5	4 DTP/DTaP/DT/Td ² 4 Polio ⁴ 2 MMR ⁵ 3 Hep B 2 Var ⁶

1. DTP/DTaP/DT vaccine for children entering Kindergarten: Your child must have received one dose after the 4th birthday (either the 3rd, 4th, or 5th) to be compliant. (Note: a dose 4 days or less before the 4th birthday is also acceptable).
2. DTP/DTaP/DT/Td vaccine for students entering grades 1 through 12: Four doses are required. However, if your child received the 3rd dose after the 4th birthday, further doses are not required. (Note: a dose 4 days or less before the 4th birthday is also acceptable).
3. Tdap means adolescent tetanus, diphtheria and acellular pertussis vaccine. If your child received a dose of a tetanus-containing vaccine, such as Td, within 5 years of entering the grade in which Tdap is required, your child is compliant and a dose of Tdap vaccine is not required.
4. Polio vaccine for students entering grades kindergarten through 12: Four doses are required. However, if your child received the 3rd dose after the 4th birthday, further doses are not required. (Note: a dose 4 days or less before the 4th birthday is also acceptable).
5. The first dose of MMR vaccine must have been received on or after the first birthday (Note: a dose 4 days or less before the 1st birthday is also acceptable).
6. Var means Varicella (chickenpox) vaccine. Chickenpox disease history is also acceptable.

Internet Access

Elementary students can use computers for accessing and exploring information on the Internet. In the interest of maintaining computer ethics, all students using the Internet for any purpose while at school must have submitted a signed acceptable use policy before using the Internet. Intentional misuse of computers or technology will jeopardize student access to such equipment and be cause for disciplinary action. Please see the appendix for copies of the Sawyer and Sunrise Acceptable Use Policies.

Library Procedures

Classrooms visit the library at least once weekly. Students in kindergarten and grade 1 may check out one book. Students in grades 2-5 may check out two books. Kindergarten students need to return their books every week. Students in grades 1-5 check out their books for two weeks; however, students in grades 1 and 2 are encouraged to return their books every week when they have LMC class in order to check out another book.

Classroom teachers are given overdue notices for their students when a book has not been returned one week past the due date. This gives students an extra week to return their books before they become overdue. At the elementary level, fines are not charged for overdue books. Because we feel that borrowing book(s) from the library is important for our students, children may continue to borrow books from the library with the following understanding: If the book(s) in question are found before the end of the school year and they are in good condition, they will be returned to the library. If they are not found or are significantly damaged, the parent will be billed for the replacement cost of the book(s).

It may be helpful to keep library book(s) in a “special” place in the home. This place should be for school library books only and should be out of reach to younger siblings or pets.

Medication

Ideally, all medications should be given at home, but this is not always possible. In order to comply with State Statutes, the Board of Education has a medication policy (5330). Before school personnel can administer any medication, the Non-Prescription and/or Prescription Medication Authorization Form must be completed and returned to school. All medication, prescription and non-prescription, must be sent to school in the original container and will be kept in the school office. The building principal will designate school personnel authorized to dispense medication. Non-Prescription and Prescription Medication Authorization Forms are available from your local doctor, school office, and Appendix B in this handbook. An exception to this noted in Wisconsin Statute 118.291 became effective September 1, 1999. This legislation permits a student to carry in their possession an inhaler for the treatment of asthma provided three conditions are met:

- The inhaler is used before exercise to prevent the onset of breathing problems.
- The student has written permission from both a physician and their parent or guardian (if they are a minor).
- The principal has a copy of the written approval of the physician and parents (school office).

Please do not send cough drops to school as they can be a choking hazard.

Neglect/Abuse Referrals

As per Wisconsin Law 48.981 school personnel are required to report suspected cases of child abuse/neglect to the Door County Department of Social Services or Sturgeon Bay Police Department. The procedures followed are outlined by law and school policy/procedures (5440.01). All such reports are confidential.

Nondiscrimination Policy

It is the policy of the School District of Sturgeon Bay, pursuant to s.118.13, Wis, Stats., and PI 9, that no person, on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability, may be denied admission to any school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil services, recreational, or other programs.

All vocational education programs follow the district's policies (2260) of non-discrimination on the basis of the above-mentioned reasons. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation.

Any questions of complaints concerning Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of the above mentioned reasons, contact: Mr. Dan Tjernagel, Superintendent, School District of Sturgeon Bay, Sturgeon Bay, WI 54235, phone 920-746-2800.

Inquiries related to Section 504 of the Rehabilitation Act of 1972, which prohibits discrimination on the basis of handicap, should be directed to: Director of Pupil Services/Special Education, Ms. Sharon Sanderson, School District of Sturgeon Bay, Sturgeon Bay, WI 54235, phone 920/746-2804.

Open Enrollment

There is a short window of opportunity to apply for open enrollment under the open enrollment law. Application forms may be obtained from the District Office, 1230 Michigan Street beginning February 1. If your child has already been accepted, you do not need to reapply. Should you have further questions please call the district office at 920-746-2807.

Parent/Teacher Conferences

Parent/Teacher conferences are one of the most important channels of communication between school and home. Regularly scheduled conferences are held twice each year for grades 4K-5 to review student progress and plan for remediation and/or enrichment. Conferences will be held during the fall and early spring. Every effort will be given to create an accommodating conference schedule for families with children at multiple schools. Teachers welcome opportunities at any time of the school year to discuss in private any concern you have regarding your child. Make an appointment by calling the respective school office.

Parent Teacher Organization

The Parent-Teacher Organization (PTO) supports the united efforts of home, school, and community on behalf of children. Participation helps parents become better acquainted with the schools and more informed about educational programs. Meetings are generally held monthly; specific dates, times and locations are communicated through the weekly Sunrise Family Update. The PTO agenda will include a short time period for parent advisory issues. Parent opinion is welcome and valued in determining school programs and activities.

The PTO assists with:

- Family Literacy Nights
- Fundraising events
- Open Houses
- Volunteer Services
- Back to School Nights

PBIS – Positive Behavioral Interventions and Supports

Positive Behavior Intervention Supports is a process for creating a safer and more effective school. PBIS is a systems approach to enhancing the capacity of schools to educate all children by developing research based, school wide, and classroom discipline systems. The process focuses on improving a school's ability to teach and support positive behavior for all students. Rather than a prescribed program, PBIS provides systems for schools to design, implement, and evaluate effective school-wide, classroom, non-classroom, and student specific discipline plans. PBIS includes school-wide procedures and processes intended for:

- All students, all staff, and in all settings
- Non-classroom settings within the school environment
- Individual classrooms and teachers
- Individual student support for the estimated 3-7 percent of students who present the most challenging behaviors.

PBIS is not a program or a curriculum; it is a team-based process for systemic problem solving, planning, and evaluation. It is an approach to creating an environment within which school-based teams of educators are provided training in:

- Systems change
- Effective management principles and practices and
- Applications of research-validated instruction and management practices

For more information, please visit the Wisconsin RtI Center's website: <https://www.wisconsinrticenter.org/>

Pets/Animals in School

The guidelines and expectations regarding pet or animal visits for classroom "show & tell" type activities include:

- The principal is to be consulted prior to the inclusion of a live animal in the classroom.
- Prior to introducing any animals into the classroom, teachers shall be certain that: students and school personnel are not allergic to their presence; the animals are free from any diseases or parasites; the animals will present no physical danger to students; and students are instructed of expected behavior in the presence of the animal
- All pets brought to school must have their vaccinations unless they are too young for required shots.
- Pets must be brought into school by a parent, shown, and immediately taken home after the classroom lesson. Parents need to make arrangements with the teacher to find out the best time for showing the pet. This arrangement will save the parent time knowing that they must be at school as long as the pet is at school. Animals are not to roam freely at school. Animals are not to be transported on school buses.
- Only the parent, teacher, or students designated by the teacher are to handle the animals.

Animals, other than therapy animals working with the school and approved by the principal, are not allowed on school grounds during arrival and dismissal times, even on a leash.

Physical Education

All students are expected to participate in physical education classes. Parent excuses for excluding a student from physical education class will be accepted for no more than two days. Beyond two days a doctor or chiropractor's excuse is needed. Exceptions will be made if a student is feeling ill or has an injury and has not had time to get the written excuse. In most situations, students who do not participate in physical education will observe the class activities.

Pictures

Student pictures are taken each year for students in grades Early Childhood - 5. Memory books will be available, order forms will be distributed in take-home red folders.

Playgrounds

Playgrounds are supervised each morning beginning at 7:20 AM. The large number of students using the playground during recesses has prompted us to adopt important safety rules. These rules are reviewed regularly with students and posted in our hallways. School rules of courtesy and respect apply to the playground. We are concerned for the safety of each child at school.

We ask that children not bring trading card collections, electronic games, gadgets, cell phones, footballs, hardballs, bats, skateboards, roller blades, scooters, or other objects that may cause injury or simulate violence.

Playing rough games, tackling, fighting, and throwing snowballs are not allowed. Please discuss the importance of responsible playground behavior with your child/ren.

Report Cards

Report cards are issued at the end of each trimester for students in grades 4K-5. Report cards reflect the educational development of your child in terms of academics, study habits, physical development, and social-emotional growth. Parents can use this information to support their child's learning at home.

School Closings

In the event of severe weather conditions or emergency circumstances, the Superintendent may close schools. Official announcements will be made over radio stations WDOR 93.9 FM, WSRG STAR 97.7 FM, WBDK 96.7 FM, and cable channel 7. These stations are also used to inform parents of any busing delays caused by inclement weather or mechanical problems. In the event that both parents work outside the home, arrangements should be made as to where a child should go, if school is closed during the course of the day. Phones are typically very busy during such emergencies, so advance arrangements are important. Regular bus routes are followed when school is dismissed early. Please discuss a plan for emergency school closings with your child/ren, the phone lines become extremely busy during snow emergencies. If school is "CLOSED" all school activities involving students and/or parents scheduled for that day are canceled.

Selling In the Schools

Individuals or groups must receive permission from their building principal in order to sell items on school grounds. Sales are allowed for "non-profit" causes only. Sale of school related items, containing facsimiles of school logos (i.e. sweatshirts, T-shirts, jackets, etc.) by recognized school groups might be permitted with the approval of the school district administrator. (Board Policy 8550)

Snacks/Treats

Our schools promote an environment that cultivates maximum student potential. Nutrition/activity influences a child's development, health, wellbeing, and potential for learning. Our district's nutrition/activity policy encourages us to support lifelong healthy eating and activity habits. Please send snacks with nutritional value (Board Policy 8510). Select snacks from several areas of the Food Guide Pyramid. Offer a variety of foods and vary the presentation to maintain your child's interest in snack choices. Appropriate portions will support your child's appetite for lunch. Students are allowed to have a personal water bottle throughout the day with only water in it. It is appreciated if you let the teacher know at least a day in advance if you would like to send a special treat for the entire class in recognition of a birthday or other celebration. Please consider treats that have nutritional value and are easy to serve in the classroom setting.

Preschool classes may have a different system for "group" snacks. Teachers will include information about snacks in their newsletters.

Special Education

The Sturgeon Bay Schools provides programs to meet the special education needs of individual students ages three to twenty-one. All categorical programs in areas of learning, social and emotional development and sensory impairment are provided, including supportive therapies, transportation and adaptive equipment.

A child is eligible for any of these programs if, after going through an evaluation process, the child's needs require special education programming. If you suspect that a student may be in need of special help, you can contact the classroom teacher, counselor, or principal for consultation. For further information, contact the Director of Pupil Services/Special Ed, Ms. Lindsay Ferry, at 920-746-2804.

Special Programs

AODA-Alcohol and Other Drug Abuse Prevention Programs

Alcohol and Other Drug Abuse Prevention is taught in grades kindergarten through five within the regular curriculum. The goal of activities and information presented is to prevent alcohol and other drug abuse by promoting positive self-esteem, teaching good decision making skills and giving students factual information about alcohol and other drugs.

Human Growth and Development

Teachers and the counselor at the 5th grade level teach a "Growing Up" guidance/health unit. The program includes an introduction to reproductive physiology and a discussion of various physical, psychological, emotional, social, as well as sexual problems young people need to be prepared to understand as they enter puberty. A parent program may precede the student program, at which parents may preview materials used in the student sessions. We encourage family discussions on the topic. All materials on human growth and development are available to parents of younger children to share with children individually. Contact the Sunrise School Guidance Counselor, Dakota Londo, 920-746-1827, to obtain copies of these materials.

Reading Buddy Program

In the reading buddy program, an adult volunteer buddy reads with a student buddy for 25-30 minutes once a week. Times vary, by building. The adult buddy provides positive reinforcement for the student's efforts and discusses materials read. If you or someone you know is interested in being an adult reading buddy, please call Ms. Lola DeVillers (Sunrise) 920-746-5915.

Sturgeon Bay Police Dept. Prevention Programs

Officers from the Sturgeon Bay Police Dept. will provide instructional support at all K – 5 grade levels. They will deal with topics such as: Stranger Danger (knowing address & phone number), Bike Safety, Job of a Police Officer, Home Alone Safety, Abduction Prevention, Peer Pressure, and Alcohol and Other Drug Abuse Information. Classroom teachers will provide parents more information regarding these classroom presentations through their newsletters. Officers will also help monitor traffic at busy drop-off and pick-up times and visit with students in hallways, lunchrooms, and playgrounds. The goal is for children to see police officers as "community helpers".

Special Services

Guidance and Counseling Services

The elementary schools are staffed with the following counselors: Mrs. Karlie Martens at Sawyer School, 920-746-5827, and Mr. Dakota Londo at Sunrise School, 920-746-1827. The guidance program is developmental in nature, focusing on the educational and personal-social concerns of all children. The guidance counselors and classroom teachers coordinate and conduct classroom guidance activities. Counselors also work with small groups and individual students. Students participate in small groups and individual counseling only if parents give written permission. The guidance counselors are available for consultation with parents.

Title I

Title I is a federally funded program designed to provide support in the areas of reading, language arts, and math for students in grades K-5. The Sturgeon Bay Title I Program is a school-wide program and aligned with our Response to Intervention services. For further information please contact Constance Vogel.

Staying after School

Students may remain after school to complete schoolwork, work on extra projects, or for disciplinary action. Under most circumstances, parental permission will be obtained prior to the student remaining at school. The teacher or appropriate staff member will supervise students staying after school. It may be necessary for parents to transport their child home from school. A student may be retained at school if there is a serious concern for the safety of that child or other students.

Substitute Teachers and Associates

Substitutes for teachers and associates are to be shown a high level of respect and cooperation.

Supplies

Each grade level has a specific list of supplies needed for regular classroom use. All student supplies should be labeled with the student's name. Please replenish supplies as needed. Basic school supplies are available for a minimal fee at Sawyer and Sunrise school stores.

Teacher Qualifications

Parents of students in the Sturgeon Bay School District have the right to know the professional qualifications of the classroom teachers that instruct their children. Federal law allows parents to ask for specific information about the child's classroom teachers and requires that we respond in a timely manner when we are asked for such information. Parents have the right to ask for the following information in regard to their child's teachers:

- Whether the Wisconsin Department of Public Instruction has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the Wisconsin Department of Public Instruction has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has advanced degrees and, if so, the subject of the degrees.
- Whether any teachers' assistants or similar paraprofessionals provide services to your child and, if they do, their qualifications.

To receive any of this information, please call the Principal of the school attended by your child or children.

Transfer Students

Children can be affected by moves in both positive and negative ways. The following suggestions may be helpful in providing for a successful transition.

Transfer into this district:

Notify the school of your intention to enroll as soon as possible. This allows the teacher time to prepare the room with the materials needed for your child and that student for receiving a new classmate. Accompany your child to school on his/her first day and meet the child's teacher(s). If possible, arrive a few minutes early. Supply the child with the basic school supplies but consider allowing your child to use "old favorites" (notebooks, school bags, lunch boxes, etc.). It may be less threatening to stay with the familiar. Make sure your child knows their way home - which bus to take or which sidewalks lead home. A rehearsal beforehand may be a good idea. Emphasize similarities between old and new. Maintain familiar routines - bedtimes, chores, sports, etc. Provide opportunities outside of the school day for your child to develop new friendships. Time with friends at school is not enough. Consult your child's teacher and/or guidance counselor about any

questions or concerns regarding your child's transition. We want your child's transition to our school system to go smoothly and successfully.

Transfer out of this district:

If a student withdraws from the school before the end of the school year, the school should be notified at least two days in advance, but preferable up to thirty days in advance. This will help to assure that all withdrawal procedures may be completed; there is time for completion of projects and time to say good-bye. At the time a student enrolls in a new school, the parents will then initiate a request for the student's records to be sent to the new school. Be aware and willing to discuss feelings your child may express towards the move. Include your child in the move as much as possible. Involve him/her in packing, planning, and visiting the new home and school. Ask your child's teacher for a "Pupil Transfer Summary" to take with you to your child's new teacher. It will provide information about books used in our system and the progress the student has made. It will be most helpful for the new teacher on your child's first day at the new school. We want your child to have a smooth and successful transition to their new school.

Transportation

Bus transportation is contracted for the school district through Kobussen. Bus transportation is available to all students who live outside a 1/3 mile radius of their school, or reside in an unusually hazardous area as determined by the State Department of Transportation. Parents must register their students to ride the bus. This can be done during annual registration in August, or at any time during the school year. Initial registration or changes to pick up or drop off sites will require three days' notice prior to the change taking effect. Only one drop-off and one pick-up address are allowed per child. Changes to drop-off sites are only for emergencies. School buses are not to be used for play dates. For more information contact: Kobussen Buses at 920-818-0785.

Visitors to School

Parents are always welcome. However to be respectful of student learning and instructional time, visits to a class should be arranged with the teacher beforehand. Students attending from other schools must obtain permission from the principal prior to a visitation. These visits are limited to no longer than a half day.

All visitors, including parents and volunteers, are required to report to the office and register before going to a classroom. Visitors will be identified by a nametag guest pass. All visitors must also sign out of the office and return their guest pass prior to leaving the school. We look forward to your visits!

Volunteers

We welcome volunteers in our schools. Parents have the opportunity to volunteer with the classroom teacher, principal, or Parent Teacher Organization. **Volunteers working with children must complete a background check with our district office prior to beginning volunteering.** Please do not bring infants or very young children along when you volunteer. Volunteers are required to report to the office and register before going to a classroom. Volunteers will be identified by a nametag visitor's pass. Volunteers must also sign out of the office and return their visitor's pass prior to leaving the school.

Directory Data

Under the Wisconsin pupil records law, school districts may disclose “directory data” with respect to each pupil to any person. Parents or guardians may request that all or any part of the directory data not be released without prior consent. PARENTS OR GUARDIANS HAVE 14 DAYS FROM RECEIPT OF THE PARENT HANDBOOK TO INFORM THE SCHOOL IN WRITING IF THEY DO NOT WANT THE DIRECTORY DATA RELEASED FOR ANY REASON.

Directory data means those pupil records which include the pupil’s name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, photographs, degrees and awards received, and the name of the school most recently previously attended by the pupil.

The Sturgeon Bay Board of Education policy does not allow this information to be given to commercial vendors. Contact your principal with any questions.

WI Statute 118.125(1)(b)

Students enrolling in the Sturgeon Bay School District will use his or her birth name, unless that name has been changed by an Order of the Court. A copy of the name change Court Order must be on file in the student’s behavioral record.

Closing School (Inclement Weather or Emergency)

If it becomes necessary to close school due to inclement weather or other emergency situations, notification will be given to WDOR as soon as possible. School Messenger and our district Facebook page will also be used to communicate school closings or delayed starts.

Indoor Recess Schedule

7:20 AM	Take outdoor clothes off and store; associates will supervise. Go to the multi-purpose room; associates will supervise.
Lunch	Students will go to their classrooms to play games, read, etc.; associates will supervise.

Emergency Phone Calls

The school district will use School Messenger for any emergency call needed throughout the year.

Reading/Math Support Personnel Responsibilities:

Responsibilities that directly affect elementary school programming include:

- Providing leadership in planning, developing, implementing and assessing English Language Arts and Mathematics programs,
- Serving as a resource to teachers by demonstrating instructional strategies,
- Modeling and providing in-service regarding new or innovative instructional strategies,
- Assisting with or conducting individual student assessments and intervention plans,
- Assisting with implementation student assessments and developing systematic reporting processes and forms,
- Assisting teachers with the evaluation and selection of instructional materials.

Specialist Schedules (Art, Music, Physical Education, and Library Media Center)

Teachers are asked to be aware of precise starting and ending times for special classes (and school-wide assemblies.) Classroom teachers are asked to have students at the door of the specialist (gym/multi-purpose room) at the designated time; specialists are asked to have the previous class lined up and ready to leave at the designated ending time.

On occasion “zero” days will be determined by the principal due to special activities. No specials will be held on a zero day.

Staff Absences

Please note the following change for phone calls reporting absences and requesting substitutes:

- Emergency Substitute Calls - Instructions
 - Between 3:30 PM - 6:00 AM
 - Enter your absence in Skyward and Frontline. Our sub caller is able to see these absences in Frontline and will work to fill them as needed.
 - After 6:00 AM
 - Call our sub caller at 920-493-1820 *as soon as possible*. This is the sub caller’s cell phone & message service. Leave your message. It should include name, school, reason for absence, and job start/end times. (Do not expect a return call).
 - You must also call or text your building principal and secretary to inform them of your absence.
 - Enter your absence in Skyward and Frontline.
 - Staff are highly encouraged to request a substitute before 6:00 AM.
- Substitutes for pre-arranged absences will be handled by the building secretary after the request for leave form has been submitted in Skyward and Frontline.
- If you need to leave school before 3:30 PM, see your principal. If the principal is unavailable, leave a telephone message and write a note on the office white board.

All absences must be recorded in the Skyward and Frontline systems. Please be very specific with regard to “reason for absence”. Reimbursement from certain grants is dependent on this documentation. Rather than “workshop,” list the specific title of the workshop, i.e. “WI State Science Teachers Conference”.

Student Hours

Grades 3 – 5: Monday - Friday
7:40 AM – 2:50 PM

A 40-minute student lunch period is scheduled for each full day of school. School playgrounds are supervised beginning at 7:20 AM. Students should arrive at school after this time. Please follow the procedures for pick-up. Your child will be sent home in the usual manner unless a written note is received to indicate otherwise. Please remind your child to give the note to the teacher upon arrival. Please exercise caution when parking and driving near the schools at arrival and dismissal times.

Teacher Hours

The elementary teacher day is from 7:30 AM – 3:30 PM, with a 30 minute duty-free lunch. For purposes of personal leave a ½ day AM will be 7:30 AM – 11:30 AM and a ½ day PM will be 11:30 AM – 3:30 PM.

Each student’s classroom teacher is the primary person responsible for supervision of the student during the teacher’s contract day hours except for the 30 minutes of duty-free lunch. During the 30 minutes of a teacher’s duty-free lunch, each student is supervised by one or more associates under the direction of the principal or principal/designee. The only other time the responsibility transfers to another staff member is during a class in which another teacher provides direct instruction – music, art, physical education, library, guidance; the specialist assumes supervision responsibility during these classes.

At the end of a school day (full day and early release day) the classroom teacher is responsible for each student assigned to him/her until the student is on the school bus or the parent has picked the child up. Staff members assigned door duty will return student/s to the classroom teacher. If the parent has not arrived by the end of the teacher’s contract day, then the teacher will notify the principal (or designee) that assistance is needed.

On Fridays and on any day immediately preceding a student holiday, elementary teachers may leave the building as soon as they have satisfactorily supervised the departure of students (the student is on the school bus or the parent has picked the child up).

Section 2 Health, Medical and Safety

Abuse/Neglect

The Board of Education is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law.

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and in the laws and procedures detailed herein governing the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and thereafter at least once every five (5) years after the initial training.

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a child by other than accidental means.

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency.

Employees shall also notify the appropriate administrator according to the District's Reporting Procedure for Student Abuse or Neglect.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Any such instances, whether real or alleged, should be dealt with in accordance with the administrative guidelines established by the District Administrator.

Employee Family Assistance Program (EFAP)

The School District of Sturgeon Bay has established a program for employee and family assistance with the sole purpose of maintaining and, when necessary, improving staff morale, health, productivity, and reputation.

The EFAP has been set up with the cooperation and support of the Sturgeon Bay Education Association. The Board of Education pays for the initial assessment with a counseling professional. Strict standards of confidentiality are maintained in this program. No employee may be disciplined in any manner for his/her involvement or refusal to be involved in any aspect of the EFAP.

Fire Drills

Monthly fire drills are required by law. It is the responsibility of every teacher to make the students aware of the procedure to follow during a fire drill. Each classroom will have a posted plan for emergency evacuation. Teachers will take a class roster when leaving the room.

General rules:

- Set aside whatever you are doing, every alarm must be taken seriously.
- Stand and pass quietly out of the room when told to do so by the teacher.
- Walk rapidly, single file near the wall toward the designated exit. Do not run, push, or talk. Do not take any books or jackets with you.
- Remain in line enough distance from the building to be out of danger and out of the way of the fire fighters. The teacher should check attendance outside the building.
- Return to the building when you hear the “All Clear” signal.
- The teacher will be the last person to leave the room. Close the classroom doors. Make a final check to be sure that all students have left the building.

Hepatitis B

Staff members are eligible to receive hepatitis B inoculations at district expense if they perform tasks and procedures that may expose them to blood borne pathogens.

Tasks/procedures may include, but not be limited to, the following examples:

- Care of minor injuries that occur within a school setting, i.e., bloody nose, scrape, minor cut;
- Initial care of injuries that require medical or dental assistance, i.e., damaged teeth, broken bone protruding through the skin, severe laceration;
- Care of students with medical needs, i.e., tracheotomy, colostomy, injections;
- Care of students who need assistance in daily living skills, i.e., toileting, dressing, hand washing, feeding and menstrual needs;
- Care of students who exhibit behaviors that may injure themselves or others, i.e., biting, hitting, scratching;
- Care of an injured person in laboratory setting, vocational education setting, or art class;
- Care of injured person during a sport activity;
- Care of students who receive training or therapy in a home-based setting;
- Cleaning tasks associated with body fluid spills

Injury/Accident

Accidents to students, faculty members, or other school personnel are to be reported to the school office immediately.

Student injuries should be reported on the Accident Report form available in EACH BUILDING and must be submitted in DUPLICATE.

In the event of a serious accident, illness or head injury during the school day, the staff person responsible for the child at the time of injury should:

- Immediately notify the child’s parents or other responsible person designated by the parents on the pupil’s emergency card.
- Provide emergency care until either the parents or medical personnel assume responsibility.
- If necessary, transport the child to his/her home, hospital or his/her physician’s office.
- Fill out an accident report, including the final disposition.

Teacher’s must also notify the principal, explain the nature of the emergency and where the student is located, wait for medical personnel or an administrator, and give the EMT or administrator whatever assistance he/she may need.

Do not diagnose in any way and do not tell the student what you think his/her condition is. Give first aid IF NEEDED AND YOU ARE CAPABLE. Call the Paramedics at 911 if necessary. For your own protection do not directly expose any part of your body to the blood or bodily fluids of another individual. Surgical gloves are available in the office. A pair should be kept in each classroom for emergency situations.

Staff members injured on the job need to complete an Employee Accident Report form and submit it in duplicate to the principal.

Lock Down Drill Preparation

The elementary schools will conduct lock down drills at various times during the year. The district's School Resource Officer will accompany the building administrator or designee to each building to observe our drills.

A letter will go home with each student on the day of the drill explaining the purpose of the drill and how it was conducted. A copy is shown below for your review. If you have any child in your classroom who is easily rattled, alarmed, or upset with a new experience, you may want to discuss the drill with his/her parents ahead of time and/or have a private discussion with the student or student and parents ahead of time.

Please prepare your students prior to the drill at a time that works well for your students. Please remember that your choice of words is important, but your body language and tone of voice are just as, if not more, important.

There will be two different types of lockdown drills we will prepare for:

- Modified Lockdown: An example of when this lock down would be used would be in the event of a medical emergency somewhere in the building where hallways and other common areas need to be clear for first responders. Staff should lock their classroom doors and remain in their classrooms, offices, etc. Teachers should continue teaching as usual. Students and staff are not allowed to leave their rooms until an all clear has sounded.
- Lockdown: This drill will help us prepare for the *Hide* portion of *Run, Hide, Fight*. Please see the Crisis Management flipchart posted in your room for more information. Please see your building principal if you do not have this flipchart. During this drill, all doors should be locked, all lights turned off and staff and students moved to an area of the room away from windows. Everyone should remain silent and hidden until the all clear is given.

Lockdown Drill Parent Letter

Today students at our elementary school participated in a lockdown drill. Students and staff members rehearsed what to do should an intruder be in the school facility. We introduced it to the students as a lesson in safety. We compared it to practicing fire drills and tornado drills, as well as lessons we have had on stranger danger, self-defense, bike safety, bus safety, pedestrian safety, water safety, etc.

Each teacher discussed and practiced the drill with his/her own students, but then we did one practice drill as an entire school. Because it was a lockdown *drill*, staff and students knew it was a practice. The goal was to instruct, not frighten.

The students did a great job! They listened to and followed directions very carefully. They now know what to do!

Please know that our district has had policies and procedures in place to deal with critical incidents such as intruders, bomb threats, etc. for quite some time. These procedures have been annually reviewed with our staff. There is a plan for practice drills with all students PS – 12. Staff members from other community agencies involved with such situations have met with us to review our policies and procedures so we all can work together for the safety of every child in our schools!

Please call should you have concerns or questions.

Medical, Counseling and Other Appointments

We encourage families to make medical, dental, counseling, and other appointments after school hours whenever possible and unless there is an emergency to attend to. Because our school day ends by 2:50 PM, community agencies have usually been able to accommodate after-school appointments.

Medication

No medication will be given to children at school without a signed request by the parents. This includes aspirin, cough syrup, and all prescribed drugs. Non-Prescription and Prescription Medication Authorization Forms are available from local doctors, and in each school office.

All medication, prescription and non-prescription, must be sent to school in the original container (prescription medication containers must state the physician's recommended dosage) and be kept in the school office. Pills and medications that are sent to school in envelopes or plain bottles will be held in the school office for parents to retrieve.

The building principal will designate school personnel authorized to dispense medication. The designated staff member is to dispense the medication in the office at the time indicated on the Medication Authorization Form and record the dispensation on the student's Daily Medication Record.

Medication Administration

Sturgeon Bay School District Medication Policy:

- A *Medication Authorization Form* must be completed for prescription and non-prescription medications, which are to be administered at school by school personnel.
- All medications must be sent in the original container and stored in a locked cubicle.
- Prescription labels must contain the name and phone number of the pharmacy, the student's identification, name of the physician, name of the drug, dosage and time(s) to be administered.
- Follow specific medication administration procedures.
- Keep a daily log of medication administration which includes date, name of student, name of medication, dosage and name of person who administered the medication.

Observing the Five Rights:

1. Right name: Is the student's *name* the same?
2. Right drug: Is the ordered *drug* the same?
3. Right dose: Is the ordered *dose* the same?
4. Right route: Is the ordered *route* the same?
5. Right time & frequency: Is the *time* and *frequency* of the administration the same?

Oral Administration:

- Double-check the medication label with the prescription medication form.
- Confirm the student's identity.
- Wash hands thoroughly, and maintain clean technique throughout the procedure.
- Pour the correct number of tablets into the bottle cap. If too many are poured out, put the excess back. Never touch any of the excess medication or you may contaminate the entire bottle.
- Pour the tablet into a medicine cup, and recap the medication bottle.
- Give the cup to the student or tap the medication into his hand.
- The student can then give himself the medication.
- Provide the student with water to swallow the medication.

Documentation:

Whenever a medication is given, document it as soon as possible. Record:

- student's name
- date
- medication
- dosage
- route
- time of administration

Outdoor Clothing Expectations

Dress for Recess

Students are expected to play outside for recesses and should be dressed appropriately, especially when the weather is wet or cold. Temperature guidelines have been developed to help in the selection of clothes:

- 40 – 50 Degrees: Light jacket as needed
- Under 40 Degrees: Winter jackets, hats or headbands, mittens or gloves
- Under 0 Degrees: Boots required in all areas grades 3 - 5
- Students will have indoor recess when temperatures are **at or below -10 degrees**

Snow Conditions

Snow pants must be worn to play off the blacktop area. Students may choose to wear/not wear snow pants on the blacktop area, but must wear them to play off the blacktop area. Boots are required on the blacktop area when snow or ice is present. Students not having boots when needed will stay in a dry area outside as designated by the playground

supervisor. When the ground is sufficiently dry such that mud will not be tracked into the school and classrooms, an announcement will be made by the principal or playground supervisor stating that “boots are not required.”

Paper Cutter

Each paper cutter in a classroom must have a safety guard and be positioned for adult use only. Thanks for your attention to safety.

Plan for Security, Intruders and Bomb Threats

Measures regarding General Security:

Sunrise office staff will monitor the main entrance door. Visitors will be viewed by camera and buzzed in by office staff. All other entrances are locked electronically and can be opened with an assigned key fob. Playground entrance doors may be programmed to be unlocked during morning recess from 7:20 - 7:40. These entrances must be supervised by a staff member while unlocked. The custodian unlocks and locks the main doors as needed for groups using the facilities in the evening.

Signs are posted on all entry doors reminding visitors to report to the office to register upon entering a building. Visitors will wear a guest pass while in the building. Visitors must also sign out of the office and return the visitor’s pass prior to leaving the building.

Each staff member is responsible for opening his/her own doors upon entering the building; keep interior doors locked, but should be propped open using a plastic “foot”. Each staff member is responsible for closing classroom windows and closing and locking classroom doors when leaving the building.

Each staff member entering the facility during times other than regular school hours is responsible for leaving the building secure.

Procedure for Intruder and/or Active Shooter (Run, Hide, Fight Model):

When an active shooter is in your vicinity (please see your Crisis Management flipchart for more information):

Run

- Have an escape route and plan in mind
- Leave your belongings behind
- Keep your hands visible
- Lead any students and staff with you to your building’s rally site (Sunrise – Hope Church, Sawyer – Door County Cooperative, Sunset – Maytag Laundry on Egg Harbor Road)
- If you cannot run...

Hide

- Hide in an area out of the shooter’s view
- Block entry to your hiding place and lock the doors
- Silence your cell phone and/or pager

Fight

- As a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter
- Act with physical aggression and throw items at the active shooter

Procedure for Bomb Threat:

- An all-call announcement will be issued: “We have received a threat to building safety. Please evacuate the building in a calm, orderly manner.”

- Office personnel/building coordinator will contact authorities.
- Accompany your students and evacuate the building. Do not stop for outdoor clothing unless the temperatures are sub-zero. If temperatures are sub-zero, have students take their jackets with them, but they should put them on only after getting outside and away from the building. Any student with necessary medication (diabetes, asthma, etc.) in their desks or backpacks should take the medication with him/her.
- The principal, secretary, and aides will check restrooms for occupants. Any students in the corridors or other rooms should be notified to vacate the building with the students and teachers in closest proximity to them at the time.
- The secretary and aides will take emergency cards, class lists, medications, first aid packs, megaphones, and walkie-talkies to the evacuation site. All classroom and entrance doors will be locked.
- Attempt to keep each class together and report to the designated area.
- Remain together until further instructions are issued from the district communication center.

Building Specific Instructions:

- **Sunrise:** Exit the building at the exit used for fire drills. Proceed to the end of Jaycee Field. Take attendance. In inclement weather proceed to Hope Church 141 S. 12th Avenue.
- **Sawyer:** Exit the building at the exit used for fire drills. Proceed to the far end of the soccer field. Take attendance. In inclement weather, proceed to Door County Cooperative 317 Green Bay Rd.

Tobacco-Free Environment

As of July 1, 1990, all public schools and school-owned property in Wisconsin are by law smoke free for all persons. Smoking is not permitted in or on any school-owned property.

Tornado or Weather Disasters

In the event of a tornado or other weather emergency, the possibility of destruction or injury is great. The total staff has the ultimate responsibility for the safety of everyone in the building. It is the responsibility of each staff member to know and follow the weather alert plan for his/her school. Each classroom will have an evacuation sign posted. At least two drills will be held each year. Please notify the principal if evacuation signs are not in place.

Wellness Policy School Board Policy 8510

As required by law, the Board of Education establishes the following wellness policy for the Sturgeon Bay School District.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits

Please see the School Board Policy posted on the school web-site for further details.

Section 3 Resources, Buildings and Transportation

Budgets

Individual teachers submit budgets in the spring of each year. The budget year runs from July 1 – June 30.

Requisitions for items needed for the beginning of the school year must be submitted in Skyward for approval by the building principal (special education to Director of Pupil) before leaving for the summer. All requisitions for a given budget year must be submitted by **March 1**.

Purchases may be made at local vendors (Walmart, Target, Econo Foods, and Pick N Save.) Receipts must be submitted to the appropriate administrator promptly **with the appropriate account and teacher codes**.

Reimbursement for purchases paid for personally will be reimbursed when a completed check voucher and receipt are submitted to the appropriate administrator. **Please include the account and teacher codes**.

All teachers are expected to keep records of expenditures from individual budget accounts and not exceed spending.

Building Floor Plans

Building floor plans are available on the district server at: S:\ADMINISTRATORS\School Safety\Crisis Management for Schools-Red Binder\Preparedness\District Building Floor Plans

Building use Outside of School Hours

Staff members must complete an online Use of School Facilities request **for any group activity scheduled outside of the normal workday (7:35 AM – 3:10 PM.)** Staff members who use a school facility outside of the normal workday are responsible for room and building security before, during, and after the scheduled activity. Please turn off lights, close windows, and lock doors.

Classroom Maintenance and Security

Classroom teachers are responsible for keeping all aspects of their rooms in good order at all times. Teachers are to engage students in “general clean up” prior to dismissal each day.

Whiteboards, desks, and woodwork must be kept free of writing and drawing, cuts, scratches, etc. Periodic checking is necessary, and teachers should report defacing of property at once so that students may be held accountable. Use only masking tape – not cellophane tape – when attaching materials to classroom walls.

Furniture and resources should be arranged and organized for optimal use in learning with equal access to all students. Personal large items of furniture must be approved by the principal before they are brought to school. All large furniture items must be removed at the end of each school year so they do not impede summer cleaning of the room.

Do not borrow equipment from another room or department without permission of the person responsible for that equipment.

Teachers in charge of activities that require the use of the Gym or other common space should be sure to lock all doors and turn off all lights when leaving the areas. Students should not be allowed in these rooms without staff supervision.

Classroom doors should be locked at all times and propped open by using a plastic “foot” or other device. Windows should not be covered but paper to cover them should be kept nearby in case of a lockdown.

When leaving the building after 5:00 p.m. on days when school is not in session, be sure the exit doors are locked. Do not depend on someone else to do this. Never leave students in the building unsupervised.

Facility Use Requests

Personal Use of School Facility

Building use on non-school days by student groups must receive approval of the principal, and use of the facility must be reserved through the district's online Facility Use Calendar. Since custodians are not on duty, lights and doors are not checked. The individual who uses the building must assume the responsibility of door, lights, and total building security.

Students are not to be in the building after school hours without the direct supervision of a teacher or staff member.

School Group/Organization Use of Facility

Use of the facility must be reserved through the district's online Facility Use Calendar. Failure to reserve facilities through this system may result in an event or activity being canceled or moved to a less-than-desirable location.

Keys and Fobs

School keys and fobs are valuable and are loaned to you during your employment. Do not loan your key/s to anyone, including students. Please report lost keys to the building principal immediately.

Lights

Please turn off your lights when not in your room – noon, recesses, assemblies, computer lab, etc! Exception – the gym – it uses more power to turn the lights on/off for a short period of time than to leave them on.

Maintenance Repair Requests

Immediate Concerns:

All requests for immediate assistance (cleaning up after a student illness or injury, multiple clogged toilets, overflowing water) are to be handled by calling the building secretary who will locate the custodian. If the custodian is not available, the secretary (or principal/designee) will call the manager of buildings and grounds to locate any available custodian for immediate assistance. The regular custodian will take over upon his/her return.

All requests for non-emergency assistance (need for paper towels, toilet paper, etc.) should be made by calling the voicemail of or e-mailing the building custodian.

Repairs:

Staff members are asked to make non-emergency maintenance requests for repairs by using the Maintenance Help Desk Ticket system. This system can be accessed using ClassLink.

Special Projects:

Staff members are asked to submit requests for special projects in writing to the staff member's principal. If approved and budgeted for, the request will be processed.

Concerns:

Please report all concerns regarding a building's heating, lighting, plumbing or structure first to the primary building custodian, second to the building principal. Should any staff member notice a serious concern when in the building in the evening or on a weekend, please call the primary custodian first, then the building principal. If he is not available, call the building principal. If neither can be reached, call the Director of Buildings and Grounds.

Parking

All part time and full time staff members are expected to park in the parking lot. Reserved spaces are assigned to staff members who may need them for medical reasons and others who travel from one building to another during the day.

Please include "directions for parking" in information given to field trip chaperones asking people to fill the parking lots prior to using the streets.

Personal Use of School Facilities, Property, and Vehicles

School Facilities

See Facility Use Requests / Personal Use of School Facility.

Property

Each employee of the School District should understand that all equipment, supplies, and facilities have been purchased by tax dollars for the specific use of the educational program and whatever public and general use the Board of Education may authorize.

Phone Calls

Long distance calls are to be made for school purposes only. For personal long distance calls, staff members are required to use personal cell phones.

Processing Freight

Instead of delivery to a central receiving site, all freight will be delivered to the individual schools. Teachers and staff will be responsible for opening and checking their own orders and contacting vendors in case of discrepancies. The following procedure should be used for all freight received:

- Check all packages as soon as they are received.
- Sign and date the packing slip. After verification, send the slip to Kim Gordon in the Business Office.
- If the packing slip is missing, contact Kay Stack in writing or through email with the following information:
 - Name of vendor
 - Purchase order number
 - Description and number of items received
 - Description of discrepancies, if any
 - Your name
 - Current date
- Call the vendor immediately to discuss discrepancies.

Note to secretaries: If an order arrives in a crushed, wet, torn, or damaged box, notify the delivery driver before signing for the order.

Recycling

Sturgeon Bay School District strongly encourages recycling of all paper, glass, cardboard, tin, and aluminum. Use the appropriate containers in classrooms and hallways for disposing of these materials. Please involve your students in recycling.

School Vehicle Use

The District maintains vehicles for employee work-related use. You may sign up for a school vehicle for an out-of-town conference or training by using the District Facility Use calendar. If both vehicles are in use on that date, and your travel will take place outside of normal school hours, a Suburban may be available for use.

Keys are kept behind the reception desk in the high school office and must be returned there after use.

It is expected that you will refill the vehicle with fuel after use according to the directions, and that you will leave the vehicle clean. Any problems should be reported to either the high school office or to John Quaderer at the bus garage.

Textbooks

Textbooks are issued from individual classroom teachers to individual students. Keep an accurate inventory of all textbooks. Teachers are expected to have students cover all hard-cover texts used regularly (math gr. 3-5, social studies gr. 3-5). Hold students accountable for the use of school texts. Remind students that they will be assessed the cost of lost or damaged books or equipment. See the principal for information about assessment and collection of fees.

Transporting Students in Vehicles

In order for a staff member to transport student in a school vehicle, the following must be met:

- School-related function
- Staff member has been authorized to transport students
- Staff member has submitted a physical form completed by their physician

In order for a staff member to transport students in their personal vehicle, the following must be met:

- Staff member has been authorized to transport students-
- Staff member has submitted a physical form completed by their physician
- Staff member has had their personal vehicle inspected by school personnel. A request for this review can be made to the business office. The person who inspects the vehicle will complete the Alternative Vehicle Inspection Report. Reminder – needs to be done with vehicle changes.
- Staff members will file a certificate of insurance showing that it is insured at \$100,000 to \$300,000

Submit a copy of all of the necessary completed forms and certificates to your building principal.

Section 4 Classroom Operations

Attendance

Please familiarize yourself with the attendance information in the Parent Handbook so you are aware of the school policies.

Children are expected to attend school on a regular basis. If a child is ill, parents should keep the youngster at home so that a speedy recovery is likely, and to limit the possibility of passing the illness on to others. Parents are expected to call the school to report their child's absence. Parents who do not have a phone are expected to send a written note of explanation with the child upon his or her return to school. **All written excuses must be forwarded to the building secretary.** Failure to report an absence by one of these means will result in the absence being documented as unexcused. Students will be required to make up all necessary assignments as determined by the teacher.

Teachers should enter attendance into Power School before 8:15 AM. If there are problems with PowerSchool, send a paper copy to the office. Students who arrive between 7:40- 8:00 AM will be marked as tardy. Students who arrive after 8:00 AM will be considered absent (excused or unexcused) for the appropriate periods of the school day missed and **MUST** have a signed pass from the office to be allowed into the classroom.

Any student entering the building after 8:00 AM or leaving the building before the end of the school day (except for participation in school events) **MUST CHECK IN** or **OUT** at the office for a pass. For example, if a student has to leave school for an appointment, s/he will check out at the office and upon arrival back at school will be issued a signed pass to be allowed back into the classroom. If you have a student arrive without a pass, send that student to the office. If a student leaves early and does not plan on returning, please make a note and ask that student for a signed pass the next morning. The student will be recorded absent (excused or unexcused) for the periods missed. Just as a student is marked tardy for arriving shortly after the day begins, we will mark students as "early release" if they leave between 2:10-2:30 PM.

Students may be excused from school during the course of the day only to the custody of their parents, an adult designated on the pupil emergency card, or an adult designated in a written note from their parents.

Book Club Orders

Book club order forms may be distributed only to students whose parents have requested them on the Book Order Form Permission.

Breakfast

Breakfast is provided in each elementary building beginning at 7:20. Students are encouraged to finish eating and report to class as close to 7:40 as possible.

Contest Participation

Entering students in contests must receive prior approval from the building principal. A list of participating students is to be forwarded to the elementary office. Notification of winners is to be done in an orderly, non-disruptive fashion.

Distribution of Materials

Elementary staff members get many requests from outside groups and/or agencies to make announcements and/or distribute informational brochures and flyers to elementary students. These flyers and brochures have information regarding positive, worthwhile events and activities available to the students in our community. While we want to support having our students involved in these community events, we must remain consistent regarding what and how we distribute materials to students. The following guidelines are used as per Board Policy KI:

- All requests for making announcements or distribution of materials must be approved by the principal.
- Announcements and distribution of materials are made only for non-profit community organizations.
- Classroom teachers will make brief announcements regarding an event/activity.
- If the organization provides copies, they will be made available to those interested students. (If enough copies are provided for each individual student, they will be given to classroom teachers. You may place them in a location for interested students to pick up. If there are “some” copies given to the school for distribution, you will be given one for use in an announcement and the others will be placed on the table by the office for interested students to pick up and take home.)
- In no cases will students be issued materials without the student requesting them.
- In no cases will elementary students be asked to sell or purchase items
- Not specifically related to elementary school projects without prior approval by the District Administrator.

Field Trips

Teachers scheduling field trips should complete a field trip request in Transfinder. Please note timelines in the following transportation guidelines.

The teacher scheduling a field trip must notify the lunch program and all specialists whose schedules are affected by the trip. Changes in special classes are not allowed for field trips unless requested by the specialist teacher. Requests for a change in schedule for special classes must be made in advance and must be approved by the principal.

With the exception of trips to the public library or another school facility, at least one other adult must accompany a class of students on a field trip; chaperones may not bring pre-school children or infants.

Permission slips are required for field trips other than visiting Crossroads, the Door County Public Library or other Sturgeon Bay School District schools and must include the objectives of the trip, destination(s), the date (and rain date), departure and return times and any cost inferred by the trip. Verbal permission may be granted over the phone when necessary.

An emergency first aid kit and a copy of student emergency cards must be taken on each field trip. Teachers are responsible for medication students must take on field trips. A list of bus riders must be provided to the bus driver prior to departing from school.

Do not send money collected for field trips directly to the business office. **Keep money in a locked location in your classroom or the office.** When all the money is collected from students in your classroom or grade level count the money, and complete a cash record form. Money sent to the business office must be accompanied by this completed form.

Provide field trip chaperones information regarding where to park vehicles.

Homework – School Board Policy 2330

The Board of Education acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools.

"Homework" shall refer to those assignments to be prepared outside of the school by the student or independently while in attendance at school.

Such work facilitates the development of good study and work habits and serves as a valid communication tool to parents.

The District Administrator shall develop administrative guidelines for the assignment of homework according to these guidelines:

- A. Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the school.
- B. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.
- C. Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.
- D. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student's time.
- E. As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated.
- F. The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities.
- G. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
- H. Homework should be promptly evaluated

Pets in School

The use of animals in the classroom is to be permitted subject to regulations concerning care and responsibility.

Guidelines & Expectations regarding pet or animal visits for "show & tell" type activities:

- Principals are to be consulted prior to the inclusion of a live animal in the classroom.
- Prior to introducing any animals into the classroom, teachers shall be certain that: students and school personnel are not allergic to their presence; the animals are free from any diseases or parasites; the animals will present no physical danger to students; and students are instructed of expected behavior in the presence of the animal
- All pets brought to school must have their vaccination shots unless they are too young for required shots.
- Pets must be brought into school by a parent, shown, and immediately taken home after the classroom lesson. Parents need to make arrangements with the teacher to find out the best time for showing the pet. This arrangement will save the parent time knowing that they must be at school as long as the pet is at school. Animals are not to roam freely at school.
- Only the parent, teacher, or students designated by the teacher are to handle the animals.

Guidelines & Expectations regarding animals in classrooms:

- Principals are to be consulted prior to the inclusion of a live animal in the classroom.
- Live animals may be brought into the classroom for educational purposes, but only under conditions, which insure the health and safety of the children and the well being of the animal. There must be a direct relevance to the objectives of the instructional program.
- Prior to introducing any animals into the classroom, teachers shall be certain that: students and school personnel are not allergic to their presence; the animals are free from any diseases or parasites; the animals will present no physical danger to students, and students are instructed in the proper care and handling of the animal.
- All pets brought to school must have their vaccination shots unless they are too young for required shots. If an animal constitutes a health risk or a student or staff member suffers from an allergy that is aggravated by the presence of the animal, the animal must be removed.
- Care of the animal(s) is the responsibility of the classroom teacher.
- Animals shall be housed in suitable, sanitary self-contained enclosures appropriate to the size of the animal. Teachers will be responsible for ensuring enclosures are kept in sanitary condition. Animals are not to roam freely at school.
- Animals shall not be left in schools during holiday periods, and where practical, teachers responsible will make arrangements for their care in other locations.

Staff shall not bring their own household pets into district schools except for instructional purposes.

Animals are not to be transported on school buses.

Animals are not allowed on school grounds during arrival and dismissal times, even on a leash, unless they are a therapy dog team approved by the district's therapy dog program team.

Professionalism

Teaching is a visible career and one which offers many opportunities for individuals to demonstrate their professionalism and to create a positive image of the individual and school. Teachers are encouraged to dress, act, and speak in a manner befitting of the education profession.

School Supplies

Resources in the community often purchase school supplies that are then available in each office for children who do not have supplies and are not able to get them. If a child in your classroom needs some things or everything on the school supply list, arrange for the child to obtain these items in a discrete manner. If we do not have what is needed please contact the principal for assistance in purchasing it. Don't hesitate to help your students get what they need! At Sunrise, school supplies can also be purchased at the school store.

Student Dress and Grooming

The students of the Sturgeon Bay School District should use good judgment in their dress and grooming. They should dress in a manner that does not present a danger to health or safety, advertise alcohol, tobacco or drugs, have slogans with vulgar, violent or sexually suggestive themes or signify gang affiliations or cause interference with classroom order. Questions have arisen regarding the appropriateness of wearing "baggies" – low hanging pants or trousers. We will follow the same policy as the middle school & high school – trousers/pants are to be **worn at the waist**. The wearing of long, oversized shirts to conceal the waistline is not an acceptable alternative. All shirts or blouses must cover the midriff, have a minimum of 2 inch straps, and expose no cleavage. Backless or strapless shirts/tops are not permitted. Undergarments should not be visible. Shorts or skirts may be worn to school. They must be of appropriate style and length (extend to mid-thigh). Long sleeve shirts must be available to be worn at school from November – March as building temperatures vary. Caps, hats of any kind, or bandanas are not to be worn in any school building. Oxford style lace or Velcro tennis shoes with

soft gum rubber soles are required for physical education and are the preferred tennis shoe for general school wear. This type of shoe provides good traction and serves as a safety measure. Tennis shoes with retractable rollerblades are not allowed. All clothing should be marked for easy identification. At the close of the school year any items that remain in a lost & found bin will be donated to charity.

Teachers will arrange for children without all appropriate outdoor attire to bring reading materials to the lunchroom and be supervised there during the lunch recess. The teacher is also responsible for contacting the parent should this be a recurring concern for a child. Referrals might also be made to “Clothe My People.”

Transfer Students

Contact the elementary secretary when a transfer is known. Procedure, regarding records, to be followed when a student transfers out of the district:

- The progress record will be updated to include days present, tardies, date of withdrawal and the teacher’s name.
- A Pupil Transfer Summary is completed by the classroom teacher. One copy goes with the student to the new school and one copy goes into the behavioral record folder.
- Original progress reports are to be collected from all areas and placed in the behavioral folder. The complete behavioral record folder is forwarded to the elementary secretary within two days of the child’s withdrawal.

If a child moves out of the school district, the following ideas may be helpful, not only for the child who is moving away, but also for the needs of the students left behind:

- Allow time for good-byes.
- Encourage the student to write back to the class – a self-addressed, stamped envelope could be a going away project – booklet, autographed rock or T-shirt, video.
- Structure activities that stress the positive aspects of the move. Examples: Social Studies - view a map of the new community. Reading - read a story about moving, new friends.

Children can be affected positively and/or negatively by transfer to a new school. The following suggestions may be helpful in providing for a successful transition into our school:

- With assistance from other staff members, arrange for unhurried, positive first meeting. Your first five (5) minutes with a new student are the most important five (5) minutes with him/her! Ask for assistance from a school aide, counselor or principal, if necessary.
- Make certain a desk, books, and other materials are available upon arrival of the child.
- Prepare other children for meeting, accepting and including someone “new”.
- Be alert to any suggestions of poor adjustment; psychosomatic illnesses, etc.
- Maintain regular contact with the student’s parents to minimize any problems that may occur, and to promote home/school communication.

Truancy

1997 Wisconsin Act 239 became effective June 18, 1998. This act includes the following (please note that only significant and relevant changes are listed):

- Changes the definition of “habitual truant” to “pupil who is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a semester.”
- Allows that parents may excuse a child for not more than 10 days per school year.
- Once notified, the parent must meet with school personnel within 5 school days (may be an additional 5 days by mutual consent.) If the meeting is not held within 10 days, court proceedings may be initiated without the meeting.

- The parent or person in control of a child who fails to attend school regularly may be fined not more than \$500 or imprisoned for not more than 30 days or both (first offense.) For second and/or subsequent violations, the person may be fined \$1000, imprisoned for 90 days or both.
- The court may also order: community service, counseling at the responsible party's expense, and the parent/guardian's attendance at school with the child.
- Suspension of the student's driving privilege for up to one year (raised from 90 days.)
- As of January of 2010 this truancy policy also applies to students enrolled in kindergarten.

Section 5 Behavior Management

Assembly Behavior Expectations

Please review appropriate audience etiquette prior to each assembly your class attends. Common expectations include the following:

- No talking or whispering when someone is addressing the large group!
- Audience members may laugh or respond when appropriate. We want students to enjoy the activity. However, there are to be NO private conversations going on during an assembly. Student behavior may not disrupt or distract others.
- Students are to sit still and sit on their bottoms. If your classroom uses carpet squares, students may bring them for comfort and "spacing."

Any staff member who sees or hears a student misbehaving or talking is asked to immediately deal with the situation. Move yourself next to the student/s, move the student/s next to you or remove the student from the room as appropriate. Attendance at special assemblies is a privilege not to be abused.

Bullying

The Sturgeon Bay School District strives to provide a safe, secure, and respectful learning environment for all students in school buildings, on school grounds, in school buses, and at school-sponsored activities. Bullying has a harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

By definition, bullying is deliberate or intentional behavior using words or actions intended to cause fear, intimidation, or harm. Bullying may be repeated behavior and involves an imbalance of power. The behavior may be motivated by an actual or perceived distinguishing characteristic such as, but not limited to, age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status.

Bullying behavior can be:

- Physical (e.g., assault, hitting or punching, kicking, theft, or threatening behavior)
- Verbal (e.g., threatening or intimidating language, teasing or name-calling, or racist remarks)
- Indirect (e.g., spreading cruel rumors, intimidation through gestures, social exclusion, or sending insulting messages or pictures by mobile phone or using the Internet).

Bullying behavior is prohibited in all schools, buildings, property, and educational environments including any property or vehicle owned, leased, or used by the district. This includes public transportation regularly used by students to go to and from school. Educational environments include, but are not limited to, every activity under school supervision.

Any student or other concerned individual who is either a victim of the bullying or is aware of the bullying is encouraged to report the conduct to the principal or school resource officer. Reports of bullying may be made verbally or in writing and

may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously, and a clear account of the incident will be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

The principal, school resource officer, or designee shall within one school day interview the person(s) who are the victim(s) of the bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying will be notified prior to the conclusion of the investigation. The district shall maintain the confidentiality of the report and any related pupil records to the extent required by law.

If after investigation it is determined that a student participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, the district administration and Board of Education may take disciplinary action including, but not limited to, suspension, expulsion, and/or referral to law enforcement officials for possible legal action as appropriate.

Corporal Punishment

Corporal punishment is not permitted by Board of Education (Policy JGA). This does not preclude the use of physical force for self-defense or in instances when physical restraint is necessary to protect the student from further injury.

End of Day Supervision

In an effort to keep our children safe, please follow these procedures at school dismissal time:

- Persons on “door duty” will supervise the children as they leave the school building. These persons will supervise the sidewalk area and bus loading areas.
- When children get on to a school bus they will stay on the bus. If the child asks to get off the bus for any other reason (i.e. needs to retrieve something from within the school, needs an emergency bathroom stop or is confused as to where he/she is to travel to on that day) the bus driver will alert the person on “door duty” for assistance.
- A child may be dismissed from the bus to a parent or other guardian if the parent or guardian comes directly to the bus to get a child.
- When bus loading is completed the person on “door duty” will signal to bus drivers that the buses may leave the loading area.
- All students who are picked up by vehicle will be dismissed from the building only after all buses leave the loading area unless the parent or guardian comes to the school building to pick up a child.
- Students who walk or ride bikes will be dismissed from the building as the area clears of buses and vehicles. Persons on “door duty” will also remind students who ride bikes to “walk” their bikes on sidewalks adjacent to the school.
- Staff members have been assigned “door duty” responsibilities. Responsibilities begin at 2:30 and end at approximately 2:50 PM but not until students have left the entries and sidewalk areas. Should a staff member have a conflict on a given day, please ask a colleague to exchange days with you.
- Students who are not picked up by their parents return to the supervision of their classroom teacher until the parent does pick the child up. If the parent has not arrived by the end of the teacher’s contract day, then the teacher will notify the principal that assistance is needed.

General Expectations Regarding Behavior Management

Students are expected to behave according to their school’s PBIS Matrix.

Use of PBIS procedures and routines are expected throughout each elementary school. Students will be taught expected behaviors through the use of “Cool Tools”. It is the classroom teacher’s responsibility to build a classroom matrix with students and use it to monitor student behavior. Teachers are required to have a system of recording minor behavior infractions and to utilize the Office Discipline Referral for all major behavior incidents. Whenever an ODR is completed the

classroom teacher must contact the parent to discuss the incident. DR data will be recorded in SWIS and this data will be analyzed by each grade level team on a regular basis. The use of additional teaching will be determined using this data. It is essential that each staff member have an understanding of the definitions of behavior infractions and the flowchart to be used for handling behavior problems. Any severe incidents or questions should be referred to the building coordinator or principal.

All staff members are asked to give all students frequent specific feedback regarding their behaviors and attitudes - positive feedback when we witness helping, sharing, polite conversation, good manners, walking, etc. and constructive feedback when we see teasing, hurting, shouting, poor manners, running, etc. **All staff members have a responsibility to support the behavioral education of all students.** We are a community.

Specialists and Associates

Specialist teachers and instructional associates are also expected to utilize the school-wide PBIS system for behavior.

Emotional Behavioral Disabilities Programming

Behavioral issues regarding a student in an Emotional Disabilities program should be dealt with as per the student's IEP and individual behavioral management plan. The EBD instructor will share behavior plans with staff on an as needed basis.

Suspensions and Expulsions

Only the principal may suspend a student from school. Emergency and short-term suspensions from class will be handled by the principal or her designee at a teacher's request. Teachers are cautioned not to enter a precarious position by issuing a statement to the effect that a student will never be permitted back in class.

A suspension is a temporary suspension of a student from his/her classes and activities by the superintendent or principal for disciplinary reasons or for the good of the group. It cannot continue indefinitely. At the end of a suspension, a student must either be returned to school or expelled from school. Due process must be accorded to the student involved in a suspension. Suspended students must be allowed to make up work and assignments missed during the suspension on the same terms as other absences from school.

An expulsion is the complete severance of the student from all rights to participate in the programs of the school. Only the Board of Education has the power to expel.

Student Code of Classroom Conduct

Student conduct in the classroom shall be governed by the rules and provisions of the Code of Classroom Conduct developed for each school in consultation with a committee of School District residents that consists of parents, students, members of the School Board, school administrators, teachers, pupil services professionals, and other residents of the School District who are appointed to the committee by the School Board. Each school's Code of Classroom Conduct shall be adopted by the School Board (5500).

Positive Behavioral Intervention & Supports (PBIS)

Positive Behavioral Intervention & Supports (PBIS) is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors. PBIS uses a collaborative team approach to analyze and respond to discipline-related behavioral patterns. Each elementary school has three explicitly stated school-wide expectations (e.g., Be Safe, Be Responsible, Be Respectful). Teaching matrices are developed to teach rules and procedures aligned with these expectations for the classroom and other settings in the school (hallway, lunchroom, playground, etc.).

A major initiative at the elementary level is a PBIS framework which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a multi-level system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognizes that maintaining and changing student behaviors

involves a continuum of acknowledgements, supports, and interventions. A multi-level system of supports includes a general curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students. Targeted or intensive interventions are added for students who do not respond to universal efforts and require additional support.

Students spend the majority of their time in classroom environments where behavior is expected to meet the high standards set by the School District of Sturgeon Bay. While most discipline matters are managed in the classroom, some student behavior is managed by the administration through an office referral that may result in interventions or consequences based on the nature of the violation of Board policy or the Code of Student Conduct. Parent/guardian involvement is critical to the creation of safe and orderly environments. Parent/guardian notification is desired at all levels of interventions and consequences, but it is required whenever there is the possibility that a student may be removed from the school environment.

Students who violate the Code of Student Conduct may be removed from their current educational setting and receive instruction in an alternate setting within the school building. Removals during an In School Intervention are not considered a suspension from school and do not count toward the cumulative days of removal. Parents should be notified in writing of an In School Intervention. Severe behavior or chronic misconduct that has created a substantial barrier to learning for others may result in the student's removal from their current educational setting.

Behavior that extends beyond an In School Intervention will be handled following the Sturgeon Bay Elementary Schools In School/Out of School Suspension guidelines as described below.

In-School/Out-of-School Suspension Guidelines

In order to maintain a healthy and safe learning environment for all students:

- 1) The following in school behaviors may result in in-school suspension, as determined by the administrator and or his/her designee. The administrator will inform the parent/s.
 - a) Significantly disruptive behavior (longer than 10 minutes in classroom) third (or more) incident of threatening behavior (gesture such as raised hand or clenched fist or verbal harassment or name-calling, bullying or threatening statement such as "I'll get you" or "You'll be sorry")
 - b) An incident of violent action (aggressive hitting, pushing, tripping, biting, or kicking that causes no serious physical harm, bruise or injury)
 - c) Repeated violations of the student code of classroom conduct
- 2) The following behaviors in school activities may result in out-of-school suspension, as determined by an administrator. The administrator will contact the parent/s. A conference with student & parent will be held upon return to school.
 - a) Failure to comply in an in-school suspension setting
 - b) Significantly disruptive behavior (longer than 20 minutes cumulative)
 - c) Severe threatening behavior (verbal bullying or threatening statement that is more specific and detailed and/or includes a specific plan rather than just an angry reaction, such as "At recess I'm going to take my pencil and poke your arm" or "I'm going to beat you up on the way home from school" or an attempt to follow-through on a threat
 - d) Repeated incidents of violent action (aggressive hitting, pushing, tripping, biting, or kicking that causes no serious physical harm, bruise or injury)
 - e) Severe physical violence (physical contact that results in a mark that lasts longer than 15 minutes, a bruise, an injury, or draws blood)
- 3) Serious behaviors in school activities may result in out-of-school suspension, as determined by an administrator. A referral to the police liaison officer or police department may occur if a pattern of serious behavior develops. The administrator will contact the parent/s and police in such situations. A conference with student & parent will be held upon return to school.

Section 6 Instruction

Curriculum

The official written curriculum of the district is documented using unit planning templates stored in grade level shared drives in Google Drive. Unit planning templates include the following categories:

- Course
- Standards and Benchmarks
- Report card language
- Unit title
- Learning Targets
- Success Criteria
- Links to Evidence tasks
- Grade level progressions

All teachers will be trained in the use of unit planning templates and collecting evidence through the use of formative assessments, and are expected to keep unit planning files up to date.

Elementary Literacy Curriculum will include; Lucy Calkins Units of Study in Writing grades K-5, and Lucy Calkins Units of Study for Reading Grades 3-5.

Math Expressions is the Universal Curriculum for Math Instruction.

Duties of Classroom Teacher

Through their preparation of lessons and activities, classroom teachers determine, in large measure, the success or failure of substitute teachers. It is the responsibility of each classroom teacher to have available current lesson plans which include a clear statement of the daily objective and procedures, the test and page numbers of the subject matter under consideration, and the assignments to be corrected and/or made.

In addition, each classroom teacher should have developed a special folder for the substitute teacher that is kept with the lesson plan book in a place easily accessible to the substitute. The folder should contain special activities and exercises, which could be used by the substitute to extend or supplement the daily lesson plan.

The substitute teacher folder should also contain:

- Daily schedules and procedures.
- Lesson plans.
- A current seating chart if students are assigned to specific seats.
- The procedures for the checking in and out of necessary supplies and books, and the location of these materials.
- A schedule of special activities or services and students involved.
- A list of students to call on to help with routine classroom responsibilities.
- A list of detailed classroom procedures and rules or policies that the teacher expects students to follow.
- An updated list of any medication that must be administered to students including:
 - Location of medication
 - Names of students, times, and dosages to be administered.
 - Person to contact in administering the medication (NOTE: the school secretary administers all medications. No substitute teacher shall dispense medication to a student).
- The teacher's duty schedule such as corridor, study hall, playground, and other assigned supervision, and fire/tornado drill responsibilities.
- A school information sheet that outlines general school procedures, schedules, rules, and use of materials and equipment.

- A list of critical material and its location. If appropriate, a list of supplies and materials the students should not handle when under the supervision of a substitute.

Substitutes will find that regular staff members will provide cooperation and assistance if asked.

Duties of the Substitute Teacher

Substitute teachers are an important part of the work we do each day. To help our substitute teachers have a successful teaching experience, they should do the following:

- Report to the school office. Each school will give the substitute further directions as to their check-in procedures.
- Observe the regular work hours, schedules, and responsibilities of the teacher. Substitute teachers are expected to remain in the building until the regular faculty dismissal time, unless released by the building administrator. Each elementary school may have a slightly different schedule due to busing and/or other special circumstances. If you are not certain of the exact time schedule in the building, you should inquire of the person calling you or contact the individual school office.
- Examine the substitute teacher's folder for procedures for lunch and attendance counts, the teaching schedule and a seating chart as outlined under "Duties of the Classroom Teacher."
- Follow the objectives and lesson plan sheets as closely as possible. If plan sheets are not available, make this known to the building administrator.
- Write your name on the board as a manner of introduction.
- Leave a note at the end of the day describing the work accomplished and/or assigned and listing any questions or difficulties that may have occurred. Include all information that will be important to the classroom teacher in resuming the instructional program and daily activities.
- Leave the classroom in good order.
- Report to the school office before leaving the building to determine if your services will be needed the following day.
- Return any keys issued to you.

Under no condition is it permissible for the substitute teacher to use corporal punishment. This does not preclude the prudent use of physical force as a means of self-defense or to prevent injury to you, others, or the property of others. Substitute teachers should ask each building administrator for discipline procedures specific to his or her school.

Educational Philosophy

The School District of Sturgeon Bay believes that a school system has an obligation to continually strive to instill in each individual, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities of our American heritage.

It is the aim of this school district to provide a diversified program of educational experiences to youth, and to cooperate with the home, church, and community to promote the development of individually different but effectively-educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student's ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promote good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values.

Instructional Models

The School District of Sturgeon Bay follows the Danielson Framework for Teaching. Each teacher is expected to know and use the framework:

- Domain 1 – Planning and Preparation
- Domain 2 – The Classroom Environment
- Domain 3 – Instruction
- Domain 4 – Professional Responsibilities

Lesson Plans

All teachers are expected to write weekly lesson plans. Lesson Plans should be prepared with enough detail so a substitute is able to follow them. Probationary staff and staff on the evaluation cycle are required to utilize the GANAG lesson template in at least one subject area. Probationary staff will turn lesson plans weekly to their principal. All staff must have viable lesson plans included in their substitute folder housed in the school office.

School, family, and community partnerships are encouraged. Everyone understands and actively works toward achieving the shared goal of student success. Parents and community members perceive our schools as warm and inviting.

Substitute Folders

An updated Substitute Teacher Folder must be on file in the respective school office. The following should be included: classroom schedule, discipline plan, and memo from the principal regarding student behavior, classroom opening procedures, location of student name tags, physical/medical problems of students, including medication instructions, and any other pertinent information.

Technology Use

Teachers are encouraged to use the technology resources of the district to explore educational topics, conduct research, and communicate with others in order to further the mission of the district. As the district will frequently rely upon email to disseminate information, teachers are responsible for checking and reading their email at least once per school day. Email access is also available outside the building via the web interface.

Teachers should note that email and telecommunications are not entirely secure and that the district at all times retains the right to review files and communications in order to maintain system integrity and ensure that users are using the system responsibly. Communications over the networks and files stored on district servers are not private.

Inappropriate use of district technology may lead to disciplinary action that may include termination of employment with the district.

Textbook Register

All textbooks are to be numbered, and a specific book should be assigned to each student. Teachers are responsible for keeping a record of all textbooks issued to students and to hold students accountable for missing or damaged textbooks issued to them

Section 7 Assessment and Records

Anecdotal Records

Classroom teachers are to document and date concerns about students and keep on file. Any one incident may be insignificant, but several may provide needed information at a future date. At the close of each school year consult with the building principal regarding any and all personal documentation in order to determine if it should be kept or shredded.

Cumulative Records

The cumulative records of students are filed in each school office and are available to all teachers. Teachers are encouraged to check these records to learn more about students and to better meet their educational needs.

To review a student's records record your name and date on the orange form in the file. Check the file out by signing the checkout form (ask the secretary if assistance is needed). All material reviewed is confidential, and misuse of the records is grounds for termination of employment with the School District of Sturgeon Bay.

Student Records

Student files are available to the following people: Administrator, teacher, counselor, psychologist, specialists, and elementary secretary. All others gaining access must have a signed release on file.

Parents have the right to inspect the records of their child. The parent is to contact the building principal to make this request. The principal will view the records with the parent to answer questions or make requested copies, for which there will be a nominal fee.

Section 9 Parents, Family and Community

Community Service Learners

Our district's Service Learner Program coordinator will forward information to faculty regarding our responsibilities when hosting a high school service learner. Please contact the Service Learner Program coordinator with concerns or questions.

Staff members who supervise the students are to advise them where to park.

Fundraising

Any student fundraising campaign that takes place off campus must receive prior approval by the Board of Education. The purpose of this policy is to limit door-to-door selling by students. In-house fundraisers are permitted with the approval of the principal. Fundraisers involving food items must be in compliance with the district's Wellness Policy.

Those teachers or staff members who seek private business funding or donations in excess of \$100 must follow Board of Education policy and use the adopted form.

Home/School Communication

Teachers are expected to communicate regularly with individual parents regarding academic and behavioral concerns, positive as well as negative. Teachers are expected to send home informational newsletters at least monthly. These parent letters should include: past/future areas of instruction in your classroom, special interest topics, and other pertinent information. **Teachers are to give their principal a copy of each general communication to parents.** Written communication (teacher letters, Sloops, field trip permission slips, etc.) will be sent home in a special designated red Home/School Communication Folder provided by the PTO. It is the professional responsibility of each teacher to proofread all written communications to parents, and/or have a colleague proofread all communications. The "Quick Checks" can provide assistance to staff in their development of quality newsletters.

Homework - School Board Policy 2330

The Board of Education acknowledges the educational validity of out-of-school assignments as adjuncts to and extensions of the instructional program of the schools.

"Homework" shall refer to those assignments to be prepared outside of the school by the student or independently while in attendance at school.

Such work facilitates the development of good study and work habits and serves as a valid communication tool to parents.

The District Administrator shall develop administrative guidelines for the assignment of homework according to these guidelines:

- Homework should be a properly planned part of the curriculum to extend and reinforce the learning experience of the school.
- Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, and integration of knowledge, and an opportunity to remediate learning problems.
- Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.
- The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and take into account other activities which make a legitimate claim on the student's time.
- As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated.
- The schools should recognize the role of parents by suggesting ways in which parents can assist the school in helping a student carry out assigned responsibilities.
- Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

- Homework should be promptly evaluated

Parent Teacher Conferences

The purposes of the conferences are:

- To supplement the progress report and serve as another means of reporting to parents.
- To promote good relations between the home and the school through an interpretation of the school's program.
- To share information about students:
 - Success and accomplishments
 - Definitions of/and suggested solutions to problems
 - Concrete evidence of student progress

Suggestions for a successful conference:

- Review the student's record before the conference and note strengths and areas for growth. Specific examples are helpful. Arrange student information in a system that is easily communicated.
- Provide materials for parent use while they are waiting to meet with you.
- Greet the parent in a friendly, warm manner.
- Explain the purpose of the conference.
- Begin the teacher report with an explanation that the information being presented is a review of your observations of the student.
- Select the student's strongest attribute, move gently into problem areas, and close with an assurance that together success can be achieved.
- Point out the need to know that student as the parent sees him/her.
 - Be a good listener.
 - Ask for clarification.
 - Ask questions that direct the discussion to relevant topics.
 - Phrase questions to avoid "yes" or "no" answers.
 - Avoid defensive responses, educational jargons, being evasive, if you can't answer a question, say so.
- Review areas of information which parents usually seek.
- Avoid giving advice; substitute instead an analysis of the situation with a menu of solutions from which to choose.
- When a difference occurs between the school's observations and those of the parents, work with parent/guardian to identify and resolve the difference.
- Summarize the conference:
 - Review those recommendations agreed to by both parties.
 - Mention any unresolved issues which may need further discussion and/or action and who is responsible for which.
 - If necessary, set a date for continued communication.
 - End the conference on a positive note.
- Analyze the conference and document pertinent information.

PTO – Parent Teacher Organization

The Parent-Teacher Organization (PTO) supports the united efforts of home, school, and community on behalf of children. Participation helps parents become better acquainted with the schools and more informed about educational programs. Meetings are generally held quarterly; specific dates, times and locations will be published in the Sloop. The PTO agenda will include a short time period for parent advisory issues. Parent opinion is welcome and valued in determining school programs and activities.

The PTO is responsible for:

- Room parents will arrange treats for various school functions and classroom parties.

- Fundraising events
- Open Houses
- Volunteer Services
- Back to School Nights

School Visitors – School Board Policy 9150

The Board of Education welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to establish visitor guidelines.

The District Administrator or building administrator has the authority to prohibit the entry of any person to a school of this District or require a visitor to leave when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the Principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Non-staff access to students and classes must be limited and only in accordance with a schedule which has been determined by the principal after consultation with the teacher whose classroom is being visited. Classroom visitations must be nonobtrusive to the educative process and learning environment and should not occur on an excessive basis.

Parent concerns about any aspect of his/her child's educational program should be presented through the procedure set forth in Board Policy 9130 - Public Complaints, a copy of which is available at the Board office and at each school.

The District Administrator shall promulgate such administrative guidelines as are necessary to protect students and employees from disruption to the educational program or the efficient conduct of their assigned tasks.

Individual Board members who are interested in visiting schools or classrooms on an unofficial basis shall make the appropriate arrangements with the principal. In keeping with Board bylaws, such Board member visits shall not be considered to be official unless designated as such by the Board.

The Board member shall be visiting as an interested individual in a similar capacity of any parent or citizen of the community. These visits should not be considered to be inspections nor as supervisory in nature.

If, during a visit to a school or program, a Board member observes a situation or condition which causes concern, s/he should discuss the situation first with the District Administrator as soon as convenient or appropriate. Such a report or discussion shall not be considered an official one from the Board.

All visitors to a school of the District must comply with the visitor rules as set forth in Board Policy 7440, Facility Security.

Revised 6/18/14

Volunteers

We welcome volunteers in our schools. Parents have the opportunity to volunteer with the classroom teacher, building principal, or Parent Teacher Group. Parents should not bring infants or preschool children along when they volunteer.

Staff members who work with regular volunteers are to advise them where to park. Any volunteer who will work on a regular basis with students must complete a background check through the district office.

Section 10 Special Needs

Children of Divorced Parents - Guidelines

The Sturgeon Bay Elementary Schools will maintain strict neutrality between parents who are involved in an action affecting the family, unless otherwise directed by Court Order.

Each family in such a situation shall be requested to provide the building principal with current information regarding any Court Order that provides specific rights to the child's parents. In the absence of a copy of the written Court Order, neither parent shall be deemed to have rights superior to the other parent. Either parent may provide the building principal with a certified copy of the most recent Court Order.

Unless directed otherwise in the most recent Court Order, both parents, custodial and non-custodial, are entitled to all grade reports, notices of school activities, disciplinary action, and teacher/principal conference appointments or summary. For the purpose of conferencing, both parents should be scheduled for the same conference time whenever possible.

Students will not be released to any person other than his/her custodial and residential parent or that person's spouse or individuals designated on the pupil's emergency card, without written permission of the custodial parent or joint custodial and residential parent.

A non-custodial parent with visiting rights may not visit his/her child enrolled in school during required school hours unless such a visit is expressly requested in a certified copy of the most recent Court Order and is on file with the school, or the custodial parent has consented in writing to such a visit and is approved by the building principal. A non-custodial parent may request a copy of his/her child's report card or other teacher dispensed materials.

Special Education Services

The School District of Sturgeon Bay offers comprehensive services to meet the needs of all disabled youth. According to state and federal laws, specific steps must be taken before a child can receive these specialized services.

The director of pupil services or the principal can provide more specific information about the process of referring a student for evaluation for special education services.

All teachers are expected to actively participate in the IEP team process when asked. Teacher input in these discussions and planning meetings for specific individuals is vital to the success of the special programs.

Section 504

The district will ensure students who are handicapped within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. A "qualified handicapped individual" is any person who: (1) has a physical or mental impairment which substantially limits one or more major life activities; (2) has a record of such an impairment; and (3) is regarded as having such an impairment. A 504-accommodation plan will be designed for each student according to individual need.

Students with the following physical or mental conditions may be found handicapped under section 504 (including, but not limited to): AIDS, allergies, asthma, recovering chemical dependent, ADHD, congenital defects, diabetes, the formerly handicapped, hepatitis B, hemophilia, obesity, pregnancy with medical problems, schizophrenia, retinitis-pigmentosa, temporary conditions, Tourette's syndrome, tuberculosis, dwarfism, epilepsy, and communicable diseases. Major life activities include caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

Response to Intervention

The Sturgeon Bay Elementary Schools believe that increased student learning requires the consistent practice of providing high quality instruction matched to student needs. In a high-quality educational environment, student academic and behavioral needs are identified and monitored continuously by using documented student performance data, to make instructional decisions. Unique needs are addressed, parents are informed and involved, and all staff work toward the common goal of raising achievement. Response to Intervention (RtI) is a general education framework through which a school creates a high-quality educational environment by screening the needs of all students; differentiating core instruction for all students; applying research-based interventions to address specific needs of individual students; and continually monitoring progress to ensure success. High quality education requires collaborative efforts from all district staff, general educators and special educators to facilitate that process.

Please refer to the Elementary Response to Intervention (RtI) Handbook for more information

All staff are expected to follow the Copyright law of the United States (Title 17 U.S. Code) which governs the making of photocopies or other reproductions of copyrighted materials. The person using copying equipment is liable for any infringement.

Color copiers are available in each school – please limit the use of color to final products or special projects. Color copies are extremely expensive.

Internet Access

Elementary students can now use computers for accessing and exploring information on the Internet. In the interest of maintaining computer ethics, all students using the Internet for any purpose while at school must have submitted a signed internet use and parent permission form before using the Internet. Intentional misuse of computers or technology will jeopardize student access to such equipment and be cause for disciplinary action. (Board Policies JQ, JQA and JQ-PF)

Each building has a designated person to perform laminating duties. Please be sure to give adequate time for them to complete your tasks. No unauthorized use of the laminator is allowed.

SMART Boards

SMART boards are a technology resource available in all elementary classrooms. It is expected that teachers use the SMART board to enhance their daily instruction.

Software Requests

Software requests should be made through the budget process. The principal will forward approved requests to the library media specialist who will purchase the software.

Video/DVD/Movie Use

Movies shown in the classroom must be rated "G". If a movie rated "PG" is to be considered it must be pre-approved by the principal. If the principal approves, a permission slip must be sent home making parents aware of the movie rating.

NON-DISCRIMINATION POLICY

It is the policy of the School District of Sturgeon Bay, pursuant to Wis. Stats. 118.13, and PI 9, that no person, on the basis of age, sex, race, national origin, ancestry, creed, religion pregnancy, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability or handicap, may be denied admission to any school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil services, recreational, or other programs.

All vocational education programs follow the district’s policies of non-discrimination on the basis of the above mentioned reasons. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation.

For a copy of the complaint procedure or any question or complaints concerning Title IX of the Education Amendments of 1972, which prohibits discrimination based on the above-mentioned reasons, contact: Mr. Dan Tjernagel, Superintendent, School District of Sturgeon, Sturgeon Bay, WI 54235, phone 920-746-2801.

GENERAL INFORMATION

Middle School Office: Office hours are between 7:30 a.m. and 4:00 p.m. Parents may call the middle school office at 746-2810 before and after our office hours to leave a voicemail message.

Phone System: Your phone calls are extremely important to us. Due to the limitations of having only one secretary in the middle school office you may want to avoid delays by dialing the staff member’s room/office directly. All classrooms may be dialed directly. Please see the staff directory on page 6 for a list of extension numbers.

Parent Online Resources: Parents have electronic access to their child’s grades and homework assignments by visiting our school’s homepage on the district’s website at www.sturbay.k12.wi.us. The *Powerschool Access* link will give you the ability to check your child’s grades. In addition, online textbooks and other resources are available to use. Please make a point to utilize these web-based resources to keep abreast of your child’s academic performance.

Parent Newsletter: Generally, about once per month our parent newsletter will be published and emailed to parents. This newsletter has important information about our school. Please watch for it and review it.

School Food Service at Sturgeon Bay School District: Nutritious and convenient breakfasts and lunches are available daily to your child at the lowest possible cost to you. The school lunch program is an excellent value for the money, we encourage participation.

Most school years, meal pricing fluctuates based on the cost of food and government reimbursement rates. The price of school meals can be found on the food service page of the school website as well as in the beginning of the school year mailing.

Each school building and lately each school year, meals are served differently based on a classroom or school schedule, requests from students or teachers and how many food service staff are on site.

Every year school food service provides the highest quality foods. A portion of school salads are created with greens and vegetables grown in the Waseda Farms Growing and Learning Lab located in between the high and middle school buildings. Due to how we serve lunch for students in grades 6-12, as well as having our food production kitchen

housed in the same building as high and middle school, older students have multiple options.

Each school year, families should complete a free and reduced price meal application. There are reasons for this request. If families qualify, their students will not pay for breakfast. Lunch would either be free of cost to the family or charged at a reduced rate of \$0.40. Families who qualify for free or reduced-price meals may also receive P-EBT benefits and have access to other waived fees within the school district. School districts also receive grants and funding based on the percentage of families in their district who qualify for free or reduced-price meals.

Older students are allowed the opportunity to purchase additional food and beverages, beyond the traditional school meals. These additional items cost money. As in all school settings, this provides the opportunity to teach responsible spending. This is a privilege that families choose to allow or not allow for each student within their family. If a parent grants this privilege, please have money deposited into the family lunch account so purchases can be made.

Daily Schedule: Students should plan to arrive at school no earlier than 7:30 a.m. Our school hallways will not be open to students prior to 7:45 a.m. unless arrangements have been made with a staff member. (More Daily Schedule information can be found on page 34, 35 and 36.)

Daily Bell Schedule

1	8:00 – 8:51
2	8:53 – 9:44
3	9:49 – 10:40
4	10:42 – 11:33
Clipper Time	11:35 – 12:05
Lunch	12:05 – 12:44

7	2:33 – 3:24

Students may not loiter in and around the building after school is dismissed unless students are under the direct supervision of a staff member.

Closed Campus: We have a closed campus at the middle school. Students must remain at school during lunch unless their parent or guardian has submitted a written request to the principal for the student to go home only for lunch. Under no circumstances may students go to one another's homes or elsewhere during the lunch period. Permission may be revoked if tardiness or other school related problems occur.

Delivery/Picking-up Students: Bus loading and unloading of students (both before and after school) is done on 12th Avenue by the high school.

Parents bringing students to school or picking them up, may use the middle school driveway on 14th Avenue. The driveway

is one way and lined for two lane traffic. Drivers enter from 14th Avenue and pull up to the staff member who will be directing drivers to stop. Students exit the vehicle to their right and walk on the sidewalk to their assigned entrance. On rainy and extremely cold days, students will enter through the front doors and go into the gym. Parents are not to be in the driveway until the school day ends and students have exited the building. You are encouraged to park along 14th Avenue and wait until dismissal or park in an assigned parking area.

Emergency Closings: If it becomes necessary to close school due to inclement weather or other hazardous conditions, the superintendent will communicate the information on the school district Facebook page. Once this has occurred, a School Messenger message will be recorded and sent out. After the School Messenger call is made, notification will be given over the local TV and radio stations.

Lost and Found Property: Students who find items that don't belong to them should bring the item(s) to the office immediately. Students who have lost an item should check with the school office. Students are urged to not bring valuables and large sums of money to school. If for some reason it is necessary for you to do so, the office will keep valuables for you and return them upon request.

Locker – Locker Searches: Each student will be assigned a corridor locker for school use. It is each student's responsibility to close and lock his/her locker and to keep it neat and clean. Locker combinations should never be shared with other students. The school will accept no responsibility for lost articles. Trading lockers is not permitted. Proper care of school lockers is expected. No stickers, taping, or writing on lockers is permitted. Kicking or hitting lockers will not be tolerated. Coats and backpacks must be stored in your locker. The school reserves the right to inspect student lockers, which includes canine searches for drugs or other prohibited items, at any time as per Board Policy.

Bicycles: Bicycles may be brought to school. Upon arrival at school, bicycles must be parked in the racks and must not be ridden on school grounds. Bicycles are private property. Vandalism, unauthorized use, and theft will be referred to law enforcement. The school is not responsible for bicycles brought to school.

Medications: The office must dispense all medicines, including over-the-counter medication, when specific instructions and written permission have been received from parents and doctor. A medication authorization form must be on file in the office. Prescription drugs must be delivered to school by the parent in the most current original container.

Inhalers: Under State Statute, asthmatic pupils may possess and use inhalers providing the following conditions are in place:

(1) While in school, at a school-sponsored activity or under the supervision of a school authority, an asthmatic pupil may possess and use a metered dose inhaler or dry powder inhaler if all of the following are true:

(a) The pupil uses the inhaler before exercise to prevent the onset of asthmatic symptoms or uses the inhaler to alleviate asthmatic symptoms.

(b) The pupil has the written approval of his/her physician and, if the pupil is a minor, the written approval of his/her parent or guardian.

(c) The pupil has provided the school principal with a copy of the approval or approvals.

(2) No school district, school board or school district employee is civilly liable for damage to a pupil caused by a school district employee who prohibits a pupil from using an inhaler because of the employee's good faith belief that the requirements of sub.(1) had not been satisfied or who allows a pupil to use an inhaler because of the employee's good faith belief that the requirements of sub.(1) had been satisfied.

School Visitors: All visitors, including parents and volunteers who visit the middle school must first stop in the office to register and be issued a visitor pass. All visitors must also sign out of the office and return their pass prior to leaving the school. We look forward to your visits.

Emergencies/Injuries/Illness: A limited supply of first aid equipment is available in the office for minor cuts, slivers, etc. All injuries should be reported to the middle school office as soon after an accident as possible so first aid and/or corrective action can be taken.

Any student who becomes ill during school hours should report to the office. Permission to leave school will be granted after parents or guardians have been alerted and a means of getting home has been arranged.

In the event of any emergency, we will make a reasonable attempt to contact the parent or guardian. School personnel will assist the parent in making necessary arrangements. If a parent cannot be notified and the situation demands

immediate action, the principal or other designated personnel will take the most appropriate means for handling the situation. This may include the use of an ambulance and the hospital emergency room.

Parents are reminded to notify the middle school office if changes to their child's emergency contact information occur during the school year.

If for some reason a student is to be treated differently than discussed above, (i.e., unusual physical problems, religious beliefs, etc.) the office must be notified in writing.

Insurance: No general accident insurance is carried for students by the school district. Routine accidents, wherein there is no liability on the part of the school, are the responsibility of the parents. A low-cost insurance policy (on an individual basis) is available for any student to purchase at any time during the school year. Participation is optional but should be considered by all families who do not have insurance coverage. This insurance covers accidents in school as well as in sports (except football).

Academic Program: Each student's academic program is made up of both required and elective courses. These classes are chosen by the student with parent approval. We attempt to schedule students into electives they have chosen; however, we reserve the right to assign students into classes as determined by enrollment needs and course availability.

Report Cards: The school year is divided into four grading periods. Two nine-week periods constitute a semester. Grades are assigned and report cards issued at the end of each nine weeks. The semester grade becomes part of your permanent academic record. Approximately one week after the end of each grading period, parents may access their child's grades in their PowerSchool Parent Portal account.

Honor Roll: The school maintains "A" (3.5 - 4.0 GPA) and "B" (3.0 - 3.49 GPA) honor rolls each semester as a means of encouraging and recognizing high scholastic achievement in all grades. To be eligible for honor roll status, students must not have any grades of "D" or "F" during the grading period.

Physical Education: Physical Education is required for all students by Wisconsin Law and Sturgeon Bay School Board Policy. A current medical excuse from a physician must be on file in the office before any student will be released from the physical education requirement. Single day excuses for not participating in physical education due to a temporary situation may be granted by the principal if the student has a written request from the parent or guardian. The excuse granted means that the student need not participate in activities for that day; however, he or she must attend the class. Participation in class activities is reflected in the student's grade.

PE Uniforms and Lockers: You are expected to wear your PE shirt, PE shorts, and tennis shoes daily for class unless otherwise indicated. Early periods in the day should also have an extra pair of "OLD" tennis shoes that you leave in your hallway locker. You will not participate without tennis shoes. These will get wet in the grass and will dry in your locker for the next day. Please wash your uniforms on the weekends so you are always prepared for class. The locker rooms are for changing and not for socializing, so be quick and come out to the gym on time. PE uniforms should be kept in your hallway locker not to be stored in the locker room lockers.

PE Dress Code Policy: Sturgeon Bay physical education uniforms will be required of all students. They may be purchased for a nominal fee in the school office. Names should be written on personal property to help prevent loss of items. You will be allowed to forget your uniform up to 2 times in a quarter with no penalty to your grade or other consequences. The 3rd time and thereafter you will have a 30 minute after school detention from 3:30-4:00 on Thursdays. Each quarter starts the count back over. This means you are allowed a total of 8 times to forget your uniform in a year when you are expected to wear it 90 times.

Special Services: Guidance and counseling services are available to assist students, parents, and teachers with problems or concerns, interpret tests, and assist with scheduling. Any parent or student should feel free to discuss problems and seek advice from the guidance staff.

The Sturgeon Bay Schools will provide a free and appropriate education for all students evidencing special educational needs according to Wisconsin State Statutes and Federal Laws. Children with (special educational needs) will be educated to the maximum extent possible with regular education students in the least restrictive environment. Inquiries regarding these services should be to the Director of Pupil Services at 746-2804 or the guidance counselor.

Additional specialists who are available to assist parents, students, and teachers are: a school psychologist, a

speech-language therapist, a school social worker, and a reading specialist.

Library: The Library is designed for study, research, exploring new materials, and for recreational reading. In this area you will find a variety of materials including newspapers, magazines, fiction and nonfiction books, reference books, online databases, and literally hundreds of materials which can be viewed or listened to for a classroom assignment or for your own personal interest. Individuals or small groups may quietly work on projects or view materials with permission from the staff. No computer games, MP3 players or I pads are allowed in the library unless they are part of an assigned class project.

Students may check out up to five items at one time and use the materials for three weeks. Overdue books and fines must be cleared for a student to retain the privilege of using our library.

Computer Access: Middle school students use computers for accessing and exploring information on the Internet. No personal email accounts may be accessed by students on school equipment. Computer games may only be played with teacher permission. Intentional misuse of computers or technology will jeopardize student access to such equipment and may be cause for disciplinary action.

Fire Drills/Disaster Alerts: Wisconsin Law requires that all schools hold periodic drills to prepare for fire or disaster. Instructions for procedures will be provided by all classroom teachers and be posted in each room. Students should be aware that in the event of an actual fire or disaster, prescribed procedures might have to be altered. It is the joint responsibility of administration, staff, and students to be aware of emergency procedures in each classroom in the building. The best rule to use is common sense. Treat every drill as reality and move quickly and quietly to vacate the building by the most expedient route or go to the designated area in the event of a disaster alert. Each school in our district also has a security plan for responding to high-risk/dangerous situations should one occur.

Evacuation Procedure: Each school in our district has a plan in place to evacuate to another building if need be. In these instances, initial notification to parents will be made over the radio if there is no plan to return to the school. Students will only be released to individuals listed on their emergency contacts and they must have proof of identification.

School Socials: The middle school schedules several social activities each year. These socials may include dances, class competitions, parties, or club activities.

- Good behavior is expected.
- Activities generally end no later than 9:00 p.m.
- Once arriving at a dance, students must remain unless approval is given from parent/guardian.
- Transportation home from dances and other events should be prearranged and done in a timely manner.
- School dress code applies with the exception of hats, skirts that are at least mid-thigh length, and yoga pants.
- Chaperones and staff are always assigned to each activity. Parents/guardians are invited to visit or chaperone.
- Information on activities will be included in the parent newsletter when possible.
- Students who bring guests from another school must complete a guest form found in the office and will assume responsibility for their guest. Students who are in frequent violation of middle school policies and conduct expectations may also be withheld from such privileges as deemed necessary by the principal.

Personal Celebrations: Personal celebrations of any kind (i.e., birthdays, holidays, etc.) at school are disallowed by school district policy. This means that parents should not deliver, or have delivered, flowers, candy, balloons, or anything else to students at school. Please confine your recognition of student birthdays and holidays to non-school times and places.

Directory Data Distribution: The laws of Wisconsin have changed to now allow school districts to release “Directory Data” of pupils. “Directory Data” means those pupil records which include the pupil’s name, address, telephone listing, date and place of birth, participation in officially recognized activities and sports, dates of attendance, photographs, awards received, and the name of the school most recently previously attended by the pupil.

The local Board of Education has a policy which does not allow this information to be given to commercial vendors and this policy will not change at this time. The new law does provide that any parent, legal guardian, or guardian ad litem of any pupil may request that all or part of the directory data not be released without prior consent. It is the parent or guardian’s responsibility to inform the school immediately if they do not want the directory data released for any reason. Contact the school principal if you have any questions.

REQUIREMENTS AND EXPECTATIONS

Attendance Regulations: The laws of Sturgeon Bay, Door County, and Wisconsin require that all students must be in attendance during the days and hours that school is in session. Students are expected to attend every class and study period in which they are enrolled unless they have an acceptable excuse. Presently, the only acceptable excuses for absences are:

- a. Illness or medical.
- b. Medical appointments.
- c. Death or illness in the family.
- d. School field trips.
- e. Vacations or family functions.
- f. Emergencies.

All other absences are unexcused or subject to administrative discretion. State law allows parents to excuse their child for ten days for the above reasons (a-f) without having medical verification. Parents of students exceeding the ten excused absences without medical excuse will be required to obtain a medical excuse for future absences or the absences will be considered unexcused. Parents are encouraged to turn in all medical excuses to our office when their child visits the doctor because excused medical absences do not count toward the allowed ten days.

Absence Procedures: When a student is absent from school for any reason, it is necessary for the parent to telephone the school's attendance line by 9:00 a.m. on that day. This attendance line can be used 24 hours a day. Written notes from home are not acceptable. When the school is not notified of an absence, we consider it unexcused. The parent will then be notified regarding the absence.

A student must be in school by lunch (12:05 p.m.) if they want to attend or participate in after school activities that day, except in cases of family emergencies, excused pre planned absences, or a written medical release. Extended absences of more than three days due to illness will require a doctor's excuse.

**** Students must report to the office when arriving or leaving school during the school day ****

Planned Absences: Planned absences due to family travel or other circumstances must be approved in advance if the absence is for more than one school day. Parents can initiate the approval process by calling the office at least two days prior to the absence. A planned absence form must be picked up in the middle school office by the student. This form is to be signed by the student's parent or guardian, and each of the student's teachers and returned to the office for administrative approval.

Medical Appointments: Pupils who must leave school for medical or dental appointments must bring a statement from home or an appointment slip from the doctor or dentist before they will be released from school. ***Dentist and doctor appointments should be scheduled after school or during study periods whenever possible.*** Students must bring back a slip from the doctor or dentist to verify they attended the appointment to receive a medical excuse. No student may leave school without parent consent and securing permission from the principal or school secretary (blue permit form signed by an authorized person). Students must show the blue slip to their teacher to be released. Students must always sign out in the office before leaving school and sign in upon returning.

Excessive Absenteeism: There is a direct relationship between a student's attendance rate and his/her academic success. Under ordinary circumstances, students should not be excused from school unless it is necessary. We realize that illnesses and family concerns will arise occasionally, and we are always willing to discuss these if they become an attendance concern. The primary responsibility for control of school attendance rests with the parent/guardian.

If a student's rate of absenteeism becomes excessive, more than five (5) absences in a semester, a parent conference will be arranged to discuss interventions. A student may be referred to juvenile authorities for truancy and/or a parent issued a citation for contributing to his/her truancy.

Tardiness: Students are expected to be on time for all classes including homeroom. Teachers will mark students tardy. All tardiness will be treated as unexcused unless the reason is accepted by the principal. Students who are tardy to class because of being detained by a faculty member are to get a pass from that faculty member to go to their next class. If excessive tardiness occurs, more than three (3) tardies per quarter, the student will be assigned a detention.

Online Truancy: A student may be considered truant for lack of progress in an online course. In order to enroll in an online course, the student must sign an Enrollment Agreement, which contains the following section on truancy:

- I understand that attendance in online programming is performance based. It is measured not only by logging into the course(s) but by successful submission of completed coursework, participation in course activities such as threaded discussions, and communication with the online instructor. The minimum attendance requirement is to successfully submit at least one appropriately completed assignment for each online course every calendar week, except designated vacation weeks. Any student not meeting that expectation will be contacted by their local education guide for corrective action. Not meeting the minimum attendance requirement for any three weeks in a semester for any course (or combination of courses if enrolled in more than one course) is considered habitual truancy and is therefore in violation of Wisconsin's Compulsory Attendance Statutes 118.16(1)(c) and 118.163(1m) that require a child attend school regularly until graduation from high school, or until the end of the semester in which he/she turns 18 years of age, or until he/she is excused from attendance by the school board. The student and parent/guardian may be subject to legal sanctions.

Habitual Truancy: According to Wisconsin State Statute, a student is considered habitually truant after the student is absent from school without an acceptable excuse for all or part of five or more days in which school is held during a semester. The difference between truancy and habitual truancy is based on the chronic nature of the absences. When a student nears habitual truancy, the school will notify the parent by mail, and a parent meeting will be requested to discuss the student's truancy. If the student's truancy continues, consequences include but are not limited to the following:

- referral to police for municipal citation
- referral to the Department of Human Services
- detention
- in-school suspension
- loss of work permit.

If a student attends TJ Walker Middle School on an open enrollment agreement, that agreement may be terminated if the student is truant. This would result in the student continuing his/her education at the high school in the district where he/she lives.

Unexcused Absences: Absences for reasons not listed above under "Excused Absences" and/or absences in which a student has not followed the correct attendance procedures are considered unexcused. If a student is not present and the reason for absence has not been reported, an attempt to notify the parents will be made by the school.

When a student is absent from school, he/she will be required to make up time before or after the school day as a result of the absence. Parents will also be notified in writing of the unexcused absence and the consequences. In addition, referrals for counseling may be made and/or parent meetings required in order to further discuss the student's situation.

General School Conduct and Discipline: Students have the right to take advantage of instructional and related activities in an atmosphere where students can learn and teachers can teach. Each individual has the responsibility to behave in a way that will not infringe upon the rights of others. The school cannot function effectively without the students, staff, faculty, and administration working together to achieve the same goals. Students have the responsibility to abide by all reasonable district, building, and classroom rules established by school officials and to follow the reasonable directives of school administrators, faculty, and staff members. The directives of administrators, faculty, and staff members shall be presumed reasonable and, therefore, the burden of proving the directive unreasonable will be upon the student. If a student disagrees with a staff member's directive, then it is the student's responsibility to follow the provisions outlined in the "Due Process" section of this handbook in order to show that the directive was unreasonable.

Alcohol and Other Drugs: By policy, the Board of Education will not tolerate the following on any school property or at any school-sponsored activity:

- possession of drug-related paraphernalia
- possession and/or use of drugs or look-alike drugs, alcohol, inhalants, or other controlled substances
- distribution and/or sale of drugs or look-alike drugs, alcohol, inhalants, or other controlled substances
- sale, resale, or distribution of prescription drugs or over-the-counter drugs.

This policy is in effect 24 hours a day, 365 days a year. The administration will take the steps outlined below when the Student Alcohol and Other Drug Abuse policy is violated. In each case, the police and the parent/guardian will be contacted. Any or all of the alternatives listed below each type of violation may also be applied.

- Confiscate drug-related paraphernalia.
- Suspend in-school.
- Suspend out-of-school.

- Alternatives listed in related section(s) above with the following modifications:
 - Require parent/guardian to seek ATODA assessment/counseling.

Third Violation

- Suspend out-of-school and pursue expulsion hearing.

Dress Code: The Sturgeon Bay School District maintains dress and grooming standards because students should dress and groom themselves in a manner considered acceptable and appropriate by the community. We believe the business of school is learning, and school dress and grooming standards should support the learning environment, along with promoting a safe, orderly learning environment. The Dress Code is established to teach grooming, hygiene, instill discipline and modesty, teach respect for authority, and prepare students for the future. School is a place of business, therefore the dress and grooming of a student should reflect the serious intent of one who is going to work. Accordingly, dress and grooming standards should promote a business-like atmosphere which is comfortable, but not too casual, free from disruption, and easily enforced by teachers and administrators.

The parent and student shall be responsible for ensuring the student is in compliance with all aspects of the Dress Code when the student enters the school premises, and during the time the student is on school premises during school hours. Each student and parent shall be responsible for ensuring compliance with the standards presented in the Student Handbook. Failure to comply will result in the student being required to change clothes, and/or correct the infraction to meet the standards. Any clothing deemed inappropriate for the educational setting by the administration; along with the ruling of the building principal regarding compliance or non-compliance with the Dress code and the corresponding consequences assigned for the violation are final.

The student and parent may determine the student's personal dress and grooming, provided the following standards are met:

- Shoes must be worn at all times in and around the school building. (Bedroom slippers are not considered shoes.)
- Hoods or other head coverings that cover the ears (unless for religious reasons), and sunglasses are not to be worn in the school building.
- Hats, caps, sport-type headbands, or any other types of head covering garments are not to be worn on campuses during school hours. No hooded sweatshirts should be worn with the hood on inside the building. Bandanas may not be worn or carried.
- Blankets may not be worn in the school building.
- Heavy coats, jackets, and/or other heavy apparel may only be worn when arriving to and departing from school. These items should remain in lockers during the school day.
- Backpacks may not be carried into classrooms and should remain in lockers.

- Clothing that depicts or advertises alcohol, tobacco, tobacco products, tobacco look-alike products, or drug products; clothing that displays slogans with vulgar or sexual content; clothing that demeans an individual's or group's ethnicity or culture; and/or clothing that disrupts the learning environment at school may not be worn to school or to school-sponsored activities.
- A modest appearance must be maintained when standing, sitting, or bending.
- Regarding revealing clothing:
 - Skirts or shorts that are extremely short are not permitted.
 - Shirts/Tops that are extremely revealing are not permitted.
 - Shirts/Tops that expose the midriff or lower back while standing or sitting are not permitted. ○
 All clothing must completely cover all parts of undergarments.
 - Backless or strapless shirts/tops are not permitted.
 - Pants or shorts shall be appropriately sized and worn at the natural waist with or without a belt. Oversized or excessively baggy clothes are not permitted.
- Gang-affiliated jewelry, dress, or identification may not be worn to school.
- Jewelry or articles worn on the body or clothing which could pose a hazard to self or others are not permitted. Such items can include but are not limited to spiked wristbands, spiked dog collars, chains, or items that have a point and/or protrude.
- Wallet and/or pocket chains may not be worn.

Public Displays of Affection: Public displays of affection, such as excessive hugging, kissing, and touching inappropriate places on the body, is not allowed in our school environment. Students failing to comply will be subject to disciplinary action.

Food and Drink: The TJ Walker Middle School Commons is the primary area designated for eating and drinking. Cafeteria trays are not allowed to be taken out of the Middle School Commons area. Students are encouraged to consume all food and drink in this area. Open containers of food and drink are not allowed in the Library. Failure to follow this rule may result in the confiscation and loss of the food or drink item.

The degree to which food and drink are permitted outside of the Commons during the school day is directly dependent upon the student body's commitment to maintaining a clean building and school grounds of which all can take pride. Individual teachers may permit snacks in the classroom at their discretion if the privilege is not abused. If building cleanliness begins to suffer, then all food and drink will be confined to the Commons at the discretion of the principal.

General Classroom Guidelines: Though specific rules and expectations will vary in different classrooms, depending upon the teacher, the following are several general guidelines that are universal for all classes:

- Students should be in their assigned class and ready to work when the bell rings to begin class.
- Students should have all the necessary materials with them. Backpacks, purses, and non-essential items should be left in the student's locker.
- Students should continue to study if the teacher is required to temporarily leave the classroom.
- Students should cooperatively participate in all class activities to the best of their abilities.
- The teacher, not the bell, dismisses the class at the end of each period.
- During class time, students may not leave the room without first obtaining teacher permission and a hall pass.
- Students are also expected to learn and follow any rules as they pertain to the individual classrooms and teachers.

Language: Students are expected to use appropriate language at all times while at school or while involved in school activities. Language, gestures, and other forms of communication that are violent, abusive, indecent, profane, boisterous, unreasonably loud, or otherwise disorderly and that tend to cause or provoke a disturbance are inappropriate in a school environment. Serious and/or chronic offenses may result in suspension and a referral to law enforcement for disorderly conduct.

Promotion and Retention of Students: Teachers will not fail students if they are applying themselves to achieve their best. In general terms, this means completing assignments to the best of their ability, submitting all work on a timely basis, and demonstrating a reasonable degree of learning on exams and tests.

A parent/student conference will be arranged with the grade level teacher team for any student endanger of being retained. During the conference, our retention policy will be reviewed, and intervention plans developed. Summer school

and after school study sessions may be required because of this conference.

Homework: One of the major factors accounting for academic failures at any level is not doing assignments. In addition to not getting credit for homework, poor test scores usually accompany the problem, contributing to failing grades. Homework Policies will be communicated in writing by each teacher/teacher team. The policies will address what is considered late work and deductions for late work.

In Case of Absence: Assignments due on the day of a single absence are due upon return. Teachers may require long-term assignments (assigned for a week or more) be due on a specified date regardless of attendance. In such cases, students will need to have someone bring in the assignment for them if they are absent. The teacher will communicate this expectation in writing when the project is assigned. Assignments given on the day of a single absence will be due on the second day of return. Individual teachers may grant extensions at their discretion. Students who are absent for consecutive days are responsible for meeting with each teacher on the day of their return to determine due dates for assignments missed. Assignments not meeting these expectations are considered late and are subject to that teacher's late policy.

Study Table: Students may be required to attend Study Table after school if they are failing at the Progress Report period. Students are required to attend to the quarter's end but if they are still failing they must continue to the next Progress Report. Repeated failure to attend Study Tables may result in a Saturday detention or an In School Suspension. Parents are responsible for making transportation arrangements and calling to excuse their child.

Pass to Play: T. J. Walker Students must be passing all their classes on a weekly basis in order to participate in or observe any extra-curricular activities taking place at school (i.e., dances, athletic events, intramurals, class trips, and in-school recreational activities/assemblies). Utilizing our electronic grading system, weekly lists will be generated of students who are ineligible for these activities due to failing grades. Once a student regains his/her passing status, s/he will be allowed to participate.

Items Prohibited In School: Fidget spinners, fidget toys, Rubik cubes, dice, roller blades, wheelies, lighters, aerosol cans, laser pointers, fireworks, handheld games/videos, and other items considered a distraction to the learning environment are not allowed at school. Skateboards may be ridden to school but not on school grounds and must be kept in the office. Students are not permitted to have open containers in the hallway, and this includes soda, coffee and drinks brought from home. Drugs, alcohol, weapons, and drug paraphernalia, (including all articles resembling such items, etc.), are cause for suspension and/or referral to police. State law prohibits digital cameras in locker rooms. Prohibited items such as these listed above will be confiscated.

Phones and Other Electronic Devices: TJW Middle School and Sturgeon Bay School District are not responsible for theft or vandalism of cell phones or other electronic devices brought to school. Students may not use phones or any electronic device during class time without explicit teacher permission. Students may not disrupt the teaching and learning of any student or leave class to respond to phones or electronic devices. When phones and electronic devices are used inappropriately or without explicit teacher permission, students violate district policy and are subject to disciplinary sanctions, including confiscation of the phone and/or device.

- 1st Offense – Parent pick up and kept in Principal's office during the day for one week
- 2nd+ Offense – Principal will give a consequence ranging from detention to suspension
- *Failure to turn over the device may lead to a Saturday detention. When cell phones are dropped off for a student during the day, they will remain in the office until the end of the day when the student may pick it up.

As per Wisconsin State Statute, students may not use or be in possession of electronic paging or two-way communication devices (e.g., cell phones, smartphones, etc.) while on school-owned, -rented, or -controlled property without the prior approval of administration for legitimate uses. "Legitimate use" possession of cell phones is approved to middle school students but only under the following conditions:

- As a general rule, cell phones may not be used in the classroom during class sessions. However, cell phones may be used for instructional and/or other purposes at the discretion of the staff member supervising the class.
- Cell phones may not be used during homeroom periods, special assembly periods, and other times as designated by the principal.
- Under no circumstances are cell phones to be used by students in restrooms or locker rooms. ● Cell phones may never be used in a manner that interferes with the rights of others or which violates any federal, state, or local law or ordinance.

"Using" a cell phone is defined as but not limited to the following:

- Sending and/or receiving text messages or posts to forms of social media.
- Making and/or receiving calls.

- Taking or viewing pictures or other graphic images.
- Browsing the Internet and/or uploading or downloading files.
- Allowing the cell phone to give notification of a text message, call, or alarm (e.g., vibration, ring tone, or any other audible notification).
- Using any of the other features commonly found on cell phones (clock, calculator, games, etc.).

Tobacco-Free Environment: State law declares the premises of all public schools to be tobacco-free. Literally, that means no possession, smoking or chewing of any tobacco product on the school grounds, in school buildings, or at any school activities by anyone of any age. This includes the use of e-cigarettes.

Harassment: Students have the right to attend school without fear of physical threat and harm or verbal abuse. The Sturgeon Bay School District does not tolerate harassment in any form and will take all necessary and appropriate action to eliminate it. It is the policy of the district to maintain and ensure a learning environment free of any form of harassment or intimidation toward and between students and to encourage victims of harassment to come forward. Individuals who engage in harassment are subject to discipline up to and including suspension, expulsion, and referral to law enforcement.

“Harassment” means any behavior towards students based in whole or in part on sex; race; religion; national origin; ancestry; creed; pregnancy, marital, or parental status; sexual orientation; or physical, mental, emotional, or learning disability which substantially interferes with a student’s school performance or creates an intimidating, hostile, or offensive school environment. Objectionable behavior becomes harassment when the behavior persists after a warning has been issued; however, one-time incidents of disrespectful or abusive behavior are also subject to discipline depending upon the severity. Students have the responsibility to refrain from conduct that does not respect the rights, dignity, and safety of all individuals and to express their thoughts and feelings in a manner that does not offend, slander, or ridicule others.

Any student who believes that he/she has been subjected to harassment by another student, employee, or volunteer is strongly encouraged to directly inform the person engaging in harassing conduct that such conduct is offensive and must stop. A student who does not wish to communicate directly with the person whose conduct is offensive and/or who continues to be harassed after direct communication should report the incident to the principal, school resource officer, teacher, counselor, or staff member. All complaints will be thoroughly investigated, appropriate action taken, and a response given to the complainant within 15 days of the receipt of the complaint. If the complainant is not satisfied with the action taken, a written appeal may be filed with the superintendent. Additional information regarding harassment complaint procedures is available in the High School Office.

Racial and Sexual Harassment: Our school has a policy of zero tolerance regarding any actions which disrupt the learning environment or threatens others. This includes, but is not limited to, racial or sexual harassment in any form. Racial slurs or implications, sexually suggestive comments, actions, or gestures toward others are in violation of school policy and the law. This type of behavior will not be tolerated and complaints will be investigated. Consequences range from Restorative Practice to suspension and or expulsion.

Identification: Students have a responsibility to identify themselves when requested by school personnel or activity supervisors. Refusal to do so and/or misrepresentation of one’s identification will result in disciplinary action being taken.

Field Trip/Group Activities: Periodically throughout the year various classes and/or grade levels will take field trips away from the school grounds. For those activities, parental permission slips must be signed and on file in the office prior to the student being released from school. For students to be eligible for any of these field trips or special activities, students must be in acceptable academic and conduct status. Students are reminded that during field trips they are participating in a school activity and all school rules apply. Students are expected to be on their best behavior on trips since they are representing our school.

End of Year Checkout: Students who do not return all school property (library books, athletic equipment, padlocks, textbooks, etc.) will be notified and it is their responsibility to inform their parents or guardians. Students who return materials that show excessive wear or abuse beyond reason may also be assessed the prorated or full cost of the item(s).

School Property: You, as a student, share the responsibility for our school remaining a clean, pleasant place to work. Materials and equipment are available for your careful and reasonable use. All textbooks should be covered with a suitable covering. Please take pride in your school!

Bus Transportation: All students can behave appropriately and safely while riding on a school bus. Any student

behavior, which impairs a driver's ability to do his/her job or prevents other students from having safe transportation, will not be tolerated. General school behavioral expectations apply on the bus and at the bus stop. Additional expectations include:

1. Follow directives given by the driver.
2. Sit facing forward.
3. Stand to exit only after the bus stops.
4. Speak in a normal voice & use appropriate words.
5. No eating or drinking.
6. Do not throw objects within or out of the bus.

Consequences for not meeting these expectations will be determined by Kobussen Bus based on the frequency, severity, and age of the student. Standard school consequences may apply including suspension from riding the bus and/or police or community agency referral.

Bullying: The Sturgeon Bay School District strives to provide a safe, secure, and respectful learning environment for all students in school buildings, on school grounds, in school buses, and at school-sponsored activities. Bullying has a harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

By definition, bullying is deliberate or intentional behavior using words or actions intended to cause fear, intimidation, or harm. Bullying may be repeated behavior and involves an imbalance of power. The behavior may be motivated by an actual or perceived distinguishing characteristic such as but not limited to age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status.

Bullying behavior can be:

- physical (e.g., assault, hitting or punching, kicking, theft, or threatening behavior)
- verbal (e.g., threatening or intimidating language, teasing or name-calling, or racist remarks)
- indirect (e.g., spreading cruel rumors, intimidation through gestures, social exclusion, or sending insulting messages or pictures by mobile phone or using the Internet).

Bullying behavior is prohibited in all schools, buildings, property, and educational environments including any property or vehicle owned, leased, or used by the district. This includes public transportation regularly used by students to go to and from school. Educational environments include but are not limited to every activity under school supervision.

Any student or other concerned individual who is either a victim of the bullying or is aware of the bullying is encouraged to report the conduct to the principal or principal's designee. Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or written, will be taken seriously, and a clear account of the incident will be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

The principal or principal's designee shall within one school day interview the person(s) who are the victim(s) of the bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying will be notified prior to the conclusion of the investigation. The district shall maintain the confidentiality of the report and any related pupil records to the extent required by law.

If after investigation it is determined that a student participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, the district administration and Board of Education may take disciplinary action including but not limited to suspension, expulsion, and/or referral to law enforcement officials for possible legal action as appropriate.

Suspension: Suspension is the temporary exclusion of the student from school and activities. A suspension may be assigned for more serious conduct violations including but not limited to fighting; alcohol, drug, and tobacco possession or use; serious incidents of disorderly conduct; actions considered to be violations of federal, state, or municipal law; repeated refusal to follow school rules; and/or defiance of legitimate school authority.

A suspension can be either in school or out of school and cannot exceed five days unless an expulsion hearing is pending. Students will be told the reason for the suspension and may appeal the decision as per the provisions outlined in Board Policy 5611. Parents will be notified promptly of the suspension and the reason(s).

A student who has been placed on out-of-school suspension will not be allowed in the school building or on school grounds during the duration of the suspension. A student who has been placed on out-of-school suspension will remain in the High School Office until arrangements have been made for the parents or guardians to pick up the student or for the student to travel home. Any student under suspension will not be allowed to participate in co curricular events as either a participant or a spectator.

Expulsion: Expulsion is the most serious consequence that the school may impose. An expulsion cancels the right of the student to attend school or to participate in any school activities for the period of expulsion. According to Wisconsin State Statute, the Board of Education may expel a student from school for the following offenses:

- repeated refusal or neglect to obey school rules
- knowingly communicating a threat to destroy school property by means of explosives
- behavior at school or while under school supervision which endangers the property, health, or safety of others
- behavior away from school that endangers the property, health, or safety of others either at school or under school supervision
- behavior that endangers the property, health, or safety of any employee or Board of Education member of the district in which the student is enrolled
- repeated behavior by a student at least 16 years old that disrupts the ability of school authorities to maintain order or an educational atmosphere at school or at school-supervised activities
- possession of a firearm at school or while under the supervision of school authorities.

Positive Behavior Intervention Systems: TJ Walker Middle School implements school wide expectations and teaches positive behaviors throughout the year. Staff and students are taught the expectations through modeling, and lessons throughout the year reinforce these expectations. Our core expectations – respect School, Self and Others and motto – Clipper Proud.

Our students earn Clipper Bucks as a reward for positive behavior. All students can earn Clipper Bucks. Teachers and other staff members will use class DOJO instead of paper money. When students earn enough money, they can visit the school store and buy anything from school supplies, healthy snacks, and apparel. Many of the items are donated by parents or local businesses. Each quarter, staff hold grade level auctions or raffles where students can purchase items. Auction items are purchased by the school and allow students to spend Clipper Bucks on much larger ticket items. The items change throughout the year.

Students having difficulty following school expectations are assigned a social skills class. Social skills classes are a semester in length and students practice lessons on social emotional skills, conflict resolution and respect. Lessons vary each month.

Check In and Check Out (CICO) is a program for students with three (3) or more referrals in a six (6) week period. The Response to Intervention Team (RTI) meets weekly; reviewing student log entries and determining students for CICO. A counselor or staff member meets with the student before school and at the end of the day. The student has teachers complete a checklist each day and this is to be turned in to the assigned staff member. The student is dismissed after scoring proficient for four (4) consecutive weeks.

Teachers work through minor incidents with students. Teachers give warnings to students not following expectations and a second warning requires notifying parents as well as documenting the log entry in PowerSchool. The third step follows the second and if there is a fourth incident, the student is referred to Restorative Justice with our administrator and counselor. In Restorative Justice, a student, their parents or relative, teacher or staff member and counselor meet with the administrator and solve eight (8) questions in a group setting. The Restorative Justice meeting lasts 90 – 180 minutes in length.

Quarterly Failures: Each quarter, school will send home report cards. If a student fails an elective class, they are required to attend Summer School – Credit Recovery to pass the course. Core classes (English, Math, Science and Social Studies) are graded as semester courses. If a student fails, the semester they must attend Summer School – Credit Recovery. Upon completing the missing work, the student's grade will be changed to a passing grade.

Student Success Team: The Student Success Team (SST) is a problem solving and coordinating structure that assists

students, families, and teachers to seek positive solutions for maximizing student potential. The SST focuses in-depth on one student at a time and invites the parent and student to participate in finding solutions. Additionally, at the elementary level, the Classroom SST provides a structure to review the academic, behavioral and health status of each student in a particular classroom. This process informs individual actions for students, including referral to the formal SST process, and class-wide actions to address issues such as use of class resources, behavior management, classroom modifications, and health education.

Discipline: We have four behavioral pillars for our students: respect yourself, respect other students, respect all staff members, and respect school property. These serve as our basic framework for all specific expectations, rules, and policies. These guidelines, considered in conjunction with the severity of the infraction and the frequency in which the student has been referred to the principal for misconduct, will determine the consequence(s) infraction level. In summary, each student is expected to abide by all the rules of the school, to obey the directions of the staff, to be courteous and respectful of everyone, and to observe good order in all school-sponsored activities. The School Board has also adopted a “Classroom Code of Conduct” along with a Bullying Policy as per state law. Board Policies can be found at our district website.

This discipline code has been developed to provide guidelines for the consistent disposition of general infractions of school regulations and policies relating to behavioral or attendance problems. It is designed and intended to provide progressive disciplinary measure for repeated violations.

The levels of consequences are guidelines only. Severe instances of misbehavior that endanger the health and/or safety of others within the school community may be dealt with at higher levels of consequences than indicated for a related first-time offense. There are ten levels of discretionary discipline and each violation of the Code of Conduct has been assigned to a level. 2022-2023 Remote Learning Agreement

Our 6th - 8th grade remote learning option expectations include attendance, course participation and completion similar to in-person options. This option requires significant commitment from both students and parent(s)/guardians.

Learning Platform

- Remote students' academic classes are enrolled in Odysseyware Learning platform.
- Academic classes assigned in Odysseyware will be displayed in PowerSchool Learning.
- Academic class availability is limited to Odysseyware course offerings.
- Students may be assigned to an intervention course.
- Students' elective courses are available in-person.
- A teacher will be assigned to monitor student progress daily with designated office hours.
- TJ Walker teachers will not provide direct instruction.

Technology Requirements

- Reliable internet service is the parent(s)/guardians' responsibility.
- School provides the student with a Chromebook.
- Students sign a computer use agreement.

School & State Testing /Assessments

- Students must come in-person to take all local and state assessments (STAR and FORWARD tests).
- STAR tests are provided three times per year.
- The Forward Exam testing window is provided by the state of Wisconsin. The district determines when students take the test. The student or parent does not have the right to determine testing dates. It is expected that the administrator communicates with the remote learner's family to determine the best testing window.
- Note: additional testing may be required for the student to complete in-person if identified for academic progress monitoring or special education referrals.

Attendance and Course Progress Requirements

- Attendance requirements are in effect for remote and in-person students.
- Attendance is monitored by the assigned teacher and truancy applies to remote students.

Grade Policy

- Grades reflect academic performance.
- Participation grades are not available.
- All assignments, quizzes and tests are due by the end of each quarter and semester.

Extracurricular Activities

- Remote students are eligible to participate in extracurricular and co-curricular activities that include athletics, clubs, and school activities.
- Remote students must be passing to participate in extracurricular and co-curricular activities that include athletics, clubs or school activities.

Returning to In-Person Learning

- I understand that an asynchronous learning plan means my coursework schedule is not aligned with the coursework schedule of my classmates who are in-person learners. Therefore, when I enter the asynchronous learning plan, I agree to remain in the plan until at least the end of a quarter.
- I understand that if I find within the first five days of a quarter that the Asynchronous Remote Learner Plan is not suitable for me, I can opt out and rejoin in-person learning. However, I am responsible for all assignments I will have missed in the in-person courses.
- I understand that it is my responsibility to complete a course according to the TJ Walker Middle School quarter and semester calendar. If I do not complete a course according to this calendar, I may be required to return to in-person learning and repeat the course in a night school or summer school program.
- I understand that the school district pays the tuition for an asynchronous course. The cost of incidental fees will be

paid by me. By their signature below, my parents agree to reimburse the cost of tuition to the district in all cases where I receive a failing grade in the course, or I do not complete the course within the established course timelines.

Student Acknowledgement

- I understand that if an extension is needed, it is my responsibility to work with my teacher to set a new end date.
- I understand that there is a TJ Walker Middle School teacher assigned to each online course and that I must rely on that teacher for assistance.
- I understand that if I fail a course, I may not be allowed to continue in this program and may be required to return to in-person learning.
- I understand that my online teacher may require me to come to the building to complete exams.
- I understand that whether time is allowed during my daily class schedule, the grade from any online course I take will be entered on my report card.
- I understand that I am required to follow the expectations, policies, procedures, and rules described in the TJ Walker Middle School Student / Parent Handbook and Chromebook Handbook. I further understand that it is my responsibility to read these entire documents on my own and to seek clarification from a school staff member if I am unclear as to any of the expectations, policies, procedures, and rules of TJ Walker Middle School. My signature does not necessarily indicate my agreement with the information contained in these handbooks. However, it does indicate that I understand that I am responsible for all the information contained within the handbooks and that I will be held accountable for that information.
- I understand that attendance in online programming is performance based. It is measured not only by logging into the course(s) but by successful submission of completed coursework, participation in course activities such as threaded discussions, and communication with the online instructor. Failure to complete work on a regular basis is considered habitual truancy and is therefore in violation of Wisconsin's Compulsory Attendance Statutes 118.16(1)(c) and 118.163(1m) that require a child attend school regularly until graduation from high school, or until the end of the semester in which he/she turns 18 years of age, or until he/she is excused from attendance by the school board. The student and parent/guardian may be subject to legal sanctions.
- I understand that not all courses may be taught in the online format (e.g., band; choir; specific hands-on courses from Art, Family and Consumer, and Tech Ed; or software-specific courses from Art and Computer Science). These courses would need to be taken in-person.
- I understand that I will be required to attend in-person for all state-mandated local and state testing (STAR and Forward tests).
- I agree to comply with the TJ Walker Middle School Acceptable Use Policy regarding use of the school computer network (excerpted from the Student / Parent Handbook and Chromebook Handbook):
 - I will access only my own assigned computer, account, and/or files. If someone else is logged into a device, I will log him/her off and log in as myself.
 - I will not use school devices or Internet access to create, access, upload, or transmit material that is obscene, profane, violent, discriminatory, or depicts or describes illegal activities. I will not participate in cyber-bullying by spreading gossip, insults, or other unkindness with the purpose of creating, viewing, or participating in the humiliation of others.
 - I will not plagiarize by representing the work of others as my own; I will provide citations as needed to obey copyright law. I will not manipulate technology to cheat.
 - I will use the school's devices, accounts, and school-assigned email address only for educational purposes.
 - I will not give my password to another user nor attempt to learn or to use anyone else's password, and I will not transmit my address or telephone number or any personal or confidential information about myself or others.
 - I will not damage or tamper with hardware or software; vandalize or destroy data; intrude upon, alter, or destroy the files of another user; introduce or use malicious software; access restricted information or networks; alter or change security settings; or block, intercept, or interfere with any email or electronic communications by teachers and administrators to parents or others.

Students/families will be held responsible for the cost of replacement of any materials or property which are lost or damaged through student negligence or intentionally destructive behavior. ○ If I notice any strange or suspicious activity on the device I am using, I will report it immediately to the Library Media staff.

○ I will follow all school rules while using my own device on school grounds, and I understand that the rules outlined above apply to my use of my own device on school property.

- I understand that my use of the school district’s computers, Google account, and wifi access is not private, and that the district reserves the right to monitor use to assure compliance with these guidelines. Violations may lead to revocation of computer access and/or other disciplinary measures.
- I acknowledge that my signature on this contract represents my agreement to enter the TJ Walker Middle School Asynchronous Remote Learner Program and to be held accountable for academic progress made through this program with the goal of passing all classes and advancing to the next grade and eventually a Sturgeon Bay High School diploma.

Parent Acknowledgement

- I am in support of my student’s involvement as an asynchronous remote learner, and I will provide a justifiable reason for my support of this learning platform.
- I understand that I will be required to meet with school personnel to discuss my student’s involvement in this learning platform.
- I understand I am responsible for providing a reliable Internet connection and an appropriate learning environment in my home.
- I understand that the school district will provide my student with a Chromebook.
- *I have read and understand the information provided regarding remote learning.*
- I understand that it is my student’s responsibility to comply with those items described in “to the student” above, and I will support my student in his/her compliance.

Co-Curricular Activities

A program of co-curricular activities is available to students throughout the school year in the form of clubs and sporting programs. All middle school aged students in the Sturgeon Bay School District (including parochial and home school students) are eligible to participate in the athletic programs offered at T. J. Walker. The following co-curricular activities are available to students: Football – grades 6 - 8 Boys' and Girls' Basketball – grades 7, 8 Wrestling – grades 6 - 8 Volleyball – grades 7, 8 Boys' and Girls' Track – grades 6 - 8 Cross Country - grades 6 - 8 Battle of the Books – grades 6 - 8 Destination Imagination – grades 6 - 8 Jazz Band – grades 7, 8 Student Council – grades 6 - 8 Rainbow Warriors GSA – grades 6 – 8 Yearbook – grades 6 - 8 Trap/Clay Shooting Team – grades 6 - 8

During the year various activities beyond the normal school day are initiated by student groups, teachers, and parents. Such activities must: be in accordance with School Board Policy, be approved by the principal, have an advisor, have an approved means to be funded, and be properly chaperoned. In the past these groups have included: Soccer, Chess Club, Dance Team, and Cheerleading.

The main goal of middle school athletics is the development of ideals, standards, character, learning one's strengths and weaknesses, sportsmanship, skill-development, enjoyment for the activity and the group involved, and understanding various types of people by working and playing together. The emphasis is not to be placed on winning. Everyone is expected to play a significant amount of time during each contest. Equal time is not guaranteed, as several variables factor into the decision. Cutting students from a sport is not allowed. The following information contains important policies and procedures regarding co-curricular activities.

Co-Curricular Code: Students are governed by a co-curricular code approved by the Board of Education - “Any student whose habits, and/or conduct, namely the use of alcoholic beverages, tobacco, drugs, profanity, acts of immorality, or other unacceptable conduct in or out of school may make him/her ineligible to represent the ideals, principles, and standards of the school. He/she shall be suspended from any practice and/or competition by the principal. The period of suspension shall be determined by the principal in accordance with school board policy. A signed co-curricular code must be on file in the school office prior to any involvement (practices and competitions) in the co-curricular program.

Academic Eligibility: T. J. Walker students must be passing all their classes to participate in practice or contests. Utilizing our electronic grading system, weekly lists will be generated of students who are ineligible for these activities due to failing grades. Once a student regains his/her passing status, s/he will be allowed to participate. Students who have a failing grade on the quarter report card will be ineligible to participate in practice or contests for two calendar weeks after the grades are posted.

After School Activities: Students must be passing their classes to participate in after school activities. If a student receives a referral or is removed from class, they will not participate in one game. The one game suspension goes into effect that day. The suspended student can travel with their team, warm up with their team but must not participate in the game they are suspended.

User Fees: The Board of Education has approved charging user fees for all participants in athletics. Each athlete will be required to pay the fee before participating. Parents who qualify for free and reduced lunch may request to waive the participation fee by completing a Disclosure of Free and Reduced-Price Information Agreement.

Sportsmanship: Athletics and other competitions provide an excellent avenue for developing a student's character in sportsmanship, leadership, commitment, and working with others. Parents are asked to support their child's development in these areas by encouraging participation in co-curriculars and by attending their child's contests. While attending events parents need to assist our school's efforts to build character in our students by modeling appropriate sportsmanship. We ask that parents and students remain positive by shouting encouraging words rather than words that insult, demean or put-down players, coaches, and/ or officials.

Physical Examinations: All boys and girls participating in any organized athletic programs must have a physical examination by a licensed physician on file in the school office prior to any involvement (practice or competition) in the activity. Cards for physical examinations are available from the activity advisor, coach, or in the middle school office.

Transportation To/From Events: When attending a school-sponsored function (i.e., sporting event, solo ensemble, band festival, etc.) as part of a team or a group, in most instances students will be transported in district owned/approved vehicles to events unless the coach approves a parent(s) to transport their student. Parents attending the event may sign-out

their child to ride home with them. Arrangements to have their child ride home with another responsible adult must be done prior to the event in writing and have the principal's approval.

IDEA ACT 2004

Definition: The Individuals with Disabilities Education Improvement Act (IDEA) 2004 continues to encourage the use of proactive measures to prevent discipline problems. If a child's behavior impedes his or her learning or the learning of others, the child's individualized education program (IEP) team must consider the use of positive behavioral interventions and supports to address the behavior. If school personnel believe that a child's program and placement are inappropriate, they can work with the parents through the IEP team process to develop an appropriate program and placement that will meet the child's needs and ensure a safe and appropriate learning environment for all. This bulletin discusses the balance struck by IDEA permitting school officials to maintain a safe learning environment for all, while also including protections to prevent the inappropriate exclusion of children with disabilities.

Questions:

1. How should a local educational agency (LEA) address inappropriate behavior by a child with a disability?

The agency should consider holding an IEP team meeting to review the child's IEP and placement to determine whether they continue to be appropriate. The IEP team participants should determine whether the child's behavior is impeding his or her learning or the learning of others. If so, the team must consider positive behavioral interventions, strategies and supports to address the behavior. The team may consider whether functional behavioral assessment is appropriate to assist in the development of such strategies. They should consider whether re-evaluation of the child by an IEP team may be needed to determine whether the child has other impairments or educational needs. It is important to remember, however, that a child with any type of disability may present behavior that impedes learning and requires positive behavioral interventions, strategies and supports.

2. May a teacher remove a student from a particular class without a school official suspending the child from school?

Yes, under §118.164, Wis. Stats., a teacher may remove a pupil from the teacher's class if the pupil violates the code of classroom conduct adopted by the school board under §120.13(1)(a). The teacher may also remove the child from the classroom if the pupil is dangerous, unruly or disruptive or exhibits behavior that interferes with the ability of a teacher to teach effectively, as specified in the code of classroom conduct.

A teacher, school board, school district administrator or their designee is not prohibited from further disciplining a pupil because the pupil has been removed from class using this procedure. If a child's IEP addresses the behavior that violates the classroom code of conduct, it generally would be inappropriate to use a response to that behavior other than the response called for by the IEP.

3. When a student is removed from class by a teacher under §118.164, Wis. Stats., where is the child placed?

The principal or his or her designee may select one of the following four options for the child:

- An alternative education program under §115.28(7)(e)1., Wis. Stats. An alternative program is an instructional program, approved by the school board, that uses successful alternative or adaptive school structures and teaching techniques in existing traditional classrooms or regularly scheduled curricular programs or that is offered in place of these programs. It does not include a private school or home schooling by the parent.
- Another class in the school or another appropriate place in the school, as determined by the principal or his designee.
- Another instructional setting; or
- The classroom from which the child was removed if, after weighing the interests of the removed pupil, the other pupils in the class and the teacher, the school principal or his or her designee determines that re-admission to the class is the best or only alternative.

4. What is a school district's general authority under state law to suspend a pupil from school?

The authority of a school district to suspend a pupil is found at §120.13(1)(b), Wis. Stats. State law permits a school district administrator, or any principal or teacher designated by the school district administrator to suspend a pupil for:

- noncompliance with school rules; or
- knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives.
- conduct by the pupil while at school or while under the supervision of a school authority which endangers the property, health, or safety of others; or
- conduct while not at school or while not under the supervision of a school authority which endangers the property, health, or safety of others at school or under the

supervision of a school authority or endangers the property, health or safety of any employee or school board member of the school district in which the pupil is enrolled.

Conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

Prior to the suspension, the pupil must be advised of the reason for the proposed suspension. If the pupil denies the accusation, the school must explain the information it has and permit the pupil to provide his or her version. The pupil's parent must be given prompt notice of the suspension and the reason for the suspension.

5. For how many consecutive school days may a student be suspended from school?

The general authority under State law permits suspensions from school for up to five consecutive school days and for up to 15 consecutive school days when a notice of expulsion hearing has been sent. Additional requirements apply to children with disabilities. A child with a disability may only be suspended for more than ten consecutive school days if the conduct is not a manifestation, as described in this bulletin, of the child's disability.

6. May a parent or a pupil challenge a suspension?

A parent or a pupil may, within five school days following the commencement of a suspension, have a conference with the school district administrator or his or her designee. The designee may not be the principal, an administrator, or a teacher in the child's school. If the school district administrator or his or her designee finds that the child was suspended unfairly or unjustly; or the suspension was inappropriate given the nature of the offense; or the child suffered undue consequences or penalties because of the suspension, reference to the child's suspension must be removed from the child's records. The finding must be made within 15 days of the conference. A parent of a child with a disability may also challenge any issue relating to the identification, evaluation, educational placement, or the provision of free appropriate public education to the child by requesting a due process hearing.

7. What is the school district's general authority to expel a pupil?

The school district's general authority to expel a pupil is found at §120.13(1)(c), Wis. Stats. Generally, a pupil may be expelled from school if the school board finds the pupil guilty of:

- repeated refusal or neglect to obey the rules.
- threatening to destroy school property by explosion.
- engaging in conduct at school that endangers the property, health, or safety of others;
or

- engaging in conduct while not at school or under the school's supervision or endangering the property health or safety of any employee or school board member of the district in which the student is enrolled. Conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The board must be satisfied that the interest of the school demands the pupil's expulsion. Prior to the expulsion, the school board must hold a hearing. If the child is a child with a disability, the agency also must follow the IDEA requirements described in this bulletin.

8. May a parent or adult pupil appeal the school board's decision to expel a pupil?

Yes. A pupil or, if the pupil is a minor, the pupil's parent or guardian may appeal the expulsion to the State Superintendent of Public Instruction, who must review the board's decision within 60 days after receiving the appeal to determine whether the district has followed required procedures. A parent may also challenge the expulsion of a child with a disability by requesting a due process hearing.

9. Is there a limit on the total number of school days a pupil with a disability may be removed from his or her educational placement during the school year?

No. State and federal law do not establish an absolute limit on the number of cumulative days of removal permitted in a school year. The district must follow the requirements described in this bulletin when a student with a disability is removed more than ten cumulative days in a school year.

10. What constitutes a change in educational placement for a child with a disability?

A change in educational placement for a child with a disability occurs when a child is removed from his or her current educational placement for more than ten consecutive school days. A change of placement also occurs if the child has been subjected to a series of removals that constitute a pattern because:

- the series of removals total more than ten school days in a school year.
- the child's behavior is substantially like the child's behavior in previous incidents that resulted in the series of removals; and
- of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

Whether the behavior in the incidents that resulted in the series of removals is "substantially similar" should be decided on a case-by-case basis and include consideration of any relevant information regarding the child's behaviors, including, where appropriate, any information in the child's IEP.

11. Who decides whether a series of removals will result in a change of educational placement?

Whether a series of removals constitutes a change in educational placement is determined on a case-by-case basis by the public agency. The department recommends that the principal of the child's school or other administrator and the child's special education

teacher consult regarding whether a short-term removal will constitute a change in educational placement. If the parent disagrees with the determination by the public agency, the parent may request a due process hearing.

12. Are "in-school suspensions" or other in-school disciplinary measures considered when determining whether the child has been removed from school for ten cumulative school days during a school year?

In-school removals from class must be considered a removal unless the child has the opportunity:

- to continue to participate in the general curriculum.
- to receive the services specified in his or her IEP; and
- to participate with nondisabled children to the extent he or she would have in the current placement.

13. Do part-day removals count toward considering whether a child has been removed for more than ten cumulative school days in a school year?

In determining whether the child had been removed for more than ten cumulative school days or subjected to a change in placement, the agency would include portions of a school day that a child had been removed. Sending a child with a disability home during the school day for not following school rules without following the procedures relating to suspension constitutes "de facto" suspension of a child from school. These days must be considered when determining whether a series of removals resulted in a change of educational placement or whether the child had been removed from school for more than ten cumulative days in a school year.

14. Do bus suspensions count toward considering whether a child has been removed for more than ten cumulative school days in a school year?

Yes, if the child does not attend school as a result of the suspension.

15. What must an LEA do when removals exceed a total of ten cumulative school days during the school year but *will not result in a change in placement*?

When removals exceed ten cumulative school days in a school year, the public agency must determine whether the removal would result in a change of educational placement. If the removal will not result in a change of educational placement, the LEA may remove the child to the extent that a nondisabled child would be removed.

Beginning on the 11th cumulative school day of removal in a school year, and during subsequent removals, the agency must provide services to the extent necessary to enable

the child to continue to participate appropriately in the general curriculum, although in another setting, and appropriately advance toward achieving the IEP goals. The decision about the necessary services is made by school personnel, e.g., the school principal or other administrator in consultation with at least one of the child's teachers. School personnel determine where the services will be provided. The services may vary depending on the needs of the child and the length of the removal.

16. What must an LEA do when a removal will result in a change of educational placement?

When a removal will result in a change of educational placement either because the removal exceeds ten consecutive school days or the removal exceeds ten cumulative school days and creates a pattern that results in a change in educational placement, the agency must do the following:

Notice

On the date the decision is made to make a removal that constitutes a change in placement, the child's parents must be notified of the decision and must be provided a procedural safeguards notice (statement of parent and child rights).

Manifestation determination

- Within ten school days after the date on which the decision to change the child's placement is made, the public agency, the parent and relevant members of the IEP team must determine whether the conduct is a manifestation of the child's disability. In making the determination, all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents, must be reviewed.
- The conduct must be determined to be a manifestation of the child's disability if:
- The conduct was caused by, or had a direct and substantial relationship to, the child's disability; or
- The conduct was the direct result of the agency's failure to implement the IEP. The LEA must take immediate steps to remedy a failure to implement the IEP. A parent of a child with a disability who disagrees with any decision regarding the manifestation determination may request an expedited due process hearing.
- Except where a student is disciplined for behavior involving weapons, drugs, or serious bodily harm, if the behavior is determined to be a manifestation of the child's disability, the IEP team must return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan.
- If the behavior is determined not to be a manifestation of the child's disability, the LEA may remove the child to the same extent it would remove a child who does not have a disability.

Functional Behavioral Assessments (FBAs) and Behavior Intervention Plans (BIPs)

- If the behavior is a manifestation of the child's disability and the child already has a behavioral intervention plan, the IEP team must meet to review the plan and its implementation. The IEP team must modify the plan and its implementation, if necessary, to address the child's behavior. If the child does not have a behavior intervention plan, the IEP team must conduct a functional behavioral assessment and implement a behavioral intervention plan for the child.
 - If the behavior is not a manifestation of the child's disability the child must receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

Services

When the behavior is determined not to be a manifestation of the child's disability, the LEA may proceed with the change in placement. The LEA must provide educational services, as determined by the IEP team, to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP. Participation in the general curriculum does not mean that a school or district must replicate every aspect of the services that a child would receive if in his or her normal classroom.

17. What is the LEA's authority if the behavior involves weapons, illegal drugs, controlled substances or serious bodily injury?

LEA personnel may order a change of placement to an appropriate interim alternative educational setting without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child carries a weapon to school or possesses a weapon at school, knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance at school or has inflicted serious bodily injury upon another person while at school. "School" includes any school function under the jurisdiction of an LEA or the Department of Public Instruction. The placement may be for the same amount of time a child without a disability would be disciplined, not to exceed 45 school days. The interim alternative educational setting must be determined by an IEP team.

For the purpose of the discipline requirements of special education law:

- "Weapon" means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2 ½ inches in length.
- "Controlled substance" means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act [subsection (c) of section 812 of Title 21, United States Code]. Revised schedules are published in the Code of Federal Regulations, Part 1308 of Title 21, Food and Drugs.
- "Illegal drug" means a controlled substance. The term "illegal drug" does not include

a substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act. Generally speaking, controlled substances include what we commonly think of as illegal "street drugs" such as marijuana, cocaine, LSD, etc., as well as prescription drugs. Drugs purchased legally over-the-counter are not "controlled substances." "Illegal drugs" are controlled substances unless possessed or used lawfully, e.g., with a prescription. For example, Ritalin is a "controlled substance," but is not an illegal drug if it is possessed or used pursuant to a prescription. Ritalin is an illegal drug if possessed or used without a prescription. For the purposes of the discipline requirements of special education law, alcohol and tobacco are not illegal drugs or controlled substances.

- "Serious bodily injury" means bodily injury that involves: A substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

18. What may an LEA do when the conduct is a manifestation of the child's disability, but the LEA believes it would be dangerous to return the child to the previous placement?

If the child's behavior poses a threat of injury to self or others, the agency may request an expedited due process hearing to request a hearing officer to place the child in an interim alternative educational setting. The hearing officer may order the child to an interim alternative educational setting for up to 45 school days if the hearing officer determines that maintaining the child's current placement is substantially likely to result in injury to the child or to others. As an alternative to a due process hearing, the LEA may apply to a court for an order changing the child's placement.

19. What if a parent disagrees with a manifestation determination or a disciplinary removal from the current educational placement?

A parent or an adult pupil may submit a request for a due process hearing to the LEA and send a copy of the request to the Department of Public Instruction. The LEA must hold a resolution meeting within seven calendar days of receiving notice of the due process complaint unless the parents and LEA agree in writing to waive the resolution meeting or agree to use the mediation process. The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 calendar days of the receipt of the due process complaint. An expedited hearing must be conducted within 20 school days of receipt of the hearing request, and a decision must be issued within ten school days following the hearing. The hearing officer's decision is final unless appealed in state circuit court or federal district court.

"Stay put" no longer applies to disciplinary removals. The child remains in the setting to which he was removed until the hearing is completed or until the original removal period expires unless the parent and the LEA agree otherwise.

20. Do federal and state requirements regarding the expulsion of children who bring firearms to school conflict with expulsion requirements that apply to children with disabilities?

No. While the Gun-Free Schools Act requires an LEA to have a policy in effect requiring the expulsion for a period of not less than one year of any student who brings a firearm to

school, the Act does not require a district to expel all such students without exception. The Act allows the district's chief administering officer to modify the expulsion requirement of the Act for a student on a case-by-case basis. The U.S. Department of Education has interpreted this provision to mean that an LEA may comply with both special education law and the Gun-Free Schools Act by focusing on this provision for case-by-case modification of the expulsion policy.

State law includes similar provisions. Sections 120.13(c)2m. and (e)2., Wis. Stats., require a school board to commence a hearing and expel a pupil from school for not less than a year for possessing a firearm at school or while under the supervision of a school authority. Section 120.13(1)(g), provides that a school board may modify this requirement on a case-by-case basis. A school board must modify this requirement if necessary, to comply with special education requirements. For example, the school board must modify the expulsion requirement if the IEP team determines that the conduct subject to expulsion is a manifestation of the child's disability.

21. Does section 120.13(1)(f), Wis. Stats., permit a school district to refuse a special education referral for an expelled child or permit a district to refuse a free appropriate public education to an expelled child with a disability?

No. Section 120.13(1)(f) provides that a school board is not required to enroll a pupil from another school district during the term of his or her expulsion. Therefore, the school board is not required to admit the pupil to the district's schools during the term of his or her expulsion. However, under federal and state law LEAs must locate, identify, evaluate, and provide a free appropriate public education to all children with disabilities, including children who have been expelled from school. A school district cannot refuse an IEP team evaluation because a child has been expelled from another school district. A school district cannot refuse to provide a free appropriate public education to a child with a disability expelled from another school district. However, the school board may provide the services to the child in a setting other than one of the district's schools, as determined by the IEP team.

22. When is a child who is not identified as eligible for special education entitled to the protection of special education law?

A child who had not been determined eligible for special education is entitled to protection of special education law when the public agency had knowledge that the child was a child with a disability prior to the behavior that precipitated the disciplinary action. A public agency must be deemed to have knowledge when:

- The child's parent expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child needs special education and related services.
- The child's parent requested a special education evaluation of the child.
- The child's teacher, or other personnel of the LEA, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other agency supervisory personnel.

A public agency would not be deemed to have knowledge if the child's parent has not allowed an evaluation of the child or has refused services for the child or the child has been evaluated and determined not to be a child with a disability.

If an LEA determines that it had a basis for such knowledge before the behavior, it must provide the child the protection of special education law, including the protections relating to discipline. It must ensure that the child is referred for IEP team evaluation and that the parents are notified of their rights under special education law.

If a public agency does not have knowledge that a child is a child with a disability prior to taking disciplinary measures, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors.

23. Must an LEA evaluate a child referred for an IEP team evaluation during a period of disciplinary removal?

Yes. If the child is referred for an IEP team evaluation during a period of disciplinary removal, the agency must conduct the evaluation in an expedited manner. Until the evaluation is completed, the child remains in the placement determined by school officials, which can include suspension or expulsion without educational services. If the LEA determines that the child is a child with a disability, the agency must provide a free appropriate public education to the child in accordance with the law.

24. May an LEA report a crime committed by a child with a disability to the authorities?

Nothing in state or federal special education law prohibits an LEA from reporting a crime committed by a child with a disability to appropriate authorities or prevents law enforcement authorities and the courts from applying the law to crimes committed by a child with a disability. An LEA reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are sent for consideration by the appropriate authorities to whom it reports the crime. The LEA may transmit copies of these records only to the extent permitted by the Family Educational Rights and Privacy Act (FERPA) and its implementing regulations, 34 CFR Part 99, which in most cases would require parent consent.

Information Update 7.01.2019

1. What are positive behavioral supports or interventions?

Positive behavioral supports or interventions, which are based on functional behavioral assessment, attempt to **understand the purpose of a problem behavior** so the problem behavior is replaced with new and more appropriate behaviors that achieve the same purpose.

In general, positive approaches are developmentally, chronologically, cognitively, and functionally appropriate for the student and focus on two areas: (1) modifying the environment to try to prevent challenging behaviors; and/or (2) addressing behavior programmatically by teaching replacement behaviors and skills.

There are three reasons why school personnel should strongly consider positive

behavioral supports and interventions:

- A. Simply suppressing a problem behavior does not have long-term effects and often leads to increased counter-aggressive behaviors from students.
- B. Once school personnel know why a student's behavior occurs, they can respond more appropriately by teaching the student a more appropriate way of responding. This serves the long-term interests of both student and teacher.
- C. Traditional punishment focuses on "fixing the student." The focus of positive behavioral support is fixing student skill deficiencies, classroom settings, instructional delivery, and/or curricular adaptations.

2. What are some examples of positive interventions, strategies and supports?

As noted in question 1, the two main areas to consider are modifying the environment and addressing behavior programmatically by teaching replacement behaviors and skills. When modifying the environment, the goal is to prevent the behavior from occurring by adjusting the antecedents of the behavior, the consequences, or both. Examples include:

- modifying or adjusting instructional strategies, curriculum, and materials ●
- modifying or adjusting classroom seating, arrangement, or traffic patterns ●
- modifying or adjusting testing and evaluation procedures
- providing increased opportunities for students to make choices.
- providing predictable classroom routines
- foreshadowing change
- cueing students
- having clear, consistent expectations and consequences in classrooms and throughout the school.

Addressing behavior programmatically by teaching replacement behaviors and skills means identifying alternative and more acceptable behaviors that serve the same function for the student; teaching general complementary skills (such as reading comprehension if the student is avoiding classes where reading is stressed); and providing instruction in self-regulatory or self-control skills to assist the student in coping with and tolerating situations which have led to behavioral outbursts in the past. These skills also lead to generalization and to intrinsic motivation rather than reliance on an external reward system.

3. Why is there an emphasis on positive behavioral interventions?

Unless acceptable replacement behaviors are taught and established as part of a child's repertoire, long-term behavior change will probably not occur. It is necessary to address behavior as a subject, and the goal is to make the appropriate behavior automatic. This means providing instruction and opportunities for the student to practice, reinforcement and feedback, and generalization skills so that the student learns the behavior in a variety of settings. If behavior is not addressed as a learning issue, the child will revert to what she/he knows in a crisis.

4. What is functional behavioral assessment (FBA)?

FBA is a continuous process (not a one-time event) for identifying, (1) the purpose or function of the behavior, (2) the variables that influence the behavior, and (3) components of an effective behavioral intervention plan (BIP). If the hypothesis about the function or purpose of a problem behavior is correct, it results in ideas for alternative skills or strategies that can be taught, as well as ideas for meaningful consequences for the student.

5. What is the basis for FBA?

FBA is based on the theories of applied behavior analysis (ABA) and is concerned with the analysis and modification of human behavior. It is often represented by one of the following paradigms:

A ► B ► C or A ► R ► C

- The "A" in either paradigm is **antecedent** — that which precedes the behavior of concern. The antecedents may include external factors such as settings, tasks, people, activities, and events. Antecedents may also be internal factors such as moods, medical conditions, disabilities, or psychiatric conditions.
- The "B" represents **behavior**, while the "R" stands for **response**. It is important to define behavior or response in observable, factual terms. Stay away from emotions or projected feelings, such as "he felt bad" or "his feelings were hurt". A better description might be "he puts his head down and cries." Everyone involved needs to understand the meaning of the behavior. For example, what is meant by "in seat," "disruptive," "on time," or "verbal aggression"?
- The "C" is **consequence** — that which follows the target behavior. It is important to consider factors such as what the student does, what other students do, what teachers or other adults do, and whether there are meaningful consequences.

If the behavior can be understood within its context, a hypothesis regarding the function of the behavior can then be developed.

6. What are some of the common functions of behavior?

The "function" of any given behavior is the underlying reason(s) people behave in a certain way. Many FBAs attempt to define "functions" into a set of pre-determined

categories. Traditional functions of behavior which many people are familiar with include:

- Attention
- Escape
- Demand
- Automatic Reinforcement (self-stimulation)

For the purposes of determining functions as part of a functional behavior assessment in an educational context, it is important to keep in mind the role of educators in teaching and supporting student academic and social emotional behavior.

Examples may include: Student is attempting to...

- cope with a situation she/he feels is stressful.
- assert a need she/he feels.
- accomplish something they feel is important.
- gain social approval/interaction.
- gain access to items, activities, or environment
- achieve a sense of safety.
- avoid/escape from activities or environment.
- avoid/escape from social attention/interaction.
- avoid/escape from overwhelming sensory stimulation.
- gain power/control over her/his life or circumstances

Educators may consider other categories of “function.” Understanding the student’s point of view, unique disability related needs, or history of possible trauma may assist teachers in planning and supporting students in educational settings. Other information educators may consider when determining functions of behavior include FBA interviews, skill versus performance deficits, and information collected from other data sources.

7. When is FBA used?

FBA is legally required when a disciplinary change of placement occurs, and the behavior is determined to be a manifestation of the disability. These specific requirements are more fully addressed in Information Update 06.02, Legal Requirements

Relating to Disciplining Children with Disabilities, questions 15 and 16. A FBA is also required when an individualized education program (IEP) team determines the use of seclusion or restraint is reasonably anticipated. These requirements are addressed in 2011 Act 125 Seclusion and Restraint Frequently Asked Questions.

If there is a change of placement and the behavior is **not** a manifestation of the disability, a FBA should be conducted "as appropriate."

In addition to when legally required, it is good practice to conduct FBA:

- when challenging behaviors are a concern, regardless of the disability of the child – this is not just a process for children identified with emotional behavioral disabilities.
- when the current program is not effective.
- when the student or others are at risk for harm or exclusion.
- when a more restrictive placement or a more intrusive intervention is contemplated; and
- when there are repeated and serious behavior problems.

8. Must we do this for every child with a disability?

If the Individualized Education Program (IEP) team determines the student's behavior is interfering with his/her learning or that of others, the IEP team must consider strategies, including positive interventions and supports, to address the behavior. This is true regardless of the disability label of the student. FBA is a useful process in developing appropriate interventions. It is not necessary to address FBA and behavioral interventions if behavior is not an issue for an individual.

9. How do we decide when to conduct a FBA?

Consider the following factors:

- Are you spending more time on behavioral issues than on other needs with this student? Is behavior a primary issue with this student (regardless of the student's disability)?
- Is the misbehavior more than just occasional? Is it pervasive?
- How does the student's behavior compare to peers? Is the behavior chronologically and/or developmentally appropriate?
- Is the behavior responding to typical school and/or classroom interventions?
- Can you point to a reason why the child may be misbehaving (for example, a recent

divorce or illness in the family)? Would you expect or predict the behavior given the circumstances? Do you expect the behavior to naturally diminish over time?

- Is the current program effective? Is the student at risk for harm or exclusion? Are others at risk for harm? Is a more restrictive placement or a more intrusive intervention being considered?
- Is a FBA legally required (see question 7)?

10. Who is responsible for FBA?

The IEP team conducts the FBA. See question 16, Information Update

06.02. 11. Is the process the same in every case?

No. Neither federal nor state law requires a specific format for FBA; it will vary on a case-by-case basis. In some cases, review of records and existing information may be sufficient; in other cases, it may be necessary to conduct interviews, do observations, and/or complete formalized assessments.

12. Do we need parent consent to conduct a FBA?

In many cases, a FBA can be conducted using data obtained in the normal course of the student's educational program. Parent consent is not required in such cases. Specifically, parent consent is not required if the data to be used in the FBA:

- is collected as a service specified in the student's IEP;
- is part of ongoing classroom observation and assessment conducted in the normal course of the student's program; or
- is part of ongoing review of the effectiveness of the behavioral intervention plan (BIP) included in the student's IEP.

In some cases, it may be necessary to administer additional tests or other evaluation materials to obtain the information needed to conduct the FBA. In such cases, an evaluation process must be initiated, and parent consent must be obtained before administering additional tests or evaluative materials. Assuming the student has already been determined to be a child with a disability, the evaluation in such circumstances would focus on determining the nature and extent of the special education and related services the student needs.

13. How do we begin data collection?

A single source of information generally does not produce sufficiently accurate information so multiple sources and methods are needed. For example, an interview does not stand alone, but if the same conclusions are supported by direct observation and a second interview source, the information is then more reliable. The first step is to review existing records and other information to determine whether additional data must be

gathered and to decide whether indirect methods, direct methods, or both will be used.

14. What are indirect and direct methods of data collection?

Indirect methods include gathering information by talking to, or interviewing, those individuals who know the student best. The information is secondhand in that it is filtered through the interviewees, including the student, or is contained in written records. This is important to remember when interpreting interview data. Examples include record review (attendance, cumulative file, health, discipline, report cards, previous evaluations, and interventions), permanent products (work samples, test papers, projects), and interviews.

Direct methods involve observing the student with the problem behavior in typical daily activities and routines. Observations are only snapshots of the settings and behaviors, and students may be aware they are being observed. They may be on their best behavior or may show-off for this new audience. Data from observations should be verified, as observations do not stand alone.

15. Are there any other decisions to be made prior to collecting data?

It may be important to consider whether the behavior is a skill deficit or a performance deficit. A skill deficit is one the student cannot do; the student lacks the necessary information or component skills. The intervention is to teach the skills. A performance deficit is one the student is not motivated to do; s/he has performed the skill previously or does it in some settings but doesn't generalize to other settings. The intervention is to provide opportunities for the student to perform and to reinforce the desired behavior while not reinforcing the undesired behavior.

16. What are some good practices when observing in the classroom and other school settings?

Observe a student across settings and at a variety of different times. Rather than observing for two hours during the morning, for example, it may be more useful to break that two-hour block into six smaller blocks of 20 minutes each. Those observations could take place at different times of the day, different days of the week, and during different activities such as academic classes, recess, or lunch. It may be helpful to observe the student in settings where behavior is not a problem to identify the features of that context that support success and appropriate responses. Multiple observations also help give a clearer picture of the behavior, rather than a one-time snapshot.

Keep the recording system as simple as possible to efficiently record information. It takes some practice to determine what method works for a particular individual and to develop some shorthand codes such as "o" for 'out-of-seat' or "p" for 'playing with an object without permission.' Trying to write things out in longhand takes time and the observer often misses key information.

Accurately define the behavior being observed. Be clear as to what "out of seat" means; does that mean the student must be completely out of the desk, or can the student be on his/her knees yet still be "in" the chair? Try to be more precise than "aggressive behavior" by clarifying that it means hitting, kicking, or pinching. This also helps to

determine what will be tallied and what will be ignored. Look for specific, observable behaviors that either occur or do not occur. It is also important to consider the critical dimensions of the behavior (see question 17).

When observing in someone else's classroom, **background information** from that person prior to the observation is helpful. What activities will be going on? How does the student typically behave during those times? The teacher should conduct business as usual, including consequences for inappropriate behaviors during the observation.

17. What are critical dimensions of behavior?

Critical dimensions of behavior include:

- Frequency – how often the behavior occurs.
- Topography – the description of the behavior; what it looks like (in seat, on task);
- Duration – how long the behavior lasts.
- Latency – the amount of time that elapses between “A” and “B”; for example, the amount of time between a teacher giving a direction and the student complying with that direction.
- Magnitude – force or power of the behavior (5-minute tantrum vs. a 30-minute tantrum; mumbling vs. talking loudly);
- Locus – where the behavior occurs (gym class vs. English class; structured time vs. unstructured time).

18. Are there any other issues pertaining to the environment that may surface?

One issue is the function of the teacher behavior about the student being observed. An intervention may require a modification of the teacher's behavior. Therefore, we must attempt to identify key behaviors and explore the function that the teacher's behaviors might serve for both the student and the teacher. For example, a teacher might choose to ignore a serious behavior problem in a child to avoid an escalation of the problem. In turn, the fact that the teacher ignores the child may allow the child to avoid an unpleasant task. Thus, both the teacher and the student are being negatively reinforced in the interaction.

19. How are the results of FBA incorporated into a child's IEP?

The IEP is the centerpiece of instructional programming for a student with a disability. If the student's behavior is interfering with his/her learning, or that of others, the IEP must address that behavior. A FBA provides baseline data for appropriately addressing the student's behavioral needs. Information from the FBA can be incorporated as part of the present level of educational performance (PLOP) and may also provide the basis for annual goals, short-term objectives, and benchmarks. Use the data from the FBA to describe the student's current level of functioning, including situations or settings in

which the student is most or least appropriate, and consequences that may positively or negatively influence the behavior.

The emphasis in IDEA continues to be on **positive** interventions, strategies, and supports to address problem behaviors. If the student's IEP contains only negative consequences and punishments, the IEP may not be appropriate for meeting the child's needs. If it becomes necessary for the IEP team to conduct a manifestation determination, that team must determine whether the student's current IEP and placement are appropriate, including whether behavior has been addressed.

20. How is a behavior intervention plan (BIP) incorporated into an IEP?

There is no required format for a BIP in either the federal or state law. Generally, a plan to address behavior (BIP) may be included in an IEP in any or all the following ways:

- A. Special factors – if the student’s behavior interferes with his/her learning, or that of others, the IEP team must consider appropriate positive interventions, strategies, and supports.
- B. Annual goals and short-term objectives/benchmarks – instructional approaches could be incorporated into the goals and objectives (i.e., replacement behaviors, social skills); and
- C. Attached behavior plans – sometimes it is awkward to try to fit an intervention plan into a goal/objective/benchmark format, and the IEP team may develop a plan and then attach it to the IEP. The BIP attached to the IEP becomes part of the IEP.

Whenever supplementary aids and services or program modifications and supports for school personnel are needed to appropriately implement an IEP, those issues must also be addressed by the IEP team.

21. What are some considerations in developing a BIP?

It is important to include an operational definition of the problem behavior(s); summary statements resulting from a functional behavioral assessment addressing setting events, antecedents to the problem behavior, and maintaining consequences for the problem behavior. The plan should address expected outcomes and goals and a general approach for making problem behaviors ineffective. Intervention strategies will consist of setting event strategies, immediate predictor strategies, teaching strategies, and consequence strategies. In addition to these strategies, consider both short- and long-term prevention strategies.

The BIP should include:

- specific descriptions of typical routines and most difficult problem situations for the student.
- a monitoring and evaluation plan.

- identification of the case manager who will be responsible for the overall coordination of the behavior intervention plan; and
- identification of individual responsibilities for data collection, specific interventions described in the plan, and reporting.

If it is necessary to have a crisis intervention plan for the student, be sure to also include the positive interventions, strategies, and supports to balance the plan. A crisis intervention plan should address the least restrictive alternative related to interventions and should include plans to intervene during escalation of the behavior, during eruption of the behavior, and during de-escalation.

22. How can we judge whether the BIP is working or not?

Look at what the data indicates and consider the following questions:

- Is the problem behavior decreasing (in frequency, intensity)?
- Is the student using the replacement behavior regularly?
- Has the student generalized the use of this new behavior to various settings?
- Are there some positive effects (better grades, improved self-esteem, less stress)?
- Are people satisfied with the plan (student, parents, regular education and special education staff, administrators)?

If the plan is not working, it may be necessary to continue to evaluate and redesign the BIP.

23. When designing behavioral intervention plans, what should we consider in evaluating those plans?

Adapted from a handout by T. Knoster for OSEP Institute on Discipline,

9/98 There are five areas to evaluate:

1. Antecedent or Setting-Event Modifications

- Does the plan include antecedent and setting-event modifications to prevent problem behavior from occurring?
- Does the plan include modifications to make desired behaviors more likely?

2. Teaching Alternative Skills

- Did the IEP team consider all three approaches to alternative-skill training (e.g., replacement skills, general skills, coping and tolerance skills)?
- Do replacement skills serve the same function as the problem behavior? ▪ Do general skills help the individual prevent problem situations from occurring? ▪ If the plan targets multiple alternative skills, are the ones that produce the most immediate effect for the person taught first?

3. Consequence Interventions

- Does the plan include consequence strategies for (a) strengthening alternative skills, (b) reducing the payoff for problem behavior, and (c) crisis management if necessary?
- Do consequences for alternative skills produce outcomes that are more effective or efficient than the problem behavior?
- Are desired outcomes for the problem behavior reduced or eliminated?
- Does the crisis management plan address the three phases of a crisis?
 - a) Escalation
 - b) Eruption
 - c) De-escalation

4. Lifestyle Interventions

- Does the plan include supports that will improve the individual's quality of life?
 - Does the plan include long-term adaptations that will (a) help the individual maintain new skills, and (b) prevent problem behaviors from occurring?

5. Overall

- Are the intervention strategies logically linked to the hypothesis?
- Does the plan reflect individual and family preferences?
- Are all the intervention strategies (1) age-appropriate, and (2) acceptable for people without disabilities?
- Can the plan be carried out in everyday settings without stigmatizing the individual?

The Individuals with Disabilities Education Act (IDEA) continues to place an emphasis on positive strategies and interventions to programmatically address the behavior of children with disabilities when that behavior interferes with the child's learning or that of others. The goal is to develop behavioral intervention plans that are based on child specific data gathered through the process of functional behavioral assessments. Local education agencies (LEAs) have a responsibility to focus on proactive approaches related to the behavioral needs of children with disabilities by working with the student to change his/her behavior rather than by relying solely on exclusionary practices. It is good practice to proactively address challenging behavior in an early and ongoing fashion even when that behavior will not result in a change in placement.

Educational Philosophy

The School District of Sturgeon Bay believes that a school system in America has an obligation to continually strive to instill in everyone, according to his/her abilities, the knowledge, skills, attitudes, and values necessary for effective living in a free and changing society based on the rights and responsibilities embodied in our American heritage.

It is the aim of this school district to provide a diversified program of educational experiences to youth and to cooperate with the home, church, and community to promote the development of individually different but effectively educated citizens.

Within the classroom, emphasis should be on the development of fundamental skills and knowledge, as well as on breadth and depth of materials according to the student's ability. This can best be accomplished through a varied and flexible curriculum presented in surroundings that promote good work and study. The needs of the students, their parents, and the community demand an honest appraisal of student ability, flexible learning programs, and a healthy respect for learning itself. Likewise, recognition of the obligation to stimulate the ability to think objectively, to draw conclusions, and to make decisions is accompanied by an awareness of significant and desirable social and personal values.

Section III: Guidelines for Teachers

Introduction

Teachers should:

- Observe and conscientiously enforce the rules and regulations of the school, and faithfully perform the duties to which they are assigned.
- Aim to exercise the same strict business loyalty to the school, its goals, and objectives that they would to any other business in which they might be associated, remembering always that the success and unity of the school is vital to their own success.
- Discuss the business and affairs of the school only with school personnel who have a need to know, and confine the report of school difficulties, complaints, or criticisms to the superintendent or principal.
- Respect the rights of students, and not discuss problems of discipline, difficulties with students, testing results, home conditions of students, etc., outside of the school.

In addition to instructional duties, teachers should never lose sight of the general interests and discipline of the school but should endeavor in every way to foster and preserve school spirit and pride. They should adopt the same level of commitment to the organization as they have for their own individual departments. The value of teachers' service is estimated as much from this point of view as it is from their instructional work.

Absences / Substitute Teachers - The following procedure should be used for reporting absences and requesting substitutes:

- Enter your absence 24 hours in advance using AESOP.
- Evenings and Weekends: Call Angie Anderson at 920-493-1820 between 3:30 p.m. and 8:30 p.m. Leave a message including name, school, reason for absence, and any specific instruction for a substitute. Angie will check her messages at 8:30 p.m. and try to arrange a sub that evening. Do not call this number after 8:30 p.m.
- Mornings between 5:30 a.m. and 6:15 a.m.: Call Angie Anderson at 920-493-1820. Do not call earlier than 5:30 a.m. or after 6:30 a.m. As it is often difficult to arrange substitute coverage after 6:30 a.m., please attempt to make this contact before 6:30 a.m.
- If the need for a substitute arises between 6:30 a.m. and 3:30 p.m., contact the secretary at 920-746-2806 or call the Principal's cellphone at 608-481-0230. The secretary and/or principal will help arrange substitute coverage for the classroom in these situations.
- Substitutes for pre-arranged absences will be handled by the secretary after the Time-Off Request (Skyward) has been submitted.
- All Time-Off Requests (pre-arranged, sick leave, etc.) must be entered in Skyward.

Regular Teacher's Preparations for Substitutes - On a day that you must be absent from the classroom, do everything you can to try and make that time a meaningful one for the students.

- Review with your students what is expected of them when a substitute teacher must fill in, especially in regard to conduct and academics (repeat often).
- Have an up-to-date seating chart available.
- Have lesson plans, class record books, and duty schedules available.

- Have curricular activities available that the guest teacher can find, follow, and implement.
- Have available all procedures for all drills, evacuations, and lockdowns.

Announcements - Announcements will be read at the beginning of 1A. Only special announcements will be made at the end of the day. Announcements will be made at other times only in an emergency. Announcements should be in the middle school office by 7:45 a.m. for the day of the announcement. It is preferred that announcements are e-mailed to the secretary so she can just cut and paste into PowerSchool. Announcements coming into the office late may not be read until the next day. If we are to give school time for announcements, it is highly important that all teachers maintain complete classroom silence during this time. Students and teachers are expected to listen to these announcements. Announcements can be found on the Daily Bulletin located in PowerSchool.

Assemblies - All staff are required to attend our all-school assemblies unless s/he is teaching a high school course at the time. Teachers with students at the time of the assembly should remind students of proper etiquette at the assembly and follow behind the group after they leave. Students will sit together by grade level. Teachers who do not have students are responsible for supervising the halls and assembly area when the students are released. Two staff should position themselves at the Tech and FACE corners with the remaining teachers located in the assembly area before the kids arrive.

Board of Education Policies - All teachers have a responsibility to become familiar with the policies of the Board of Education. A complete set of the policies is available on the district website.

Budget - Each spring, teachers are asked to begin planning for the next year's activities and to submit their budget requests for textbooks, supplies, and instructional materials. The principal will distribute worksheets for this purpose.

Careful planning is essential. No materials or supplies may be ordered if funds have not been appropriated for that purpose during the budget-building process.

All approved budget information will be available in Skyward. All requisitions must be submitted through Skyward.

Bus Transportation & Field Trips

1. Requests must be made through Easy Trip Request, Kobussen's transportation management software.
2. Requests should be submitted at least two weeks prior to the trip date. Requests that are received with less than two weeks' notice may be rejected.
3. If the field trip request is weather dependent, alternate dates should be submitted with the original request.
4. Field trips may be canceled or shortened due to availability of buses. Every effort will be given to successfully grant the field trip transportation requests.
5. The bus driver has the responsibility to make the final determination on safety issues. It is the teacher's (or other chaperon's) responsibilities to make sure students are quiet and remain in their seats.

6. Food and drink are not permitted on the bus unless prior approval has been obtained from the Transportation Department or the individual bus driver.
7. Side trips or deviations that were not included in the original request are not permitted.
8. For all out-of-town trips, a roster of all participants (i.e., students, teachers, and chaperons) must be provided to the Bus Driver and respective school office prior to departure. This roster must be prepared immediately prior to departure on the day of the trip so that it is current and accurate.
9. An adult chaperon must accompany students on all class field trips.

Co-Curricular

1. All departure times are required two weeks prior to the first contest or event of the season. Tournament play, make-up games, and those games not scheduled prior to the start of the season are exempt from this requirement.
2. All side trips (e.g., restaurant stop) must be discussed with the driver before departure.
3. For all out-of-town trips, a roster of all participants (i.e., players, managers, trainers, cheerleaders) must be provided to the Transportation Department and respective school office prior to departure. This roster must be prepared immediately prior to the departure on the day of the trip so that it is current and accurate.
4. Alternative transportation home from an event may be with the student's parents only. The request must be in writing to the principal or athletic director and coach. An approval form signed by the parent and student must be presented to the coach and bus driver.
5. If there is a shortage of buses (number of out-of-town events, breakdowns, etc.), every effort will be made to get teams to their destinations on time. This may include any or all of the following methods: modifying the departure time, doubling up with another team, or doubling up with another school.
6. The bus driver has the responsibility to make the final determination on safety issues. It is the coach's responsibility to keep the players, managers, trainers, and cheerleaders quiet and in their seats.
7. Food and drink will be allowed on the bus if the groups assist in maintaining a clean bus. Groups that do not maintain a clean bus will be prohibited from bringing food and drink aboard the bus on future trips.

Curriculum - The official written curriculum of the district is managed through a shared District Curriculum google drive folder. We are expected to update our curriculum weekly and provide weekly lessons. Every two weeks we review the curriculum in our PLC's. The building principal reviews curriculum updates monthly. All new curriculum outside what is provided to you as a teacher must be approved by the principal.

Calendar - A complete calendar appears on the district website. Sponsors of events should submit dates upon request and whenever it is necessary to change the date of an event. Please use the form

provided in the workroom for calendar changes. The online calendar is filterable and allows users to set parameters for display of various levels of events (elementary schools, middle school, high school, district, athletic, etc.).

Classroom Care - Blackboards, whiteboards, SMARTBoards, desks, and woodwork must be kept free of writing and drawing, cuts, scratches, etc. Periodic checking is necessary, and teachers should report defacing of property at once so that students may be held accountable.

All teachers are expected to maintain acceptable housekeeping standards in their rooms and other areas of the building. This includes desktops, floors, shelving, bulletin boards, etc. All teachers will encourage the keeping of our building and grounds in an appropriate manner and condition.

- Classroom doors should be always locked eliminating the need to find your keys if we go into lockdown.
- Use only masking tape – not cellophane tape – when attaching materials to classroom walls.
- Do not borrow equipment from another room or department without permission of the person responsible for that equipment. If you are using someone else’s classroom, extend the courtesies of good chair order and clean chalkboards when leaving the room.
- Teachers in charge of activities that require the use of the Gym or Auditorium should be sure to lock all doors and turn off all lights when leaving the area. Students should not be allowed in these rooms without staff supervision.

Closing School (Inclement Weather or Emergency) - If it becomes necessary to close school due to inclement weather or other emergency situations, notification will be given to local television, radio and social media outlets.

Employee Family Assistance Program (EFAP) - The School District of Sturgeon Bay has established a program for employee and family assistance with the sole purpose of maintaining and, when necessary, improving staff morale, health, productivity, and reputation.

The EFAP has been set up with the cooperation and support of the Sturgeon Bay Education Association. The Board of Education pays for the initial assessment with a counseling professional. Strict standards of confidentiality are maintained in this program. No employee may be disciplined in any manner for his/her involvement or refusal to be involved in any aspect of the EFAP.

Energy Conservation - Teachers are reminded to turn off lights when leaving an empty room, and close windows when the air conditioning and heat is on. Classrooms that are too cold or hot should be reported to maintenance. Please refrain from using personal electric appliances; instead, use the appliances provided in the office or staff lounge. Also, staff are reminded to shut down your computer before leaving for the day.

Facility Use - Facilities should be reserved by using the online facility use calendar when you are using facilities that are shared by a variety of activities. Failure to reserve facilities through this system may result in an event or activity being canceled or moved to a less-than-desirable location. Building use on non-school days by student groups must receive principal approval and the facility must be reserved using our district’s online facility use calendar. Since custodians are not on duty, lights and doors are not checked. It is that individual who used the building that must assume the responsibility of door,

lights, and total building security. Students are not to be in the building after school hours without the direct supervision of a teacher or staff member.

Auditorium Use - The Auditorium is a 456-seat facility equipped with professional-level sound, lighting, and audio-visual equipment. This facility is managed by a director who oversees the scheduling and operation of the facility and equipment. Staff members who are interested in using the Auditorium must first speak with the director regarding availability then complete an online Facility Use Request.

HS/MS Commons - Both commons areas located in this building are equipped with a sound system, internet access, and an LCD mounted projector and screen. Cables, microphones, and procedure guides are available for checkout in the High School Office. Staff members are requested to promptly return borrowed materials so that other staff members may make use of the equipment.

Computer Labs/IMC - Clipboards are available to sign out the computer labs or reserve the IMC in their respective locations. When using the computer lab please make a point not to allow students to use the teacher station which controls all the computers. Please shut-down all the computers if you are the last one to reserve the room for the day.

Faculty Lounge - The faculty lounge provides an opportunity for an occasional coffee break and for the exchange of ideas and problems among staff members. Discretion should be exercised in its use. Students are not to be permitted in the lounge unless supervised by a staff member.

Field Trips and Excursions - As per Board of Education Policy IICA, no field trip or excursion off school property may be taken without the approval of the principal. Any field trip or excursion involving the use of a school vehicle or bus requires specific approval of the district administrator. Club or organization overnight trips require specific approval of the Board of Education. A request for such a trip must be made far enough in advance of the event to allow time for the board to study the situation. Board approval, when given, shall be dependent upon proper arrangements for housing and chaperoning.

Parent permission is required for all field trips and excursions involving transportation of students. Forms are available in the High School Office for this purpose. The teacher in charge of a trip will provide the office and the staff with a list of students participating.

No teacher or other employee of the School District of Sturgeon Bay shall consume or be under the influence of any alcoholic beverage when accompanying or supervising students on a school-sponsored activity. Anyone guilty of violating this directive is liable for disciplinary action that may include termination of employment. Parents should not be allowed to consume alcohol when chaperoning an event.

Fundraising - Any student fundraising campaign that takes place off campus must receive prior approval by the Board of Education. The purpose of this policy is to limit door-to-door selling by students. In-house fundraisers are permitted with the approval of the principal. Fundraisers involving food items must be in compliance with the district's Wellness Policy.

Those teachers or staff members who seek private business funding or donations in excess of \$100 must follow Board of Education policy and use the adopted form.

Homeroom Protocol - Each homeroom teacher will be expected to:

1. Have students participate in the Pledge (Middle School Student will recite the pledge to student body, and read off announcements)
2. Introduce, teach, and discuss Second Step 2.0 Lessons and other SEL lessons.
3. Discuss Cool Tools of the Week (included in announcements) if shared in advance by PBIS Team.
4. Check your homeroom students' grades to see how they are doing.

Homework Log - All core staff are to update their grade level homework log weekly on the school webpage. Updates include short descriptions of classroom tasks, readings due, assignments, quizzes, projects and or tests.

Injury at Work - If an employee is injured at work, the direct supervisor should be notified immediately. The employee should also immediately get first aid. If necessary, the employee will be sent to a doctor or the hospital. Even a sliver or scratch should be reported as infection may occur.

A First Report of Injury must be completed by the direct supervisor as soon as possible. The report should not be completed by the employee himself/herself. The report should be sent to the Business Office and will then be sent to the insurance company. If the direct supervisor is not available to complete the report, someone from the Business Office should be contacted to complete the report.

Keys - All faculty members are provided with a master outside door key, room key, and such other keys as are associated with the various school departments. These keys are valuable and are loaned to you to keep during the school year of your employment. Under no circumstances are school keys to be duplicated without the knowledge/consent of the building administrator. Do not loan keys to a student or non-staff member.

Leaving the Building - Teachers who need to leave the building for business or personal reasons must receive permission from the principal prior to departure and sign out on the clipboard in the middle school office.

Lesson Plans - Teachers must prepare lesson plans on a weekly basis; these must be readily available for review by the principal upon request. Lesson planning books are available from the secretary. Probationary teachers are required to submit weekly lesson plans to the principal by the end of the last school day of the week preceding the planned week. (Typically lesson plans will be submitted on Friday afternoon). Other teachers may be required to regularly submit lesson plans as determined by the principal.

Library Media Center - Although some recreational reading materials are available to stimulate students' interest in reading, the primary focus of the Library Media Center is the provision of materials to supplement the curriculum. The library media specialist and/or associate are available to assist students and fellow teachers in the selection of appropriate materials. Teachers are encouraged to familiarize themselves with the Library Media Center collection of materials in their subject areas, to recommend materials for purchase, and to advise the library media specialist of outdated materials which should be removed.

When the library media specialist is advised of forthcoming units of study, every effort will be made to assemble pertinent materials. These materials may be put on reserve to insure access by the greatest number of students. Materials not found in the Library Media Center may be available on interlibrary loan.

Arrangements must be made in advance to take an entire class to the Library Media Center (accompanied by the teacher). Use the RSVP board posted in the Library Media Center to reserve time. Small groups of students may be sent (with a pass) from academic classes to do research; however, teachers should contact the library media specialist or associate prior to sending any students to the Library Media Center to verify availability of space/resources. Students coming from resource classes should have a library or computer business. Please utilize the passes for this purpose.

Lost and Found Articles - Articles that are found should be returned to the Middle School Office where a "lost and found" area is located. Students should be instructed to take all found articles to the office and call there for lost articles. Unclaimed money or other valuables are generally returned to the finder when not claimed by the owner.

Money Collection - All money collected from students owed to the district, including any money collected by co-curricular organizations including athletic coaches, is to be sent to the Business Office as it is collected. Money should be deposited the day it is collected. No money should be kept in classrooms or desks. The school is not responsible for money or valuables lost by either students or teachers.

Class and club funds are kept in one trust fund account, which is divided into separate sub-accounts. A monthly report is given to each trust account advisor.

Multimedia - All multimedia material (DVDs, streaming video, websites, etc.) should be educational, not merely entertaining. Teachers must preview all multimedia material prior to using the materials in the classroom. If any multimedia material contains content that may be deemed controversial, the teacher should confer with the principal prior to using the material. See Board Policy 2521A Selection of Instructional Materials and Equipment

For specific guidelines regarding the teaching of controversial issues, refer to Board Policy 2240.

It is important that all multimedia equipment be used correctly. If help is needed with the equipment, contact the technology coordinator before attempting use.

Ordering Supplies - Since it takes time to obtain supplies, teachers should requisition supplies well in advance of the time needed. Requisitions are completed through Skyward. An approval process is used within the Skyward ordering system. General office supplies (paper clips, pens, staples, etc.) are available in the middle school office. Please notify the secretary if we run out a certain supply so more can be ordered.

Parent Newsletter - Each month a newsletter is sent home to each student's household via School Messenger. Teachers interested in publicizing an event or communicating to parents are encouraged to submit articles to the principal at least one week prior to the mailing (See grading / mailing dates). Letters to parents may also be included with the mailing to save on postage. Please plan accordingly.

Personal Use of School Property - Each employee of the School District should understand that all equipment, supplies, and facilities have been purchased by tax dollars for the specific use of the educational program and whatever public and general use the Board of Education may authorize. Use of school property and facilities for personal use should be approved by the building administrator.

Processing Freight - Instead of delivery to a central receiving site, all freight will be delivered to the individual schools. Teachers and staff will be responsible for opening and checking their own orders and contacting vendors in case of discrepancies. The following procedure should be used for all freight received:

1. Check all packages as soon as they are received.
2. Sign and date the packing slip. After verification, send the slip to Kay Stack in the Business Office.
3. If the packing slip is missing, contact Corinne Rice in writing or through email with the following information:
 - a. Name of vendor
 - b. Purchase order number
 - c. Description and number of items received
 - d. Description of discrepancies if any
 - e. Your name

- f. Current date
- g. Call the vendor immediately to discuss discrepancies.

Note to secretaries: If an order arrives in a crushed, wet, torn, or damaged box, notify the delivery driver before signing for the order.

Professionalism - Teaching is a visible career and one which offers many opportunities for individuals to demonstrate their professionalism and to create a positive image of the individual and school. We give impressions of ourselves in many ways to many people. It is easy to make those impressions very positive.

1. Dress business casual.
2. Be on time.
3. Collaborate with your peers respectfully. Be open to other points of view.
4. Respect student and staff confidentiality always.

This is our profession. We should be proud of it. Let us show others that we are professionals.

Professional Library - A professional journal/resource area for use by all staff will be maintained in the teacher workroom. Books should be checked out of the IMC.

Publicity - Residents of Sturgeon Bay want to know what is happening in the schools. Publicity about students helps teachers, students, and community members recognize the young leaders in our school. Items considered news are classwork that is linked to current trends in education, projects in class that showcase accomplishments of individuals, assembly programs, plays, concerts, dances, athletic events, etc. Utilize our parent newsletter, district website, and television station to publicize the great things happening in your classroom and school. Staff cooperation is needed for full coverage of school news. Publicity about a few departments or clubs does not give an accurate picture of the school.

Punctuality -Punctuality is the responsibility of the teacher as well as the pupil to meet obligations on time, to open doors, and to be the last one to leave when an activity is closed. Punctuality also refers to prompt returning of graded assignments and posting grades weekly, etc... The value of feedback is lost when assignments or tests are not returned promptly (48 hours).

Reimbursements for Conference Attendance - Partial hotel and meal reimbursement may be paid to staff members attending approved conferences. Reimbursement will be made according to a schedule adopted by the superintendent. No expenses will be paid without a voucher that includes proper receipts for accounting purposes.

Resource/Enrichment Procedures - Teachers assigned to supervise enrichment/resources should understand that this time is not considered an additional preparation. Enrichment starts with reading the first 20 minutes followed by a resource.

During Enrichment

1. Begin by having the students work silently. Maintain a quiet atmosphere for learning.

2. Develop a sign-in and out procedure for Enrichment. Do not allow students to go to another room without the other adult being notified.
3. Enrichment may also be used for completing assignments, making up missed tests, music lessons, or working with another teacher.
4. Students are not allowed to listen to music or leave to check out Chromebooks from the library due to the limited time available. Students can use chromebooks for homework purposes only.
5. Move about the room assisting students. Monitor students' Chromebook using Impero Pro .
6. Provide some structure for low-achieving students by:
 - Check students' grades weekly.
 - Post Homework Week at A Glance on your display.
 - Direct students on what to complete. Assist with organization of assignments.
 - Work with them at a table.

School Counseling Function

The School Counseling Department has as its goal the self-actualization of every student. This includes such things as success in each individual course, acceptance of different ability levels, awareness of one's own abilities, and the development of a positive attitude towards any vocational or professional occupation. Long-range goals teach students to help themselves in problem solving to meet individual needs in a constantly changing world.

School Counseling Department purposes are as follows:

- Help each student develop to his/her full potential in the entire school program.
- Help students solve individual problems that influence their performance in school.
- Assist teachers in working with individuals so that progress can be made through combined action.
- Work with administrators, parents, and community agencies to help students.

Staff Meetings and Communication

Building Leadership Team -A small group of staff members representing the larger staff population – meets monthly to discuss building goals and events, staff and principal concerns, and any other issues brought forth by the represented staff. The L meeting is scheduled at least one week prior to the regular staff meeting so that timely information may be disseminated to the staff through written communication or through the next staff meeting agenda.

Student Success Team - The Student Success Team (SST) is a problem solving and coordinating structure that assists students, families, and teachers to seek positive solutions for maximizing student potential. The SST focuses in-depth on one student at a time and invites the parent and student to participate in finding solutions. Additionally, at the elementary level, the Classroom SST provides a structure to review the academic, behavioral and health status of each student in a particular classroom. This process informs individual actions for students, including referral to the formal SST process, and class-wide actions to address issues such as use of class resources, behavior management, classroom modifications, and health education.

Summer School – Credit Recovery - Middle school students can take classes in summer to have fun, catch up, or just stay in shape. When staffing permits, we wish to provide opportunities for students to be involved in sports, music, enrichment, and academic classes that are offered individually through the middle school. Please note Credit Recovery course work begins the week after school ends. Students must make up their missing work to receive a passing grade.

Teacher Attendance – Workday - All teachers are to be in their classroom or assigned areas of the building not later than 7:45 a.m. Teachers are expected to remain in the building for pupil help and lesson planning until at least 3:45 p.m. No teacher should leave a student group or class unsupervised. When emergencies or unexpected circumstances arise that alter your schedule, please notify the principal as soon as possible.

Technology Use - Teachers are encouraged to use the technology resources of the district to explore educational topics, conduct research, and communicate with others to further the mission of the district. As the district will frequently rely upon email to disseminate information, teachers are responsible for checking and reading their email at least once per school day. Email access is also available outside the building via the web interface.

Teachers should note that email and telecommunications are not entirely secure and that the district always retains the right to review files and communications in order to maintain system integrity and

ensure that users are using the system responsibly. Communications over the networks and files stored on district servers are not private.

Inappropriate use of district technology may lead to disciplinary action that may include termination of employment with the district. For specific guidelines regarding the use of technology, please refer to Board Policy GE-(R).

Telephones - Each teacher is assigned a classroom phone and a direct extension with voicemail. Please record a professional greeting for your voicemail (i.e... Hello, you reached the classroom of John Smith . . .). It is important to check your voicemail regularly. You are advised to put your phone on “do not disturb” when class is in session. If a personal long distance phone call must be made, please use your own cell phone. For business related calls see the secretary or principal for the long-distance code.

Textbook Management - All textbooks are to be numbered, and a specific book should be assigned to each student. Teachers are responsible for keeping a record of all textbooks issued to students and to hold students accountable for missing or damaged textbooks issued to them.

Textbook Selection Process - All new or replacement textbooks must be approved by the Board of Education prior to ordering. Textbook selection is generally the responsibility of the teaching staff with the final approval of the Board of Education. Teachers submit a written recommendation to the board along with a copy of the text selected at a regular board meeting. After members of the board have had an opportunity to review the selection, approval is voted upon at the next regular meeting. The textbook adoption timeline must be followed.

By the End of Quarter 1:

1. Check with the principal regarding availability of funds for new textbooks.
2. Form a Textbook Selection Committee with approval of the principal.

By the End of Quarter 4:

1. The principal submits the textbook to the Board of Education for final approval.

2. Upon approval, complete a requisition in Skyward.

Staff members are expected to use school-owned vehicles when available for approved workshops, conferences, etc. Arrangements are to be made with the district office designee after approval is given to the teacher for the trip. Keys are kept behind the receptionist's desk located in the high school. The driver and all passengers should wear seat belts. Please fill vehicles with gas after using them at the new Door County Highway Dept. pumps on County Hwy "S." The directions for accessing the fuel pump are simple and can be found in each vehicle.

Student Grades - The confidential nature of student grades should be respected. Under most circumstances, students should not be correcting one another's assignments. Grades to be recorded should be collected and not dictated orally to the teacher. Grades must be issued in accordance with Board policy.

Instructional Supervision - Supervision of the entire staff and operation will be done personally by the principal. Effective planning, classroom, and hall management, as well as other factors outlined will be considered. Supervision and evaluation information and concerns will be shared with the individuals involved. The supervision process should be a cooperative one to provide the most effective teaching possible in the classroom. End-of-the-year evaluations will be conducted using the revised 2000-01 teacher evaluation form. (See evaluation cycle for more details).

Field Trips - No activity, which requires supervision off school property, is to be undertaken without specific approval of the building principal at least one week prior to the trip. Any school activity or group trip involving the use of a school vehicle/bus shall require specific approval of the district administrator. Class or club overnight trips shall need specific approval of the Board of Education. A request for such an overnight trip must be made far enough in advance of the event to allow time for the Board to study the situation. Board approval, when given, shall be dependent upon proper arrangements for housing and chaperonage. Parental knowledge of itinerary, details of the trip, etc. must also be acknowledged on the signed parental approval slip. One chaperone is required for every twelve students involved. Students who have back work due for any teacher must have all the work handed in prior to the trip. When a trip is approved, the teacher in charge will provide the office and the staff with a list of students participating. A letter to parents outlining the trip details as well as permission is expected. No teacher or other employee of the School District of Sturgeon Bay shall consume or be under the influence of any alcoholic beverage when accompanying or supervising

students on a school sponsored activity. Anyone guilty of violating this directive is liable for disciplinary action that may include termination of employment with the school district.

Student Supervision - The teacher supervising or conducting any student group for a meeting, activity, or practice session should remain with that group until all are dismissed. The supervisor shall be the last person to leave the room and area so that lights are out, rooms locked, and the building is secure.

Middle School Parent Teacher Organization - There is a Parent Teacher Organization (PTO) in operation at the middle school. PTO meets on a regular basis with the principal. The focus of the group is to promote positive educational experiences for everyone through communication, outreach, and involvement. They are a primary resource in the areas of volunteerism and support. You are strongly encouraged to support and use their services on behalf of our students.

Co-Curricular Practice Times - The Board of Education recognizes student participation as an important element in our schools. Every effort shall be made to schedule school activities, so they do not become excessive and limit a student from participating in activities outside of school such as club sports and community programming. As a rule, Wednesday evening practices end by 5:00 PM and Sunday practices cannot begin until after 2:00 PM and require Principal approval.

Student Accident Reports - If a student under your supervision or in your presence is injured, attend to the individual according to emergency first aid procedures and send someone to the office for help if needed. To bring each specific injury/accident situation to a closure, a report is to be filed in the office. Please see the secretary for the appropriate form.

Emergency Closing - If it becomes necessary to close school due to inclement weather or other hazardous conditions, notification will be given over School Messenger, District Facebook and WDOR as soon as possible.

Use of School Vehicles - A school-owned vehicle that is not a school bus may be used to transport nine or fewer passengers plus the operator for school-related purposes or activities. Staff members are expected to use school-owned vehicles when available for approved workshops, conferences, etc. Arrangements are to be made with the district office designee after approval is given to the teacher for the trip. Keys are kept behind the receptionist's desk located in the high school. The driver and all passengers should wear seat belts. Please fill vehicles with gas after using at the new Door County Highway Dept. pumps on County Hwy "S." The directions for accessing the fuel pump are simple and can be found in each vehicle.

Reimbursement for Conference Attendance - Partial hotel and meal reimbursements may be paid to staff members attending approved conferences. Reimbursement rates will be as per a schedule adopted by the Superintendent. No expenses will be paid without a voucher that includes proper receipts for accounting purposes. Limited money is available for conferences each year for middle school staff not initiated by the school district. Requests for conferences must be made in September to guarantee money is held. The principal will approve the requests and determine the amount each teacher may spend based on the requests for any given year. Teachers who spend staff development money for conference fees and do not attend the conference will reimburse the school district.

Smoking and Tobacco Use on School Premises by Staff - As per state law, the School District of Sturgeon Bay (buildings and grounds) has become a smoke-free environment. Smoking, chewing

tobacco or vaping will not be permitted anywhere in district buildings, on grounds, or while in attendance at school related activities.

Staff Meetings - Regular staff meetings will be conducted up to four times per month on Wednesdays as needed from 3:30 p.m. – 4:30 p.m. as each meeting is dedicated to PLC and Staff meetings. To facilitate communication within the building, staff concerns, and issues should be submitted to the principal in advance to be included in the agenda for the next scheduled general staff meeting (end of the month). In each meeting, staff receive a 15-minute update from the Principal, staff then work for 30 minutes in their assigned teams then share out for no more than 5 minutes as to what they have accomplished with the rest of staff.

Staff Bulletin: Each week the principal will publish a staff bulletin by 8 a.m. Monday for the upcoming week to communicate the week's events and other pertinent information. Staff are welcome to submit articles for the staff bulletin by 4:00 p.m. on Thursday.

Parent Newsletter: About once a month a parent newsletter is sent home to each student's household. Teachers interested in publicizing an event or communicating to parents are encouraged to submit articles to the principal at least one week prior to the mailing (See grading / mailing dates). Letters to parents may also be included with the mailing to save on postage. Please plan accordingly.

Instructional Videos - Videos/films intended to be shown for reasons other than instruction as it relates to the curriculum must receive prior approval from the principal.

Visitors to School - All visitors are required to report to the office to register and obtain a visitor's pass. A student visitor from another school must gain permission from the Principal in advance to attend. Approved visits would include those that involve looking to attend TJ Walker Middle School.

Preparations for a Substitute Teacher - On a day that you must be absent from the classroom, do everything you can to try and make that time a meaningful one for the students.

1. Properly orient students on what is expected of them when a substitute teacher must fill in, especially regarding conduct (repeat often).
2. Have an up-to-date seating chart available.
3. Have lesson plans, class record books, and duty schedules available.
4. Have worthwhile alternative activities available that a guest teacher can find, follow, and implement.
5. Procedures for all drills, evacuations, and building security must be readily available for the guest teacher.

Student Agendas - All students and teachers are issued school agendas (assignment notebooks). Please use these to assist students to stay organized and accountable. They may also be used to communicate with parents and guardians.

Parent-Student Handbooks - Parent-Student Handbooks are given to each family and can be found in the TJW Share File Become acquainted with the information in them. You should be aware of what middle school expectations are presented to parents and students.

Study/Resource - With our current scheduling system, very few students will be assigned to a regular study/resource. It will be up to individual teachers to construct a daily schedule, which will provide guided practice time for students to begin any outside of the classroom assignments you may give.

Hallway Expectations - The entire staff must enforce the following hallway expectations for students:

1. Students should not be in the hallways during class time without permission and have a pass from the teacher.
2. Teacher supervision of hall areas between classes and before and after school is essential.
3. 6th grade and Elective Staff escort students between classes for the 1st semester as students exhibit 0 voice volume, walk in lines on the right side of the hallway.

Sports and Co-Curricular Participation - To represent our school in all sports and co-curricular events, a good school record is expected for each student. Coaches and advisors will turn in lists of team or club participants to the office. Coaches/directors/ advisors are responsible for seeing that all participants are academically eligible on a weekly basis and have a signed co-curricular code of conduct on file prior to any involvement (i.e. practice, competition, etc.).

Discipline Policy - Good behavior is always expected from all students. The parent or guardian will be informed regarding major misbehavior that takes place at school or on school grounds. Disciplinary action will be taken to insure a wholesome atmosphere for all students. In situations requiring disciplinary action to be taken, the following guidelines will be used:

1. Teacher/student conference outside of class prior to the next time that class meets. (Explain specifically to the student what the problem is and what changes in behavior must take place.)
2. Contact the parent if inappropriate behavior continues.
3. Refer to the principal and/or counselor for intervention.
4. Meet with parents, students, principal and/or counselor.

In cases where a staff member finds it necessary to send a student to the office with a behavioral referral form, students may be required to make up time missed from class after school. Disciplinary action could also result in revocation of certain school privileges, limited participation in sports and/or other co-curricular activities, assignment to "Saturday School," or suspension from school. Students should not be disciplined through the lowering of grades. (Please refer to the "Code of Classroom Conduct" in the appendix.)

State Statute 118.31 prohibits the use of corporal punishment in the public schools. Corporal punishment includes such things as paddling, slapping, and prolonged maintenance of physically painful positions for disciplinary reasons. Reasonable and necessary force can be used to protect persons and property from harm and to defuse dangerous and disruptive situations. However, no force of any kind can be used simply to maintain order and control in the classroom.

Dismissal - Students are to remain in their seats at the end of the class period until dismissed by the teacher. Do not dismiss them before the end of the class period nor allow them to line up at the door waiting to leave. Take advantage of the time allotted for meaningful education experiences. Remember, the bell does not dismiss students, the teacher does.

After-School Detention - Any misbehavior, disrespect, or disruption of the regular classroom routine may give the teacher a reason to detain a student after school. It is suggested that the student remain with the teacher where the problem occurred. In cases where a staff member finds it necessary to assign a student an after-school detention, the student, or staff member, prior to the detention being served, must notify the parents. In these cases, the time should be spent with the staff member after school.

Homework - One of the major factors accounting for academic failure at any level is not doing assignments. In addition to not getting credit for homework, poor test scores usually accompany the problem, contributing to failing grades. Choosing to do homework on a regular basis is a decision-making skill that students need to develop and maintain. Homework guidelines are governed by Board policy.

Each grade level shall, on a daily or weekly basis, keep a log of assignments and/or homework issued to students. These logs should be monitored daily and adjusted as necessary to make certain that students are being expected to do a reasonable amount of homework as opposed to being overloaded on any given day or week. Copies of the logs will be provided to the webmaster of our district website, middle school secretary, and posted in each classroom.

When long-term assignments or projects are issued to students, an informational sheet detailing the tasks, timelines, grading criteria, etc. must be provided to the students and conveyed to the parents as well. In this manner, at any given point in time, we ought to be able to explain any youngster's progress and/or grade in terms understood by the students, parents, and teachers.

The following procedures have been developed to deal with students who do not turn in assigned work on time:

- Completed homework assignments will be turned in to the teacher according to the deadline assigned.
- Students not turning in a completed assignment on time will receive a grade reduction for that assignment.
- Students may be assigned after-school detention to complete work missed.
- It will be the student's responsibility to inform his/her parents that the homework detention will be served (the office telephone is available for this).
- It will be the responsibility of the family to provide transportation home if needed after the detention.
- Failure to attend a detention may result in an assignment to "Saturday School."

Teaching is a Profession - Be Professional - We give impressions of ourselves in many ways to many people. It is easy to make those impressions very positive ones.

1. Dress the part of a professional.
2. Act the part of a professional.
3. Communicate in the language of a professional.
4. Respect student and staff confidentiality always.

This is our profession. We should be proud of it. Let us show others that we are professionals.

Attendance Taking – Schools are required to keep accurate attendance of students; therefore, it is extremely important for teachers to be accurate in taking hourly attendance. Please check your roll closely and record your attendance in PowerSchool as soon as possible (preferably the beginning of

class). If a student arrives late for school (first hour) please send them to the office for a pass and the secretary will record as being late for school (15+ minutes = unexcused absence not tardy). The principal will handle discipline for students late for school. Students late for classes other than first hour (2-8) should be marked (TE or TU) depending on if they came late with a pass. If they came without a pass, you mark TU. If you already marked the student absent in PowerSchool, you need to change the attendance code in PowerSchool some time before the end of the day. Only send the student to the office for a pass (2-8) if they came late from the office. Discipline for students late for classes other than the first hour is the responsibility of the teacher which may include working with the principal (See tardiness below).

Pre-arranged Absences - Absences that are known about in advance must be cleared with the office, and work should be made up prior to the student leaving. A student who wishes to obtain an excused absence for a period must obtain a pre-absence. Following a note or telephone call from the parent/guardian to the principal/office staff, the office will issue a pre-absence form. The student will bring this form around to each teacher and receive assignments that will be missed. After all teachers have signed the form, the student is responsible for returning it to the office. This must be on file in the office before the student absence occurs. If not, the student will be considered unexcused. The student is to complete and turn all assignments into the teacher.

Tardiness - The need for teamwork and cooperation is nowhere more apparent than in the matter of student tardiness. All teachers must be consistent in their handling of this problem. Any student not in your classroom when the bell rings is tardy. Each teacher is to report all tardies to the office on the daily attendance lists. The principal will issue detentions or other interventions for students with excessive tardiness when a teacher brings the problem to his/her attention.

Technology Use - Teachers are encouraged to use the technology resources of the district to explore educational topics, conduct research, and communicate with others to further the mission of the district. As the district will frequently rely upon electronic mail to communicate information, teachers are responsible for checking and reading their electronic messages at least once per school day. Teachers should note that electronic mail and telecommunications are not entirely secure and that the district retains, always, the right to review files and communications in order to maintain system integrity and ensure that users are using the system responsibly. Communications over the networks and files stored on district servers are not private.

For specific guidelines regarding the use of technology, please refer to Bd. Policy GE-(R).

Electronic Gradebook - Many teachers have come to appreciate the advantages of utilizing some form of electronic record book to record and calculate overall student grades. The Power School software used by the Sturgeon Bay School District contains this record book feature (Power Grade).

Parents will be able to access Power School to monitor their student's progress. To help facilitate this communication between school and home, it is imperative that all teachers use Power Grade and input student scores regularly (minimally within 3 days of an assignment's due date). It is also highly recommended that teachers' regularly print out a copy of their student records as a backup in case of computer failure.

If teachers have any questions regarding the use of Power Grade, they should contact the office and assistance/training will be available. It is important that teachers log off after using the record book, so

students do not have access. Putting a password-protected screensaver on your computer is recommended.

Course/Class Expectations – Each teacher will provide their students with a handout at the beginning of the year/course. A copy of these expectations must be provided to the principal. Classroom expectations include the following information:

- Grading Scale
- Explanation on how the grade is determined. (ie. Total points, weighted categories)
- Late Homework Policy
- Classroom Rules/Expectations/Procedures
- Other general information about the course.

Team Meetings – Grade level and content area team meetings are vital for establishing a collaborative culture in our school. Attendance at these scheduled meetings is expected. Team leaders will make sure minutes are recorded on the form provided by the principal and kept in a binder for reference. A copy must be given to the principal for his/her review. In addition to student issues and event planning, agenda topics for grade level meetings should also include discussions around interdisciplinary units, differentiated instruction, assessment, and best practice.

Fire Drills - Fire drills will be scheduled on a periodic basis throughout the school year. If there are no fire drill direction placards in your room, please notify the office. Instruct the students in your classroom as to the appropriate evacuation procedures. Be sure lights are turned off, windows closed, and doors shut as you leave your room during the drill. Emphasize the importance of moving quickly and quietly to the designated area. Each classroom will have an assigned area to meet. Make certain each one of your students is accounted for and show your red and green cards outside when you arrive at your designated areas.

Tornado or Other Disaster - In the event of a tornado (or other emergency), the possibility of destruction or injury is great. The total staff has the ultimate responsibility for the safety of everyone in the building. The safest area for students and staff to be is in the hallways against the wall or in small inner rooms without windows. This area will also help teachers communicate and assist rescue efforts. The technology wing and office hallways are not safe. Also do not seek shelter in exit hallway under stairwells or by the band room. Remember to close your door after exiting your room. Please keep your class together and bring your attendance record. Have kids remain quiet and fill in the nearest available wall space in the hallway identified. Students should sit facing the wall with knees up and heads down (See Shelter Areas in Appendix).

Alert Safety Plan - The warning alert will be sounded by the following methods:

1. Intermittent blasts from our alert system (horn) usually preceded or followed by a public address announcement.
2. In the event of electric failure, the word of mouth (Head to Shelter Areas) will be spread starting with the office staff.

Fire In School - Staff members are reminded that any time there is a significant fire (i.e. a fire that creates significant flames or smoke or if it involves significant burning of the building itself or any part attached to the structure), pull the fire alarm and call 9-911 yourself (do not go through the office if it will delay the response). If a small-scale fire occurs (i.e. Paper in a trash can) and you feel that you can

safely extinguish it, do so and then notify the office immediately afterward of the circumstances. Also, immediately remove students from the scene of any fire – especially if there is any smoke. Please note, burning plastics will cause toxic fumes so make sure to clear the area including yourself.

Pets In School – Staff members are not allowed to bring pets to school after hours. Animals brought to school during school hours should be approved therapy animals by the principal, the Superintendent and School Board.

Assemblies – All staff are required to attend our all-school assemblies unless s/he is teaching a high school course at the time. Teachers with students at the time of the assembly should remind them of proper etiquette at the assembly and follow behind the group after they leave. Students will sit together by grade level. Teachers who do not have students are responsible for supervising the halls and assembly area when the students are released. Two staff should position themselves at the Tech and FACE corners with the remaining teachers located in the assembly area before the kids arrive.

Section V: Emergency Procedures

(Emergency Office Number is 5700)

Student Accident or Illness

Accidents to students or staff members are to be reported to the principal immediately. Accident Report forms are available from the secretary and must be submitted in duplicate.

In the event of an accident or serious illness during the school day, the school is obligated to:

1. Immediately notify the child's parents or other responsible person designated by the parents.
2. Provide emergency care until either the parents or medical personnel assume responsibility.
3. If necessary, transport the child to his/her home, hospital, or his/her physician's office.

Teachers should also immediately notify the secretary or principal. Explain the nature of the emergency and where the student is located. Wait for medical personnel or an administrator. Give the EMT or administrator whatever assistance they may need.

At times it may be necessary for teachers to take responsibility for students when emergencies occur. In such cases teachers should notify parents, arrange transportation, and provide first aid to the limit of one's training or ability. The following procedures are suggested:

Do not diagnose in any way, and do not tell the student what you think of his/her condition.

Give first aid if needed and if capable. Call 911 if needed.

Call the parents regarding transportation home or call the family physician's office.

If parents or a designated alternate cannot come for the student, an adult from the school must accompany the student to his/her home or the doctor's office.

Complete an Accident Report.

Health Room

Although the middle school does not have a “health room”, students who become ill during the day may choose to rest in the Middle School Office. The secretary, counselor, or principal must be notified when a student is placed in this area. Depending on the child’s illness, a decision is to be made to notify the school nurse and or parents. The child may be sent home upon the nurses’ recommendation.

Emergency Action Plans

Each staff member has been provided a red emergency action flip chart and emergency action card that is to be placed near or under their phone. Please review the emergency procedures for the various types of incidents that may occur. It is important to have these resource materials easily accessible for reference during an incident.

Fire Drills

State laws require that fire drills be held at least once a month. Walk – do not run – to the fire evacuation exit indicated on the chart below when the fire alarm is sounded. Every alarm should be taken seriously.

Fire evacuation exit routes must be posted in each room of the building by the teacher or staff member primarily responsible for that room. Teachers must instruct all students using the room about the proper fire drill procedure for that room. (See fire exit routes below).

General Fire Drill Rules – Instructions for Students

- Immediately put aside whatever you are doing. Stand and walk quietly out of the room when told to do so by the teacher.
- Walk rapidly, single file, near the wall to the exit. Do not run, push, or talk. Do not take any books with you.
- The first two students to pass through the outside exit, where there are double doors, are to open and hold the doors until all have left the building.
- Students and staff move to the sidewalks, clear of the building, across the driveway to the lawn opposite the exits, but not into the street.
- Students report to their assigned homeroom teacher.
- Teacher indicates that all students are present by displaying green and red if a student is absent.
- Return to the building when you hear the all-clear signal.

Note: The teacher should be the last person to leave the room. Turn off your lights and make sure your windows and door (unlocked) are closed. Grab your attendance clipboard as you leave the room. Make a final check to be sure all students have left the building.

Tornado / Disaster Drill (Weather)

In the event of a tornado (or other emergency), the possibility of destruction or injury is great. The total staff has the ultimate responsibility for the safety of everyone in the building. The safest area for students and staff to be is in the hallways against the wall or in small inner rooms without

windows. This area will also help teachers communicate and assist rescue efforts. The technology wing and office hallways are not safe. Also do not seek shelter in exit hallway under stairwells or by the band room. Remember to close your door after exiting your room. Please keep your class together and bring your attendance record. Have kids remain quiet and fill in the nearest available wall space in the hallway identified as your sheltered Students should sit facing the wall with knees up and heads down (See shelter areas below).

Revised: June 2019

Intruder (Lock-Down) Procedure

In the event of an intruder in the High School / Middle School complex, the following safety procedure will be used:

1. An all-call announcement will be issued: "There is an intruder in the building. Lock down immediately."
2. All classroom and interior doors must be locked and closed. Lights must be turned off if it is safe and possible to do so.
3. Students and staff members must move to an area within the classroom and out of view (i.e., corner, away from the door) and remain quiet. Under no circumstances should anyone, including students or others in the corridor, be allowed to enter the room, nor should anyone leave a classroom once the announcement is issued.
4. Students outside the regular classroom should seek an area in which to take cover in the nearest restroom.
5. Students and staff in the Commons should proceed to the Kitchen and shut and lock the door, turning off the lights and moving away from the doors.
6. Students and staff in the Library / Media Center should proceed to inner office rooms and shut and lock the door, turning off the lights and moving away from the doors and windows.
7. Students and staff in the Gym should proceed to one of the locker rooms and shut and lock the door, turning off the lights and moving away from the doors.
8. Stay in confined areas and wait for further instructions. When the school is secured and the threat is withdrawn, all will be notified.

Bomb Threat

In the event of a bomb threat, the following procedure will be used to evacuate the building:

1. An all-call announcement will be issued: "We have received a threat to building safety. Please evacuate the building in a calm, orderly manner." Evacuations will normally only take place after law enforcement is on scene and have secured both the exit route and the evacuation site.

2. Look around the room and note anything that is unusual or out of place. Do not touch anything suspicious. Report unusual findings to the High School Office. Lock the room door(s) upon exiting.
3. Accompany students and evacuate the building through the approved evacuation route. Unless otherwise notified, use the south and east doors only. Proceed to the United Methodist Church, 836 Michigan Street. Take a roll call of your class upon arrival at the site. Keep the roll call sheet and turn it in to the High School Office at the conclusion of the event. The roll call sheet should include students' names and whether they were present or not, names of other students attached to your class, and the time the roll was taken. Any time your class moves from one location to another location, another roll should be taken.
4. Do not allow students to stop at their lockers.
5. Do not allow students to stop at their own or someone else's car.
6. The principal, secretaries, and custodial staff are responsible for checking all common areas including restrooms. If anything unusual is seen or something is out of place, do not touch it, but report this to the office.
7. Students found in the common areas and who are not attached to a class should be notified to evacuate the building and attach themselves to a class under the control of a teacher closest to them.
8. Teachers without a class to escort must immediately assume the role of crossing guard to protect students from traffic and to keep students from going to cars.
9. When at the evacuation site, please keep students together and quiet them as much as possible while awaiting further instructions. Teachers without classes should assist other teachers with control of the students unless otherwise directed.

This list will be used in the case of a personal tragedy and other school closings. Please contact the person below you on the list. If for some reason you are unable to contact that person or you left a message on the answering machine, try the next person on the list. Continue until you finally reach someone. You are responsible to make sure that anyone you did not reach is notified. When leaving a message on the answering machine it is best to ask the person to call you when they receive the message and let them know you are contacting the next person on the list. If administration feels that an incident warrants the initiation of the emergency phone tree, then it is expected that you meet your obligation as stated above.

Responding to a Student with Suicidal Tendencies

It is recognized by the Sturgeon Bay School District that suicide – whether “verbalized thought” or “attempt” – is a very serious problem requiring a prompt response. Since it is impossible to know if the student will attempt to harm himself/herself, action must be taken immediately.

Procedure

1. Any teacher or other school personnel who has reason to believe, by direct or indirect knowledge, that a student is at risk for suicide, no matter how trivial it seems, shall immediately report the student to the counselor and building principal.
2. If the student attempts suicide during the school day, the health and safety of the student is paramount, and 911 is to be called immediately. First aid will be rendered until professional medical treatment and/or transportation can be received. The building principal, school counselor, law enforcement, and parent/guardian should be notified as soon as possible.
3. Confidentiality normally expected of Pupil Services staff including school counselors must be waived in lieu of concern for the student's life or the safety of another person.
4. Any student suspected of suicidal behavior shall be brought to the office for direct supervision, monitoring, and an interview with the school counselor or Pupil Services staff member. The school counselor or Pupil Services staff member may elicit assistance or consultation from another member of the school district's crisis management team, law enforcement, or an appropriate community agency.
5. After the school counselor or Pupil Services staff member has made his/her determination of the suicidal risk, the parent/guardian of the student will be notified as soon as possible.
 - A. If the situation is determined to be of moderate danger, the student will not be permitted to leave the school grounds until a conference is held with the parent. The student must remain in the actual physical custody of a staff member until a transfer to the parent/guardian, law enforcement, or protective agency.
 - B. When a student presents imminent/high danger to harming oneself/others, school staff should contact law enforcement. The student must remain in the actual physical custody of a staff member until a transfer to the parent/guardian, law enforcement, or protective agency.
 - C. The parent/guardian will be apprised of the seriousness of the situation and referred to a mental health provider.
 - D. The parent/guardian will be requested to sign a statement that he/she has been notified of the situation and the school's recommendation.
 1. Once the parent/guardian is contacted and/or referral is made to an outside agency, school staff will assume secondary counseling responsibilities only and will not take responsibility for being therapists. When an outside agency is to be utilized, a release of information form should be signed by the parent/guardian and student to allow a two-way flow of information between school and the community agency.

2. A confidential written record, made by the counselor, of the procedure followed and recommendations made concerning the referred student will be kept by the school in the office of the director of Pupil Services.
3. After the immediate incident has been resolved, the principal and a member of the Pupil Services staff will meet to evaluate the situation and decide on an appropriate role for the school to take in assisting the student. A designated member of the Pupil Services staff will document actions taken by the school in the case, facilitate the student's reentry into the academic setting and function as a resource of support to the student.
4. Because failure to report is punishable by a fine and/or jail sentence, this policy will be distributed annually as widely as possible by means such as posting or publishing and shall be included in the employee handbook.

5350 - SUICIDE INTERVENTION PROCESS

In compliance with Board of Education Policy [5350](#), any time a staff member encounters a situation in which a student appears to be contemplating suicide; the following process should be followed carefully.

Step One - Stabilize the Situation

- A. Under no circumstances is a suicidal student to be left alone.
- B. Converse with the student immediately to determine if s/he has any dangerous instrumentalities (weapon, substance, or other material capable of inflicting a mortal wound) on or nearby his/her person.
- C. If the student will allow, immediately remove any dangerous instrumentalities from the student and the student's environment.
- D. If the student will agree, accompany him/her to a prearranged, non threatening place away from other students and other people but where there is another adult and a telephone close by. If the principal can be notified without leaving the student, do so as quickly as possible. If the student will not agree, stay calm and remain with him/her until someone comes.

Either the principal (if available) or the staff member should proceed to Step Two without delay.

Step Two - Assess the Risk

- A. Stay relaxed and talk calmly to the student to assess the risk of the student harming himself/herself. Listen intently to what the student is saying and avoid giving advice. Keep questions nonjudgmental.

- B. If the student will not relinquish a dangerous instrumentality, use EXTREME RISK PROCEDURE (Step Three A).
- C. If the student is in imminent danger of harming himself/herself, use SEVERE RISK PROCEDURE (Step Three B).
- D. If the student is not in imminent danger of harming himself/herself, use MODERATE RISK PROCEDURE (Step Three C).

Step Three - Take Appropriate Action

A EXTREME RISK PROCEDURE

.

1. Contact the police or Door County Human Services.
2. Keep the student engaged in conversation as well as reassuring him/her until the police arrive.
3. After the police arrive, and if good rapport has been established with the student, remain present to provide continuity and support as the police attempt to get the student to relinquish the dangerous instrumentality.
4. Contact the student's parents and inform them of what has transpired and of the actions being taken.

B. SEVERE RISK PROCEDURE

Determine if the student's distress is the result of parental abuse, neglect, or exploitation. If so, notify Protective Services immediately, give them the facts, request them to intervene, and follow their instructions.

C. MODERATE RISK PROCEDURE

1. Try to determine the reason(s) for the student's distress. Contact the parents, give them the facts, and ask them to come to the school right away.
2. Assist the parents in contacting an agency or resource person who can provide appropriate intervention.

Step Four - Communicate

- A. Inform the appropriate members of the District staff such as the student's teachers and counselors of the facts and the actions being taken. Alert them that they need to observe the District's confidentiality requirements (AG [2411](#)), although the occurrence was not something that developed during counseling.

- B. **If the parents request**, inform the student's close friends of the facts and the actions being taken.

Step Five - Follow-Up

- A. Determine the extent to which emergency or short-term procedures were completed properly.

- B. Find out if arrangements have been made for long-term clinical and/or support services.

- C. If neither short-term procedures nor long-term services were properly conducted or pursued, consult with the District Administrator to determine appropriate action.

- D. Maintain continuing contact with the student to communicate interest in his/her welfare and support of the long-term services being provided.

- E. Remain alert to the possibility of "copy-cat" suicide attempts by other students.

- F. Evaluate Steps A - E.

Suicide Post-vention Process

If, in spite of all intervention efforts, a suicide should occur, implement the District's Crisis Intervention Plan. If additional guidance is needed, contact the American Association of Suicidology, 5221 Wisconsin Avenue N.W. 2nd Floor, Washington, D.C. 20015. (202) 237-2280.

Section VI: Student Evaluation

Course/Class Expectations

Each teacher will provide their students and the Principal with their expectation's handout at the beginning of the year/course that contains the following information:

Grading Scale – these scales should be presented by the principal and department.

Explanation on how the grade is determined (i.e. Total points, weighted categories)

Late Homework Policy

Classroom Rules/Expectations/Procedures

Course Syllabus includes general information about the course.

Electronic Gradebook

Many teachers have come to appreciate the advantages of utilizing some form of electronic record book to record and calculate overall student grades. The Power School software used by the Sturgeon Bay School District contains this record book feature (Power Grade).

Parents will be able to access Power School to monitor their student's progress. To help facilitate this communication between school and home, it is imperative that all teachers use Power Grade and input student scores regularly (minimally within 3 days when an assignment is due date). It is also highly recommended that teachers' regularly print out a copy of their student records as a backup in case of computer failure.

If teachers have any questions regarding the use of Power Grade, they should contact the office and assistance/training will be available. It is important that teachers log off after using the record book, so students do not have access. Putting a password-protected screensaver on your computer is recommended.

Grading Scale

T. J. Walker utilizes a standard grading scale that is set as the default in Power Grade and should be communicated to the students on your Course/Class Expectations handout.

- A: 93-100
- A-: 90-92
- B+: 88-89
- B: 83-87
- B-: 80-82
- C+: 78-79
- C: 73-77
- C-: 79-72
- D+: 68-69
- D: 63-67
- D-: 60-62
- F: 59 or Below

Homework

One of the major factors accounting for academic failure at any level is not doing assignments. In addition to not getting credit for homework, poor test scores usually accompany the problem, contributing to failing grades. Choosing to do homework on a regular basis is a decision-making skill that students need to develop and maintain. Homework guidelines are governed by Board policy #2330.

Each grade level shall, on a daily or weekly basis, keep a log of assignments and/or homework issued to students. These logs should be monitored daily and adjusted as necessary to make certain that students are being expected to do a reasonable amount of homework as opposed to being overloaded on any given day or week. Copies of the logs will be provided to the webmaster of our district website, middle school secretary, and posted in each classroom.

When long-term assignments or projects are issued to students, an informational sheet detailing the tasks, timelines, grading criteria, etc. must be provided to the students and conveyed to the parents as well. In this manner, at any given point in time, we ought to be able to explain any youngster's progress and/or grade in terms understood by the students, parents, and teachers.

The following procedures have been developed to deal with students who do not turn in assigned work on time:

- Completed homework assignments will be turned in to the teacher according to the deadline assigned.
- Students not turning in a completed assignment on time will receive a grade reduction for that assignment.
- Students may be assigned after-school detention to complete work missed.
- It will be the student's responsibility to inform his/her parents that the homework detention will be served (the office telephone is available for this).
- It will be the responsibility of the family to provide transportation home if needed after the detention.
- Failure to attend a detention may result in additional detention, In-School Suspension or an assignment to attend "Saturday School."

Student Grades

The confidential nature of student grades should be respected. Under most circumstances, students should not be correcting one another's assignments. Grades to be recorded should be collected and not dictated orally to the teacher. Grades must be issued in accordance with Board policy 5421 and 5421a.

Section VII: Concerning Students

Alcohol, Tobacco, and Drug Use

Students are not permitted to be under the influence or in possession of alcoholic beverages and/or drugs at any time while in the school building, in buses, or on school grounds. This rule applies to student functions on or off school property. Students observed smoking, drinking, exchanging, and/or under the influence of and/or in possession of alcohol or other drugs should be brought to or reported to the High School Office as soon as possible. The Board of Education has adopted strict disciplinary rules in this regard, but the cooperation of the teachers is essential in preventing substance abuse by students.

Substance Abuse Awareness

Awareness is the key to understanding and identifying the extent of school substance abuse problems. Be aware of the following typical characteristics of a substance-abusing student:

- declining grade, truancy, or tardiness
- loss of motivation and self-discipline
- short attention span
- fascination with drug culture
- obsession with rock groups and drug-related pictures, slogans, clothing, books, and personal items
- change of friends; evasiveness about new friends
- change in personal dress and grooming habits
- sullen, uncaring attitude and behavior
- periods of anger, hostility, and irritability
- persistent problems with school behavior
- conflicts with authority figures (teachers, counselors, administrators)
- aura of secrecy; mysterious phone calls
- unusually big appetite
- possession of small boxes, baggies, rolling papers, pipes, or other drug paraphernalia

If any of these characteristics become noticeable with a particular student, please notify the principal or a guidance counselor. It is easier to prevent drug abuse than to treat it.

Four Stages of Substance Abuse

1. **Experimentation: Learning the Mood Swing.** In this initial stage, students experiment and discover that certain drugs can create certain feelings. Commonly abused drugs are cigarettes, wine coolers, alcohol, and inhalants.
2. **Seeking the Mood Swing.** Actively seeking the effects of drugs to get high, feel better, perform better, or to relax. Commonly abused drugs are alcohol and marijuana.
3. **Preoccupation with the Mood Swing. Becoming dependent.** In this stage, drugs are used to get drunk or high. The abuser feels that he/she cannot have fun without drugs. Commonly abused drugs are alcohol, marijuana, hash, crack, and speed.
4. **Addiction/Chemical Dependency.** The user is psychologically or physically dependent. In this stage, the abuser must use drugs to feel normal. Long-term residential treatment is now required. By this stage, the abuser has used a wide variety of drugs such as crack, LSD, heroin, and PCP.

Attendance Reporting

Schools are required to keep accurate attendance of students; therefore, it is extremely important for teachers to be accurate in taking hourly attendance. Please check your roll closely and record your attendance in PowerSchool as soon as possible (preferably the beginning of class). If a student arrives late for school (homeroom) mark them as Teacher Unverified Absence QQ and the secretary will change it Absent Unexcused. The principal will handle discipline for students late for school. Students late for classes (1-8) should be marked (TU) depending on if they came late with a pass. If they came without a pass, you can mark TU or send it back to get a pass from the person that kept them late. If you already marked the student absent in PowerSchool you need to change the attendance code in PowerSchool some time before the end of the day from QQ to TU. Only send the student to the office for a pass (1-8)

if they came late from the office. Discipline for students late for classes other than the first hour is the responsibility of the teacher which may include working with the principal (See tardiness below).

Legal Absences

A child may be legally excused from attendance for the following reasons:

- illness or injury
- temporary mental or physical condition
- out-of-school instruction as approved by the state superintendent
- good cause as determined by the Board of Education:
 - Funeral
 - Medical appointment
 - Extreme weather condition
 - Religious holiday
 - Emergencies as determined by the administration
 - School-sponsored activities including the following:
 - Job shadowing
 - Performances

Pre-Planned Absences

Absences that are known about in advance must be cleared with the office, and work should be made up prior to the student leaving. A student who wishes to obtain an excused absence for a period of time must obtain a pre-absence. Following a note or telephone call from the parent/guardian to the principal/office staff, the office will issue a pre-absence form. The student will bring this form around to each teacher and receive assignments that will be missed. After all teachers have signed the form, the student is responsible for returning it to the office. This must be on file in the office before the student absence occurs. If not, the student will be considered unexcused. School work that would be missed due to an absence caused by a family trip (vacation) or pre-planned absence must be completed prior to the absence or be submitted immediately upon return from the absence.

Bullying

The Sturgeon Bay School District strives to provide a safe, secure, and respectful learning environment for all students in school buildings, on school grounds, in school buses, and at school-sponsored activities. Bullying has a harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

By definition, bullying is deliberate or intentional behavior using words or actions intended to cause fear, intimidation, or harm. Bullying may be repeated behavior and involves an imbalance of power. The behavior may be motivated by an actual or perceived distinguishing characteristic such as but not limited to age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status.

Bullying behavior can be:

- physical (e.g., assault, hitting or punching, kicking, theft, or threatening behavior)

- verbal (e.g., threatening or intimidating language, teasing or name-calling, or racist remarks)
- indirect (e.g., spreading cruel rumors, intimidation through gestures, social exclusion, or sending insulting messages or pictures by mobile phone or using the Internet).

Bullying behavior is prohibited in all schools, buildings, property, and educational environments including any property or vehicle owned, leased, or used by the district. This includes public transportation regularly used by students to go to and from school. Educational environments include but are not limited to every activity under school supervision.

Any student or other concerned individual who is either a victim of the bullying or is aware of the bullying is encouraged to report the conduct to the principal or school resource officer. Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously, and a clear account of the incident will be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

The principal, school resource officer, or designee shall within one school day interview the person(s) who are the victim(s) of the bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying will be notified prior to the conclusion of the investigation. The district shall maintain the confidentiality of the report and any related pupil records to the extent required by law.

If after investigation it is determined that a student participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, the district administration and Board of Education may take disciplinary action including but not limited to suspension, expulsion, and/or referral to law enforcement officials for possible legal action as appropriate.

Class Dismissal

Students are to remain in their seats at the end of the class period until dismissed by the teacher. Do not dismiss them before the end of the class period nor allow them to gather at the door waiting to leave. Take advantage of the time allotted for meaningful education experiences. Remember, the bell does not dismiss students, the teacher does.

Co-Curricular Participation

To represent our school in all sports and co-curricular events, a good school record is expected for each student. Coaches and advisors will turn in lists of team or club participants to the office. Coaches/directors/ advisors are responsible for seeing that all participants are academically eligible on a weekly basis and have a signed co-curricular code of conduct on file prior to any involvement (i.e. practice, competition, etc.).

Corporal Punishment

State Statute 118.31 and Board Policy JGA prohibits the use of corporal punishment in the public schools. Corporal punishment includes such things as paddling, slapping, and prolonged maintenance of physically painful positions for disciplinary reasons. Reasonable and necessary force can be used to

protect persons and property from harm and to defuse dangerous and disruptive situations. However, no force of any kind can be used simply to maintain order and control in the classroom.

Cumulative Records

The cumulative records of students are filed in the Middle School Office and are available to all teachers. Teachers are encouraged to check these records to learn more about students and to better meet their educational needs. Test interpretation should be done by a school counselor.

Ask the secretary to retrieve the student's record file and return it to the secretary when finished. Do not take either the cumulative record or the folder out of the office. All material reviewed is confidential, and misuse of the records is grounds for termination of employment with the School District of Sturgeon Bay.

Discipline

Behavioral expectations should be communicated to students at the beginning of a course, both verbally and in writing. Expectations should be high yet reasonable with the goal being the creation of a classroom environment in which teaching, and learning are maximized. Expectations should be clearly stated and include an explanation of possible consequences that will result from failure to meet expectations.

Behavior that interferes with teaching and learning must be addressed. Although the administration of this school stands ready to support its teachers in matters of discipline, teachers should not regard this as an invitation to "dump" their unpleasant behavior problems in the lap of the principal. The teacher who handles the behavior problems that arise in the light of an opportunity to do some good for the offender will find that many will respond positively and in turn strengthen the teacher's position of authority.

For cases in which a teacher's best efforts at holding a student accountable for repeated violations of school/class rules have not led to a change in behavior, the teacher should not hesitate to refer the student to the principal by completing a behavior referral. The principal will then work with the student, teacher, and possibly parent/guardian to correct the problem.

In general, a disruptive student should not be sent into the hallway unattended for misbehavior unless all of the following apply:

1. The student is in control of their emotions.
2. The student is not disruptive to other classes while in the hallway.
3. The removal is less than one minute.

If it becomes necessary to remove a student from class for the remainder of the period to maintain the learning environment for others, the teacher must do all of the following:

1. Instruct the disruptive student to report directly to the Middle School Office.
2. Notify the office immediately by telephone that the student has been sent.

3. Complete a log entry in PowerSchool as soon as possible.
4. Contact the parent/guardian of the offending student within 24 hours of the removal from class. A phone call home by the principal does not take the place of a phone call by the teacher.

Students may not be removed from a class for longer than one class period except by the principal.

In cases where a teacher becomes aware of major violations of school rules and/or dangerous or criminal behavior (e.g., violence; alcohol, drug, or tobacco possession/use; possession of weapons; theft; vandalism; serious incidents of disrespect or insubordinate behavior; etc.), the teacher should take whatever reasonable steps he/she can address the situation initially and should then immediately inform the principal. As soon as possible afterward, the teacher should forward to the principal a written account of the incident using the Behavior Referral form or by submitting a log entry.

After School Detention

Any misbehavior, disrespect, or disruption of the regular classroom routine may give the teacher a reason to detain a student after school. It is suggested that the student remain with the teacher where the problem occurred. In cases where a staff member finds it necessary to assign a student an after-school detention, the student or staff member, prior to the detention being served, must notify the parents. In these cases, the time should be spent with the staff member after school.

Anecdotal Records for Discipline Purposes

Whenever a student is involved in a less-serious discipline situation that constitutes a disruption to the regular educational process, a log entry should be made in PowerSchool. Chronic behavior problems and/or situations of a more serious nature are recorded on Behavior Referral forms and are retained by the principal as well as recorded in PowerSchool. In some situations that begin as minor problems, there is a steady progression of events that lead to an intolerable situation. In order to effectively deal with these more serious or cumulative series of events, it is necessary to have a thorough understanding of the background. This can only be achieved with historical notes (log entries) that can easily be saved in PowerSchool.

Hallway Expectations

Teacher supervision of hall areas in between classes and before and after school is essential for maintaining a positive bully-free environment. Hallway expectations for students are:

1. No running in the halls
2. No kicking, pushing, shouldering, or getting in others physical space.
3. No slamming or kicking of lockers.
4. No horseplay
5. Students should not be in halls during class without permission (with pass preferred).

Homeroom Protocol

The following lists the minimal expectations for our homeroom advisors. You are encouraged to do more to make your homeroom a supportive community.

1. Take Attendance

2. Announcements
3. Pledge of Allegiance
4. Review Homework Log
5. Hand out Pass to Play notices and other office forms for distribution
6. Once a week check grades/ do not have to do it during homeroom.

Intervention Parent Meetings

Students who are struggling academically or behaviorally may require an intervention meeting to occur. The following protocol and agenda for this first meeting was established by our Child Study Team. It is important to document the efforts that are being made on behalf of the student to address their needs as part of RTI.

Pass to Play

T. J. Walker Students must be passing all their classes in order to participate in or observe any extra-curricular activities taking place at school (i.e. dances, athletic events, intramurals, class trips, and in-school recreational activities/assemblies). Utilizing our electronic grading system, weekly lists will be generated every three weeks of students who are ineligible for these activities due to failing grades. A student failing in the middle of the quarter must attend after school study tables for three consecutive weeks. Once a student regains his/her passing status, s/he will be allowed to participate.

Schedule Changes

Students wishing to drop a course or change their schedule must have written permission from their parents and the approval of the principal. There are no schedule changes after the beginning of school unless there is an obvious scheduling error made by the principal. Students will be given two weeks prior to the second semester to make schedule changes provided there is space available in the classes.

Special Education Services

The School District of Sturgeon Bay offers comprehensive services to meet the needs of all disabled youth. According to state and federal laws, specific steps must be taken before a child can receive these specialized services.

The director of pupil services or the principal can provide more specific information about the process of referring a student for evaluation for special education services.

All teachers are expected to actively participate in the IEP team process when asked. Teacher input in these discussions and planning meetings for specific individuals is vital to the success of the special programs.

Student / Parent Handbook

Each year an updated Student / Parent Handbook is given to each student at T. J. Walker Middle School and is made available to parents at their request. It is imperative that all teachers and staff read this handbook, review it on occasion, and clarify any questions that they have with the principal so that they have a clear understanding of all school expectations involving students and are able to deal with student matters in a consistent and fair manner that corresponds to said expectations.

Student Success Team

The Student Success Team (SST) is a problem solving and coordinating structure that assists students, families, and teachers to seek positive solutions for maximizing student potential. The SST focuses in-depth on one student at a time and invites the parent and student to participate in finding solutions. Each week the SST focuses on a different grade. For example, Week 1 – grade 6; Week 2 – Grade 6; Week 3 – Grade 8; Week 4 – entire student body to review discipline, attendance, and failures.

Additionally, at the elementary level, the Classroom SST provides a structure to review the academic, behavioral and health status of each student in a particular classroom. This process informs individual actions for students, including referral to the formal SST process, and class-wide actions to address issues such as use of class resources, behavior management, classroom modifications, and health education. The middle school will duplicate this process and review student referrals monthly.

Supervision

Teachers must exercise careful supervision of the students not only in the classroom but also in all places throughout the school where students gather. Teachers should make a point of being in the hallways during passing times between classes and occasionally checking the restroom areas.

Leaving a classroom or study hall without supervision or allowing students under teacher authority to work in an unsupervised area (e.g., sending students to work in an unsupervised computer lab, Weight Room, Auditorium, Gym, etc.) is against the policy of this school. Teachers should never leave student groups alone unless an emergency has arisen.

Suspensions and Expulsions

Only the principal may suspend a student from a class for more than one period at a time. Emergency and short-term suspensions from class will be handled in the High School Office at a teacher's request. Teachers are cautioned not to enter a precarious position by issuing a statement to the effect that a student will never be permitted back in class.

A suspension is a temporary suspending of a student from his/her classes and activities by the superintendent or principal for disciplinary reasons or for the good of the group. It cannot continue indefinitely. At the end of a suspension, a student must either be returned to school or expelled from school. Due process must be accorded the student involved in a suspension. Suspended students must be allowed to make up work and assignments missed during the suspension on the same terms as other absences from school.

An expulsion is the complete severance of the student from all rights to participate in the programs of the school. Only the Board of Education has the power to expel.

Visitors

Student aged visitors must be pre-approved by the principal prior to the day of their visit. The primary reason a visitor would be permitted is if they are planning to enroll at TJ Walker. Students who want to

bring a guest must have signed permission by each of their teachers. If one teacher does not agree to have the guest visitor in class, the visitor will spend the period in an alternative area.

Wellness Policy

Policy JFCL supports the mission of the School District of Sturgeon Bay by providing an environment that cultivates maximum student potential. Nutrition/activity influences a child's development, health, well-being, and potential for learning. The district-wide nutrition/activity policy encourages all members of the school community to create an environment that supports lifelong healthy eating and activity habits. Decisions made in all school programming need to reflect and encourage positive nutrition messages, healthy food choices, and active lifestyles.

Goals of this policy include the following:

- Provide a positive environment and appropriate knowledge regarding food.
- When using food as a part of class or student incentive programs, staff and students are encouraged to utilize healthy, nutritious food choices. Moreover, food will be used minimally as an incentive, and non-food items will be the preferred incentive.
- When curricular-based food experiences are planned, staff and students are encouraged to seek good nutrition choices and teach portion control whenever possible.
- Reduce student access to foods of minimal nutritional value.
- Encourage the practice of good nutrition by reducing the sale or distribution of foods of minimal nutritional value.
- Encourage student participation in high activity programs.
- Encourage water consumption as a healthy alternative to carbonated beverages.

District Nutrition Standards

The School District of Sturgeon Bay strongly encourages the sale and distribution of nutrient-dense foods for all school functions and activities. Nutrient-dense foods are those foods that provide students with calories rich in the nutrient content needed to be healthy. In an effort to support the consumption of nutrient-dense foods in the school setting, the district has adopted the following nutrition standards governing the sale of food, beverages, and candy on school grounds:

Food

- In keeping with the contractual obligations of the National School Lunch/Breakfast programs, ensure the integrity of the school lunch program by prohibiting food sales that are in direct conflict with the lunch/breakfast programs.
- Any food item for sale prior to the start of the school day and throughout the instructional day will be selected by using ethical judgment regarding nutritional value per serving.
- Any food items which can make up a reimbursable lunch/breakfast can be sold prior to and during the school day.
- Nuts and seeds are exempt from these standards because they are nutrient dense and contain high levels of monounsaturated fat. Foods high in monounsaturated fat help lower "bad" LDL cholesterol and maintain "good" HDL cholesterol.

- It is recognized that there may be rare special occasions when the school principal may allow a school group to deviate from these guidelines.
- Encourage the consumption of nutrient-dense foods, i.e., whole grains, fresh fruits, and vegetables.

Beverages

- Vending sales of soda or artificially sweetened drinks will not be permitted.
- Milk, water varieties, sport drinks, and 100 percent fruit juices may be sold on school grounds both prior to and throughout the instructional day.

Section VIII: Teacher Evaluation

Purpose

The purpose of the evaluation of the teaching staff will be the improvement of instruction in order to maintain a highly qualified competent staff. To further the purpose, the supervisory personnel responsible for the evaluation of teachers will acknowledge the right of the teacher to:

1. Know how he/she is performing the duties and responsibilities of his/her position.
2. Know the areas in which improvement is needed.
3. Have a candid appraisal of his/her work.
4. Discuss his/her evaluation report with his/her supervisor.
5. Seek and receive supervisory assistance when needed.
6. Have counsel at any point in the evaluation process.

Wisconsin Educator Effectiveness System

The Wisconsin Educator Effectiveness System provides a performance-based evaluation system designed by and for Wisconsin educators to support the continuous improvement of educator practice that leads to improved student learning. The system is a performance-based evaluation system that balances an educator’s professional practice (50%) with evidence of student outcomes (50%).

The DPI Educator Effectiveness Team implements and improves the Wisconsin Educator Effectiveness System to ensure that educators receive quality data to identify and inform individual areas of strength, needed improvement, and ongoing support for professional growth. More information about the [Wisconsin Educator Effectiveness System](#) may be found on the DPI website.

Section XI: Code of Classroom Conduct - Board Policy 5500

5500 - STUDENT CODE OF CLASSROOM CONDUCT

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law regarding minors. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty should be maintained in the schools of this District.

The District Administrator shall establish procedures to carry out Board policy and philosophy, and shall hold all school personnel, students, and parents responsible for the conduct of students in schools, on school vehicles, and at school-related events.

Student conduct on or adjacent to school premises, on school vehicles, and at school-related events and activities shall be governed by the rules and provisions of the Student Code of Classroom Conduct. In addition, student conduct on internet-based social media outlets, such as Facebook, Twitter, Instagram, Snapchat, etc. when such conduct forms a sufficient connection to school or staff, is governed by the Code of Conduct. This Code of Classroom Conduct shall be reviewed and approved periodically.

Student conduct in the classroom shall be governed by the rules and provisions of the Code of Classroom Conduct developed for each school in consultation with a committee of School District residents that consists of parents, students, members of the School Board, school administrators, teachers, pupil services professionals, and other residents of the School District who are appointed to the committee by the School Board. Each school's Code of Classroom Conduct shall be adopted by the School Board.

Section XII. Child Abuse or Neglect - Board Policy 8462

8462 - STUDENT ABUSE AND NEGLECT

The Board of Education is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law.

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and, in the laws, and procedures detailed herein governing the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and thereafter at least once every five (5) years after the initial training.

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a child by other than accidental means.

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency.

Employees shall also notify the appropriate administrator according to the District's Reporting Procedure for Student Abuse or Neglect.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Any such instances, whether real or alleged, should be dealt with in accordance with the administrative guidelines established by the District Administrator.

4362

Section XIII: Harassment - Board Policy 4362.01 and 4362

4362 - EMPLOYEE ANTI-HARASSMENT

Prohibited Harassment

The Board of Education is committed to a work environment that is free of harassment of any form. The Board will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it. Any member of the School District community who violates this policy will be subject to disciplinary action, up to and including termination of employment. Additionally, appropriate action will

be taken to stop and otherwise deal with any third party who engages in harassment against our employees.

The Board will vigorously enforce its prohibition against harassment based on race, color, national origin, age, sex (including transgender status, change of sex, sexual orientation, or gender identity), pregnancy, creed or religion, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service (as defined in 111.32, Wis. Stats.), national origin, ancestry, arrest record, conviction record, use or non-use of lawful products off the District's premises during non-working hours, declining to attend an employer-sponsored meeting or to participate in any communication with the employer about religious matters or political matters, or any other characteristic protected by law in its employment practices (hereinafter referred to as "Protected Characteristics"), and encourages those within the School District community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board prohibits harassment that affects tangible job benefits, interferes unreasonably with an individual's work performance, or creates an intimidating, hostile, or offensive working environment. Harassment may occur employee-to-employee, employee-to-student, male-to-female, female-to-male, male-to-male, or female-to-female.

The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the School Board will take immediate steps calculated to end the harassment, prevent its reoccurrence, and, if applicable, remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

For purposes of this policy, "School District community" means individuals subject to the control and supervision of the Board including, but not limited to, students, teachers, staff, volunteers, and Board members, agents, contractors, or other persons.

For purposes of this policy, "third parties" include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the District, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off School District property).

Definitions

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a school employee on the basis of the employee's Protected Characteristics that:

- A. Places a school employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. Is sufficiently severe, pervasive, and persistent so as to create a hostile working environment which materially alters the employee's working conditions from the perspective of a reasonable person similarly situated.
- C. Has the effect of substantially disrupting the orderly operation of a school or any other aspect of the District's operations

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors, and other physical, verbal, or visual conduct based on sex constitutes sexual harassment when:

- A. A supervisory employee engages in harassing behavior towards a subordinate employee, regardless of whether such conduct creates a hostile work environment.
- B. Acquiescence in or submission to such conduct is an explicit or implicit term or condition of employment.
- C. An individual's acquiescence in, submission to, or rejection of such conduct becomes the basis for employment decisions affecting that individual.
- D. Such conduct is sufficiently severe, pervasive, and persistent such that it has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.
- E. Consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism results in an adverse employment action for another employee or otherwise creates a hostile work environment.
- F. Inappropriate boundary invasions by a District employee or other adult member of the District into a student's personal space and personal life.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Physical and/or sexual assault.
- C. Threats or insinuations that a person's employment, wages, promotion, assignments, , or other conditions of employment may be adversely affected by not submitting to sexual advances;
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls text messages, or social media postings.
- E. Sexually suggestive objects, pictures, videotapes, audio recordings, or literature, placed in the work or educational environment, which may embarrass or offend individuals.

- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures;
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. Consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment; and
- J. Verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Sexual relationships between staff members, where one staff member has supervisory responsibilities over the other, are discouraged as a matter of Board policy. Such relationships have an inherent possibility of being construed as sexual harassment because the consensual aspect of the relationship may be the result of implicit or explicit duress caused by uncertainty regarding the consequences of non-compliance.

Romantic or sexual relationships between District staff (teachers, aides, administrators, coaches or other school authorities) and a student is expressly prohibited. Any school staff member who engages in sexual conduct with a student may also be guilty of a crime and any information regarding such instances will be reported to law enforcement authorities.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Age Harassment

Prohibited age-based harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's age, being over age forty (40), and when the conduct has the purpose or

effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.

Race/Color Harassment

Prohibited race/color-based harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race and/or color and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability, perceived disability, or record of disability, and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment. Such harassment may occur where conduct is directed at the characteristics of a person's current or past disabling condition or a perceived condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Members of the School District community and third parties, which includes all staff, are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor, or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other District official who receives such a complaint shall file it with the District's Compliance Officer at his/her first opportunity.

Members of the School District community or third parties who believe they have been harassed by another member of the School District community or a third party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment unless the complaining individual makes the complaint maliciously or with knowledge that it is false.

- D. Appropriate school officials are as follows:
 - 1. Any complaint under this policy shall be reported to the District's Compliance Officer unless the complaint is regarding the Compliance Officer. In such cases, the complaints shall be reported to the District Administrator, who shall assume the role of the District Compliance Officer for such complaints.
 - 2. Any complaint under this policy regarding the District Administrator or Board Member that is received by the District Compliance Officer shall be referred to the School Board's legal counsel, who shall assume the role of the District Compliance Officer for such complaints.
- E. The reporting party or complainant shall be encouraged to use a report form available from the principal of each building or available from the District office, but oral reports shall be considered complaints as well. Use of formal reporting forms shall not be mandated. However, all oral complaints shall be reduced to writing. Further, nothing in this policy shall prevent any person from reporting harassment directly to the District Administrator.
- F. To provide individuals with options for reporting harassment to an individual of the gender with which they feel most comfortable, the District shall designate both a male and a female District Compliance Officer

The following individuals serve as "Anti-Harassment Compliance Officers" for the District. They are hereinafter referred to as the "Compliance Officers".

The names, titles, and contact information of these individuals will be published annually in the parent and staff handbooks and/or on the School District's web site.

A CO will be available during regular school/work hours to discuss concerns related to harassment, to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct.

The COs are assigned to accept complaints of harassment directly from any member of the School District community or a visitor to the District, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a CO will begin either an investigation or the CO will designate a specific individual to conduct such a process. The CO will prepare recommendations or will oversee the preparation of such recommendations. All members of the School District community should report incidents of harassment that are reported to them to the CO within two (2) business days of learning of the incident.

Investigation and Complaint Procedure

Any employee or other member of the School District community or visitor to the District who believes that s/he has been subjected to harassment or has witnessed harassment of another may seek resolution of his/her complaint through the procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of harassment was substantiated are set forth below.

Once the complaint process begins, the investigation will be complete in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

Complaint Procedure

An individual who believes she/he has been subjected to harassment hereinafter referred to as the "complainant", may file a complaint, either orally or in writing with a teacher, principal, CO, District Administrator, or other supervisory employee. As noted above, any complaint received regarding the District Administrator or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall assume the role of CO for such complaints.

Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known, and potential witnesses are available. If a Complainant informs a Principal, District Administrator, or other Supervisory employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process as described herein, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All written complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be actively engaging in, harassment; a detailed description of the facts upon which the complaint is based; and a list of potential witnesses.

If the complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the complainant from further harassment or retaliation including but not limited to a change of work assignment or schedule for the complainant and/or the alleged harasser. In making such a determination, the CO should consult the Complainant to assess his/her position to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deem appropriate in consultation with the District Administrator. No temporary arrangements shall be disciplinary to either the complainant or respondent.

Within two (2) business days of receiving a complaint, the CO will inform the individual alleged to have engaged in the harassing conduct, hereinafter referred to as the "respondent", that a complaint has been received.

Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The respondent will be informed about the nature of the allegations and a copy of this policy shall be provided to the respondent at that time. The respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Within five (5) business days of receiving the complaint, the CO will initiate a formal investigation to determine whether the complainant has been subject to offensive conduct/harassment.

Although certain cases may require additional time, the CO will attempt to complete an investigation into the allegations of harassment within fifteen (15) calendar days of receiving the formal complaint. The investigation will include:

- A. Interviews with the complainant.
- B. Interviews with the respondent.
- C. Interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations.
- D. Consideration of any documentation or other evidence presented by the complainant, respondent, or any other witness which is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO shall prepare and deliver a written report to the District Administrator that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in this policy and State and Federal law as to whether the complainant has been subject to. The COs' recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. The CO may consult with the School Board Attorney before finalizing the report to the District Administrator.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO, the District Administrator must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the complainant and the respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

The decision of the District Administrator shall be final. If the investigation results in disciplinary action, the employee subject to discipline is entitled to file a grievance pursuant to Board Policy 4340. Nothing in this policy shall be construed to prevent an employee from bringing a complaint before the Equal Employment Opportunity Commission or the Wisconsin Equal Rights Division.

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or third party alleging the harassment pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and all the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligation in an investigation of harassment. The School District will respect the privacy of the complainant, the respondent, and all witnesses in a manner consistent with the School District's legal obligations under State and Federal law. Confidentiality, however, cannot be guaranteed. All complainants proceeding through the formal investigation process should be advised that their identities may be disclosed to the respondent.

During the course of an investigation, the CO will determine whether confidentiality during the investigation process is necessary to protect the interests and reputations of those involved and/or to protect the integrity of the investigation and if so shall instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

All public records created as a part of an investigation of a complaint of harassment will be maintained by the CO in accordance with the Board's records retention policy. Any records which are considered student records in accordance with the State or Federal law will be maintained in a manner consistent with the law.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable law. When imposing discipline, the District Administrator shall consider the totality of the circumstances. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

All sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Allegations Constituting Criminal Conduct

If the CO has reason to believe that the complainant has been the victim of criminal conduct, such knowledge should be reported to local law enforcement. After such a report has been made, the District Administrator shall be advised that local law enforcement was notified.

If the complainant has been the victim of criminal conduct and the accused is the District Administrator, such knowledge should be reported by the CO to local law enforcement. After such a report has been made, the Board President shall be advised that local law enforcement was notified.

Any reports made to local law enforcement shall not terminate the obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, the harassment investigation shall not be stopped due to the involvement of outside agencies without good cause after consultation with the District Administrator.

Reprisal

Submission of a good faith complaint or report of harassment will not affect the complainant's or reporter's work status or work environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.

The District will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Miscellaneous

The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address, and telephone number of the COs, the name, mailing address, and telephone number of the State agency responsible for investigating allegations of discrimination in

employment, and the mailing address and telephone number of the United States Equal Opportunity Employment Commission.

A link to or summary of this policy and any related administrative guidelines shall appear in the employee handbook and a copy shall be made available upon request of employees and other interested parties.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of - harassment. The District Administrator shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District staff at such times as the Board in consultation with the District Administrator determines is necessary or appropriate.

The Board will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as practicable, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery, disclosure, or other legal obligations.

4362.01 - THREATENING BEHAVIOR TOWARD STAFF MEMBERS

The Board of Education believes that a staff member should be able to work in an environment free of threatening speech or actions.

Threatening behavior consisting of any words or deeds that intimidate a staff member or cause anxiety concerning his/her physical and/or psychological well-being is strictly forbidden. Any student, parent, visitor, staff member, or agent of this Board who is found to have threatened a member of the staff will be subject to discipline and reported to the appropriate law enforcement authorities.

The District Administrator shall implement guidelines whereby students and employees understand this policy and appropriate procedures are established for prompt and effective action on any reported incidents.

Mission Statement

The School District of Sturgeon Bay, in partnership with the student, family, and community, will provide diverse educational opportunities for the development of informed, knowledgeable citizens and successful lifelong learners.

Preamble

There is a strong commitment at Sturgeon Bay High School for the creation and maintenance of a school environment that presents our students with the opportunity to study and learn under the best possible conditions. Sturgeon Bay High School offers an educational program designed to meet the academic, career, and social needs of its students. Just as students have the right to expect this program to be of high quality and one in which they can fully develop their knowledge and skills, the school also expects all students to participate in a positive and productive manner. The maintenance of a good learning atmosphere depends on a sustained and cooperative effort on the part of students, parents/guardians, teachers, and administrators.

The expectations contained in this handbook are applicable in situations in which students are involved:

- school activities on property owned by the Sturgeon Bay Board of Education
- travel on school transportation
- off-site, school-sponsored activities
- on- or off-site, school-related activities which are the result or cause of disruptive behavior on school grounds.

While we have attempted to make this handbook as comprehensive as possible, it is impossible to foresee all situations and circumstances that may occur during the course of the year. Consequently, the administration reserves the right to make additions and/or modifications to this handbook where such additions and/or modifications do not conflict with Board of Education policies. Any additions or changes regarding student expectations will be communicated to the student body through morning announcements, school assemblies, homerooms, and/or written handouts.

The success of the expectations stated in this handbook requires the exercise of good faith by students, parents, and school district personnel, as well as basic respect for the worth of each individual and the individual's ability to contribute to society.

Non-Discrimination

It is the policy of the School District of Sturgeon Bay that no student may be denied admission to any public school in this district or be denied participation in, be denied the benefits of, or be discriminated against in any curricular, extracurricular, pupil service, recreational, or other program or activity because of the person's age, sex, race, national origin, ancestry, creed, religion, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional, or learning disability or handicap as required by s. 118.13, Wis. Stats. This policy also prohibits discrimination as defined by Title IX of the Education Amendments of 1972 (sex), Title VI of the Civil Rights Act of 1964 (race and national origin), and Section 504 of the Rehabilitation Act of 1973.

All vocational education programs follow the district's policies of non-discrimination on the basis of the above-mentioned reasons. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation.

 - Students must serve and document completion of 40 hours of community service. Students may begin accumulating these service hours during the summer prior to the beginning of the freshman year.
 - Students must achieve a minimum cumulative grade point average of 1.5 after eight semesters of high school enrollment.
 - It is recommended that students complete eight semesters of attendance.

Transfer Students

Students who transfer to Sturgeon Bay High School shall not be denied the opportunity to graduate from high school in a timely fashion (four years) because of non-compliance with the above requirements provided that said transfer student has successfully completed all course work previously started in high school and was on schedule (credit-wise) to graduate and in compliance with graduation requirements in his/her previously attended high school.

Students Identified with Special Educational Needs

Students identified with special educational needs or having disabilities as defined in SS. 115 shall not be denied the opportunity to graduate with a Sturgeon Bay High School diploma in a timely fashion for failure to fully comply with the course requirements. Students whose integrated education is guided by an individualized education program (IEP) per SS.115.8 will be graduated with a Sturgeon Bay High School diploma based upon the substantial completion of the course requirements noted above (which may include academic modifications stipulated in the IEP), completion of all other non-modified regular education requirements, and – if required – support of graduation as documented in letters of recommendation from the faculty. These students are entitled to participate in graduation ceremonies. Students whose integrated education is guided by an IEP may be allowed to complete their educational program at the conclusion of Semester 1 of the senior year or up to a year after their senior year with a Sturgeon Bay High School diploma provided this stipulation appears in the current IEP. These students are entitled to participate in graduation ceremonies with their grade-level peers. Students identified with special education who have successfully attended and participated in primarily designated special education programs in the district and have met their IEP requirements may receive a certificate of attendance. Students who receive these certificates are entitled to participate in graduation ceremonies with their grade level peers.

Commencement Ceremony Participation

A commencement ceremony will be held each spring for the graduating class of Sturgeon Bay High School. Students who have completed all requirements for graduation, prior to the date of graduation, may participate in the commencement ceremony.

Participation

Only those students who have met all district graduation requirements as set forth in this policy, are wearing the prescribed cap and gown, and have complied with all administrative behavioral expectations shall be permitted to participate in the commencement ceremony.

Satisfaction of Obligations

In order for a student to participate in the commencement ceremony, all fines, fees, and similar obligations arising from student participation in school programming must be satisfied by the end of Semester 1 of the student's senior year. If these obligations cannot be satisfied by the end of Semester 1 of the student's senior year, the parent/guardian must work with the principal to develop a plan to satisfy these obligations no later than the last day of the senior year. A student will be denied participation in the commencement ceremony if a plan is not developed or if the obligations described in the plan are not satisfied by the last day of the senior year.

Prescribed Cap and Gown

Students who wish to participate in the commencement ceremony must wear the prescribed cap and gown. The only other items allowed to be worn include the valedictorian and salutatorian medallions, high honors and honor cords, and National Honor Society cords/stoles.

Behavioral Expectations

In order to be eligible to participate in the commencement ceremony, a student must:

- be registered as a full-time student (enrolled in the equivalent of three full blocks of coursework) in the semester immediately prior to graduation
- not have met or exceeded the statutory definition of a habitual truant in the semester immediately prior to graduation.

Approval for Early Graduation

Students who have received Board of Education approval for early graduation are exempt from the eligibility requirements for participation in the commencement ceremony.

Diploma Distribution

The Board of Education shall select the person(s) to present diplomas to the graduating class.

Early Graduation

In exceptional cases, a student may arrange to graduate after completing the first semester of his/her senior year, in accordance with the following procedures:

- A student may apply for January (early) graduation during the second semester of his/her junior year. All applications must be received by the last day of school of the junior year.
- The request form must be filled out and signed by the student and parent(s)/guardian(s) and turned in to the School Counseling Office.
- The request form will be reviewed by the principal and school counselor to ensure graduation requirements are met.
- All requests for early graduation must be acted upon by the principal prior to the start of the school year.

- Approval of early graduation is contingent upon the student satisfying all credit requirements and completing a three-and-one-half-year enrollment requirement.
- No formal diploma shall be issued or commencement ceremony held in January. Early graduates shall be permitted to participate in spring commencement activities if they so desire. The school records shall indicate completion of all graduation requirements for the purpose of employment or post-high school training.
- Early graduates shall not be permitted to take part in any organized school activity (such as athletics, clubs, school dances, field trips, etc.) with the exception of spring commencement activities. They shall, however, be permitted to attend school functions open to the public, just as any other member of the adult community.
- Any request to graduate prior to January of the senior year shall be considered on an annual basis.

Students should be aware that post-secondary institutions do not always look favorably upon early graduation. Students should contact the post-secondary institution of choice to determine what, if any, restrictions may apply to early graduation.

Credit and Grade Transfer Regulations

The following regulations are in effect regarding transfer students, Sturgeon Bay High School students, and Sturgeon Bay High School Virtual Program students:

- All conversions will be reviewed by the high school counselor and principal.
- All credit and grades for transfer will be converted to the existing grade and credit system approved for Sturgeon Bay High School graduation requirements.
- Weighted grades will transfer only when Sturgeon Bay High School offers the same course for weighted credit.
- A student who earns a grade of B- or above in any advanced placement course, technical college course (except College Technical Math 1A), or university course will have additional quality points of 0.0125 added to his/her grade point average for each 0.5 credit earned.
- Grade point averages will be calculated according to the system currently used at Sturgeon Bay High School.
- Pass/fail grades will not be included in grade point average calculation but may be recorded for credit on the transcript.
- The principal will determine the credit awarded for courses taken in another country or from study abroad. Credits will not be included in grade point average calculation.
- Courses taken prior to Grade 9 will not be included in grade point average calculation but may be included on the transcript for post-secondary considerations.
- Grades received by a student for courses taken through post-secondary institutions for dual credit will be included in grade point average calculation. For each 1 credit of post-secondary study, the student will be granted 0.25 credit on the high school transcript.
- Grades received by a student for courses taken through a home-based educational program will not be used in grade point average calculation.
- If a student repeats a core or elective course, both grades will appear on the transcript. However, only the highest grade will count toward grade point average calculation.
- Coursework completed for credit recovery includes the following regulations:
 - Before enrollment, the course intended for credit recovery must be approved by the principal.

- For each 1 credit of high school credit recovery coursework, the student will be granted 1 credit on the high school transcript.
- Grades earned for credit recovery courses will be applied to the Sturgeon Bay High School grade scale.
- Course vendor guidelines will be used to determine the percentage of a course that must be completed in order to earn a passing grade.
- Courses completed for credit recovery will be included in the grade point average calculation.
- Sturgeon Bay High School offers a Virtual Student Program which includes the following regulations:
 - A student in this program is defined as one whose school day consists of more than 50 percent online work.
 - A student exclusively enrolled in this program will not be considered in class rank or be eligible for designation as valedictorian, salutatorian, high honors, or honors graduates. A Virtual Student Program student interested in pursuing any of these designations must re-enroll as a traditional student for the junior and senior year.
 - Before enrollment, a course intended for use in the Virtual Student Program must be approved by the principal.
 - For each 1 credit of high school online study, the student will be granted 1 credit on the high school transcript.
 - Grades earned for online courses will be applied to the Sturgeon Bay High School grade scale.
 - All online courses in which a student enrolls will be entered on the transcript and included in the grade point average calculation. The only exception is for a course the student drops within the course vendor's drop policy.
 - Course vendor guidelines will be used to determine the percentage of a course that must be completed in order to earn a passing grade.
- Sturgeon Bay High School students may supplement their educational program through completion of online coursework from outside course vendors. The following regulations apply to this coursework:
 - No more than 50 percent of a student's class schedule may include online coursework.
 - A student who supplements his/her educational program through completion of online coursework from outside course vendors will maintain consideration in class rank and be eligible for designation as valedictorian, salutatorian, high honors, or honors graduates.
 - For each 1 credit of high school online study, the student will be granted 1 credit on the high school transcript.
 - Grades earned for online courses will be applied to the Sturgeon Bay High School grade scale.
 - Before enrollment, a course intended to supplement the student's educational program must be approved by the principal.
 - All online courses in which a student enrolls will be entered on the transcript and included in the grade point average calculation. This includes any course that causes the student to have more than a full schedule or any course for which time is not allowed during the daily schedule. The only exception is for a course the student drops within the course vendor's drop policy.
 - Course vendor guidelines will be used to determine the percentage of a course that must be completed in order to earn a passing grade.

- Summer institutes or mini-courses may be considered for credit depending on the number of hours but will not be included in grade point average calculation. In order to count for credit, this coursework needs to be approved prior to completion.
- Religious classes taken at a parochial school may be listed on the transcript but will not receive credit or be included in grade point average calculation.
- Restrictions or criteria may be waived for extenuating circumstances only by the principal.

Grade Scale

Official grade reports are issued at the end of each quarter. Progress reports are issued at the midpoint of each quarter.

Teachers at Sturgeon Bay High School use a common grade scale; however, the methods by which grades are calculated may differ from teacher to teacher (e.g., weighting of various categories of performance including class participation, homework, tests, quizzes, projects, semester exam, etc.). At the beginning of each course, teachers are required to inform students of the method by which grades will be calculated.

The Sturgeon Bay High School common grade scale is as follows:

A = 93 – 100	B+ = 88 – 89	C+ = 78 – 79	D+ = 68 – 69	F = 0 – 59
A- = 90 – 92	B = 83 – 87	C = 73 – 77	D = 63 – 67	
	B- = 80 – 82	C- = 70 – 72	D- = 60 – 62	

Honor Roll

Students who achieve high standards academically are recognized on the A honor roll at the end of each semester. In order to be eligible for the A honor roll, a student must earn at least a 3.5 grade point average with no Ds or Fs.

PowerSchool

Sturgeon Bay High School uses PowerSchool to manage student information. Through the PowerSchool parent portal, parents/guardians have access to daily school announcements, attendance records, student schedules, current grades, assignments, progress reports, and report cards. Lunch balances may be checked, and lunch payments may be made through the parent portal.

Teachers are expected to enter scores into the electronic gradebook within three days of the due date of an assignment. Often scores will be entered before the three-day time period. However, there may be a delay for more complex assignments, such as term papers and/or other major projects, as these assignments may require extended time for grading.

For questions about a grade, contact the teacher of that course. For questions about PowerSchool, please feel free to contact the High School Office.

Class Schedules

All students are encouraged to enroll in a minimum of seven total credits each school year. In order to be considered full-time, a student must be enrolled in the equivalent of three full-block periods each quarter.

When making course selections each year, it is imperative that students and parents consider the district's graduation requirements, the interests and capabilities of the student, and his/her future career plans.

Since the initial student selection of courses plays a major role in determining the total number of course sections offered, teacher and staff placements, and budget allocations for textbooks, materials, and supplies, it is important that schedule changes are minimized to the extent possible. A draft of the schedule will be created for each student. Parents will be given a specified amount of time at the end of the school year to check the schedule and raise questions or concerns. **After a published deadline, the schedule will become final. After a schedule is finalized, the only changes that will be made will be due to serious academic concerns (e.g., failing a required course).**

Courses may be repeated, but the previous course title will remain on the transcript. Credit will not be duplicated for repeated courses. The highest grade earned will be recorded on the transcript. The only exception to this rule is for courses in which the content may change (e.g., Social Issues and Current Events, etc.).

Online Learning – Supplemental

In order to offer as many academic opportunities as possible, Sturgeon Bay High School students may choose to enroll in an online course. Because online courses do not originate at Sturgeon Bay High School, there is a per-course, per-semester tuition charge for each course. Some courses are one semester in length while others are two semesters. The district pays the tuition charges for all online courses. Any fee charged to extend the deadline for an online course is the responsibility of the parent/student. Online learning is very different from face-to-face learning, and any student interested in online learning must meet with the principal and/or counselor to discuss this option.

See "Credit and Grade Transfer Regulations" for additional information.

Homebound Instruction:

Special education services and placement are determined through the IEP team process and are based on each individual student's disability related needs. Under state and federal law, the school district is required to provide IEP services in the least restrictive environment. Requests for services provided in the home will be considered by the IEP team. However, the option of homebound or virtual services may be declined or rejected if the special education services required for the student to make progress cannot be provided in the home or through virtual learning.

Early College Credit Program (Dual-Credit Program for Universities)

Currently, Wisconsin's Youth Options and Course Options programs enable public school students to attend courses from institutions of higher education and to receive high school and/or post-secondary credit for doing so. As of July 1, 2018, these programs will no longer exist; Course Options will be replaced by Part Time Open Enrollment, and Youth Options will be replaced by the Early College Credit Program (ECCP).

The ECCP offers students in all high school grades the opportunity to enroll in one of the following institutions of higher education for the purpose of taking one or more courses: an institution within the UW System, a tribally controlled college, or a private, nonprofit institution of higher education located in Wisconsin. The ECCP also explicitly permits attendance in a summer semester or session and allows a course to be taken for both high school and college credit.

Procedures

Students in all high school grades – rather than just those in Grades 11 and 12 – will be eligible to participate under the ECCP.

In order to take advantage of the ECCP, a student must submit an application to an institution of higher education in the school semester preceding the student's potential enrollment. The student must indicate whether he/she will be taking the course(s) for high school credit or post-secondary credit or both, if applicable. In addition, the student must specify that, if he/she is admitted, the institution may disclose the student's grades, the courses that he/she is taking, and his/her attendance record to the school in which the student is enrolled. In addition, a student who intends to enroll in an institution of higher education under the ECCP must notify the Board of Education of his/her intention no later than March 1 if the student intends to enroll in the fall semester and no later than October 1 if the student intends to enroll in the spring semester. This notice must include the titles of the courses in which the student intends to enroll, the number of credits of each course, and whether the student will be taking the courses for high school or post-secondary credit.

If a student specifies in this notice that he/she intends to take a course for high school credit, the Board of Education shall determine whether the course is comparable to a course offered in the school district, whether the course satisfies any of the high school graduation requirements, and the number of high school credits to award the student for the course, if any. The Board of Education shall then notify the student of its determinations in writing before the beginning of the semester in which the student will be enrolled.

Further, if a student is not admitted by the institution of higher education to attend the course that he/she specified in the notice, but the student is admitted to attend a different course, the student must immediately notify the Board of Education, and, as soon as practicable, the Board of Education must inform the student of its determinations about the course. A student who disagrees with the Board of Education determinations may appeal to the State Superintendent of Public Instruction.

Tuition Costs

Under the ECCP, the student and/or the student's school district will be responsible for paying tuition costs depending upon whether a student is taking a course for high school credit and whether the course is comparable to a course offered in the school district.

A student will not be responsible for any portion of tuition for courses taken for high school credit, provided that the course is not comparable to a course offered in the school district. The school district will be responsible for 75 percent of the actual cost of tuition for such courses. The school district is responsible for initially paying 100 percent of the actual cost of tuition to the institution of higher education but may recover up to 25 percent of the cost through state reimbursement (to the extent that funds are available).

A student will be responsible for 25 percent of the actual cost of tuition when the student takes a course only for post-secondary credit. The school district will also be responsible for 25 percent of the actual cost of tuition, with the remaining 50 percent to be covered by state reimbursement (again, to the extent that funds are available). The school district is responsible for initially making the full tuition payment to the

institution. The district is then permitted to recover 25 percent of the total cost of tuition directly from the student and up to 50 percent of the total cost of tuition through state reimbursement.

Board of Education guidelines limit the number of credits for which the board will pay to the equivalent of 18 post-secondary semester credits per student.

Start College Now (Dual-Credit Program for Technical Colleges)

High school students in good academic standing and who have no record of significant disciplinary problems may have the opportunity to take college courses at Northeast Wisconsin Technical College. If the Board of Education determines a technical college course is eligible for high school credit and the course is not comparable to any course offered by the school district, the school district will pay for the course if students successfully pass the course. Students who don't successfully complete the course for credit, are required to reimburse the district for the cost of the course. Once a student graduates from high school, he/she can transfer those credits to any of the Wisconsin Technical Colleges.

Juniors and seniors interested in this option should meet with the school counselor to discuss career plans and connect with the Start College Now program. The deadline for applying is March 1 for the fall semester and October 1 for the spring semester. Courses that meet the requirements can be taken at any time throughout the week, during the regular academic school year. Start College Now is not available during the summer.

Attendance Information

Attendance

In accordance with Wisconsin State Statute, all children between 6 and 18 years of age must attend school full-time unless they have a legal excuse, fall into one of the exceptions outlined in state law, or have graduated from high school.

Regular attendance is essential to success in one's studies. Many failures in school are a direct result of poor student attendance. Since class participation can make up a substantial part of the grade and learning in each subject, continued absence will consequently cause lower grades.

Wisconsin Statute 118.15-16 places the ultimate responsibility for regular school attendance with each student's parents. The parent of a student is responsible for reporting an absence, its cause, and, if required, for sending information upon the student's return. (Note: Students who are 18 years of age or older and are living independently may request exemption from this parent-reporting requirement. Contact the principal for more information.) Parents are asked to consider the negative impact of school absences on student learning and are encouraged to minimize all absences to the extent possible.

Absence Reporting

Parents are asked to call the school attendance line – 920.746.3865 – by 9:00 a.m. to report the absence and state the reason. Prompt attention to this will eliminate confusion and problems later concerning the absence. If circumstances make it impossible to call by 9:00 a.m., then the call should be made as soon as possible. A message may be left on the attendance line voicemail 24 hours a day. Excuses are generally not accepted after 48 hours.

Forged written notes and/or fraudulent telephone excuses that do not originate from the parents/guardians will not be tolerated and will result in suspension and/or truancy sanctions.

Attendance and Co-Curricular Participation

A student must be in class for the full day on the day of a co-curricular practice or contest to be eligible to compete or participate. Students arriving late or leaving early due to illness are not eligible to participate. A principal-approved exception may be made if the student produces medical or legal documentation for the absence or if the absence is due to extraordinary circumstances.

A student suspended in school or out of school on the day of a co-curricular activity is also suspended from participation in co-curricular activities on the day of the suspension or that weekend. Exceptions may be made for absences resulting from medical or legal appointments (with prior notification) or with the prior approval of the principal or athletic director in the case of special circumstances.

Students must also be in attendance at school during the school day in order to attend co-curricular events as a spectator unless prior administrative approval is given.

Excused Absences

Excused absences are granted for the following:

- personal illness
- illness in the family
- family emergencies
- personal appointments of a professional nature
- death in the family
- funerals
- religious holidays
- court appearances
- special educational events
- approved school activities
- family vacations
- special circumstances that show good cause and are approved in advance by the principal.

If there is a question about whether or not an absence will be excused, please call the administrative assistant at 920.746.3865 for clarification prior to the absence. Absenteeism from school for reasons other than those cited shall be regarded as unexcused.

Absences/tardies due to oversleeping and/or vehicle problems are not considered excused.

According to Wis. Stat. sec. 118.15(3), a parent/guardian may excuse his/her child for a total of ten days in a school year. If an absence is related to a medical appointment, legal situation, college visit, or other reason deemed appropriate by the principal, the absence will not be counted as part of the ten days if the student provides documentation upon return to school. Once the ten-day limit has been reached, any further absences not documented as stated above will be coded as excessive absenteeism. Excessive absenteeism could result in a truancy citation. School attendance is one of the data pieces reported to the state. Parents/Guardians are asked to help the district keep absenteeism at a minimum so that district evaluation and student achievement are not negatively affected by the high school attendance rate.

It is the student's responsibility to request work missed due to an excused absence from school. The timeline for submitting make-up work following a period of illness is two days granted for the first day missed plus one day granted for each additional day missed. In the case of anticipated absences, all make-up work must be completed upon return to school.

Leaving the Building or Grounds

With the exception of the open campus lunch period, students must remain in the school building during school hours and may not leave without permission of the High School Office staff. Students must present valid notes and expect phone confirmation of such notes when requesting to leave during school hours. Students are required to sign out and sign in when leaving and returning to school during the school day.

The open campus lunch period is a privilege. If students choose to leave campus at lunch, they accept full responsibility for returning to school on time for their afternoon classes – without excuse. Exemplary behavior in the community is expected when students leave campus at lunch. The open campus privilege may be restricted or revoked if problems arise due to a student's misuse of this privilege.

Tardies

Students are expected to be in class on time. If a student is late to class without a pass, the classroom teacher will record the tardy when attendance is taken. The individual classroom teacher will hold the student accountable (e.g., talk to the student about the problem, assign a detention, etc.). If the student is chronically tardy, the teacher will complete a behavior referral and submit it to the principal. The student will then be assigned an administrative detention as a result of his/her chronic tardiness.

Absences/tardies due to oversleeping and/or vehicle problems are not considered excused.

Truancy, Online Truancy, and Habitual Truancy

Truancy

A student is considered truant when the student is absent from school without an acceptable excuse. When a student has been truant for all or part of five days in which school is held during a semester, a citation requiring a court appearance will be issued. The difference between truancy and habitual truancy is based on the chronic nature of the absences.

Online Truancy

A student may be considered truant for lack of progress in an online course. In order to enroll in an online course, the student must sign an Enrollment Agreement, which contains the following section on truancy:

- I understand that attendance in online programming is performance based. It is measured not only by logging into the course(s) but by successful submission of completed coursework, participation in course activities such as threaded discussions, and communication with the online instructor. The minimum attendance requirement is to successfully submit at least one appropriately completed assignment for each online course every calendar week, except designated vacation weeks. Any student not meeting that expectation will be contacted by their local education guide for corrective action. Not meeting the minimum attendance requirement for any three weeks in a semester for any course (or combination of courses if enrolled in more than one course) is considered habitual truancy and is therefore in violation of Wisconsin's Compulsory Attendance Statutes 118.16(1)(c) and 118.163(1m) that require a child attend school regularly until graduation from high school, or until the end of the semester in which he/she turns 18 years of age, or until he/she is excused from attendance by the school board. The student and parent/guardian may be subject to legal sanctions.

Habitual Truancy

According to Wisconsin State Statute, a student is considered habitually truant after the student is absent from school without an acceptable excuse for all or part of five or more days in which school is held during a semester. The difference between truancy and habitual truancy is based on the chronic nature of the absences. When a student nears habitual truancy, the school will notify the parent by mail, and a parent meeting will be requested to discuss the student's truancy. If the student's truancy continues, consequences include but are not limited to the following:

- referral to police for municipal citation
- referral to the Department of Human Services

- detention
- in-school suspension
- loss of work permit.

If a student attends Sturgeon Bay High School on an open enrollment agreement, that agreement may be terminated if the student is truant. This would result in the student continuing his/her education at the high school in the district where he/she lives.

Unexcused Absences

Absences for reasons not listed above under "Excused Absences" and/or absences in which a student has not followed the correct attendance procedures are considered unexcused. If a student is not present and the reason for absence has not been reported, an attempt to notify the parents will be made by the school.

When a student is unexcused absent from school, he/she will be required to make up time before or after the school day as a result of the absence. Parents will also be notified in writing of the unexcused absence and the consequences. In addition, referrals for counseling may be made and/or parent meetings required in order to further discuss the student's situation.

Withdrawal from School

Students who move from the school district or withdraw from school for other reasons must report this information to the principal. A student who is not transferring into another approved educational program or school must be 18 years old before legally withdrawing from school.

All students must complete a checkout procedure when withdrawing from school so that grades and credits earned may be properly recorded and forwarded to other schools or employers. As part of this procedure, all financial obligations to the district must be fully satisfied upon withdrawal from school.

Student Conduct Information

General School Conduct and Discipline

Students have the right to take advantage of instructional and related activities in an atmosphere where students can learn and teachers can teach. Each individual has the responsibility to behave in a way that will not infringe upon the rights of others. The school cannot function effectively without the students, staff, faculty, and administration working together to achieve the same goals. Students have the responsibility to abide by all reasonable district, building, and classroom rules established by school officials and to follow the reasonable directives of school administrators, faculty, and staff members. The directives of administrators, faculty, and staff members shall be presumed reasonable and, therefore, the burden of proving the directive unreasonable will be upon the student. If a student disagrees with a staff member's directive, then it is the student's responsibility to follow the provisions outlined in the "Due Process" section of this handbook in order to show that the directive was unreasonable.

Alcohol and Other Drugs

By policy, the Board of Education will not tolerate the following on any school property or at any school-sponsored activity:

- possession of drug-related paraphernalia
- possession and/or use of drugs or look-alike drugs, alcohol, inhalants, or other controlled substances
- distribution and/or sale of drugs or look-alike drugs, alcohol, inhalants, or other controlled substances
- sale, resale, or distribution of prescription drugs or over-the-counter drugs.

This policy is in effect 24 hours a day, 365 days a year. The administration will take the steps outlined below when the Student Alcohol and Other Drug Abuse policy is violated. In each case, the police and the parent/guardian will be contacted. Any or all of the alternatives listed below each type of violation may also be applied.

First Violation

Possession of drug-related paraphernalia:

- Confiscate drug-related paraphernalia.
- Suspend in-school.
- Suspend out-of-school.

Use of or under the influence of drugs, alcohol, inhalants, or other controlled substances:

- Suspend out-of-school.
- Refer for expulsion.
- Recommend or require parent/guardian seek ATODA assessment/counseling.

Possession of or use of drugs or look-alike drugs, alcohol, inhalants, or other controlled substances:

- Confiscate product.
- Suspend out-of-school.

- Recommend or require parent/guardian seek ATODA assessment/counseling.

Selling and/or distribution of drugs, look-alike drugs, prescription drugs, or over-the-counter drugs; alcohol; inhalants; or other controlled substances:

- Confiscate product.
- Suspend out-of-school.
- Refer for expulsion.
- Recommend or require parent/guardian seek ATODA assessment/counseling.

Second Violation

- Alternatives listed in related section(s) above with the following modifications:
 - Require parent/guardian seek ATODA assessment/counseling.

Third Violation

- Suspend out-of-school and pursue expulsion hearing.

Assemblage

Students have the right to peaceably assemble for the expression of opinions and beliefs, within certain guidelines. Student assemblies that are not permitted by law, that disrupt normal operation of Sturgeon Bay High School, that prevent any student from securing regular access to school facilities or classes, and/or which are inconsistent with school goals for teaching/learning are not permitted. The times and locations of all student assemblies must be approved by the administration. Students may not miss their scheduled classes for any assembly unless cleared by an administrator or classroom teacher.

Bullying

The Sturgeon Bay School District strives to provide a safe, secure, and respectful learning environment for all students in school buildings, on school grounds, in school buses, and at school-sponsored activities. Bullying has a harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

By definition, bullying is deliberate or intentional behavior using words or actions intended to cause fear, intimidation, or harm. Bullying may be repeated behavior and involves an imbalance of power. The behavior may be motivated by an actual or perceived distinguishing characteristic such as but not limited to age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status.

Bullying behavior can be:

- physical (e.g., assault, hitting or punching, kicking, theft, or threatening behavior)
- verbal (e.g., threatening or intimidating language, teasing or name-calling, or racist remarks)
- indirect (e.g., spreading cruel rumors, intimidation through gestures, social exclusion, or sending insulting messages or pictures by mobile phone or using the Internet).

Bullying behavior is prohibited in all schools, buildings, property, and educational environments including any property or vehicle owned, leased, or used by the district. This includes public transportation regularly used by students to go to and from school. Educational environments include but are not limited to every activity under school supervision.

Any student or other concerned individual who is either a victim of the bullying or is aware of the bullying is encouraged to report the conduct to the principal or principal's designee. Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or written, will be taken seriously, and a clear account of the incident will be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action.

The principal or principal's designee shall within one school day interview the person(s) who are the victim(s) of the bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying will be notified prior to the conclusion of the investigation. The district shall maintain the confidentiality of the report and any related pupil records to the extent required by law.

If after investigation it is determined that a student participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, the district administration and Board of Education may take disciplinary action including but not limited to suspension, expulsion, and/or referral to law enforcement officials for possible legal action as appropriate.

Cell Phones / Two-Way Communication Devices/Personal Electronic Devices

As per Wisconsin State Statute, students may not use or be in possession of electronic paging or two-way communication devices (e.g., cell phones, smartphones, etc.) while on school-owned, -rented, or -controlled property without the prior approval of administration for legitimate uses. "Legitimate use" possession of cell phones is approved to high school students but only under the following conditions:

- For non-instructional and/or social purposes, cell phones may only be used on school property before school, during snack break, over the lunch period, during passing times, or after school.
- As a general rule, cell phones may not be used in the classroom during class sessions.
- Cell phones may not be used during homeroom periods, special assembly periods, and other times as designated by the principal.
- Under no circumstances are cell phones to be used by students in restrooms or locker rooms.
- Cell phones may never be used in a manner that interferes with the rights of others or which violates any federal, state, or local law or ordinance.

"Using" a cell phone is defined as but not limited to the following:

- Sending and/or receiving text messages or posts to forms of social media.
- Making and/or receiving calls.
- Taking or viewing pictures or other graphic images.
- Browsing the Internet and/or uploading or downloading files.
- Allowing the cell phone to give notification of a text message, call, or alarm (e.g., vibration, ring tone, or any other audible notification).
- Using any of the other features commonly found on cell phones (clock, calculator, games, etc.).

If a student violates any of these restrictions, the staff member who observed the violation will confiscate the student's cell phone and turn it over to the principal/main office. The cell phone will be returned only after serving a 45-minute detention. After the third time a student has their device confiscated, the device will be held until a parent or guardian comes to the office to retrieve it.

A student found to be using a cell phone during an exam will be given a grade of zero on that exam. (See the definition of "using" printed above.) There will be no opportunity to make up the exam. The phone will be confiscated and returned only after serving a 45-minute detention. After the third time a student has their device confiscated, the device will be held until a parent or guardian comes to the office to retrieve it.

Repeated violation of this rule or lack of cooperation on the part of the student will result in more serious disciplinary action.

The school is not responsible for damage to or loss or theft of any devices that are brought into school or onto school grounds, even if the damage occurs while the device is confiscated.

Classroom Code of Conduct

Students must adhere to the Classroom Code of Conduct, which was adopted by the Board of Education in the spring of 1999 in accordance with Wisconsin State Statutes. This code outlines behavior that may lead to the short- and long-term removal of students from class and the procedure that is to be followed for doing so. The Classroom Code of Conduct is printed at the back of this handbook.

Possible administrative actions for conduct violations:

- conference with student
- verbal and/or written notification to parents
- conference with student and parents
- detention time assigned
- restriction of privileges
- counseling referral (school or community)
- in-school suspension
- out-of-school suspension
- removal from class or activity (short-term or long-term)
- restitution
- co-curricular suspension
- referral to law enforcement
- referral to outside agencies
- pre-expulsion meeting

- recommendation of expulsion.

Allied Arts Performance Selection Process

High school theater productions will be reviewed and approved by a majority of committee that will include at least one parent, two staff members, the building principal, and a student. The committee will review the selection and approve the production that will be performed at the high school.

Dances

In order for students to attend school sponsored dances, the student must be in good standing at Sturgeon Bay High School and must not have excessive tardies or trancies. Middle school students are not permitted. With permission, an allowance may be made for a guest who graduated one year before the current graduating class. See the principal for more information.

School policy allows each Sturgeon Bay High School student to bring one student who attends another high school to a school-sponsored dance, provided that the following information is completed, submitted, and authorized prior to the event.

The guest student must attend the dance with the Sturgeon Bay High School host student. The host is responsible for the guest's behavior. Failure to follow the guidelines could result in the guest being denied entrance into the dance. Should the guest or host conduct be in violation of Sturgeon Bay High School rules and expectations, the guest and host will be removed from the dance, ticket money will not be refunded, and the guest and host may face disciplinary action.

In order to attend:

- The student guest and his/her parent/guardian agree to the following: "I agree to abide by Sturgeon Bay High School rules and expectations as stated in the Student/Parent Handbook. I understand that failure to follow the guidelines outlined on this form could result in my being denied entrance into the dance. Should my conduct be in violation of Sturgeon Bay High School rules and expectations, I will be removed from the dance, ticket money will not be refunded, and I may face disciplinary action."
- The student guest's high school administrator approves the guest as follows: "The student named above is currently in Grade X at X School. He/She is in good standing and is recommended for attendance at a Sturgeon Bay High School dance."
- The student host and parent/guardian approve the guest as follows: "By my signature and the signature of my parent/guardian, I acknowledge that the student named on this form is my guest and will attend the dance with me. I understand that failure to follow the guidelines outlined on this form could result in my guest being denied entrance into the dance. Should my guest's or my conduct be in violation of Sturgeon Bay High School rules and expectations, my guest and I will be removed from the dance, ticket money will not be refunded, and we may face disciplinary action."

Detention

Detention requires the student to serve time at school outside normal school hours. Generally, detention is assigned as a consequence for truancy, tardiness, disrespectful or disruptive behavior, lack of cooperation, and other rule violations of a less-serious nature.

Any student assigned a detention is responsible for reporting to the designated location at the specified time. Teachers may assign detention as a consequence for classroom misbehavior or incomplete assignments. Detention is to be served with the individual assigning the consequence unless prior arrangements have been made.

Administrative detentions (i.e., those assigned through the office as opposed to those assigned by a teacher) are normally held on Tuesdays and Thursdays from 3:30 – 5:00 p.m. There may be variation based on other scheduled activities for the week. The location of the detention will vary depending on the particular teacher supervisor. Detention locations will be announced during morning announcements.

- Students will be given at least 24 hours' notice prior to being assigned an after-school detention. Students may waive this notice and choose to serve a detention on the same day it is assigned. Because students receive advanced notice, they are expected to make all necessary transportation arrangements and other notifications required to be able to serve the detention.
- Students are expected to work quietly while serving a detention. If a student needs to work with a particular teacher during part or all of a scheduled detention, the student may arrange this in the office. It is expected that the student will return to the detention room after working with the teacher if the full detention time has not been served.
- Students may reschedule detentions at the discretion of the principal. This must be done prior to the scheduled time of the detention.
- Parents may request that detentions be rescheduled or scheduled on days other than Tuesdays or Thursdays. If a parent request to reschedule is not received, the student is expected to serve the detention at the designated time.
- Unserved detentions will not be rescheduled. Unserved detentions will be converted to community service time which must be served before graduation. This community service time will be in addition to the 40 hours required for graduation.

Disorderly Conduct

Students are expected to conduct themselves in a safe and orderly manner at all times. Any type of conduct which interferes with teaching and learning or which disrupts the good order of the school is unacceptable.

Dress

Students are expected to dress in a manner that maintains student safety, prevents learning distractions, and encourages a high-quality learning environment. Any attire that disrupts teaching and learning, interferes with school activities, compromises safety, or conflicts with the district's educational mission will not be allowed.

In all cases involving questionable dress, the principal's decision will be final. Students who are deemed to be non-compliant with the expectations for dress will be required to change their attire. In the case of repeated violations, a required parent meeting with the principal may be necessary.

The following guidelines relate to student dress:

- Shoes must be worn at all times in and around the school building. (Bedroom slippers are not considered shoes.)
- Hoods or other head coverings that cover the ears (unless for religious reasons), and sunglasses are not to be worn in the school building.
- Blankets may not be worn in the school building.
- Heavy coats, jackets, and/or other heavy apparel may only be worn when arriving to and departing from school. These items should remain in lockers during the school day.
- Backpacks may not be carried into classrooms and should remain in lockers.
- Clothing that depicts or advertises alcohol, tobacco, tobacco products, tobacco look-alike products, or drug products; clothing that displays slogans with vulgar or sexual content; clothing that demeans an individual's or group's ethnicity or culture; and/or clothing that disrupts the learning environment at school may not be worn to school or to school-sponsored activities.
- Regarding revealing clothing:
 - Skirts that are extremely short are not permitted.
 - Shirts/Tops that are extremely revealing are not permitted.
 - Shirts/Tops that expose the midriff or lower back while standing or sitting are not permitted.
 - All clothing must completely cover all parts of undergarments.
 - Backless or strapless shirts/tops are not permitted.
- Gang-affiliated jewelry, dress, or identification may not be worn to school.
- Jewelry or articles worn on the body or clothing which could pose a hazard to self or others are not permitted. Such items can include but are not limited to spiked wristbands, spiked dog collars, chains, or items that have a point and/or protrude.
- Wallet and/or pocket chains may not be worn.
- Students have the responsibility for wearing safety or special-purpose equipment whenever it is required.

The WIAA has ruled that bare-chested individuals are not allowed in attendance at any regular season or state tournament series indoor events.

Expulsion

Expulsion is the most serious consequence that the school may impose. An expulsion cancels the right of the student to attend school or to participate in any school activities for the period of expulsion. According to Wisconsin State Statute, the Board of Education may expel a student from school for the following offenses:

- repeated refusal or neglect to obey school rules
- knowingly communicating a threat to destroy school property by means of explosives
- behavior at school or while under school supervision which endangers the property, health, or safety of others
- behavior away from school that endangers the property, health, or safety of others either at school or under school supervision
- behavior that endangers the property, health, or safety of any employee or Board of Education member of the district in which the student is enrolled
- repeated behavior by a student at least 16 years old that disrupts the ability of school authorities to maintain order or an educational atmosphere at school or at school-supervised activities
- possession of a firearm at school or while under the supervision of school authorities.

Food and Drink

The Sturgeon Bay High School Commons is the primary area designated for eating and drinking. Cafeteria trays are not allowed to be taken out of the High School Commons area. Students are encouraged to consume all food and drink in this area. Open containers of food and drink are not allowed in the Library. Failure to follow this rule may result in the confiscation and loss of the food or drink item.

The degree to which food and drink are permitted outside of the Commons during the school day is directly dependent upon the student body's commitment to maintaining a clean building and school grounds of which all can take pride. Individual teachers may permit snacks in the classroom at their discretion if the privilege is not abused. If building cleanliness begins to suffer, then all food and drink will be confined to the Commons at the discretion of the principal.

General Classroom Guidelines

Though specific rules and expectations will vary in different classrooms, depending upon the teacher, the following are several general guidelines that are universal for all classes:

- Students should be in their assigned class and ready to work when the bell rings to begin class.
- Students should have all the necessary materials with them. Backpacks, purses, and non-essential items should be left in the student's locker.
- Students should continue to study if the teacher is required to temporarily leave the classroom.
- Students should cooperatively participate in all class activities to the best of their abilities.
- The teacher, not the bell, dismisses the class at the end of each block.
- During class time, students may not leave the room without first obtaining teacher permission and a hall pass.
- Students are also expected to learn and follow any rules as they pertain to the individual classrooms and teachers.

Harassment

Students have the right to attend school without fear of physical threat and harm or verbal abuse. The Sturgeon Bay School District does not tolerate harassment in any form and will take all necessary and appropriate action to eliminate it. It is the policy of the district to maintain and ensure a learning environment free of any form of harassment or intimidation toward and between students and to encourage victims of harassment to come forward. Individuals who engage in harassment are subject to discipline up to and including suspension, expulsion, and referral to law enforcement.

"Harassment" means any behavior towards students based in whole or in part on sex; race; religion; national origin; ancestry; creed; pregnancy, marital, or parental status; sexual orientation; or physical, mental, emotional, or learning disability which substantially interferes with a student's school performance or creates an intimidating, hostile, or offensive school environment. Objectionable behavior becomes harassment when the behavior persists after a warning has been issued; however, one-time incidents of disrespectful or abusive behavior are also subject to discipline depending upon the severity. Students have the responsibility to refrain from conduct that does not respect the rights, dignity, and safety to all individuals and to express their thoughts and feelings in a manner that does not offend, slander, or ridicule others.

Any student who believes that he/she has been subjected to harassment by another student, employee, or volunteer is strongly encouraged to directly inform the person engaging in harassing conduct that such conduct is offensive and must stop. A student who does not wish to communicate directly with the person whose conduct is offensive and/or who continues to be harassed after direct communication should report the incident to the principal, school resource officer, teacher, counselor, or staff member. All complaints will be thoroughly investigated, appropriate action taken, and a response given to the complainant within 15 days of the receipt of the complaint. If the complainant is not satisfied with the action taken, a written appeal may be filed with the superintendent. Additional information regarding harassment complaint procedures is available in the High School Office.

Identification

Students have a responsibility to identify themselves when requested by school personnel or activity supervisors. Refusal to do so and/or misrepresentation of one's identification will result in disciplinary action being taken.

Internet, Network, and Computer Safety

Students are required to follow the Sturgeon Bay High School Acceptable Use Policy regarding use of the school computer network:

- I will access only my own assigned computer, account, and/or files. If someone else is logged into a device, I will log him/her off and log in as myself.
- I will not use school devices or Internet access to create, access, upload, or transmit material that is obscene, profane, violent, discriminatory, or depicts or describes illegal activities. I will not participate in cyber-bullying by spreading gossip, insults, or other unkindness with the purpose of creating, viewing, or participating in the humiliation of others.
- I will not plagiarize by representing the work of others as my own; I will provide citations as needed to obey copyright law. I will not manipulate technology to cheat.
- I will use the school's devices, accounts, and school-assigned email address only for educational purposes.
- I will not give my password to another user nor attempt to learn or to use anyone else's password, and I will not transmit my address or telephone number or any personal or confidential information about myself or others.
- I will not damage or tamper with hardware or software; vandalize or destroy data; intrude upon, alter, or destroy the files of another user; introduce or use malicious software; access restricted information or networks; alter or change security settings; or block, intercept, or interfere with any email or electronic communications by teachers and administrators to parents or others.
- If I notice any strange or suspicious activity on the device I am using, I will report it immediately.
- I will follow all school rules while using my own device on school grounds, and I understand that the rules outlined above apply to my use of my own device on school property.

I understand that my use of the school district's computers, Google account, and wifi access is not private, and that the district reserves the right to monitor use to assure compliance with these guidelines. Violations may lead to revocation of computer access and/or other disciplinary measures.

Language

Students are expected to use appropriate language at all times while at school or while involved in school activities. Language, gestures, and other forms of communication that are violent, abusive, indecent, profane, boisterous, unreasonably loud, or otherwise disorderly and that tend to cause or provoke a disturbance are inappropriate in a school environment. Serious and/or chronic offenses may result in suspension and a referral to law enforcement for disorderly conduct.

Laser Pointers

Student use of laser pointers in school or on school grounds is strictly prohibited. If a student violates this restriction, the supervising staff member will confiscate the laser pointer and will turn it over to the principal. The student must then meet with the principal or principal's designee to discuss the violation. The laser pointer will not be returned.

Library

The Library is open for student use from 8:00 to 11:35 a.m. and 12:05 to 3:25 p.m. daily. Students may check out up to five items at a time for up to three weeks. Late fees will not be charged for overdue items, but students must pay the replacement cost for any lost or damaged items. During class time, students must have a pass to come to the Library. Students in study hall or on study hall release must report to study hall first and request a Library pass. All students should sign in upon entering the Library.

Water with a screw cap will be allowed at the tables only. No other food or beverage is allowed in the Library.

If a student is in the Library with nothing to do or is noisy and disruptive, he/she will be sent back to class.

Students may access digital library resources from home via the school website. The following login information should be used for all library databases: username – sturbay, password – clippers.

Members of the public have the right to inspect instructional materials, including but not limited to print and nonprint materials, teacher's manuals, films, tapes, and any other supplementary material used as part of the educational curriculum. To inspect materials, contact the district office to fill out Form 9130 F3 *Request to Inspect Instructional Materials*.

Medication

The use of over-the-counter or prescription medication at school requires parental authorization and the permission of the principal or principal's designee. All medications brought to school are to be administered to students by school personnel. An authorization form may be obtained in the High School Office.

A student may carry in his/her possession an inhaler for the treatment of asthma provided three conditions are met:

- The inhaler is used before exercise to prevent the onset of breathing problems.
- The student has written permission from both a physician and his/her parent or guardian (if the student is a minor).
- The principal has a copy of the written approval of the physician and parents.

A student may carry in his/her possession an insulin pump for treatment of diabetes. A medical protocol must be on file in the High School Office for those students prescribed an insulin pump.

Personal Property

Students have the responsibility to use discretion and caution when choosing to bring to school valuable personal property including but not limited to notebook or netbook computers, cell phones, personal digital devices, and calculators. Students are responsible for securing any property they choose to bring to school. Students should avoid bringing to school large sums of money.

Combination locks/lockers are provided to all students with the expectation that they be used. This includes locks/lockers provided in the Band Room for students' personal musical instruments and related equipment as well as locks/lockers provided in the Phy. Ed. locker room for clothing and related items. Only school locks will be permitted on student locker doors.

The school is not responsible for damage to or loss or theft of any item brought into school or onto school grounds. If such loss or damage does occur, the student should immediately report it to the administration.

Searches

Lockers and Other Storage Areas Provided for Student Use

All lockers and other storage areas provided for student use remain the property of the district. These lockers and storage areas are subject to inspection, access for maintenance, and search according to Board of Education policy. A student using the locker or storage area has no expectation of privacy in that locker or storage area or the contents contained in the locker or storage area. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the principal. Unapproved locks will be removed and destroyed. The principal may search student lockers and storage areas and the contents contained in the locker or storage area at any time for any justifiable reason. The principal may, at any time, request assistance of the Sturgeon Bay Police Department having jurisdiction over the facilities of the district. The law enforcement officer must have probable cause, however, to conduct a search of the lockers and storage areas and the contents contained in the locker or storage area.

Desks and Other Storage Areas

A desk or any other storage area in the school provided for student use as well as the contents contained in the desk or storage area may be searched when the principal has reasonable suspicion for a search.

Vehicles Parked on School Property

Any vehicle brought on district premises by a student may be searched when the principal has reasonable suspicion to justify the search. One of the conditions for granting permission for a student to bring a student-operated vehicle onto school premises is written consent by the student driver, the owner of the vehicle, and the parent/guardian of the student to allow search of that vehicle. Refusal by any of the parties to provide or allow access to a vehicle at the time of a search request shall be cause for terminating the privilege without further hearing. Searches of vehicles of staff members or visitors shall be conducted by law enforcement personnel.

Vehicles Parked near School Property

There is no expectation of privacy in the air space surrounding vehicles parked near school property. If a properly trained dog alerts to a vehicle, probable cause will have been determined, and the vehicle can be legally searched by law enforcement officers. Based on the results of the search, law enforcement consequences may be applied. School consequences may not be applied since the vehicle was not parked on school property.

Student

1. The personal search of a student may be conducted by the principal when there is reasonable suspicion for a search of that student. Authorized searches of the student's person are:
 - a. the student's pockets
 - b. purses, briefcases, or any other object in the possession of the student
 - c. a "pat down" of the exterior of the student's clothing and the removal of any item identified
 - d. removal of an article of exterior clothing such as a jacket.
2. Strip searches are not to be conducted by any official, employee, or agent of the district.
3. Personal searches shall be conducted in a private room by a person of the same gender as the student and designated by the principal. At least one but not more than three additional staff members of the same gender as the student being searched shall witness but not participate in the search.

At the request of the student to be searched, an additional person of the same gender as the student designated by the student, and then reasonably available on school premises, shall witness the search. The student's parents shall be notified of the search as soon as reasonably possible.

Use of Breath-Test Instruments

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever there is individualized reasonable suspicion to believe the student has consumed an alcoholic beverage. The principal shall first attempt to contact the Sturgeon Bay Police Department and arrange for it to conduct the test.

Use of Dogs

The Board of Education has authorized the use of specially-trained dogs to detect the presence of drugs and devices such as bombs on school property under the following conditions:

- The presence of the dogs on school property must be authorized, in advance, by the principal or be pursuant to a court order or warrant.
- The dog must be handled by a law enforcement officer or a contracted person specially trained to safely and competently work with the dog.
- The dog is represented by the sheriff or chief of the law enforcement agency providing the service as capable of accurately detecting drugs and/or devices.
- The dog will be allowed to examine a student's possessions, including vehicles, but any search of a student's person will be based upon individualized reasonable suspicion.
- The dog may be allowed to examine school property such as lockers as permitted by the building principal. Any limitation as to areas of school property to be examined by the dog shall be established by the principal at the time the use of dogs is authorized.

Items Found

Anything found in the course of a search which is evidence of a student violation of school rules or federal/state laws may be seized and admitted as evidence in any suspension or expulsion proceeding if it is tagged for identification at the time it is seized and kept in a secure place by the principal until it is presented at the hearing. It may also be turned over to any law enforcement officer after proper notation and receipt.

Study Hall Guidelines

Study halls are provided to give students a quiet place to study and complete schoolwork. The following general guidelines apply to all study halls, although students are also responsible for following any additional guidelines specific to their particular assigned study hall:

- Be in your assigned seat when the bell rings.
- Start working immediately, and keep busy the entire period.
- Bring sufficient work to occupy your time for the entire period.
- Socializing is not permitted in study hall. Students may work quietly together on schoolwork at the discretion of the study hall supervisor.
- Do not leave your assigned seat without the permission of the study hall supervisor.
- Keep your area clean. Pick up any waste paper and other debris before leaving.
- Avoid all types of disturbances. Students who deliberately attempt to disrupt the learning environment of the study hall will be disciplined accordingly.

Study Hall Release Privilege

Requirements for study hall release privilege are as follows:

1. The student must be in Grade 11 or 12.
2. The student must be in good standing, which is defined as follows:
 - a. The student did not earn a grade of C+ or lower in any class during the quarter prior to the request. (If the student earned a grade of C+ or lower in any class, he/she may apply

- for study hall release after documenting acceptable grades in all classes on the mid-quarter progress report.)
- b. The student is not earning a C+ or lower in any class during the current quarter of the request. (Mid-quarter progress reports will be checked. Release privilege will be revoked for the remainder of the quarter for a student who is earning a C+ or lower in any class.)
 3. The student must maintain good attendance. If the student accumulates more than one period of unexcused absence in a quarter, he/she loses the release privilege for the remainder of the quarter.
 4. The student must exhibit good conduct. Chronic behavior problems or one-time problems of a more serious nature may result in the suspension or revocation of the release privilege.
 5. The student must have no outstanding financial obligations owed to the school.
 6. The student may not be granted release from more than one study hall in a quarter.
 7. If the student has been granted release privilege, he/she is free to leave the building but may choose to stay. If a student chooses to stay, he/she must report to study hall for attendance purposes. A pass to another classroom may then be given to the study hall supervisor.
 8. Study hall release privilege must be renewed each quarter. At the beginning of each new quarter, the student must attend regular study hall until release privileges have been granted for the new quarter.

Suspension

Suspension is the temporary exclusion of the student from school and activities. A suspension may be assigned for more serious conduct violations including but not limited to fighting; alcohol, drug, and tobacco possession or use; serious incidents of disorderly conduct; actions considered to be violations of federal, state, or municipal law; repeated refusal to follow school rules; and/or defiance of legitimate school authority.

A suspension can be either in school or out of school and cannot exceed five days unless an expulsion hearing is pending. Students will be told the reason for the suspension and may appeal the decision as per the provisions outlined in the "Due Process" section of this handbook. Parents will be notified promptly of the suspension and the reason(s).

A student who has been placed on out-of-school suspension will not be allowed in the school building or on school grounds during the duration of the suspension. A student who has been placed on out-of-school suspension will remain in the High School Office until arrangements have been made for the parents or guardians to pick up the student or for the student to travel home. Any student under suspension will not be allowed to participate in co-curricular events as either a participant or a spectator.

Tobacco / Tobacco Products / Look-Alike Tobacco Products / Vaping Devices

A student may not use or possess any tobacco, tobacco products, or look-alike tobacco products including vaping devices anywhere on the school premises, at any school-sponsored activity, or on school transportation.

Students who possess tobacco, tobacco products, or look-alike tobacco products including vaping devices on school grounds, at a school-sponsored activity, or on school transportation will receive the following consequences:

First Violation

- Confiscation of the product.
- Notification to the parent/guardian and police.
- One day in-school suspension.

Second Violation

- Confiscation of the product.
- Notification to the parent/guardian and police.
- One day out-of-school suspension.

Third Violation

- Confiscation of the product.
- Notification to the parent/guardian and police.
- One to three days out-of-school suspension.

Students who use tobacco, tobacco products, or look-alike tobacco products including vaping devices on school grounds, at a school-sponsored activity, or on school transportation will receive the consequences listed above including notification to the Sturgeon Bay Police Department.

Video Surveillance

The Board of Education has authorized the use of video surveillance and electronic monitoring equipment at various school sites throughout the school. Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

Violence / Threats

The staff and administration of Sturgeon Bay High School are committed to providing students with a safe environment at school, and acts of physical violence will not be tolerated. Incidents of serious physical violence will result in an automatic suspension from school for all active participants and a referral being made to law enforcement. In addition, verbal threats, bullying, and other types of verbal intimidation will not be tolerated. In chronic or severe cases of violence/intimidation, a recommendation of expulsion referral may be made.

Weapons

No person may possess, use, or store a dangerous weapon or look-alike weapon in or on school property, in school vehicles, or at school activities. A dangerous weapon or look-alike weapon is defined as any object which, by the manner in which it is used or intended to be used, is capable of inflicting harm or could reasonably appear to be capable of inflicting bodily harm or endangering the health and safety of students or staff. Examples include but are not limited to firearms (loaded or unloaded), knives, razors, martial arts devices, ammunition, explosive devices, metal knuckles, and/or any other object that is used or may be used to inflict bodily harm. Any student who violates this policy shall be referred to law enforcement and face possible expulsion by the Board of Education.

Independently produced publications, posters, and other types of non-school-sanctioned literature for display or distribution on school premises must be approved by the building administration and stamped as "approved" beforehand.

Sportsmanship

Sturgeon Bay High School, the Packerland Conference, and the WIAA require good sportsmanship by student-athletes, coaches, parents, and all spectators at interscholastic athletics events. Good sportsmanship is demonstrated by respecting and positively supporting the student-athletes, coaches, spectators, and officials. Profanity; racial, sexist, or ethnic comments; and any other intimidating action that is directed at officials, student-athletes, coaches, or spectators will not be tolerated and will be grounds for removal from interscholastic athletic events.

(Note: For the safety of fans, players, and officials, spectators must not stand on the Gym floor during games.)

Student Council

The establishment and effective operation of a school council can provide students with the opportunity to participate in the orderly workings of the democratic processes of our society and to assist in improving the general welfare of all students.

The Student Council is encouraged to make recommendations to the school administration on any topic of student concern.

Miscellaneous Information

Announcements

Pertinent information is provided daily to students and staff through announcements read at the beginning of Block 1. All requests to have announcements read must be submitted through email (preferred) or in writing to the High School Office by 7:50 a.m. on the day the announcement is to be read. Announcements must have the approval of a faculty advisor or the principal. All students are responsible for the information contained in the daily announcements.

Fire Drills and Tornado Drills

Fire drills are practiced at regular intervals during all months of the school year. Tornado drills are practiced during the spring months. Students have the responsibility to conduct themselves in an appropriate manner whenever drills and alert procedures are being practiced or during an actual emergency situation. Fire and tornado evacuation routes are posted in each room. Students should become familiar with these routes and ask the teacher or supervisor of each room for clarification if they have questions.

During fire and tornado drills, students must move quickly and quietly to the designated evacuation point or safe area. No talking is permitted during drills so that participants can hear additional instructions that may be given during the drill. During fire drills, students must move away from the building while making sure not to obstruct driveways or access routes for emergency vehicles.

Police Interviews

All interviews, interrogations, or questioning of students at school will be conducted with full regard of fundamental fairness and protection of legal rights. They shall be conducted as discreetly as possible. Parents shall be notified by the principal or law enforcement officer prior to police questioning of students, if at all possible, or at the earliest possible convenience afterward. Depending on the situation, the principal may or may not be present during the session.

In the absence of parental consent, the principal will release students to law enforcement officials only if a warrant is issued, if the arresting officer provides a written statement that he/she has seen the student commit a specific offense, or if the officer is in "hot pursuit."

School Lunch Program

Sturgeon Bay School District serves meals under the National School Lunch Program. To apply for free or reduced-price meals, heads of households must fill out the application and return it to the school. Applications are available in the High School Office. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other officials. Applications may be submitted at any time during the school year.

In the operation of the child nutrition programs, no child will be discriminated against because of race, color, sex, national origin, age, or disability. If any member of a household believes he/she has been

discriminated against, he/she should write immediately to the Secretary of Agriculture, Washington D.C. 20250.

In order to use the school lunch program, it is necessary to open a student account. Money must then be deposited to the account. Purchases made at breakfast and at lunch time are withdrawn from the student account. The automatic dialer will contact parents/guardians when the family lunch account is low. Students are not permitted to have any food or beverages delivered to school. If a parent wishes to bring in lunch for their child, that must be arranged ahead of time and must be for their child only. We will not permit food delivered from restaurants or third parties and they will be turned away at the purchaser's own expense.

School Song

We're loyal to you, Sturgeon Bay.
 We'll ever be true, Sturgeon Bay.
 We'll back you to stand,
 we're the best in the land,
 we're a strong, mighty team when we fight.
 You rah!

And whether we win or we lose,
 good sportsmanship is what we choose.
 We'll know no defeat; no, never.
 Our school will stand together.
 Rah! Rah! for you, Sturgeon Bay.
 Rah!

Student Parking

Student parking is provided in the parking lot behind Sturgeon Bay High School. Students are expected to drive in a safe, responsible manner at all times and to follow all school policies related to parking. Failure to do so will result in disciplinary action being taken including but not limited to the denial of parking privileges for a specified period of time and possible legal sanctions.

Parking in the school lot is a privilege, not a right. Students who choose to park in the school lot are expected to follow these guidelines:

- All student vehicles parked in the school lot must be registered with the High School Office and must display a parking permit. If a student has not registered his/her vehicle and obtained a permit, then that student may not park his/her vehicle anywhere on district property.
- Parking permits will be issued according to the guidelines printed on the Student Parking Permit Application.
- Students parking in the lot must abide by the rules and procedures printed on the Student Parking Permit Application.
- Parking permits may be revoked for reasons listed on the Student Parking Permit Application.
- Vehicles not owned by Sturgeon Bay High School students/parents will not be permitted in the lot during school hours.

- Motorcycles, mopeds, and bicycles are to be parked in designated areas only. Snowmobiles are not permitted on campus.
- Students who do not have parking lot privileges must park on the street. Students may not park in the lots of neighboring businesses, homeowners' driveways, or the lot behind T. J. Walker Middle School.

Transcripts

A transcript is the school's cumulative, permanent record of a student's academic progress. The following definitions and regulations relate to transcript processing by the staff at Sturgeon Bay High School:

Class Rank

Class rank is calculated at the end of each grading period. Class rank information is available upon request in the High School Office and is also published on the unofficial and official transcript.

Official Transcript

This type of transcript is sent electronically from the Sturgeon Bay High School Office – through an online transcript processing service – to a post-secondary institution, scholarship organization, or employer. The transcript contains the cumulative, permanent academic record. To maintain the integrity of the document, an official transcript is never released to the student or the student's parent/guardian.

Unofficial Transcript

This type of transcript may be released directly to the student or to the student's parent/guardian if the student is not yet 18 years of age. The transcript contains the cumulative, permanent academic record. The transcript is clearly marked "Unofficial."

Transcript Release

In order to request a transcript, the student must create an account in Parchment, the online transcript processing service. A link to Parchment is posted on the school website.

Fees

For current students, there are no fees associated with transcript processing. For alumni, there is a \$5 fee associated with transcript process.

Processing Time

Transcripts are normally processed within 48 hours of the initial request.

Transportation Privileges

High school students who reside more than two-thirds mile from school, who have a disability which makes it a necessity for them to ride to school, and students who reside or must walk from an area of the district designated by the state as an "unusually hazardous area" are eligible to ride the school bus to and from school. In addition, buses and/or other school vehicles may be used to transport high school students to field trip sites or co-curricular events.

All students are responsible for exercising safe practices and courteous conduct at all times when coming to, waiting for, riding on, and leaving a school bus or other school vehicle. Since safety is the prime concern, no misbehavior will be tolerated. Student expectations for riding a school bus are as follows:

- Obey the bus driver at all times.
- Obey all rules of safety while boarding and leaving the bus.
- Be courteous and respectful to others in both words and actions.
- Do not distract the driver with noise, actions, or behaviors.
- Remain seated at all times while the bus is in motion.
- Keep bus aisles free from obstructions.
- Possession of illegal and unlawful substances and objects and other substances and objects forbidden by school rules are forbidden on the bus.
- Respect the property of others.
- Remain silent at railroad crossings.
- No food or drink of any kind may be consumed while on the bus without authorization.
- The use of electronic devices is restricted at the request of authorized parties.

Students who violate bus rules are subject to disciplinary action including but not limited to suspension of riding privileges and/or police referral as follows:

- First violation: A written warning will occur. A copy of the bus discipline referral will be mailed by the bus contractor to the residence of the parents/guardians of the student. The bus contractor will also provide a copy of the referral to the district, and the referral will be documented at the school.
- Second violation: Bus privileges will be suspended for a period of 1 to 3 days.
- Third violation: Bus privileges will be suspended for a minimum of 5 days.
- Fourth violation: Bus privileges will be suspended for the remainder of the current school year and, at the discretion of the administration, may be extended into the following year.

Based on the severity of an infraction relating to bus rules, bypassing any and/or all steps may occur including the expulsion of a student's right to ride the bus. The district has the right and authority to further extend consequences to the school, extra-curricular, and co-curricular settings.

Students and parents/guardians are to be advised that district buses are equipped with video recording equipment. Recordings may be used for disciplinary purposes.

Visitors

Any persons other than Sturgeon Bay High School students, staff, or Board of Education personnel are regarded as visitors and must register in the High School Office before moving within the building or visiting school grounds during lunchtime.

Parents/Guardians are always welcome to visit the school and classes. Students are not allowed to bring visitors to school.

Website

The Sturgeon Bay School District maintains a website with information pertinent to both the district as well as the high school. The website address is www.sturbay.k12.wi.us. Use the school links across the top of the home page to access information about Sturgeon Bay High School as well as the other schools in the district.

Work Permits

Students have the right to enhance their education through constructive, profitable employment/work outside of the classroom. They have the responsibility to keep academic performance their first priority, comply with statutory compulsory attendance laws, and follow established procedures when seeking work opportunities.

Students requesting a work permit must bring the following to the High or Middle School Offices:

- birth certificate (must be original) or baptismal certificate
- written parental permission
- written notice from the employer stating the job description and hours to be worked
- Social Security card (must be original)
- \$10 fee.

Students aged 16 years or older do not need a work permit.

Work permits are not issued to students who have been determined to be habitually truant (as defined by Wisconsin State Statute), and the permit may be revoked if a student becomes habitually truant.

All vocational education programs follow the district's policies of non-discrimination on the basis of the above-mentioned reasons. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation.

Guidelines for Building and District Operation

Absences / Substitute Teachers

Reporting Absences and Requesting Substitutes

The district uses Frontline – Absence Management for sub calling. (Absence Management is accessed with the same log-in information as is used for Frontline – Professional Development.) Follow these steps for obtaining a sub:

- All absences – pre-planned or unplanned, paid or unpaid, sub needed or no sub needed – must first be entered into Skyward. While entering the absence in Skyward, if a sub is needed, check the “Sub Needed” box.
- Once the box is checked, the system will redirect to the Absence Management software. Re-entry of the absence information is needed. Once the information is entered into Absence Management, the system will assist in locating a sub. Remember that if for some reason the absence is not approved by the building principal, the absence will need to be deleted from Absence Management.
- Absence Management will only be used to obtain and track subs for the district. It will not be used to track absences. Again, all absences must be entered in Skyward.

Advance Absence Process (more than 24-hour notice)

- Enter the absence in Skyward for approval by the building principal.
- Skyward will ask if a sub is needed. If so, indicate that a sub is needed. The system will redirect to Absence Management.
- Create the absence in Absence Management so a substitute can be contacted. (A teacher can arrange his/her own sub. If that is the case, assign the sub to the absence.)

Unplanned Absence Process (less than 24-hour notice)

- *Note: In the case of physical inability to enter the absence, call the substitute phone (920.493.1820) and speak with or leave a message for Angie Anderson. She and the building secretary will locate a sub. The absence will still need to be entered in Skyward at a later time.*
- Enter the absence in Skyward for approval by the building principal.
- Skyward will ask if a sub is needed. If so, indicate that a sub is needed. The system will redirect to Absence Management.
- Create the absence in Absence Management so a substitute can be contacted. (A teacher can arrange his/her own sub. If that is the case, assign the sub to the absence.)

Regular Teacher’s Preparations for Substitutes

- An up-to-date seating chart should be kept on the desk at all times. If there is no regular seating plan, one should be developed for times when a substitute is needed.
- An attendance roster should be available to the substitute so he/she may take attendance and record absences and tardies. In lieu of a roster, substitute teachers may log into PowerSchool to take attendance.
- Lesson plans should be written as specifically as possible.

Announcements

Announcements will be made over the PA system at the beginning of Block 1. The daily bulletin will be created in PowerSchool and is thus available electronically to teachers and staff. Announcements should be submitted through email by 7:45 a.m. on the morning that the announcement is to be read. All student-generated announcements must be approved by the teacher or staff member in charge or by the principal. All announcements should be written exactly as intended to be read over the PA system so that the announcer does not need to edit.

Audio/Visual Equipment Use

Audio/Visual multimedia equipment is available for staff use in the High School Commons. Cables and procedure guides are available for checkout in the High School Office. Staff members are requested to promptly return borrowed materials so that other staff members may make use of the equipment.

Auditorium Use

The Auditorium is equipped with professional-level sound, lighting, and audio-visual equipment. This facility is managed by a supervisor who oversees the scheduling and operation of the facility and equipment. Staff members who are interested in using the Auditorium must complete a request through the online Facility Scheduler tool.

Board of Education Policies

All teachers have a responsibility to become familiar with the policies of the Board of Education. A complete set of the [policies](#) is available on the district website.

Budget

Each spring, teachers are asked to begin planning for the next year's activities and to submit their budget requests for textbooks, supplies, and instructional materials. The principal will distribute worksheets for this purpose. Careful planning is essential. No materials or supplies may be ordered if funds have not been appropriated for that purpose during the budget-building process.

All approved budget information will be available in Skyward. All requisitions must be submitted through Skyward. Budgets are normally frozen on March 1 of the current school year.

Bus Transportation

Field Trips (See additional information in "Field Trips " below.)

- Requests must be made through the district's transportation management software.
- Requests should be submitted at least two weeks prior to the trip date. Requests that are received with less than two weeks' notice may be rejected.
- If the field trip request is weather dependent, alternate dates should be submitted with the original request.
- Field trips may be canceled or shortened due to availability of buses. Every effort will be given to successfully grant the field trip transportation requests.
- The bus driver has the responsibility to make the final determination on safety issues. It is the teacher's (or other chaperone's) responsibility to make sure students are quiet and remain in their seats.
- Food and drink are not permitted on the bus unless prior approval has been obtained from the Transportation Department or the individual bus driver.
- Side trips or deviations that were not included in the original request are not permitted. For all out-of-town trips, a roster of all participants (i.e., students, teachers, and chaperones) must be provided to the

Transportation Department and respective school office prior to departure. This roster must be prepared immediately prior to departure on the day of the trip so that it is current and accurate.

- An adult chaperone must accompany students on all class field trips.

Co-Curricular

- All departure times are required two weeks prior to the first contest or event of the season. Tournament play, make-up games, and those games not scheduled prior to the start of the season are exempt from this requirement.
- All side trips (e.g., restaurant stop) must be discussed with the driver before departure.
- For all out-of-town trips, a roster of all participants (i.e., players, managers, trainers, cheerleaders) must be provided to the Transportation Department and respective school office prior to departure. This roster must be prepared immediately prior to the departure on the day of the trip so that it is current and accurate.
- Alternative transportation home from an event may be with the student's parents only. The request must be in writing to the principal or athletic director and coach. An approval form signed by the parent and student must be presented to the coach and bus driver.
- If there is a shortage of buses (number of out-of-town events, breakdowns, etc.), every effort will be made to get teams to their destinations on time. This may include any or all of the following methods: modifying the departure time, doubling up with another team, or doubling up with another school.
- The bus driver has the responsibility to make the final determination on safety issues. It is the coach's responsibility to keep the players, managers, trainers, and cheerleaders quiet and in their seats.
- Food and drink will be allowed on the bus as long as the groups assist in maintaining a clean bus. Groups that do not maintain a clean bus will be prohibited from bringing food and drink aboard the bus on future trips.

Calendar

A complete calendar appears on the district website. Sponsors of events should submit dates upon request and whenever it is necessary to change the date of an event. The online calendar is filterable and allows users to set parameters for display of various levels of events (elementary schools, middle school, high school, district, athletic, etc.).

Classrooms and Keys

Classroom doors should be closed and locked at all times even when the room is in use. Teachers in charge of activities that require the use of the Gym or Auditorium should be sure to lock all doors and turn off all lights when leaving the areas. Students should not be allowed in these rooms without staff supervision. Keys or fobs should never be given to students.

Closing School (Inclement Weather or Emergency)

If it becomes necessary to close school due to inclement weather or other emergency situations, notification will be sent through SchoolMessenger. It may also be necessary to communicate closing or other information through the use of SchoolMessenger. Staff members who change their primary contact telephone numbers should notify the principal as soon as possible so that SchoolMessenger contact information may be kept up to date at all times.

Co-Curricular Event-Free Days and Times

As a general rule, high school activities and/or athletic practices shall conclude by 5:15 p.m. and middle school activities and/or athletic practices by 5:00 p.m. on Wednesday evening during the school year. No school activities will be allowed in the school buildings or on school grounds on Sunday before 2:00 p.m. Any school activity

scheduled by school personnel shall be optional for students. Any school event scheduled in conflict to the above shall be cleared by the principal and the district administrator.

Dress Code for Professional Staff

Teaching is a profession, and teacher attire should reflect the significance of the profession. While a more casual approach to teacher attire may be taken on Fridays or days before vacations, teacher dress should routinely fall in the business casual category.

Employee Family Assistance Program (EFAP)

The School District of Sturgeon Bay has established a program for employee and family assistance with the sole purpose of maintaining and, when necessary, improving staff morale, health, productivity, and reputation. The Board of Education pays for the initial assessment with a counseling professional. Strict standards of confidentiality are maintained in this program. No employee may be disciplined in any manner for his/her involvement or refusal to be involved in any aspect of the EFAP.

Facility Use Requests

Personal Use of School Facility

Building use on non-school days by student groups must receive approval of the principal, and use of the facility must be reserved through the district's online Facilities Scheduler. Since custodians are not on duty, lights and doors are not checked. The individual who uses the building must assume the responsibility of door, lights, and total building security. Students are not to be in the building after school hours without the direct supervision of a teacher or staff member.

School Group/Organization Use of Facility

Use of the facility must be reserved through the district's online Facilities Scheduler. Failure to reserve facilities through this system may result in an event or activity being canceled or moved to a less-than-desirable location.

Field Trips

As per Board of Education policy, no field trip off school property may be taken without the approval of the principal. Any field trip involving the use of a school vehicle or bus requires additional approval. Club or organization overnight trips require specific approval of the Board of Education. A request for such a trip must be made far enough in advance of the event so as to allow time for the board to study the situation. Board approval, when given, shall be dependent upon proper arrangements for housing and chaperoning. Parent permission is required for all field trips involving transportation of students. Forms are available online and in the High School Office for this purpose. The teacher in charge of a trip will provide the office and the staff with a list of students participating.

Fundraising

Any student fundraising campaign that takes place off campus must receive prior approval by the Board of Education. In-house fundraisers are permitted with the approval of the principal.

Injury

According to current insurance coverage, the following should occur should an employee be injured at work: Report the injury to the immediate supervisor, then call the EMC On-Call Nurse at 844.322.4668.

Leaving the Building

Teachers who need to leave the building for business or personal reasons must receive permission from the principal prior to departure.

Lesson Plans

Teachers must prepare lesson plans on a weekly basis. The GANAG format is the district preference for lesson planning.

Lost and Found Articles

Articles that are found should be returned to the High School Office where a “lost and found” area is located. Students should be instructed to take all found articles to the office and inquire there for lost articles. Unclaimed money or other valuables are generally returned to the finder when not claimed by the owner.

Money Collection

All purchases of workbooks and other consumable items will be handled through the High School Office. Teachers should not collect money for workbooks and other consumable items. Money for other purposes collected from students, including money collected by co-curricular organizations including athletic coaches, is to be sent to the Business Office as it is collected. Money should be deposited the day it is collected. No money should be kept in classrooms or desks. The school is not responsible for money or valuables lost by either students or teachers. Class and club funds are kept in one trust fund account, which is divided into separate sub-accounts. A monthly report is given to each trust account advisor.

Multimedia

Use of any media (books, movies, video clips, music, etc.) in the classroom should always be done in support of the content. In selecting media for use in course content, teachers need to be aware of the age level of the students and the appropriateness of that material for their use. It is in a teacher’s very best interest to notify parents when planning to use materials with adult themes or ratings. For example, if a teacher feels an R-rated movie is well suited to the content, the teacher needs to mail a letter to parents well in advance so they are aware the movie will be used in the classroom and giving them and their students an opportunity to opt out of the viewing. Although students often choose on their own to enjoy adult-themed media, incorporating it into a lesson is a completely different situation. Teachers should be proactive and make sure parents are informed well in advance. Do not trust students to convey the message. It is the teacher’s responsibility as the instructor to inform parents. In addition, the principal should also be notified of the plans well in advance. For specific guidelines regarding the teaching of controversial issues, refer to board policy. It is important that all multimedia equipment be used correctly. If help is needed with the equipment, contact the technology coordinator before attempting use.

Ordering Supplies

Since it takes time to obtain supplies, teachers should requisition supplies well in advance of the time needed. Requisitions are completed through Skyward. An approval process is used within the Skyward ordering system.

Parent Newsletter

Approximately once each month, Clipper Connection – the Sturgeon Bay High School parent newsletter – is mailed to each student’s parent/guardian. Teachers interested in publicizing an event or communicating to parents/guardians should submit articles to the principal by the advertised deadline for each issue.

Personal Use of School Facilities, Property, and Vehicles

School Facilities

See Facility Use Requests / Personal Use of School Facility.

Property

Each employee of the School District should understand that all equipment, supplies, and facilities have been purchased by tax dollars for the specific use of the educational program and whatever public and general use the Board of Education may authorize.

Vans

School-owned vans may be used to transport six or fewer passengers plus the driver for school-related purposes or activities. Staff members are expected to use school-owned vans when available for approved workshops, conferences, etc. School-owned vans may be reserved through the Facilities Scheduler. Keys are stored in the High School Office. The driver and all passengers must wear seat belts. Vans must be refueled after use. Door County Highway Department pumps must be used. Directions for accessing the pumps are stored in each van.

Processing Freight

Instead of delivery to a central receiving site, all freight will be delivered to the individual schools. Teachers and staff will be responsible for opening and checking their own orders and contacting vendors in case of discrepancies. The following procedure should be used for all freight received:

- Check all packages as soon as they are received.
- Sign and date the packing slip. After verification, send the slip to the Business Office.
- If the packing slip is missing, contact the Business Office staff in writing or through email with the following information:
 - Name of vendor
 - Purchase order number
 - Description and number of items received
 - Description of discrepancies, if any
 - Your name
 - Current date.
- Call the vendor immediately to discuss discrepancies.

Note to secretaries: If an order arrives in a crushed, wet, torn, or damaged box, notify the delivery driver before signing for the order.

Reimbursements for Conference Attendance

Partial hotel and meal reimbursement may be paid to staff members attending approved conferences. Reimbursement will be made according to a schedule adopted by the superintendent. No expenses will be paid without a voucher that includes proper receipts for accounting purposes. The district does not reimburse for sales tax.

Shared Classroom

One classroom is considered shared space and is not necessarily assigned to a particular teacher:

- Room 206 – a classroom with tables, a computer, and a flat panel screen.

This classroom is available for use by all teachers. Room reservations are handled through the Facilities Scheduler.

Social Media and Messaging – Use and Abuse

Clipper Connection (the parent newsletter) and print forms of media provide a venue for staff members to highlight student activities and accomplishments. While valuable, these outlets do not provide the timely release of information that is unique to social media. The district Facebook page provides the opportunity for more immediate release of information. Staff members are encouraged to forward pictures and articles to the [school social media advisor](#) for use on the district Facebook page.

Staff members are urged to use extreme caution when contacting students through various forms of social media and messaging including email, texts, Facebook, etc.

Each student is issued a school email account. Staff-to-student communication via email should make use of school accounts only, and the content of these emails should be related to school activities only.

Student cell phone numbers are often harvested for a specific purpose (field trip, fan bus, rehearsal, etc.). Staff contact via student cell phone numbers should be related to school activities only. Staff should consider use of a general messaging system (e.g., [Remind](#)) in order to facilitate communication via text. There is no reason for a staff member to use his/her personal cell phone number to contact a student via his/her personal cell phone number for any purpose other than a school-related activity.

Students often build personal Facebook pages. Staff members are urged to use extreme caution when posting information on student Facebook pages or messaging a student on his/her personal Facebook page.

As social media evolves, the number of applications available for communication increases exponentially. As a staff member, a basic rule to follow is this: "If you are contacting a student about anything other than a specific school activity, you are risking crossing that student's personal boundary."

Staff Workroom

The Staff Workroom is available for use by all staff and is designed for staff and teacher preparation work. Service learners completing photocopying or other work for teachers should use the space and copiers in the Staff Workroom. As a back-up, the copier in the High School Office may be used.

Staff Meetings and Communication

School Leadership Team

The School Leadership Team— a small group of staff members representing the larger staff population – meets monthly to discuss educational initiatives, building goals and events, staff and principal concerns, and any other issues brought forth by the represented staff. The Leadership Council meeting is scheduled prior to the regular staff meeting so that timely information may be disseminated to the staff through written communication or through the next staff meeting agenda.

Staff and Professional Learning Community (PLC) Meetings

Full staff and Professional Learning Community (PLC) meetings will be held once each month. All staff members are expected to be in attendance unless permission for absence has been granted by the principal prior to the meeting.

Weekly Staff Bulletin

A weekly bulletin is published by the principal. This bulletin includes a calendar of the current week's events, announcements, and an overview of future events.

Student Chaperone Behavior

No teacher or other employee of the School District of Sturgeon Bay shall be under the influence of or consume any alcoholic drink or illegal drug when accompanying or supervising students on a school-sponsored or school-related activity. Anyone guilty of violating this directive is liable for disciplinary action that may include termination of employment with the district.

Teacher Attendance – Work Day

All teachers shall report for work by 7:45 a.m. The workday extends until 3:45 p.m. Teachers are expected to be in their rooms or in hallways adjoining their rooms and available to students from 7:45 to 8:00 a.m. and from the end of the class day until 3:45 p.m.

Technology Use

As the district will frequently rely upon email to disseminate information, teachers are responsible for checking and reading their email at least once per school day. Email access is also available outside the building via the web interface. Teachers should note that email is not entirely secure and that the district at all times retains the right to review files and communications in order to maintain system integrity and ensure that users are using the system responsibly. Communications over the networks and files stored on district servers are not private. Inappropriate use of district technology may lead to disciplinary action that may include termination of employment with the district.

Telephone

For school-related long distance calls, a long distance access code is not needed. For personal long distance calls, staff members are required to use personal calling cards or cell phones.

Textbook Selection Process

All new or replacement textbooks must be approved by the Board of Education prior to ordering. Textbook selection is generally the responsibility of the teaching staff with the final approval of the Board of Education. Teachers submit a written recommendation to the board along with a copy of the text selected at a regular board meeting. After members of the board have had an opportunity to review the selection, approval is voted upon at the next regular meeting.

Tobacco-Free Environment

As of July 1, 1990, all public schools and school-owned property in Wisconsin are by law smoke free for all persons. Smoking is not permitted in or on any school-owned property.

Guidelines for Classroom Operation

Alcohol, Tobacco, and Drug Use

Students are not permitted to be under the influence or in possession of alcoholic beverages and/or drugs at any time while in the school building, in buses, or on school grounds. This rule applies to student functions on or off school property. Students observed smoking, drinking, exchanging items, and/or under the influence of and/or in possession of alcohol or other drugs should be brought to or reported to the High School Office as soon as possible.

Assignments / Homework

All assignments should be made with a definite purpose in mind. It is suggested that daily assignments not be increased in size because of a vacation or weekend. Check occasionally to see if too much or too little independent practice is being assigned. Busy work is not educationally sound.

Attendance Reporting

It is extremely important for teachers to be timely and accurate in taking attendance. Attendance should be recorded electronically each period using PowerSchool. The only exceptions to this requirement are for Study Halls meeting in the Commons, classes in which there is a substitute teacher, and times of computer failure. In the event of one of these circumstances, please record attendance on a paper attendance sheet, and send it to the High School Office with a trustworthy student. Teachers should remember to make the appropriate corrections to attendance as needed (e.g., a student arrives late with an excused pass).

Books

Books are furnished by the Board of Education on a rental basis. Students are responsible for the good care of their textbooks. Lost or damaged books, or those subjected to excessive wear and tear, must be paid for by the student to whom they were issued. Teachers are required to have an accurate list of textbooks assigned to each of their students.

Bullying

The Sturgeon Bay School District strives to provide a safe, secure, and respectful learning environment for all students in school buildings, on school grounds, in school buses, and at school-sponsored activities. Bullying has a harmful social, physical, psychological, and academic impact on bullies, victims, and bystanders. The district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process. (See Board of Education Policy [4362](#) – Employee Anti-Harassment and Policy [5517](#) – Student Anti-Harassment for more information.) By definition, bullying is deliberate or intentional behavior using words or actions intended to cause fear, intimidation, or harm. Bullying may be repeated behavior and involves an imbalance of power. The behavior may be motivated by an actual or perceived distinguishing characteristic such as but not limited to age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status.

Bullying behavior can be:

- physical (e.g., assault, hitting or punching, kicking, theft, or threatening behavior)
- verbal (e.g., threatening or intimidating language, teasing or name-calling, or racist remarks)
- indirect (e.g., spreading cruel rumors, intimidation through gestures, social exclusion, or sending insulting messages or pictures by mobile phone or using the Internet).

Bullying behavior is prohibited in all schools, buildings, property, and educational environments including any property or vehicle owned, leased, or used by the district. This includes public transportation regularly used by students to go to and from school. Educational environments include but are not limited to every activity under school supervision. Any student or other concerned individual who is either a victim of the bullying or is aware of the bullying is encouraged to report the conduct to the principal or school resource officer. Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously, and a clear account of the incident will be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. There shall be no retaliation against individuals making such reports. Individuals engaging in retaliatory behavior will be subject to disciplinary action. The principal, school resource officer, or designee shall within one school day interview the person(s) who are the victim(s) of the bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying will be notified prior to the conclusion of the investigation. The district shall maintain the confidentiality of the report and any related pupil records to the extent required by law. If after investigation it is determined that a student participated in bullying behavior or retaliated against anyone due to the reporting of bullying behavior, the district administration and Board of Education may take disciplinary action including but not limited to suspension, expulsion, and/or referral to law enforcement officials for possible legal action as appropriate.

Co-Curricular Code of Conduct

Sturgeon Bay High School requires that all students in co-curricular activities maintain a passing grade in all courses. This rule exceeds the minimum standards established by the WIAA. This rule is also in effect for all co-curricular activities. Any time a student represents Sturgeon Bay High School other than for classroom purposes, he/she must meet eligibility requirements. Coaches or sponsors may set additional eligibility requirements for their particular activity. The Co-Curricular Code of Conduct is posted on the school website.

Discipline

Behavioral expectations should be communicated to students at the beginning of a course, both verbally and in writing. Expectations should be high yet reasonable with the goal being the creation of a classroom environment in which teaching and learning are maximized. Expectations should be clearly stated and include an explanation of possible consequences that will result from failure to meet expectations. Behavior that interferes with teaching and learning must be addressed by the teacher. For cases in which a teacher's best efforts at holding a student accountable for repeated violations of school/class rules have not led to a change in behavior, the teacher should not hesitate to refer the student to the principal using the online referral tool in PowerSchool. The principal will then work with the student, teacher, and possibly parent/guardian to correct the problem. In general, a disruptive student should not be sent into the hallway for misbehavior unless all of the following apply:

- The teacher is able to monitor the student while in the hallway.
- The student is not disruptive to other classes while in the hallway.
- The removal is for a very short amount of time.

If it becomes necessary to remove a student from class for the remainder of the period in order to maintain the learning environment for others, the teacher must do all of the following:

- Instruct the disruptive student to report directly to the High School Office.
- Notify the office immediately by telephone that the student has been sent.
- Complete a referral in PowerSchool, and forward it to the principal as soon as possible.
- Contact the parent/guardian of the offending student within 24 hours of the removal from class. A phone call home by the principal does not take the place of a phone call by the teacher.

Students may not be removed from a class for longer than one class period except by the principal. In cases where a teacher becomes aware of major violations of school rules and/or dangerous or criminal behavior (e.g., violence; alcohol, drug, or tobacco possession/use; possession of weapons; theft; vandalism; serious incidents of disrespect or insubordinate behavior; etc.), the teacher should take whatever reasonable steps he/she can in order to address the situation initially and should then immediately inform the principal. As soon as possible afterward, the teacher should forward to the principal a written account of the incident using the referral tool in PowerSchool. A copy of the Code of Classroom Conduct is available [here](#) as well as in [Schoolology](#) / SBHS Faculty and Staff / Faculty and Staff Handbook.

Exam Guidelines

The Sturgeon Bay High School instructional staff has agreed that quarter and semester final exams are a valuable educational experience. With this in mind, teachers are required to follow these guidelines regarding quarter and semester final exams. Copies of the exam guidelines and bell schedules are available SBHS Faculty and Staff / Schedules / Exams – Guidelines and Bell Schedules.

Google Accounts

Each teacher is assigned a Google account (e.g., jsmith@sbsdmail.net). This account has an associated email feature as well as document features. Students are also assigned Google accounts with the same features. Teacher email accounts also have a working alias (e.g., jsmith@sturbay.k12.wi.us).

Grading Information and Procedures

Grade Scale

Teachers at Sturgeon Bay High School use a common grade scale; however, the methods by which grades are calculated may differ from teacher to teacher (e.g., weighting of various categories of performance including class participation, homework, tests, quizzes, projects, semester exam, etc.). The Sturgeon Bay High School common grade scale is as follows:

A = 93 – 100	B+ = 88 – 89	C+ = 78 – 79	D+ = 68 – 69	F = 0 – 59
A- = 90 – 92	B = 83 – 87	C = 73 – 77	D = 63 – 67	
	B- = 80 – 82	C- = 70 – 72	D- = 60 – 62	

Gradebook

The PowerSchool student information system is used at Sturgeon Bay High School. PowerSchool features an integrated electronic gradebook. Parents may use the Internet to access teachers' gradebooks and monitor their students' progress. In order to help facilitate this communication between school and home, it is imperative that all teachers use the electronic gradebook and input student scores regularly (minimally within three days of a regular assignment's due date).

Teachers are reminded to log off whenever finished using the gradebook. If this is not done properly, students could possibly get into the system.

The High School School Leadership Team has determined that the PowerSchool electronic gradebook will be set to round grades to the nearest whole percentage. Teachers may override the calculated grade based on professional judgment.

Progress Reports

Students' progress reports will be sent to parents of all students at the midpoint of each grading period. Progress report grades are due in PowerSchool by 4:00 p.m. on those dates specified on the high school calendar. Again, it is imperative that teachers maintain an up-to-date gradebook to ensure that the progress report grades are accurate. Although required progress reports will be mailed four times per school year, progress reports may be sent anytime during the quarter. Parents want timely information regarding their children's performance. There is no valid excuse for not sending a report on a student who is doing unsatisfactory work.

Report Cards – Quarter and Semester Grades

A final evaluation of student work is to be determined at the end of each 9-week quarter or 18-week semester on the basis of letter grades A through F. Teachers who are teaching quarter classes will assign final grades at the end of Quarters 1, 2, 3, and 4. Teachers who are teaching semester classes will assign final grades at the end of Semesters 1 and 2. The report card shows the grade earned in each course. Enough grades should be recorded in the gradebook to fairly determine a final quarter or semester grade. The more grades in the gradebook, the more evidence there will be to support the final grade and to help students and parents understand why the final grade was earned. A grade report on a report card should be an accurate reflection of the quarter or semester work. Each student should know why he/she received the grade. Inform the students that any questions about grades should first be directed to the teacher. Students have the right to question their grades, and teachers have the responsibility of justifying grades as well as demonstrating to students how grades are calculated.

Report Cards – Grade Changes

If a grade needs to be changed after the report card has been mailed, a grade change request must be submitted to the principal. After report card mailing, a grade change in the gradebook will not register in the student's historical (saved) grades. Only the teacher who originally issues the grade may change that grade.

Report Cards – Quarter or Semester Grades Other than A through F

P (Passing)

A P (passing) grade may be issued in special cases (and with the permission of the building principal and school counselor) to indicate student performance was adequate for passing and earning credit for the course. There is no effect on GPA or rank-in-class calculations. A grade of P does not indicate poor performance. It is primarily used in select courses where a traditional grade is difficult to determine.

S (Satisfactory)

An S (passing) grade may be issued in special cases (and with the permission of the building principal and school counselor) when a student works at his/her best level of performance but fails to meet class requirements. This grade allows credit for graduation but is not transferable.

I (Incomplete)

An I (incomplete) is issued to indicate that a student has incomplete work at the end of a grading period that will affect his/her final grade. Normally two weeks is the maximum amount of time an I may remain on the record. After two weeks, an I must be changed to an A through F. It is the teacher's responsibility to change the I to a final grade. A grade change request must be sent to the principal.

IP (In Progress)

An IP (in progress) is issued for an online student whose coursework is currently in progress. A grade of IP is used only by the principal and only for online courses. The IP grade is not to be used by the teaching staff or for face-to-face courses.

Graduation Requirements

Twenty-six credits of required and elective courses are needed to earn a Sturgeon Bay High School diploma.

Graduation requirements are defined in Board of Education Policy [5460](#) – Graduation Requirements and Administrative Rule [5460A](#) – Graduation Requirements. Both documents are posted at [Schoolology](#) / SBHS Faculty and Staff / Faculty and Staff Handbook.

Library Media Center

The Library is open for student use daily except during the lunch period. Students may check out up to five items at a time for up to three weeks. Late fees will not be charged for overdue items, but students must pay the replacement cost for any lost or damaged items. During class time, students must have a pass to come to the Library. Students in Study Hall or on Study Hall release must report to Study Hall first and request a Library pass. All students should sign in upon entering the Library. Water with a screw cap will be allowed at the tables only. No other food or beverage is allowed in the Library. Students may use digital devices to listen to music. However, students may not play games or watch movies unless doing so for a class assignment. If a student is in the Library with nothing to do or is noisy and disruptive, he/she will be sent back to class.

Students may access digital library resources from home via the school website. The following login information should be used for all library databases: username – sturbay, password – clippers.

Make-Up Work and Incompletes

It is the responsibility of each student to arrange for make-up work when he/she is absent. Each individual teacher sets the amount of time allowed to complete make-up work; however, at a minimum, students must be given two days for the first day missed plus one day for each additional day missed due to illness. In the case of pre-arranged absences, all make-up work should be completed upon return to school. An I (incomplete) is issued to indicate that a student has incomplete work at the end of a grading period that will affect his/her final grade. Normally two weeks is the maximum amount of time an I may remain on the record. After two weeks, an I must be changed to an A through F. It is the teacher's responsibility to change the I to a final grade. A grade change request must be submitted to the principal.

The High School Leadership Team has determined that teachers should exercise compassion in accepting late assignments. Late assignments may be subject to a reduced grade, but no teacher should have an “absolutely no late work accepted” policy.

The High School Leadership Team has further determined there is no requirement on the student to submit all assignments for a required course in order for the student to pass that course. Missing assignments will be counted as a zero, and the final grade will be calculated accordingly. The final grade will not be overridden with an F simply because there are missing assignments and the course is required for graduation.

Parent-Teacher Conferences

Teachers are expected to be present at all conferences. This includes all coaches unless the team is at a game/meet that particular afternoon/evening. Any absences except illness should have prior approval of the principal. In case of absence, the instructor should post a sheet for later phone contact.

During a conference:

- Begin the conference by talking about the student and what has been observed.
- Show the parent you know the child and can offer feedback on how he/she is doing as well as areas for improvement.
- Do not begin the conference by going directly to the gradebook to look at grades, percentages, etc.
- Do not begin the conference by asking or telling the parent to do something (e.g., check homework each night, address tardiness, etc.). These concepts may be worked into the conversation at a later point.
- Do not offer feedback such as, “Your son needs to do better on tests and quizzes.”

Parties

Parties in classrooms are not permitted unless they have a direct connection to a planned curriculum unit of instruction and have prior approval of the principal.

Schoology (Course Management System)

The staff at Sturgeon Bay High School has adopted Schoology as the online course management tool. Each teacher has a Schoology account and uses the account with some or all courses. Additionally, there is a Schoology course managed by the principal. The course functions as a document warehouse with contents used throughout the school year (e.g., calendar, handbook, in-service schedules, etc.). In order to access the course, a teacher must have the principal’s course access code.

Student / Parent Handbook

Each year an updated copy of the Student / Parent Handbook is made available to each student at Sturgeon Bay High School as well as to each parent. It is imperative that all teachers and staff read this handbook, review it on occasion, and clarify any questions that they have with the principal so that they have a clear understanding of all school expectations involving students and are able to deal with student matters in a consistent and fair manner that corresponds to said expectations. The Student / Parent Handbook is available on the school website.

Student Schedule Changes

All schedule or program changes must be made through the School Counseling Department. No teacher should accept any student into any course or class without a properly executed schedule change notice from the School Counseling or High School Office. At no time should a teacher inform any student that he/she cannot be in a class

or that he/she has been removed from a class without first discussing the situation with the principal and school counselor.

Supervision

General

Teachers must exercise careful supervision of the students not only in the classroom but also in all places throughout the school where students gather. Teachers should make a point of being in the hallways during passing times between classes and occasionally checking the restroom areas. Teachers should never leave student groups alone unless an emergency has arisen.

Co-Curricular

Many times during the school year it may be necessary to have students return to school in the evening or on a weekend for a class or club activity. It is absolutely essential that the teacher or coach sponsoring the student activity also plan for teacher supervision of the activity. Under no circumstances are students to be permitted in the building after school hours without a teacher or coach present. Supervision of students is not the responsibility of the custodians.

Study Hall

Study Halls are intended to be places for quiet study and should be conducted and supervised as regular classes. Study Halls are not free periods for either students or staff. Students are expected to be in attendance and on time daily. Roll must be taken and reported to the High School Office. Students must remain in their assigned Study Hall unless proper arrangements have been made previously for them to see another teacher or use the Library Media Center. Students must have a pass to leave a Study Hall. Students should not be dismissed from any class to go to the Commons to use the vending machines. All Study Hall students should:

- Be in their assigned seats when the bell rings.
- Start working immediately, and keep busy the entire period.
- Bring sufficient work to occupy their time for the entire period.
- Refrain from talking without the permission of the Study Hall supervisor.
- Obtain permission from the supervisor to ask a question or work with another student but keep the conversation from being heard by others in the Study Hall.
- Remain in their assigned seat unless given permission to move by the Study Hall supervisor.
- Keep the Study Hall clean, picking up any waste paper and other debris before leaving.
- Avoid all types of disturbances.

Students who deliberately attempt to disrupt the learning environment of the Study Hall will be disciplined accordingly.

Library Media Center Rules – Study Hall

The Library is open for student use daily except during the lunch period. Students may check out up to five items at a time for up to three weeks. Late fees will not be charged for overdue items, but students must pay the replacement cost for any lost or damaged items. During class time, students must have a pass to come to the Library. Students in Study Hall or on Study Hall release must report to Study Hall first and request a Library pass. All students should sign in upon entering the Library.

Tardiness

The need for teamwork and cooperation is nowhere more apparent than in the matter of student tardiness. All teachers must be consistent in their handling of this problem. If a student is late to class without a pass, the classroom teacher will record the tardy when attendance is taken. On the first and second occasions that a student is tardy to class during a quarter, the individual classroom teacher will hold the student accountable (i.e., talk to the student about the problem; assign a detention, etc.). On the third tardy and any subsequent tardies in a quarter, the teacher will complete a Behavior Referral and submit it to the principal. The student will then be assigned an administrative detention as a result of his/her chronic tardiness.

Visitors

All visitors must report to the High School Office for a visitor's pass before going anywhere in the building and must wear a visitor tag when in the building. The tag is to be returned to the office when the visitor is ready to leave the building. Students are not allowed to bring visitors to school.

Teachers who suspect that an unauthorized visitor is present in the building should notify the office immediately.

Wellness Policy

Board policy supports the mission of the School District of Sturgeon Bay by providing an environment that cultivates maximum student potential. Nutrition/activity influences a child's development, health, well-being, and potential for learning. The district-wide nutrition/activity policy encourages all members of the school community to create an environment that supports lifelong healthy eating and activity habits. Decisions made in all school programming need to reflect and encourage positive nutrition messages, healthy food choices, and active lifestyles. See Board of Education Policy [8510](#) – Wellness for more information.

Emergency Procedures

Child Abuse and Neglect

State law requires staff members to report suspected cases of child abuse or neglect. Failure to report could result in a possible fine and/or civil suit. This is a serious obligation. (See Board of Education Policy [8462](#) – Student Abuse and Neglect and Policy [8462](#) – Child Abuse or Neglect for more information.)

Crisis Management

A “Run, Hide, Fight” brochure is posted in each classroom and in other public areas around the building. The brochure details procedures to be followed for these emergency situations:

- Evacuation (Run)
- Lockdown (Hide, Fight)
- Modified Lockdown
- Medical Emergency
- Bomb Threat.

Fire Drills

A chart showing fire evacuation exits is posted in [Schoology](#) / SBHS Faculty and Staff / Safety Information. State laws require that fire drills be held at least once a month. Walk – do not run – to the fire evacuation exit indicated on the chart when the fire alarm is sounded. Every alarm should be taken seriously. Fire evacuation exit routes must be posted in each room of the building by the teacher or staff member primarily responsible for that room. Teachers must instruct all students using the room about the proper fire drill procedure for that room.

General Rules – Instructions for Students

- Immediately put aside whatever you are doing.
- Stand and walk quietly out of the room when told to do so by the teacher.
- Walk rapidly, single file, near the wall to the exit. Do not run, push, or talk. Do not take any books with you.
- The first two students to pass through the outside exit, where there are double doors, are to open and hold the doors until all have left the building.
- Move clear of the building. Cross the driveways to the lawn opposite the exits, but do not go into the street.
- Return to the building when you hear the all-clear signal.

The teacher should be the last person to leave the room. Make a final check to be sure all students have left the building.

Health Room

Students who become ill during the day may choose to rest in the High School Office. The secretary or principal must be notified when a student is placed in this area.

Student with Suicidal Tendencies – Staff Response

It is recognized by the Sturgeon Bay School District that suicide – whether “verbalized thought” or “attempt” – is a very serious problem requiring a prompt response. Since it is impossible to know if the student will attempt to

harm himself/herself, action must be taken immediately. (See Board of Education Policy [5350](#) – Suicide Intervention Process for more information.)

Procedure

- Any teacher or other school personnel who has reason to believe, by direct or indirect knowledge, that a student is at risk for suicide, no matter how trivial it seems, shall immediately report the student and incident to an available Pupil Services staff member, such as the school counselor or school psychologist. The building principal shall also be notified as soon as possible.
- If the student attempts suicide during the school day, the health and safety of the student is paramount, and 911 is to be called immediately. First aid will be rendered until professional medical treatment and/or transportation can be received. The building principal, school counselor, law enforcement, and parent/guardian should be notified as soon as possible.
- Confidentiality normally expected of Pupil Services staff including school counselors must be waived in lieu of concern for the student's life or the safety of another person.
- Any student suspected of suicidal behavior shall be brought to the office for direct supervision, monitoring, and an interview with the school counselor or Pupil Services staff member. The school counselor or Pupil Services staff member may elicit assistance or consultation from another member of the school district's crisis management team, law enforcement, or an appropriate community agency.
- After the school counselor or Pupil Services staff member has made his/her determination of the suicidal risk, the parent/guardian of the student will be notified as soon as possible.
 - If the situation is determined to be of moderate danger, the student will not be permitted to leave the school grounds until a conference is held with the parent. The student must remain in the actual physical custody of a staff member until a transfer to the parent/guardian, law enforcement, or protective agency.
 - When a student presents imminent/high danger to harming oneself/others, school staff should contact law enforcement. The student must remain in the actual physical custody of a staff member until a transfer to the parent/guardian, law enforcement, or protective agency.
 - The parent/guardian will be apprised of the seriousness of the situation and referred to a mental health provider.
 - The parent/guardian will be requested to sign a statement that he/she has been notified of the situation and the school's recommendation.
- Once the parent/guardian is contacted and/or referral is made to an outside agency, school staff will assume secondary counseling responsibilities only and will not take responsibility for being therapists. When an outside agency is to be utilized, a release of information form should be signed by the parent/guardian and student to allow a two-way flow of information between school and the community agency.
- A confidential written record, made by the counselor, of the procedure followed and recommendations made concerning the referred student will be kept by the school in the office of the director of Pupil Services.
- After the immediate incident has been resolved, the principal and a member of the Pupil Services staff will meet to evaluate the situation and decide on an appropriate role for the school to take in assisting the student. A designated member of the Pupil Services staff will document actions taken by the school in the case, facilitate the student's reentry into the academic setting and function as a resource of support to the student.
- Because failure to report is punishable by a fine and/or jail sentence, this policy will be distributed annually as widely as possible by means such as posting or publishing, and shall be included in the employee handbook.

Tornado / Disaster Drill (Weather)

The following procedure will be used in the high school when room evacuation is necessary due to dangerous weather conditions such as high wind or tornado alert.

- The alert will be given over the PA system. If electrical power is out, the office staff will canvass the building with a verbal notice.
- When the decision has been made to move students to safer areas, each classroom will evacuate to the specific locations.
- All persons moving into a protected area are to remain close to the walls. If a tornado is approaching, all are to sit covering their heads with hands, books, or arms until the all-clear is sounded.

Tornado and Fire Evacuation Sites

A chart showing tornado and fire evacuation location sites is posted in SBHS Faculty and Staff / Safety Information.

Wisconsin Educator Effectiveness System

The Wisconsin Educator Effectiveness System provides a performance-based evaluation system designed by and for Wisconsin educators to support the continuous improvement of educator practice that leads to improved student learning. The system is a performance-based evaluation system that balances an educator's professional practice (50%) with evidence of student outcomes (50%). The DPI Educator Effectiveness Team implements and improves the Wisconsin Educator Effectiveness System to ensure that educators receive quality data to identify and inform individual areas of strength, needed improvement, and ongoing support for professional growth. More information about the [Wisconsin Educator Effectiveness System](#) may be found on the DPI website. Teachers in the Sturgeon Bay School District follow a specific [timeline for Educator Effectiveness work](#) during the school year. Documentation for the full three-year evaluation cycle (Supporting Year 1, Supporting Year 2, and Summary Year) is housed in [Frontline Education Professional Development](#).

Sturgeon Bay Schools Special Education Policies and Procedures

Preface

As a condition of funding under the Individuals with Disabilities Education Act (IDEA), local educational agencies are required to establish written policies and procedures for implementing federal special education laws. In addition, Wisconsin law requires local educational agencies to establish written policies and procedures for implementing state and federal special education requirements. *Sturgeon Bay Schools Special Education Policies and Procedures* has been developed to help local educational agencies meet their obligation to establish and implement special education requirements. A local educational agency may establish special education requirements by adopting the model policies and procedures. The document may also be used as a reference tool and for staff development activities to promote understanding of and compliance with special education requirements.

The state special education statutes, subchapter V, chapter 115, Wis. Stats., incorporate the statutory provisions of Part B of the IDEA. Local educational agencies in Wisconsin must also comply with IDEA's regulations. Therefore, the model policies and procedures are derived primarily from Wisconsin special education statutes and IDEA regulations. A small number of policies and procedures are derived from Wisconsin special education rules, chapter PI 11, Wis. Admin. Code. The underlying law can be found by using the following tools:

1. the table of contents to the IDEA Regulations found at 34 CFR Part 300, Vol. 71 Federal Register, No. 156 (August 14, 2006);
2. the table of contents of the state special education statute, Subchapter V, Chapter 115, Wis. Stats.; and
3. the table of contents for the state special education rules, Chapter PI 11, Wis. Admin. Code.

Definitions

For the purpose of these policies, the following definitions apply:

"Assistive technology device" means any item, piece of equipment or product system that is used to increase, maintain or improve the functional capabilities of a child with a disability. The term does not include a medical device that is surgically implanted, or the replacement of that device.

34 CFR § 300.5.

"Assistive technology service" means any service that directly assists a child with a disability in the selection, acquisition or use of an assistive technology device, including all of the following:

- evaluating the needs of the child, including a functional evaluation of the child in the child's customary environment;
- purchasing, leasing or otherwise providing for the acquisition of assistive technology devices by children with disabilities;
- selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing or replacing assistive technology devices;
- coordinating and using other therapies, interventions or services with assistive technology devices, such as those associated with existing education and rehabilitative plans and programs;
- training or technical assistance for a child with a disability or, if appropriate, the child's family; and
- training or technical assistance for professionals, including individuals providing education and rehabilitation services, employers or other individuals who provide services to, employ or are otherwise substantially involved in the major life functions of that child.

34 CFR § 300.6

—"Business day" means Monday through Friday, except for federal and state holidays unless holidays are specifically included in the designation of business day.

—"Child" means any person who is at least three years old but not yet 21 years old and who has not graduated from high school and, for the duration of a school term, any person who becomes 21 years old during that school term and who has not graduated from high school, and includes a child who is homeless, a child who is a

- autism;
- traumatic brain injury;
- other health impairments; and/or
- specific learning disabilities.

If the local educational agency determines through an appropriate evaluation that a child has one of the impairments listed above but only needs a related service and not special education, the child is not a child with a disability. "Child with a disability" may, at the discretion of the local educational agency and consistent with Department of Public Instruction rules, include a child who, by reason of his or her significant developmental delay, needs special education and related services.

Nothing in this definition limits the rights of a child with a surgically implanted device to receive related services as determined by the IEP Team to be necessary, limits the responsibility of a public agency to appropriately monitor and maintain medical devices that are needed to maintain the health and safety of the child, while the child is transported to and from school or is at school; or prevents the routine checking of an external component of a surgically implanted device to make sure it is functioning properly.

"Orientation and mobility services" means services provided to blind or visually impaired students by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environments in school, home, and community, and includes teaching students the following as appropriate:

34 CFR §§ 300.107, 300.109; 300.110; 300.201

Free Appropriate Public Education

GENERAL. All children with disabilities for whom the local educational agency is responsible are provided a free appropriate public education. Special education and related services are provided to these children with disabilities, including, as required by 34 CFR § 300.530(d), children with disabilities who have been suspended or expelled from school. Children with disabilities entitled to a free appropriate public education are children age three, but not yet 21 who have not graduated from high school with a regular high school diploma and, for the duration of a school term, persons who become 21 years old during that school term and who have not graduated from high school with a regular diploma. A regular high school diploma does not include an alternative degree that is not fully aligned with the State's academic standards, such as a certificate or a general educational

development credential (GED). The special education and related services provided to children addresses all of their special education and related services needs and are provided by personnel qualified as required by 34 CFR § 300.156.

34 CFR § 300.101(a); 34 CFR § 300.102(a)(3)(iv); 34 CFR § 300.156; Wis. Stat. § 115.76(3)

The local educational agency provides prior written notice of a change in placement consistent with the requirements in the law when a child with a disability graduates from high school with a regular diploma. Additionally for those students who graduate from high school with a regular diploma as well as students who exceed the age of eligibility, the local educational agency provides a summary of their academic achievement and functional performance, including recommendations on how to assist the child in meeting the child's postsecondary goals.

34 CFR § 300.102(a)(3)(iii); 300.305(e)(3)

The local educational agency ensures that an IEP is in effect for each eligible child no later than the child's third birthday. If the child's third birthday occurs during the summer, the child's IEP team determines when the IEP services will begin.

34 CFR § 300.101(b)

If a placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non-medical care and room and board, is provided at no cost to the parents of the child.

34 CFR § 300.104

The local educational agency admits a nonresident child if the program is appropriate for the child's disability. When a resident child is refused admittance to another local educational agency, the resident local educational agency ensures that a free appropriate public education is provided to the child. When board and lodging are not furnished to a nonresident child with a disability, the resident local educational agency provides transportation, except as provided in Wis. Stat. § 115.82(2)(a) and (b).

Wis. Stat. § 115.82

After a child with a disability has been removed from his or her current placement for ten school days in the same school year, for any subsequent removal, the local educational agency provides services, although in another setting, so as to enable the child to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the child's IEP. In such a case, school personnel, in consultation with at least one of the child's teachers, determine the extent of the services. When there is a change of placement, the IEP team determines the appropriate services.

34 CFR § 300.530(d)

34 CFR § 300.113

PHYSICAL EDUCATION. Physical education services, specially designed if necessary, are made available to every child with a disability unless the LEA does not provide physical education to children without disabilities in the same grades. Each child with a disability is afforded the opportunity to participate in regular physical education programs available to nondisabled children unless the child is enrolled full time in a separate facility, or the child needs specially-designed physical education as prescribed in the child's IEP.

If specially-designed physical education is prescribed in a child's IEP, the local educational agency provides the services directly or makes arrangements for those services to be provided through other public or private programs. The local educational agency ensures that a child with a disability who is enrolled in a separate facility receives appropriate physical education services in compliance with the law.

34 CFR § 300.108

ASSISTIVE TECHNOLOGY. The local educational agency makes available assistive technology devices or assistive technology services, or both, to a child with a disability if required as part of the child's special education, related services, or supplementary aids and services. If a child's IEP team determines that access to school-purchased assistive technology devices or services in the child's home or in other settings is necessary for the child to receive a free appropriate public education, the devices or services are provided.

34 CFR § 300.105

EXTENDED SCHOOL YEAR. The local educational agency ensures that extended school year services are available to each child with a disability as necessary to provide a free appropriate public education. Extended school year services are provided when a child's IEP team determines, on an individual basis, that the services are necessary for the provision of a free appropriate public education to the child. The local educational agency does not limit extended school year services to particular categories of disability, or unilaterally limit the type, amount, or duration of those services.

34 CFR § 300.106

PARTICIPATION IN ASSESSMENTS. Children with disabilities attending this local educational agency are included in all state-wide and district-wide assessment programs with appropriate accommodations. Those children who cannot participate in state-wide or district-wide assessments participate in alternate assessments. Needed accommodations

or alternate assessments are identified by the IEP team and are specified in the child's IEP.

20 U.S.C 1412(a)(16); Wis. Stat. § 115.77(1m)(bg)

METHODS OF ENSURING A FREE APPROPRIATE PUBLIC EDUCATION. If a public agency, other than an educational agency, fails to meet its obligation under federal or state law or under state policy or interagency agreement to provide or pay for any services that are also considered special education and related services that are necessary for ensuring a free appropriate public education to a child, the local educational agency provides or pays for these services to the child in a timely manner.

34 CFR § 300.154(b)(2)

When the local educational agency uses Medicaid or other public insurance benefits programs in which a child participates to provide or pay for special education and related services necessary for the child to receive a free appropriate public education as permitted under the public insurance program, the local educational agency obtains parent consent each time access to public benefits or insurance is sought.

Furthermore, the local educational agency does not:

- require parents to sign up for or enroll in public insurance programs in order for their child to receive a free appropriate public education under Part B of the Act;

- require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for special education and related services; or

- use a child's benefits under a public insurance program if that use would:

 - decrease available lifetime coverage or any other insured benefit,
 - result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time the child is in school,
 - increase premiums or lead to the discontinuation of benefits or insurance or risk loss of eligibility for home and community-based waivers based on aggregate health-related expenditures.

Each time the local educational agency proposes to access the proceeds of a parents' private insurance to provide services necessary for the child to receive a free appropriate public education, the local educational agency:

- obtains informed parent consent; and

- informs the parents that their refusal to permit the local educational agency to access their private insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

34 CFR § 300.154

The local educational agency timely provides instructional materials in accessible formats to children who are blind, children with print disabilities, or other children with disabilities as required in the child's IEP.

34 CFR § 300.210

Except for the circumstances provided for in Wis. Stat. § 118.51(12)(a)&(b)2 of the Full-Time Open Enrollment law, if a non-resident child with a disability is attending the local educational agency under the Full-Time Open Enrollment law, the local educational agency provides an educational placement for the child. If tuition charges are required by the placement, the local educational agency pays tuition charges instead of the resident school district.

Wis. Stat. § 115.79(1)(b)

Public Information

The local educational agency regularly publicizes information about its special education procedures and services. Further, the local educational agency makes available to any person, upon request, all documents relating to the local educational agency's eligibility for state and federal special education funds.

34 CFR § 300.212; Wis. Stat. § 115.77(1m)(g) and (h)

If the local educational agency receives a notice from the Department of Public Instruction that it is in noncompliance with respect to state or federal special education law and the Department of Public Instruction is proposing to reduce or withhold any further payments to the local educational agency until the Department of Public Instruction is satisfied that the local educational agency is complying with that requirement, the local educational agency gives public notice of the pending state actions.

34 CFR § 300.222(b)

34 CFR § 300.111; Wis. Stat. § 115.77(1m)(a)

accepting and processing referrals. Licensed_school personnel who reasonably believe a child has a disability are required to make a referral.

Prior to submitting a referral, the people required to make referrals inform the parents of their intent to make a referral. If this local educational agency receives a referral for a child who is attending this local educational agency under the Full-Time Open Enrollment law or a tuition waiver under Wis. Stat. § 121.84(1)(a) or (4), the local educational agency provides the name of the child and related information to the local educational agency of residence. Whenever this local educational agency receives a referral for a resident child attending school in another local educational agency under the Full-Time Open Enrollment law or a tuition waiver under Wis. Stat. § 121.84(1)(a) or (4), this local educational agency provides the name of the child and related information to the local educational agency of attendance.

The local educational agency accepts written referrals. Each referral includes the name of the child and reasons why the person making the referral believes that the child is a child with a disability. The local educational agency documents and dates the receipt of each referral.

At least annually, the local educational agency informs parents and persons required by law to make referrals about the local educational agency's referral and evaluation procedures.

The local educational agency provides information and inservice opportunities for its licensed staff to familiarize them with the local educational agency's referral procedures.

Stat. § 121.84(1)(a) or (4),

In addition to the above members, the local educational agency invites the following:

34 CFR § 300.321; Wis. Stat. § 115.78; PI 11.24(2)

IEP TEAM ATTENDANCE

An IEP Team member is not required to attend an IEP Team meeting, in whole, or in part, if the parent of a child with a disability and the local educational agency agree, in writing, the attendance is not necessary because the member's area of curriculum or related services is not being modified or discussed.

An IEP Team member may be excused from attending an IEP Team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of curriculum or related services, if the parent, in writing, and the local educational agency consent to the excusal, and the member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior the meeting.

34 CFR § 300.321(e); Wis. Stat. § 115.78(5)

PARENT PARTICIPATION IN IEP TEAM MEETINGS. The local educational agency takes steps to ensure that one or both of the parents of a child with a disability are present at each IEP Team meeting or are afforded the opportunity to participate, including:

- notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and
- scheduling the meeting at a mutually agreed on time and place.

The notice required in this policy:

- indicates the purpose, time, and location of the meeting and who will be in attendance; informs the parents of the provisions in these policies relating to the participation of other individuals on the IEP team who have knowledge or special expertise about the child; and
- informs the parents that they can request the Part C coordinator or other representatives of the Part C system be at the initial IEP Team meeting for a child previously served under Part C of IDEA.

Beginning no later than in the first IEP that will be in effect when the child is 14, the notice also:

- indicates that a purpose of the meeting is the consideration of the postsecondary goals and transition services for the child;
- indicates that the local educational agency will invite the student; and
- identifies any other agency that will be invited to send a representative.

If neither parent can attend, the local educational agency uses other methods to ensure parent participation, including individual or conference calls.

The local educational agency may conduct meetings without a parent in attendance if the local educational agency is unable to convince the parents that they should attend. In this case the local educational agency has a record of its attempts to arrange a mutually agreed on time and place, such as:

- detailed records of telephone calls made or attempted and the results of those calls;
- copies of correspondence sent to the parents and any responses received; and

detailed records of visits made to the parent's home or place of employment and the results of those visits.

The local educational agency takes whatever action is necessary to ensure that the parent understands the proceedings at the IEP Team meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

Subject to the timeline requirements contained in this policy, if the parents of the child or the local educational agency staff determine at any meeting during the process of the evaluation, development of the IEP or placement of the child that additional time is needed to permit meaningful parental participation, the local educational agency provides it. Upon request, the local educational agency provides a copy of the most recent evaluation report to the child's parents at any meeting of the IEP team.

The local educational agency gives the parent a copy of the child's IEP at no cost to the parent.

34 CFR § 300.322; Wis. Stat. §§ 115.787(2)(g) and 115.78(3)(d)

IEP TEAM DUTIES. The IEP team does all of the following:

- evaluates the child to determine the child's eligibility or continued eligibility for special education and related services, and the educational needs of the child;

- develops an IEP for the child; and

- determines the special education placement for the child.

34 CFR § 300.324(a); Wis. Stat. § 115.78

TIMELINE. Within 15 business days of receiving a referral, the local educational agency sends to the child's parents a request for consent to evaluate the child except that if the local educational agency determines that no additional data are necessary, the local educational agency notifies the child's parent of that determination within 15 business days of receiving the referral. The local educational agency determines if a child is a child with a disability within 60 days after receiving parental consent for the evaluation or provides notice that no additional data are needed. The 60-day period does not apply:

- if the child transfers into this local educational agency before the previous local educational agency has made an eligibility determination, sufficient progress is being made to ensure a prompt completion of the evaluation, and the child's parents agree to a specific time when the evaluation will be completed;

- if the child's parent repeatedly fails or refuses to produce the child for the evaluation;
- or

- if a child is being evaluated for a specific learning disability and the timeline is extended by mutual written agreement of the child's parents and IEP team.

The local educational agency conducts a meeting to develop an IEP and determine placement within 30 days of a determination that a child is a child with a disability.

If the parents of the child or local educational agency staff determine at any meeting during the process of evaluation, development of the IEP, or determination of placement, that additional time is needed to permit meaningful parent participation, the local educational agency provides it.

34 CFR §§ 300.301, 300.323, 300.309(c); Wis. Stat. §§ 115.777(3)(e), 115.78

Evaluation

GENERAL. As part of an initial evaluation of a child and as part of any reevaluation of a child, the IEP team and other qualified professionals, as determined by the local educational agency:

reviews existing evaluation data on the child, including evaluations and information provided by the child's parents, previous interventions and the effects of those interventions, current classroom-based, local, or state assessments, classroom-based observations, and observations by teachers and related services providers; and

on the basis of that review and information provided by the child's parents, identifies the additional data, if any, that are needed, to determine:

whether the child has a particular category of disability and the educational needs of the child or, in case of a reevaluation of a child, whether the child continues to have such a disability and the educational needs of the child;

the present levels of academic achievement and related developmental needs of the child;

whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and

whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable, annual goals specified in the child's IEP and to participate, as appropriate, in the general education curriculum.

The local educational agency administers such assessment and other evaluations as may be needed to produce the additional data.

The review of existing evaluation data on the child may occur without conducting a meeting.

34 CFR § 300.305; Wis. Stat. § 115.782(2)(b)

The local educational agency does not require parental consent before reviewing existing data as part of an evaluation or reevaluation or administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, the local educational agency requires consent for all children.

34 CFR § 300.300(d)(1)

Screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation is not considered to be an evaluation for eligibility for special education and related services.

34 CFR § 300.302

The local educational agency provides the parents of the child with proper written notice, of any evaluation procedures the agency proposes to conduct, and the names of the individuals who will conduct the evaluation, if known.

34 CFR § 300.304(a); Wis. Stat. § 115.782(1)(a)

INITIAL EVALUATIONS

The local educational agency obtains informed consent from the child's parent before administering assessments or other evaluation materials to the child. Parental consent for the evaluation does not constitute consent for placement for receipt of special education and related services.

34 CFR § 300.300(a); Wis. Stat. § 115.782(1)(b)

If the child is a ward of the state and is not residing with the child's parent, the local educational agency is not required to obtain informed consent from the parent for an initial evaluation if: the local educational agency cannot, after reasonable efforts, locate the parent of the child; the rights of the parents of the child have been terminated in accordance with state law; or, the rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

34 CFR § 300.300(a)(2)

If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for an initial evaluation or fails to respond to a request to provide consent, the local educational agency may, but is not required to, pursue the initial evaluation by utilizing mediation or due process.

34 CFR § 300.300(a)(3)

If a parent of a child who is home schooled or parentally placed in a private school does not provide consent, or the parent fails to respond to a request to provide consent, the local educational agency cannot use mediation or due process and is not required to consider the child as eligible for services.

34 CFR § 300.300(d)(4)

The local educational agency does not use a parent's refusal to consent to activities relating to conducting an initial evaluation to deny the parent or child any other service, benefit, or activity of the local educational agency.

34 CFR § 300.300(d)(3)

IEP TEAM DETERMINATION OF ELIGIBILITY OR CONTINUING ELIGIBILITY (INITIAL AND REEVALUATION). Following a review of existing data and administration of assessments and other evaluation materials (if any), the IEP team determines whether the child is or continues to be a child with a disability. For a child who does not otherwise meet the eligibility criteria under state law, the IEP team does not determine that the child is a child with a disability solely because the child has received inappropriate instruction in reading or math or because the child has limited proficiency in English. In interpreting evaluation data for the purpose of determining if a child is a child with a disability, and the educational needs of the child, the local educational agency draws upon information from a variety of sources, including aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The local educational agency ensures that information obtained from all of these sources is documented and carefully considered.

34 CFR § 300.306

REEVALUATION. In conducting reevaluations, the IEP team:

evaluates a child with a disability in accordance with the law before determining that the child is no longer a child with a disability, and

reevaluates a child with a disability in accordance with the law if the local educational agency determines that the educational or related services needs of the child, including the child's academic and functional performance, warrant a reevaluation or if the child's parent or teacher requests a reevaluation. The IEP team shall reevaluate a child no more than once a year unless the child's parents and the local educational agency agree otherwise, and at least once every 3 years unless the child's parent and local educational agency agree that a reevaluation is unnecessary.

34 CFR §§ 300.303, 300.305(e)(1); Wis. Stat. § 115.782(4)

An evaluation is not required before the termination of a child's eligibility for special education and related services because he or she graduated from secondary school with a regular diploma or because he or she reached the age of 21. Under these circumstances, the local educational agency provides the child with a summary of the child's academic achievement and functional performance, including recommendations on how to assist the child in meeting his or her postsecondary goals.

34 CFR § 300.305(e)(2) and (3); Wis. Stat. § 115.782(4)

In conducting a reevaluation, the local educational agency obtains informed consent from the child's parent before administering new assessments and other evaluation materials. The local educational agency proceeds without consent only if the local educational

agency has taken reasonable measures to obtain the consent and the child's parents have failed to respond. Reasonable measures are the measures required for conducting an IEP meeting without a parent in attendance. If the parent of a child enrolled in public school or seeking to be enrolled in public school refuses to provide consent, the local educational agency is not required to pursue the reevaluation, but may pursue the reevaluation by utilizing mediation or due process.

If a parent of a child who is home schooled or parentally placed in a private school refuses or fails to respond to a request for consent for a reevaluation, the local educational agency cannot use mediation or due process, and is not required to consider the child as eligible for services.

34 CFR § 300.300(c) and (d); Wis. Stat. § 115.782(4)(b)

If the IEP team and other qualified professionals, as appropriate, finds no additional information is needed to determine whether a child continues to be a child with a disability, and to determine the child's educational needs, the local educational agency notifies the child's parents of that finding and the reasons for it, and that the parent has a right to request an assessment to determine whether the child continues to have a disability, and to determine the child's educational needs. The local educational agency conducts such an assessment if the parent requests it.

34 CFR § 300.305(d); Wis. Stat. § 115.782(4)(c)

EVALUATION REPORT. When the IEP team determines a child's eligibility, the team prepares an evaluation report that includes documentation of the determination of eligibility. The local educational agency gives a copy of the evaluation report and the documentation of determination of eligibility at no cost to the child's parents.

34 CFR § 300.306(a); Wis. Stat. § 115.782(3)(b)

EVALUATION SAFEGUARDS. When a local educational agency evaluates a child with a disability, the IEP team:

- does not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child;

- uses a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the child's parent, that may assist in determining whether the child is a child with a disability and the content of the child's IEP, including information related to enabling the child to be involved in and progress in the general education curriculum or, for preschool children, to participate in appropriate activities;

- uses technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors; and

- ensures all of the following:

assessments and other evaluation materials used to assess a child are selected and administered so as not to be racially or culturally discriminatory and are provided and administered in the child's native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do, academically, developmentally, and functionally, unless it is clearly not feasible to do so;

any assessments given to the child have been validated for the specific purpose for which they are used, are administered by trained and knowledgeable personnel and are administered in accordance with any instructions provided by the producer of such assessments or evaluation materials;

the child is assessed in all areas of suspected disability; including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities; and

assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are used.

34 CFR § 300.304; Wis. Stat. §§ 115.782(2) and 3(b),

The evaluation report includes documentation of determination of eligibility for special education. A copy of the evaluation report, including the documentation of eligibility is given to the child's parents.

In evaluating each child with a disability, the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs whether or not commonly linked to the disability category in which the child has been classified.

34 CFR § 300.304 (c)(6)-(7)

The local educational agency ensures assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those designed to provide a single general intelligence quotient.

34 CFR § 300.304(c)(2)

The local educational agency ensures assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual or speaking skills (unless those skills are the skills the test purports to measure).

34 CFR § 300.304(c)(3)

ADDITIONAL REQUIREMENTS FOR SPECIFIC LEARNING DISABILITIES.

When a school begins to use data from a multi-level system of support to consider if the student meets the Insufficient Progress criterion, the IEP team shall include the following additional members:

- at least one licensed person who is qualified to assess data on individual rate of progress using a psychometrically valid and reliable methodology;
- at least one licensed person who has implemented scientific, research-based or evidence-based, intensive interventions with the referred pupil
- at least one licensed person who is qualified to conduct individual diagnostic evaluations of children; and
- if the child does not have a licensed general education teacher, a general education classroom teacher licensed to teach a child of the same age, or for a child of less than school age, an individual qualified by the Department of Public Instruction to teach a child of his or her age.

PI 11.36(6)

For a child suspected of having a specific learning disability, the documentation of the determination of eligibility shall include:

- whether the child has a specific learning disability;
- the basis for making that determination, including an assurance that the eligibility determination was based on a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child's physical condition, social or cultural background, and adaptive behavior; and that the information obtained from all of these sources is documented and carefully considered;
- the relevant behavior, if any, noted during observation of the child and the relationship of that behavior to the child's academic functioning in the area of potential specific learning disability;
- documentation that the intensive intervention was applied in a manner highly consistent with its design, was closely aligned to pupil need, and was culturally appropriate;
- the educationally relevant medical findings, if any;
- whether the child does not achieve adequately for the child's age or to meet state approved grade-level standards and the child does not make sufficient progress to meet age or State-approved grade-level standards; or until November 30, 2013, the child exhibits a significant discrepancy between the child's academic achievement in any of the eight areas of potential specific learning disabilities and intellectual ability.
- the determination of the team concerning the effects of a visual, hearing, or motor disability; mental retardation; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the child's achievement level; and
- if the child has participated in a process that assesses the child's response to scientific, research-based intervention, documentation that the child's parents were notified about the following:

the progress

monitoring data collected;

strategies for
increasing the child's rate of learning including the intensive interventions
used, and
the parents' right
to request an evaluation.

Each IEP team member certifies in writing whether the report reflects his or her conclusion. If the evaluation report does not reflect the IEP team member's conclusions, the member submits a separate statement presenting his or her conclusions.

PI 11.36(6)

Determination of Eligibility

An evaluation conducted by an IEP team under Wis. Stat. § 115.782, shall focus on the consideration of information and activities that assist the IEP team in determining the educational needs of the child. Specifically, the IEP team shall meet the evaluation criteria specified under Wis. Stat. § 115.782(2)(a), when conducting tests and using other evaluation materials in determining a child's disability.

Wis. Admin. Code § PI 11.35(1)

A child shall be identified as having a disability if the IEP team has determined from an evaluation conducted under Wis. Stat. § 115.782, that the child has an impairment under Wis. Admin. Code § PI 11.36 that adversely affects the child's educational performance, and the child, as a result thereof, needs special education and related services. As part of an evaluation or reevaluation under Wis. Stat. § 115.782, conducted by the IEP team in determining whether a child is or continues to be a child with a disability, the IEP team shall identify all of the following:

The child's needs that cannot be met through the regular education program as structured at the time the evaluation was conducted.

Modifications, if any, that can be made in the regular education program, such as adaptation of content, methodology or delivery of instruction to meet the child's needs identified by the IEP team that will allow the child to access the general education curriculum and meet the educational standards that apply to all children.

Additions or modifications, if any, the child needs which are not provided through the general education curriculum, including replacement content, expanded core curriculum and other supports.

Wis. Admin. Code § PI 11.35

A child will not be determined to be a child with a disability if:

The determinant factor for that determination is

Lack of appropriate instruction in reading, including the essential components of reading instruction as defined in 20 USC 6368(3); or
Lack of appropriate instruction in math; or
Limited English proficiency; and,

The child does not otherwise meet the eligibility criteria.

34 CFR § 300.306(b); Wis. Stat. § 115.782(3)(a)

Areas of Impairment

All provisions in these policies shall be construed consistent with 20 USC 1400 et. Seq. and the regulations promulgated thereunder.

Wis. Admin. Code § PI 11.36

AUTISM. Wis. Admin. Code § PI 11.36(8)

Autism means a developmental disability significantly affecting a child's social interaction and verbal and nonverbal communication, generally evident before age 3 that adversely affects learning and educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term does not apply if a child's educational performance is adversely affected primarily because the child has an emotional behavioral disability as defined in Wis. Admin. Code § PI 11.36(7).

The results of standardized or norm-referenced instruments used to evaluate and identify a child under this paragraph may not be reliable or valid. Therefore, alternative means of evaluation, such as criterion-referenced assessments, achievement assessments, observation and work samples shall be considered to identify a child under this paragraph. Augmentative communication strategies, such as facilitated communication, picture boards or signing shall be considered when evaluating a child under this paragraph. To identify a child as a child with autism, the criteria under 1. and 2. and one or more criteria under 3. through 6. shall be met.

1. The child displays difficulties or differences or both in interacting with people and events. The child may be unable to establish and maintain reciprocal relationships with people. The child may seek consistency in environmental events to the point of exhibiting rigidity in routines.
2. The child displays problems which extend beyond speech and language to other aspects of social communication, both receptively and expressively. The child's verbal language may be absent or, if present, lacks the usual communicative form which may involve deviance or delay or both. The child may have a speech or language disorder or both in addition to communication difficulties associated with autism.
3. The child exhibits delays, arrests, or regressions in motor, sensory, social or learning skills. The child may exhibit precocious or advanced skill development, while other skills may develop at normal or extremely depressed rates. The child may not follow normal developmental patterns in the acquisition of skills.
4. The child exhibits abnormalities in the thinking process and in generalizing. The child exhibits strengths in concrete thinking while difficulties are demonstrated in abstract thinking, awareness and judgment. Perseverant thinking and impaired ability to process symbolic information may be present.
5. The child exhibits unusual, inconsistent, repetitive or unconventional responses to sounds, sights, smells, tastes, touch or movement. The child may have a visual or hearing impairment or both in addition to sensory processing difficulties associated with autism.

6. The child displays marked distress over changes, insistence on following routines and a persistent preoccupation with or attachment to objects. The child's capacity to use objects in an age-appropriate or functional manner may be absent, arrested or delayed. The child may have difficulty displaying a range of interests or imaginative activities or both. The child may exhibit stereotyped body movements.

INTELLECTUAL DISABILITY. Wis. Admin. Code § PI 11.36(1)

Intellectual disability means significant limitations both in intellectual functioning and in adaptive behavior as expressed in conceptual, social, and practical adaptive skills and manifested during the developmental period that adversely affects the child's educational performance. The IEP team may identify a child as having an intellectual disability if the child meets the following criteria:

1. The child has a standard score of 2 or more standard deviations below the mean on an individually administered intelligence test which takes into account the child's mode of communication and is developed to assess intellectual functioning using this mode. More than one intelligence test may be used to produce a comprehensive result.
2. The child has significant limitations in adaptive behavior that are demonstrated by a standards score of 2 or more standard deviations below the mean on standardized or nationally-normed measures, as measured by comprehensive, individual assessments that include interviews of the parents, tests, and observations of the child in adaptive behavior which are relevant to the child's age, including at least one of the following:
 - a. Conceptual skills;
 - b. Social adaptive skills;
 - c. Practical adaptive skills; or
 - d. An overall composite score on a standardized measure of conceptual, social, and practical skills.
- 3.a. The child is age 3 through 5 and has a standard score of 2 or more standard deviations below the mean on standardized or nationally-normed measures, as measured by comprehensive, individual assessments, in the following areas: language development and communication, cognition, and general knowledge.
- b. The child is age 6 through 21 and has a standard score of 2 or more standard deviations below the mean on standardized or nationally-normed measures, as measured by comprehensive, individual assessments, in general information and at least 2 of the following areas: written language, reading, and mathematics.

When it is determined that reliable and valid assessment results are not possible due to the child's functioning level or age, a standardized developmental scale or a body of evidence including informal measures shall be used to assess the child.

Upon re-evaluation, a child who met identification criteria for cognitive disability prior to September 1, 2015, and continues to demonstrate a need for special education under s. PI

11.35 (2), including specially designed instruction, is a child with a disability under this section.

NOTE: Intellectual disabilities typically manifest before age 18. An etiology should be determined when possible, so the IEP team can use this information for program planning.

EMOTIONAL BEHAVIORAL DISABILITY. Wis. Admin. Code § PI 11.36(7)

Emotional behavioral disability, pursuant to Wis. Stat. § 115.76(5)(a)5, means social, emotional or behavioral functioning that so departs from the generally accepted, age appropriate ethnic or cultural norms that it adversely affects a child's academic progress, social relationships, personal adjustment, classroom adjustment, self-care or vocational skills. The IEP team may identify a child as having an emotional behavioral disability if the child meets the preceding definition and meets all of the following:

The child demonstrates severe, chronic and frequent behavior that is not the result of situational anxiety, stress or conflict.

The child's behavior described under par.(a) occurs in school and in at least one other setting.

The child displays any of the following:

Inability to develop or maintain satisfactory interpersonal relationships.

Inappropriate affective or behavioral response to a normal situation.

Pervasive unhappiness, depression, or anxiety.

Physical symptoms, pains or fears associated with personal or school problems.

___ Inability to learn that cannot be explained by intellectual, sensory, or health factors.

___ Extreme withdrawal from social interactions.

___ Extreme aggressiveness for long period of time.

___ Other inappropriate behaviors that are so different from children of similar age, ability, educational experiences and opportunities that the child or other children in a regular or special education program are negatively affected.

The IEP team shall rely on a variety of sources of information, including systematic observations of the child in a variety of educational settings and shall have reviewed prior, documented interventions. If the IEP team knows the cause of the disability under this paragraph, the cause may be, but is not required to be, included in the IEP team's written evaluation summary.

The IEP team may not identify or refuse to identify a child as a child with an emotional behavioral disability solely on the basis that the child has another disability, or is socially maladjusted, adjudged delinquent, a dropout, chemically dependent, or a child whose behavior is primarily due to cultural deprivation, familial instability, suspected child abuse or socio-economic circumstances, or when medical or psychiatric diagnostic statements have been used to describe the child's behavior.

HEARING IMPAIRMENT. Wis. Admin. Code § PI 11.36(4)

Hearing impairment, including deafness, means a significant impairment in hearing, with or without amplification, whether permanent or chronically fluctuating, that significantly

adversely affects a child's educational performance including academic performance, speech perception and production, or language and communication skills. A current evaluation by an audiologist licensed under Wis. Stat. ch. 459 shall be one of the components for an initial evaluation of a child with a suspected hearing impairment.

SPECIFIC LEARNING DISABILITY. Wis. Admin. Code § PI 11.36(6)

Specific learning disability, means a disorder in one or more of the basic psychological processes involved in understanding or using language, spoken or written, that may manifest itself in an imperfect ability to listen, think, speak, read, write, spell or perform mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia and developmental aphasia. The term does not include learning problems that are primarily the result of visual, hearing, motor disabilities, intellectual disabilities, emotional disturbance, cultural factors, environmental, or economic disadvantage.

The IEP team may identify a child as having a specific learning disability if both of the following apply:

1. Inadequate Classroom Achievement

Upon initial identification, the child does not achieve adequately for his or her age, or meet state-approved grade-level standards in one or more of the following eight areas of potential specific learning disabilities when provided with learning experiences and instruction appropriate for the child's age: oral expression, listening comprehension, written expression, basic reading skill, reading fluency skills, reading comprehension, mathematics calculation, and mathematics problem solving.

A child's achievement is inadequate when the child's score, after intensive intervention, on one or more assessments of achievement is equal to or more than 1.25 standard deviations below the mean in one or more of the eight areas of potential specific learning disabilities. Assessments shall be individually administered, norm-referenced, valid, reliable, and diagnostic of impairment in the area of potential specific learning disabilities.

The 1.25 standard deviation requirement may not be used if the IEP team determines that the child cannot attain valid and reliable standard scores for academic achievement because of the child's test behavior, the child's language proficiency, an impairment of the child that interferes with the attainment of valid and reliable scores, or the absence of individually administered, norm-referenced, standardized, valid, and reliable diagnostic assessments of achievement appropriate for the child's age. If the IEP team makes such a determination, it shall document the reasons why it was not appropriate to consider standardized achievement testing, and shall document that inadequate classroom achievement exists in at least one of the eight areas of potential specific learning disabilities using other empirical evidence.

The IEP team may consider scores within 1 standard error of the measurement of the 1.25 standard deviation criterion above to meet the inadequate classroom achievement criteria if the IEP team determines the child meets all other criteria.

2. **Insufficient Progress.** Upon evaluation, the child has made insufficient progress in one of the following areas:

a. *Insufficient response to intensive, scientific, research-based or evidence-based intervention.* The child does not make sufficient progress to meet age or state-approved grade-level standards in one or more of the eight areas of potential specific learning disabilities when using a process based on the child's response to intensive, scientific, research-based or evidence-based interventions.

Intensive interventions may be implemented prior to referral, or as part of an evaluation, for specific learning disability. The IEP team shall consider progress monitoring data from at least two intensive, scientific, research-based or evidence-based interventions, implemented with adequate fidelity and closely aligned to individual student learning needs. The median score of three probes is required to establish a stable baseline data point for progress monitoring. IEP teams shall use weekly or more frequent progress monitoring to evaluate rate of progress during intensive, scientific, research-based or evidence-based interventions.

Rate of progress during intensive interventions is insufficient when any of the following areas are true: the rate of progress of the referred child is the same or less than that of his or her same-age peers; the referred child's rate of progress is greater than that of his or her same-age peers but will not result in the referred child reaching the average range of his or her same-age peers' achievement for that area of potential disability in a reasonable period of time; or the referred child's rate of progress is greater than that of his or her same-age peers, but the intensity of the resources necessary to obtain this rate of progress cannot be maintained in general education.

If the LEA decides to use insufficient response to intensive, scientific, research-based or evidence-based intervention for any child being evaluated for specific learning disabilities enrolled in a school, the LEA shall use insufficient response to intensive, scientific, research-based or evidence-based interventions for all such evaluations of children enrolled in that school. At least ten days in advance of beginning to use insufficient response to intensive, scientific, research-based or evidence-based intervention in a school, the LEA will notify parents of all children enrolled in that school of the intent to use insufficient response to intensive, scientific, research-based or evidence-based intervention.

b. *Significant discrepancy or insufficient progress in achievement as compared to measured ability.* LEAs are permitted to use this option until November 30, 2013.

Upon initial evaluation, the child exhibits a significant discrepancy between the child's academic achievement in any of the eight areas of potential specific learning disabilities and intellectual ability as documented by the child's composite score on a multiple score instrument or the child's score on a single score instrument.

The IEP team may base a determination of significant discrepancy only upon the results of individually administered, norm-referenced, valid, and reliable diagnostic assessment of achievement. A significant discrepancy means a difference between standard scores for ability and achievement equal to or greater than 1.75 standard errors of the estimate below expected achievement, using a standard regression procedure that accounts for the correlation between ability and achievement measures.

This regression procedure shall be used except when the IEP team determines that the child cannot attain valid and reliable standard scores for intellectual ability or achievement because of the child's test behavior, the child's language, another impairment of the child that interferes with the attainment of valid and reliable scores, or the absence of valid and reliable standardized, diagnostic tests appropriate for the child's age. If the IEP team makes such a determination, it shall document the reasons why it was not appropriate to use the regression procedure and shall document that a significant discrepancy exists, including documentation of a variable pattern of achievement or ability, in at least one of the eight areas of potential specific learning disabilities using other empirical evidence.

If the discrepancy between the child's ability and achievement approaches but does not reach the 1.75 standard error of the estimate cut-off for this subdivision paragraph, the child's performance in any of the eight areas of potential specific learning disabilities is variable, and the IEP team determines that the child meets all other criteria, the IEP team may consider that a significant discrepancy exists.

The IEP team may not identify a child as having a specific learning disability if the team's findings of inadequate classroom achievement or insufficient progress are primarily due to one of the following exclusionary factors:

- environmental, economic disadvantage or cultural factors;
- lack of appropriate instruction in reading, including in the essential components of reading instruction;
- lack of instruction in math;
- limited proficiency in English;
- any of the other impairments; and
- lack of appropriate instruction in the area(s) of potential specific learning disability under consideration.

The child must be systematically observed in the child's learning environment, including the general classroom setting when possible, to document the child's academic performance and behavior in any of the eight areas of potential specific learning disabilities.

The systematic observation of routine classroom instruction and monitoring of the child's performance in at least one of the eight areas of potential specific learning disabilities may be conducted before the child was referred for evaluation, or the systematic observation of the child's academic performance in at least one of the eight areas of potential specific learning disabilities shall be conducted after the child has been referred for an evaluation and parental consent is obtained. If the child is less than school age or out of school, at

least one member of the IEP team will conduct a systematic observation of the child in an environment appropriate for a child of that age.

If the child has participated in a process that assesses the child's response to intensive, scientific, research-based or evidence-based interventions, the IEP team will use information from a systematic observation of pupil behavior and performance in the area or areas of potential specific learning disability during intensive intervention for that area, conducted by an individual who is not responsible for implementing the interventions with the referred pupil.

In addition to all other determinations, the IEP team shall base its decision of whether a child has a specific learning disability on a comprehensive evaluation using formal and informal assessment data regarding academic achievement and learning behavior from sources such as standardized tests, error analysis, criterion referenced measures, curriculum-based assessments, pupil work samples, interviews, systematic observations, analysis of the child's response to previous interventions, and analysis of classroom expectations and curriculum.

Upon reevaluation, a child who met initial identification criteria and continues to demonstrate a need for special education, including specially designed instruction, is a child with a disability under this section, unless the exclusionary factors now apply. If a child with a specific learning disability performs to generally accepted expectations in the general education classroom without specially designed instruction, the IEP team shall determine whether the child is no longer a child with a disability.

ORTHOPEDIC IMPAIRMENT. Wis. Admin. Code § PI 11.36(2)

Orthopedic impairment means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes but is not limited to impairments caused by congenital anomaly such as clubfoot or absence of some member; impairments caused by disease such as poliomyelitis or bone tuberculosis; and impairments from other causes such as cerebral palsy, amputations, and fractures or burns that cause contractures.

OTHER HEALTH IMPAIRMENT. 34 CFR § 300.8; Wis. Admin. Code § PI 11.36(10)

Other health impairment means having limited strength, vitality or alertness due to chronic or acute health problems. The term includes but is not limited to a heart condition, tuberculosis, rheumatic fever, nephritis, asthma, attention deficit disorder or attention deficit hyperactivity disorder, sickle cell anemia, Tourette syndrome, hemophilia, epilepsy, lead poisoning, leukemia, diabetes or acquired injuries to the brain caused by internal occurrences or degenerative conditions, which adversely affects a child's educational performance.

SIGNIFICANT DEVELOPMENTAL DELAY. Wis. Admin. Code § PI 11.36(11)

Significant developmental delay means children, age 3 through 9 years of age, who are experiencing significant delays in the areas of physical, cognition, communication, social-emotional or adaptive development.

All other suspected impairments are considered before identifying a child's primary impairment as significant developmental delay.

A child may be identified as having significant developmental delay when delays in development significantly challenge the child in two or more of the following five major life activities:

___Physical activity in gross motor skills such as the ability to move around and interact with the environment with appropriate coordination, balance and strength; or fine motor skills, such as manually controlling and manipulating objects such as toys, drawing utensils and other useful objects in the environment.

Intellectual activity such as the ability to acquire, use and retrieve information as demonstrated by the level of imitation, discrimination, representation, classification, sequencing and problem-solving skills often observed in a child's play.

Communication activity in expressive language such as the production of age-appropriate content, form and use of language; or receptive language, such as listening, receiving and understanding language.

Emotional activity such as the ability to feel and express emotions and develop a positive sense of oneself; or social activity, such as interacting with people, developing friendships with peers and sustaining bonds with family members and other significant adults.

Adaptive activity, such as caring for his or her own needs and acquiring independence in age-appropriate eating, toileting, dressing and hygiene tasks.

Documentation of significant developmental delays and their detrimental effect upon the child's daily life shall be based upon qualitative and quantitative measures including all of the following:

A developmental and basic health history including results from vision and hearing screenings and other pertinent information from parents and, if applicable, other caregivers or service providers.

Observation of the child in his or her daily living environment such as the child's home with a parent or caregiver or an early education or care setting which includes peers who are typically developing. If observation in these settings is not possible, observation in an alternative setting is permitted.

Results from norm-referenced instruments are used to document significant delays of at least one and one-half standard deviations below the mean in two or more of the developmental areas which correspond to the major life activities. If it is clearly not appropriate to use norm-referenced instruments, other instruments such as criterion-referenced measures are used to document the significant delays.

SPEECH AND LANGUAGE IMPAIRMENT. Wis. Admin. Code § PI 11.36(5)

Speech or language impairment means an impairment of speech or sound production, voice, fluency, or language that significantly affects educational performance or social, emotional or vocational development. The IEP team may identify a child as having a speech or language impairment if the child meets the preceding definition and meets any of the following criteria:

The child's conversational intelligibility is significantly affected and the child displays at least one of the following:

The child performs on a norm referenced test of articulation or phonology at least 1.75 standard deviations below the mean for his or her chronological age.
Demonstrates consistent errors in speech sound production beyond the time when 90% of typically developing children have acquired the sound.

One or more of the child's phonological patterns of sound are at least 40% disordered or the child scores in the moderate to profound range of phonological process use in formal testing and the child's conversational intelligibility is significantly affected.

The child's voice is impaired in the absence of an acute, respiratory virus or infection and not due to temporary physical factors such as allergies, short term vocal abuse or puberty. The child exhibits atypical loudness, pitch, quality or resonance for his or her age and gender.

The child exhibits behaviors characteristic of a fluency disorder.

The child's oral communication or, for a child who cannot communicate orally, his or her primary mode of communication, is inadequate, as documented by all of the following:

Performance on norm referenced measures that is at least 1.75 standard deviations below the mean for chronological age.

Performance in activities is impaired as documented by informal assessment such as language sampling, observations in structured and unstructured settings, interviews, or checklists.

The child's receptive or expressive language interferes with oral communication or his or her primary mode of communication. When technically adequate norm referenced language measures are not appropriate as determined by the IEP team to provide evidence of a deficit of 1.75 standard deviations below the mean in the area of oral communication, then two measurement procedures shall be used to document a significant difference from what would be expected given consideration to chronological age, developmental level, and method of communication such as oral, manual, and augmentative. These procedures may include additional language samples, criterion referenced instruments, observations in natural environments and parent reports.

The IEP team may not identify a child who exhibits any of the following as having a speech or language impairment:

Mild, transitory or developmentally appropriate speech or language difficulties that children experience at various times and to various degrees.

Speech or language performance that is consistent with developmental levels as documented by formal and informal assessment data unless the child requires speech or language services in order to benefit from his or her educational programs in school, home, and community environments.

Speech or language difficulties resulting from dialectical differences or from learning English as a second language, unless the child has a language impairment in his or her native language.

Difficulties with auditory processing without a concomitant documented oral speech or language impairment.

A tongue thrust which exists in the absence of a concomitant impairment in speech sound production.

Elective or selective mutism or school phobia without a documented oral speech or language impairment.

The IEP team shall substantiate a speech or language impairment by considering all of the following:

Formal measures using normative data or informal measures using criterion referenced data.

Some form of speech or language measures such as developmental checklists, intelligibility ratio, language sample analysis, minimal core competency.

Information about the child's oral communication in natural environments.

Information about the child's augmentative or assistive communication needs.

An IEP team shall include a department-licensed speech or language pathologist and information from the most recent assessment to document a speech or language impairment and the need for speech or language services.

TRAUMATIC BRAIN INJURY. Wis. Admin. Code § PI 11.36(9)

Traumatic brain injury means an acquired injury to the brain caused by an external physical force resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child's educational performance. The term applies to open or closed head injuries resulting in impairments in one or more areas such as cognition; speech and language; memory; attention; reasoning; abstract thinking; communication; judgment; problem-solving; sensory, perceptual and motor abilities; psychosocial behavior; physical functions; information processing; and executive functions, such as organizing, evaluating and carrying out goal-directed activities. The term does not apply to brain injuries that are congenital or degenerative or brain injuries induced by birth trauma.

Children whose educational performance is adversely affected as a result of acquired injuries to the brain caused by internal occurrences, such as vascular accidents, infections, anoxia, tumors, metabolic disorders and the effects of toxic substances or degenerative conditions may meet the criteria of one of the other impairments.

The results of standardized and norm-referenced instruments used to evaluate and identify a child as traumatic brain injured may not be reliable or valid. Therefore, alternative means of evaluation, such as criterion-referenced assessment, achievement assessment, observation, work samples, and neuropsychological assessment data are considered to identify a child who exhibits total or partial functional disability or psychosocial impairment

in one or more areas listed above. Before a child may be identified as traumatic brain injured, available medical information from a licensed physician is considered.

VISUAL IMPAIRMENT. Wis. Admin. Code § PI 11.36(3)

Visual impairment means even after correction a child's visual functioning significantly adversely affects his or her educational performance. The IEP team may identify a child as having a visual impairment after all of the following events occur:

A certified teacher of the visually impaired conducts a functional vision evaluation which includes a review of medical information, formal and informal tests of visual functioning and the determination of the implications of the visual impairment on the educational and curricular needs of the child.

An ophthalmologist or optometrist finds at least one of the following:

- Central visual acuity of 20/70 or less in the better eye after conventional correction.
- Reduced visual field to 50° or less in the better eye.
- Other ocular pathologies that are permanent and irremediable.
- Cortical visual impairment.
- A degenerative condition that is likely to result in a significant loss of vision in the future.

An orientation and mobility specialist, or teacher of the visually impaired in conjunction with an orientation and mobility specialist, evaluates the child to determine if there are related mobility needs in home, school, or community environments.

Developing, Reviewing and Revising IEPs

IEP IN EFFECT. At the beginning of each school year the local educational agency has in effect an IEP for each child with a disability within its jurisdiction. The local educational agency ensures that a meeting to develop an IEP and determine placement is conducted within 30 days of determination that the child is a child with a disability. The local educational agency ensures an IEP is in effect before special education and related services are provided to children with disabilities and is implemented as soon as possible following the meetings at which the IEP is developed. The local educational agency develops and implements an IEP for each child with a disability served by that agency including children placed in or referred to a private school or facility by the local educational agency.

The local educational agency ensures each child's IEP is accessible to each regular education teacher, special education teacher, related service provider and any other service provider who is responsible for its implementation. The local educational agency ensures each teacher and provider responsible for implementing a child's IEP is informed of his or her specific responsibilities related to implementing the child's IEP and the specific accommodations, modifications and supports that must be provided for the child in accordance with the IEP. The local educational agency provides special education and related services to a child with a disability in accordance with the child's IEP and makes a good faith effort to assist the child to achieve the goals and objectives or benchmarks listed in the IEP.

IEP Development

In developing each child's IEP, the IEP team considers the strengths of the child, the concerns of the child's parents for enhancing the education of their child, and the results of the initial or most recent evaluation of the child, and the academic, developmental, and functional needs of the child.

The IEP team considers the following special factors:

- the use of positive behavioral interventions and supports, and other strategies, to address that behavior in the case of a child whose behavior impedes the child's learning or that of others;

- the language needs of the child as such needs relate to the child's IEP in the case of a child with limited English proficiency;

- instruction in Braille and the use of Braille in the case of a child who is visually impaired unless the IEP team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media, including an evaluation of the child's future needs for instruction in Braille or the use of Braille, that instruction in Braille or the use of Braille is not appropriate for the child;

- the communication needs of the child and, in the case of a child who is hearing impaired, the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level and full range of needs including opportunities for direct instruction in the child's language and communication mode; and

- whether the child requires assistive technology devices and services.

If when considering these special factors, the IEP team determines a child needs a particular device or service in order to receive a free appropriate public education, the IEP team includes a statement to that effect in the IEP.

The child's regular education teacher, as a member on the IEP team, participates in the development of the IEP of the child to the extent appropriate. The teacher participates in the determination of appropriate positive behavioral interventions and supports and other strategies, supplementary aids and services, program modifications and supports for school personnel.

The local educational agency gives a copy of the IEP to the child's parents with the notice of placement.

IEP Review and Revision

The IEP team reviews the child's IEP periodically, but at least once a year, to determine whether the annual goals for the child are being achieved and revises the IEP as appropriate to address:

- any lack of expected progress toward the annual goals and in the general education curriculum;
- the results of any reevaluation;
- information about the child provided to or by the parents;
- the child's anticipated needs; or
- other matters.

In conducting a review of the child's IEP, the IEP team considers the special factors listed above under the development of the IEP section.

To the extent appropriate, the regular education teacher of the child, as a member on the IEP team, participates in the review and revision of the IEP of the child.

If a participating agency, other than the local educational agency, fails to provide transition services described in the IEP, the local educational agency reconvenes the IEP team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

34 CFR § 300.324(b) and (c); Wis. Stat. § 115.787(4)

Amendments to the IEP

In making changes to a child's IEP after the annual IEP team meeting for a school year, the parent of a child with a disability and the local educational agency may agree not to convene an IEP team meeting for the purposes of making those changes, and instead develop a written document to amend or modify the child's current IEP. If changes are made without a meeting, the local educational agency informs the child's IEP team of those changes.

Changes to the IEP may be made by either the entire IEP Team at an IEP team meeting or as described above by amending the IEP rather than redrafting the entire IEP. The local educational agency gives the child's parent a copy of the revised IEP with the amendments incorporated.

34 CFR § 300.324(a)(4)-(6); Wis. Stat. § 115.787(4)(c)

IEP Content

The IEP for each child with a disability includes:

- a statement of the child's present levels of academic achievement and functional performance including how the child's disability affects the child's involvement and

progress in the general education curriculum (i.e., the same curriculum as for nondisabled children) or, for a preschool child, as appropriate, how the disability affects the child's participation in appropriate activities;

a statement of measurable annual goals for the child, including academic and functional goals, designed to meet the child's needs that result from the child's disability to enable the child to be involved in and progress in the general education curriculum and to meet each of the child's other educational needs that result from the child's disability;

for children with disabilities who take alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives;

a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child or on behalf of the child and a statement of the program modifications or supports for school personnel that will be provided to enable the child to:

- advance appropriately toward attaining the annual goals;
- be involved in and make progress in the general education curriculum and to participate in extracurricular and other non academic activities; and
- be educated and participate with other children with disabilities and nondisabled children in the activities described above;

an explanation of the extent to which the child will not participate with nondisabled children in regular classes in the general education curriculum and in extracurricular and other nonacademic activities;

a statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance on state or district-wide assessments;

if the IEP team determines a child must take an alternate assessment instead of participating in a particular regular state-wide or local educational agency-wide assessment of student achievement, a statement indicating why the child cannot participate in the regular assessment and why the particular alternate assessment selected is appropriate for the child;

the projected date for the beginning of the services and modifications described in the IEP and the anticipated frequency, duration and location of those services and modifications;

beginning not later than in the first IEP that will be in effect when the child is 14 and updated annually thereafter until the child is no longer eligible for special education and related services, a statement of appropriate measurable postsecondary goals based upon age appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills; and a description of the transition services, including courses of study, needed to assist the child in reaching those goals;

- a statement that the student has been informed of the parental rights that will transfer to the pupil under special education law on reaching the age of 18, beginning at least one year before the child attains the age of 18, and annually thereafter until the pupil is no longer eligible for special education and related services;
- a description of how the child's progress toward attaining the annual goals will be measured; and
- a description of when periodic reports, such as quarterly reports or other periodic reports issued concurrent with report cards, on the child's progress toward attaining the annual goals will be provided to the parents.

34 CFR § 300.320; Wis. Stat. § 115.787

Placement

The local educational agency ensures an evaluation is conducted before special education and related services are provided to a child with a disability and an educational placement is provided to implement each child's IEP. The IEP team makes placement decisions. The placement is based upon and implements the child's IEP, is determined at least annually, and in uniformity with the least restrictive environment provisions described below.

34 CFR §§ 300.301(a), 300.116(b); Wis. Stat. §§ 115.78(2), 115.79(1)(a) and (b)

LEAST RESTRICTIVE ENVIRONMENT. The local educational agency ensures the following:

- Unless the IEP requires a different arrangement, the child is educated in the school he or she would attend if not disabled.
- The placement is provided as close as possible to the child's home.
- In selecting the least restrictive environment consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs.
- A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.
- To the maximum extent appropriate, a child with a disability, including a child receiving publicly funded special education in a public or private institution or other care facility, is educated with children who are not disabled.
- Special classes, separate schooling or any other removal of a child from the regular educational environment occurs only when the nature or severity of a child's disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

- The local educational agency ensures a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.
- The local educational agency ensures a continuum of alternative placements is available and will be used that includes instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions.
- The continuum makes provision for supplementary services (such as resource room or itinerant instruction) that are provided in conjunction with regular class placement.
- The local educational agency provides or arranges for nonacademic and extracurricular services and activities including meals and recess periods so each child with a disability participates with nondisabled children in the extracurricular services and activities to the maximum extent appropriate to the needs of that child. The local educational agency ensures that each child with a disability has the supplementary aids and services determined by the child's IEP Team to be appropriate and necessary for the child to participate in nonacademic settings.

34 CFR § 300.114-117

NOTICE OF PLACEMENT. Following the development of the IEP, a notice of placement and a copy of the child's IEP is given to the child's parent(s).

34 CFR § 300.503(b)(4); Wis. Stat. §§ 115.787(3)(e)

CONSENT FOR PLACEMENT. The local educational agency obtains informed and written parental consent prior to the initial provision of special education and related services to a child with a disability in a program providing special education and related services.

The local educational agency makes reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child. If the parent of a child fails to respond or refuses to consent to services, the local educational agency can not provide special education or related services and cannot use mediation or due process procedures in order to obtain agreement or a ruling that the services may be provided to the child.

If the parent of the child refuses to consent to the initial provision of special education and related services, or the parent fails to respond to a request to provide consent for the initial provision of special education and related services, the local educational agency will not be considered to be in violation of the requirement to make available FAPE to the child for the failure to provide the child with the special education and related services for which the local educational agency requests consent; and is not required to convene an IEP Team meeting or develop an IEP for the child for the special education and related services for which the local educational agency requests such consent.

34 CFR § 300.300(b); Wis. Stat. § 115.79(2)

Parent Revocation of Consent:

If, at any time subsequent to the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the school district:

Will stop providing special education and related services to the child, but before doing so, will provide prior written notice in accordance with 34 CFR § 300.503;
Will not use special education dispute resolution procedures, including mediation and due process, in order to obtain agreement or a ruling that the services may be provided to the child;
Is not considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and
Is not required to convene an IEP Team meeting or develop an IEP for the child for further provision of special education and related services;
Is not required to amend the child's education records to remove any reference to the child's receipt of special education and related services because of the revocation of consent.

The school physical therapist providing general supervision provides an onsite reevaluation of each child's physical therapy a minimum of one time per calendar month or every tenth day of physical therapy, whichever is sooner, and adjusts the physical therapy as appropriate.

A full-time school physical therapist supervises no more than two full-time equivalent physical therapist assistant positions which may include no more than three physical therapist assistants.

Acts undertaken by a school physical therapist assistant are considered acts of the supervising physical therapist who has delegated the act.

A school physical therapist conducts all physical therapy evaluations and reevaluations of a child, participates in the development of the child's IEP, and develops physical therapy treatment plans for the child. A school physical therapist is not represented by a school physical therapist assistant on an IEP team.

Wis. Admin. Code § PI 11.24(7)

The school occupational therapist develops a written policy and procedure for written and oral communication to the occupational therapist assistant. The policy and procedure includes a specific description of the supervisory activities undertaken for the school occupational therapist assistant which includes either of the following levels of supervision:

the school occupational therapist has daily, direct contact on the premises with the school occupational therapy assistant or

the school occupational therapist has direct, face-to-face contact with the school occupational therapy assistant at least once every 14 calendar days. Between direct contacts the occupational therapist is available by telecommunication. The school occupational therapist providing general supervision provides an onsite reevaluation of each child's occupational therapy a minimum of every two weeks, and adjusts the occupational therapy as appropriate.

A full-time school occupational therapist supervises no more than two full-time equivalent occupational therapy assistant positions which includes no more than three occupational therapy assistants;

Transition from Birth to Three Programs

The local educational agency participates with birth to three programs to ensure a smooth and effective transition of children with disabilities from the birth to three program for infants and toddlers with disabilities to preschool programs in the local educational agency. The local educational agency participates in transition planning conferences arranged by birth to three programs.

For children participating in birth to three programs who will participate in special education preschool programs in the local educational agency, the local educational agency has an IEP in effect by the child's third birthday.

If a child's third birthday occurs during the summer, the child's IEP Team shall determine the date when services under the IEP will begin.

34 CFR §§ 300.124, 300.101(b)

Transfer Pupils

In-State-Transfer Students

When a child with a disability (who had an IEP that was in effect in a previous Wisconsin local educational agency) transfers to this local educational agency and enrolls in a new school within the same school year, this local educational agency (in consultation with the parents) provides FAPE to the child, including services comparable to those described in the child's IEP from the previous agency, until this local educational agency either:

Adopts the child's IEP from the previous public agency; or
Develops, adopts, and implements a new IEP.

The local educational agency adopts the evaluation and the eligibility determination of the sending local educational agency or conducts an evaluation and eligibility determination of

the transfer pupil. The local educational agency does not adopt the evaluation and eligibility determination or the IEP of the sending local educational agency if the evaluation and eligibility determination or the IEP do not meet state and federal requirements.

34 CFR § 300.323(e)

Out-of-State Transfer Students

When a child with a disability (who had an IEP that was in effect in a previous agency in another State) transfers to this local educational agency, and enrolls in a new school within the same school year, this local educational agency, in consultation with the parents, provides the child with FAPE, including services comparable to those described in the child's IEP from the out-of-state agency, until this local educational agency:

- Conducts an evaluation and determines eligibility if determined to be necessary by this local educational agency; and
- Develops, adopts and implements a new IEP, if appropriate.

34 CFR § 300.323(f)

Transmittal of Records

When the local educational agency receives a transfer pupil with a disability and does not receive the pupil's records from the sending local educational agency, the local educational agency takes reasonable steps, including a written request, to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child from the previous public agency in which the child was enrolled. When this local educational agency receives such a written request for a transfer pupil, this local educational agency transfers the pupil's records to the requesting local educational agency no later than the next working day from receipt of the written notice as required under Wis. Stat. § 118.125(4).

34 CFR § 300.323(g); Wis. Stat. § 118.125(4)

Charter Schools

Children with disabilities who attend the local educational agency's charter schools and their parents retain all rights under federal special education laws. The local educational agency ensures that the requirements of federal special education law are met.

Children with disabilities who attend Charter Schools under contract with the local educational agency, are served in the same manner as other children with disabilities in the local educational agency. This includes providing supplementary and related services on site at the charter school to the same extent to which the local educational agency provides such services on the site to its other public schools. Funds received under part B of the Individuals with Disabilities Education Act are provided to charter schools in the same manner as they are provided to other schools in the local educational agency, including proportional distribution based on relative enrollment of children with disabilities

and at the same time as the local educational agency distributes other Federal funds to the local educational agency's other public schools.

34 CFR § 300.209(a) and (b); Wis. Stat. § 115.77(8).

Due Process Procedures

OPPORTUNITY TO EXAMINE RECORDS AND PARENT PARTICIPATION IN MEETINGS. The parents of a child with a disability are afforded, in accordance with the policies in the "Confidentiality" section of this document, an opportunity to:

inspect and review all education records with respect to the identification, evaluation, and educational placement of the child and the provision of a free appropriate public education to the child; and

participate in meetings with respect to the identification, evaluation and educational placement of the child and the provision of a free appropriate public education to the child.

The local educational agency notifies parents consistent with the policies in the "Parent Participation in IEP Team Meetings" section of these policies to ensure that parents of children with disabilities have the opportunity to participate in meetings described above. The term "meeting" in this policy does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that local educational agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

The IEP team, which includes the parent, makes decisions on the educational placement of the child. In implementing this policy, the local educational agency uses procedures consistent with the policies described above. If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the local educational agency uses other methods to ensure their participation including individual or conference telephone calls, or video conferencing. A placement decision may be made by the IEP team without the involvement of the parent if the local educational agency is unable to obtain the parent's participation in the decision. In this case, the local educational agency must have a record of its attempt to ensure parent involvement.

34 CFR §§ 300.501, 300.322(e)

NOTICE. The local educational agency ensures a child's parents are provided prior written notice a reasonable time before the local educational agency proposes to initiate or change or refuses to initiate or change the identification, evaluation or educational placement of the child or the provision of a free appropriate public education to the child. The notice contains:

a description of the action proposed or refused;

an explanation of why the local educational agency proposed or refused to take action;

a statement that the parents of a child with a disability have protection under the procedural safeguards and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;

a description of any other options considered and the reason(s) they were rejected;

a description of each evaluation procedure, assessment, record or report used as a basis for the proposed or refused action;

the names of the evaluators, if known, if the notices propose to evaluate or reevaluate the child;

a description of any other factors relevant to the proposal or refusal; and

sources for parents to contact to obtain assistance in understanding special education law.

Each prior written notice is written in language understandable to the general public, in the parent's native language or other means of communication unless it is clearly not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the local educational agency takes steps to ensure the notice is translated orally or by other means to the parent in his or her native language or other mode of communication; the parent understands the content of the notice; and there is written evidence that these requirements have been met.

34 CFR § 300.503; Wis. Stat. § 115.792(2)

PROCEDURAL SAFEGUARDS NOTICE. A copy of the procedural safeguards available to the parents of a child with a disability is given to the parents one time a school year, except that a copy is given to the parents:

- upon initial referral or parent request for evaluation;
- upon receipt of the first IDEA State complaint and the first due process complaint;
- on the date on which the decision is made to make a disciplinary removal that constitutes a change of placement;
- upon request by a parent.

The procedural safeguards notice includes a full explanation of the procedural safeguards available under special education law written so as to be easily understood by the general public and in the native language of the child's parents unless it is clearly not feasible to do so, relating to:

- independent educational evaluation;
- prior written notice;
- parental consent;
- access to educational records;

opportunity to present and resolve complaints through the due process complaint and State IDEA complaint procedures, including:

- the time period in which to file a complaint;
- the opportunity for the agency to resolve the complaint; and
- the difference between the due process complaint and the State complaint procedures, including the jurisdiction of each procedure, what issues may be raised, filing and decisional timelines, and relevant procedures.

- the child's placement during pendency of due process proceedings;
- procedures for pupils who are subject to placement in interim alternative educational settings under 20 USC § 1415(k);
- requirements for the unilateral placement by parents of pupils in private schools at public expense;
- availability of mediation;
- due process hearings including requirements for disclosure of evaluation results and recommendations;
- civil actions, including the time period in which to file those actions; and attorney fees.

34 CFR § 300.504

INDEPENDENT EDUCATIONAL EVALUATIONS. A parent may obtain an independent educational evaluation of his or her child. If a parent requests information from the local educational agency about an independent evaluation, the local educational agency provides the parent with information about where an independent evaluation may be obtained and the agency criteria applicable for independent educational evaluations. A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the local educational agency. "Public expense" means the local educational agency either pays for the full cost of the evaluation or ensures the evaluation is otherwise provided at no cost to the parent.

If a parent requests an independent educational evaluation at public expense, the local educational agency, without unnecessary delay, either initiates a due process hearing to show its evaluation is appropriate or ensures an independent educational evaluation is provided at public expense unless the local educational agency demonstrates in a due process hearing that the evaluation obtained by the parent did not meet local educational agency criteria.

If a parent requests an independent educational evaluation, the local educational agency may ask for the parent's reason why he or she objects to the public evaluation. However, the local educational agency does not require the explanation and the local educational agency does not unreasonably delay either providing the independent educational evaluation at public expense or initiating a due process hearing to defend the public evaluation. A parent is entitled to only one independent educational evaluation at public expense each time the local educational agency conducts an evaluation with which the parent disagrees.

If the local educational agency initiates a hearing and the final decision is that the local educational agency's evaluation is appropriate, the parent still has the right to an

independent educational evaluation but not at public expense. If the parent obtains an independent educational evaluation at public expense or shares with the local educational agency an evaluation obtained at private expense, the results of the evaluation must be considered by the local educational agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child.

If a hearing officer requests an independent educational evaluation as part of a hearing, the cost of the evaluation must be at public expense. When an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, is the same as the criteria that the local educational agency uses when it initiates an evaluation to the extent that those criteria are consistent with the parent's right to an independent educational evaluation. Except for the criteria described above, the local educational agency does not impose conditions or timelines related to obtaining and independent educational evaluation at public expense.

34 CFR § 300.502

SURROGATE PARENTS. The local educational agency ensures the rights of a child are protected if no parent can be identified; the local educational agency, after reasonable efforts, cannot locate a parent; the child is a ward of the state; or the child is an unaccompanied homeless youth as defined in the McKinney-Vento Homeless Assistance Act. In such instances, the local educational agency assigns an individual to act as a surrogate for the parents. The local educational agency has a method for determining whether a child needs a surrogate parent and for assigning a surrogate parent to the child. In the case of a child who is a ward of the State, the surrogate parent may be appointed by the judge overseeing the child's case.

The local educational agency ensures that a person selected as a surrogate parent is not an employee of the Department of Public Instruction, the local educational agency, or any other agency that is involved in the education or care of the child; has no personal or professional interest that conflicts with the interest of the child he or she represents; and has knowledge and skills that ensure adequate representation of the child. A person who otherwise qualifies to be a surrogate parent is not an employee of the local educational agency solely because he or she is paid by the local educational agency to serve as a surrogate parent.

For an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents until a surrogate parent can be appointed that meets all of the requirements for selection of surrogate parents.

The surrogate parent may represent the child in all matters relating to the identification, evaluation, and educational placement of the child and the provision of FAPE to the child.

The local educational agency makes reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after it determines that one is needed.

34 CFR § 300.519; Wis. Stat. § 115.792(1)(a)2

MEDIATION. When a local educational agency participates in a mediation under Wis. Stat. § 115, the local educational agency:

- keeps discussion that occurs during mediation confidential;
- does not use discussion that occurs during mediation as evidence in any subsequent hearing or civil proceeding;
- does not record a mediation session unless both parties and the mediator agree;
- may be represented by two individuals, unless the parties agree to additional representatives;
- may withdraw from mediation at any time;
- may recess a mediation session to consult advisors, whether or not present, or to consult privately with the mediator;
- assumes responsibility with the parents for additional compensation if the parties agree that the amount of the mediator's compensation should be greater than the Wisconsin Special Education Mediation System schedule allows; and
- assumes responsibility with the parents for the compensation of a mediator who is not on the mediation system roster.

If the parties resolve the dispute or a portion of the dispute through the mediation process, the parties must execute a legally binding agreement. The agreement is reduced to writing, signed by the parties and a copy is given to each party. The agreement states that all discussions that occurred during mediation are confidential and may not be used as evidence in any hearing or civil proceeding. The agreement is legally binding upon the parties and is enforceable in circuit court. The agreement is signed by a representative of the local educational agency who has the authority to bind the local educational agency.

The Wisconsin Mediation System is voluntary on the part of the parties and the local educational agency does not use it to deny or delay a parent's right to a hearing on the parent's due process complaint, or to deny any other rights afforded under special education law.

34 CFR § 300.506; Wis. Stat. § 115.797

DUE PROCESS HEARINGS. When the local educational agency files a request for a due process hearing, it will provide a copy of the hearing request to the other party, a copy to the DPI and will keep the hearing request confidential.

If the parent or the child's attorney files a written request for a due process hearing, the local educational agency will:

- inform the parent of any free or low cost legal and other relevant services available in the area;

(unless it has previously sent a written notice to the parent regarding the item in dispute) within 10 days of receiving the hearing request, provide a written response that includes an explanation of why the agency proposed or refused to take the action raised in the hearing request; a description of other options that the IEP team considered and the reasons why those options were rejected; a description of each evaluation procedure, assessment, record, or report the agency used as the basis

for the proposed or refused action; and, a description of the other factors that are relevant to the agency's proposed or refused action;

within 10 days of receiving the request, send a written response that addresses the issues raised in the hearing request; and

(except when the parents and local educational agency agree in writing to waive a meeting or use mediation) within 15 days of receiving the request and before the hearing is conducted, convene a meeting with the child's parents, a representative of the local educational agency who is authorized to make decisions on behalf of the agency, and the relevant members of the IEP team who have specific knowledge of the facts identified in the hearing request. If the meeting resolves any subject matter of the hearing request, the parents and the local educational agency will execute and sign a legally binding agreement.

When the local educational agency is a party to a due process hearing under Wis. Stat. § 115.80, the local educational agency:

pays for the cost of the hearing;

pays for the cost of an independent educational evaluation ordered by the hearing officer;

discloses to all other parties, at least five business days before a hearing is conducted (other than an expedited hearing under the provisions of the Individuals with Disabilities Education Act), all evaluations completed by that date and recommendations based upon the local educational agency's evaluations that the local educational agency intends to use at the hearing; and

except as provided in the "discipline" section of the local educational agency's policies, the local educational agency does not change the educational placement of a child during the pendency of a hearing or judicial proceedings unless the child's parents agree to the change. If the child is applying for initial admission to a public school, the child, with the consent of the parents, is placed in the public school program until all due process proceedings have been completed.

Before filing a civil action under any federal law seeking relief that is also available under state special education law, the local educational agency exhausts the due process hearing procedures to the same extent as would be required had the action been brought under special education law.

34 CFR §§ 300.507, 300.508, 300.510; Wis. Stat. § 115.80

TRANSFER OF RIGHTS AT AGE OF MAJORITY. When a child with a disability reaches the age of 18, unless he or she has been determined to be incompetent as defined by state law, the local educational agency transfers the rights of parents under the Individuals with Disabilities Education Act and Chapter 115, Wis. Stats., to the individual pupil. The local educational agency provides any required notices to both the parents and the adult pupil. The local educational agency notifies both the parents and the individual pupil of the transfer of rights.

Discipline Procedures

AUTHORITY OF SCHOOL PERSONNEL. School personnel consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the discipline procedures of Individuals with Disabilities Education Act, is appropriate for a child with a disability who violates a code of school conduct.

School personnel are authorized to remove a child with a disability who violates a code of student conduct from the child's current placement to an appropriate interim alternative educational setting (IEAS), another setting, or suspension for not more than ten consecutive school days (to the extent those alternatives are applied to children without disabilities) consistent with state requirements relating to the suspension of pupils.

State law permits suspensions from school for up to five consecutive school days and for up to 15 consecutive school days when a notice of expulsion hearing has been sent. A child with a disability may be suspended for more than ten consecutive school days only if the conduct is not a manifestation of the child's disability and the requirements provided below are followed.

School personnel are authorized to remove a child with a disability for additional removals of not more than ten consecutive school days, consistent with state requirements, in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement).

If a child with a disability has been removed from his or her placement for 10 school days or less, the local educational agency provides services to the child if the local educational agency also provides services to children without disabilities who have been similarly removed.

For purposes of removals of a child with a disability from the child's current educational placement, a change of placement occurs if the removal is for more than ten consecutive school days or the child is subjected to a series of removals that constitute a pattern because

- the series of removals total more than ten school days in a school year;
- the child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals; and
- such additional factors as the length of each removal, the total amount of time the child is removed and the proximity of the removals to one another.

The local educational agency determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.

After a child with a disability has been removed from the current placement for ten school days in the same school year during any subsequent days of removal the local educational agency must provide services so as to enable the child to continue to participate in the

general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

If the current removal is for not more than 10 consecutive school days and is not a change of placement, school personnel, in consultation with at least one of the child's teachers, determine the appropriate services.

The local educational agency applies the relevant disciplinary procedures for children without disabilities to the child only if, as a result of the manifestation determination review, the local educational agency determines the behavior of the child with a disability was not a manifestation of the child's disability. The local educational agency applies the relevant disciplinary procedures in the same manner in which they would be applied to children without disabilities.

A child with a disability whose behavior is determined not to be a manifestation of the child's disability continues to be provided education services so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

34 CFR § 300.530; 300.536

PLACEMENT IN INTERIM ALTERNATIVE EDUCATIONAL SETTINGS. School personnel are authorized to remove a child with a disability to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability if:

- the child carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the state or a local educational agency;
- the child knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of the state or a local educational agency; or
- the child has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the state or a local educational agency.

34 CFR § 300.530(g)

The IEP team determines the interim alternative educational setting and the appropriate services to be provided. A child placed in an interim alternative educational setting:

continues to receive educational services to enable the child to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and

if the behavior is not a manifestation of the child's disability, receives, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur;

if the behavior is a manifestation of the child's disability, receives either:

a functional behavior assessment, unless the local educational agency had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implemented a behavioral intervention plan, or

if a behavioral intervention plan already has been developed, a review of the behavioral intervention plan, and modifications to it, as necessary, to address the behavior.

34 CFR §§ 300.530, 300.531

On the date on which the decision is made to place the child in an interim alternative educational setting or to make a removal that constitutes a change of placement for violating a code of conduct, the local educational agency notifies the parents of that decision and provides the parents a procedural safeguards notice.

34 CFR § 300.530(h)

When the local educational agency determines that maintaining the current placement of a child with a disability is substantially likely to result in injury to the child or others, the agency may request an expedited due process hearing to change the child's placement to an appropriate interim alternative educational setting for not more than 45 school days. The request for a due process hearing may be repeated if the local educational agency believes that returning the child to the original placement is substantially likely to result in injury to the child or others.

34 CFR § 300.532

MANIFESTATION DETERMINATION REVIEWS.

Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the local educational agency, the parent, and relevant members of the child's IEP team (as determined by the parent and the local educational agency):

review all relevant information in the student's file, including the child's IEP;
any teacher observations; and
any relevant information provided by the parents.

The conduct is determined to be a manifestation of the child's disability if the local educational agency, the parent, and relevant members of the child's IEP team determine that either:

the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
the conduct in question was the direct result of the local educational agency's failure to implement the IEP.

If the local educational agency, the parent, and relevant members of the child's IEP team

determine the conduct in question was the direct result of the local educational agency's failure to implement the IEP, the local educational agency takes immediate steps to remedy those deficiencies.

If the conduct was a manifestation of the child's disability, the IEP team returns the child to the placement from which the child was removed, unless the child has been placed in an interim alternative educational setting or the parent and local educational agency agree to a change of placement as part of the modification of the behavioral intervention plan, and either:

conducts a functional behavioral assessment, unless the local educational agency had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implements a behavioral intervention plan for the child; or

if a behavioral intervention plan already has been developed, the IEP team reviews the behavioral intervention plan, and modifies it, as necessary, to address the behavior.

If the conduct was not a manifestation of the child's disability, the child receives, as appropriate:

a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur; and
educational services so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

34 CFR § 300.530(d)(e) and (f)

PLACEMENT DURING APPEALS.

The parent of a child with a disability who disagrees with any decision regarding a disciplinary change in placement or a manifestation determination, or the local educational agency believes that maintaining the current placement is substantially likely to result in injury to the child or others may appeal the decision by requesting a hearing. During such appeal, the child will remain in the placement to which the child was removed pending the decision of the hearing officer or until the expiration of the disciplinary placement, whichever ever occurs first. The parent and the local educational agency may agree to a different placement during the appeal.

Unless the local educational agency and the parents agree in writing to waive the resolution meeting or agree to use the mediation process, the local educational agency conducts a resolution meeting within seven days of receiving notice of the parent's due process complaint.

34 CFR § 300.532; 300.533

PROTECTIONS FOR CHILDREN NOT YET ELIGIBLE FOR SPECIAL EDUCATION AND RELATED SERVICES. The local educational agency provides the protections asserted for a child under the Individuals with Disabilities Education Act-Part B to a child who has not been determined to be eligible for special education and related services and who has engaged in behavior that violated a code of conduct of the local educational agency if the local educational agency had knowledge (as determined in accordance with the provisions below) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

The local educational agency has knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred:

- the parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;
- the parent of the child requested an IEP team evaluation of the child; or
- the teacher of the child, or other personnel of the local educational agency, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.

The local educational agency does not have knowledge that a child is a child with a disability if:

- the parent of the child has not allowed an IEP team evaluation of the child or has refused special education services; or
- the local educational agency conducted an IEP team evaluation and determined that the child was not a child with a disability.

If the local educational agency does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the local educational agency may subject the child to the same disciplinary measures as measures applied to children without disabilities who engaged in comparable behaviors.

34 CFR § 300.534

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation is conducted in an expedited manner. Until the evaluation is completed, the local educational agency maintains the child in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

If the child is determined to be a child with a disability, taking into consideration information from the local educational agency's evaluation and information provided by the parents, the local educational agency provides special education and related services in accordance with the Individuals with Disabilities Education Act-Part B and state law, including legal requirements relating to discipline and the provision of a free appropriate public education to children with disabilities.

34 CFR § 300.534

When the local educational agency reports a crime committed by a child with a disability, it ensures copies of the child's special education and disciplinary records are transmitted for consideration by the appropriate authorities to whom it reports the crime. The local educational agency transmits copies of the child's special education and disciplinary records only to the extent that the Family Educational Rights and Privacy Act permits transmission.

34 CFR § 300.535

Confidentiality of Information

NOTICE TO PARENTS. The local educational agency notifies parents before any major child identification, location or evaluation activity. The notice is published or announced in newspapers or other media, or both, with circulation adequate to notify parents of children attending the local educational agency of the activity.

34 CFR § 300.612(b)

The local educational agency gives notice that is adequate to fully inform parents about the confidentiality of personally-identifiable information requirements in the law, including:

- a description of the extent that the notice is given in the native languages of the various population groups in the local educational agency;

- a description of the children on whom personally-identifiable information is maintained, the types of information sought, the methods the local educational agency intends to use in gathering the information (including the sources from whom information is gathered), and the uses to be made of the information;

- a summary of the policies and procedures that participating agencies must follow regarding storage, disclosure to third parties, retention, and destruction of personally-identifiable information; and

- a description of all of the rights of parents and children regarding this information, including the rights under the Family Educational Rights and Privacy Act of 1974 and the implementing regulations.

34 CFR § 300.612

ACCESS RIGHTS. The local educational agency permits parents to inspect and review any education records relating to their children that are collected, maintained or used by the agency under the Individuals with Disabilities Education Act-Part B. The agency complies with a request without unnecessary delay and before any meeting regarding an IEP, or any due process hearing or resolution session, and in no case more than 45 days after the request has been made.

The right to inspect and review education records includes:

- ___the right to a response from the participating agency to reasonable requests for explanations and interpretations of the records;
- ___the right to have copies of the records upon request; and
- ___the right to have a representative of the parent inspect and review the records.

The local educational agency presumes that the parent has authority to inspect and review records relating to his or her child unless the local educational agency has been advised that the parent does not have authority under state law.

34 CFR § 300.613

The local educational agency keeps a record of parties obtaining access to education records collected, maintained or used under the Individuals with Disabilities Education Act (except access by parents and authorized employees of the local educational agency), including the name of the party, the date access was given and the purpose for which the party is authorized to use the records.

34 CFR § 300.614

The local educational agency provides parents on request a list of the types and locations of education records collected, maintained or used by the agency. If any education record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child or to be informed of that specific information.

34 CFR §§ 300.615, 300.616

The local educational agency does not charge a fee for copies of records that are made for parents if the fee effectively prevents the parents from exercising their right to inspect and review those records. The local educational agency does not charge a fee to search for or to retrieve information in educational records.

34 CFR § 300.617

AMENDMENT OF RECORDS AT PARENT'S REQUEST. A parent who believes information in the education records collected, maintained or used under the Individuals with Disabilities Education Act is inaccurate or misleading or violates the privacy or other rights of the child may request the local educational agency to amend the information. The local educational agency decides whether to amend the information in accordance with the request within a reasonable period of time of receipt of the request. If the local educational agency decides to refuse to amend the information in accordance with the request, it informs the parent of the refusal and advises the parent of the right to an educational records hearing pursuant to the local educational agency's policies.

34 CFR § 300.618

The local educational agency, on request, provides an opportunity for a hearing to challenge information in education records to ensure it is not inaccurate, misleading or otherwise in violation of the privacy or other rights of the child.

34 CFR § 300.619

The hearing is conducted according to the procedures described in the Family Educational Rights and Privacy Act implementing regulations. If, as a result of the hearing, the local educational agency decides the information is inaccurate, misleading or otherwise in violation of the privacy or other rights of the child, it amends the information accordingly and so informs the parent in writing. If, as a result of the hearing, the local educational agency decides the information is not inaccurate, misleading or otherwise in violation of the privacy or other rights of the child, it informs the parent of the right to place in the records it maintains on the child a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the local educational agency.

34 CFR § 300.619-621

Any explanation placed in the records of the child under this section is maintained as part of the records of the child as long as the record or contested portion is maintained. If the records of the child or the contested portion are disclosed to any party, the explanation is also disclosed to the party.

34 CFR § 300.620(c)(2)

CONSENT. Parental consent is obtained before personally-identifiable information is disclosed, unless the disclosure is authorized without parental consent under the Family Educational Rights and Privacy Act and Wis. Stat. § 118.125. Parental consent is not required before personally-identifiable information is released to officials of participating agencies for purposes of meeting a requirement of the Individuals with Disabilities Education Act with the following exceptions:

Parental consent or the consent of an eligible child who has reached the age of majority under state law, is obtained before personally-identifiable information is released to officials of participating agencies providing or paying for transition services.

If a child is enrolled or is going to enroll in a private school that is not located in the local educational agency of the parent's residence, parental consent is obtained before any personally-identifiable information about the child is released between school officials in the local educational agency where the private school is located and officials in the local educational agency of the parent's residence.

34 CFR § 300.622

SAFEGUARDS. The local educational agency protects the confidentiality of personally-identifiable information at collection, storage, disclosure and destruction stages. One official at the local educational agency assumes responsibility for ensuring the confidentiality of any personally-identifiable information. All persons collecting or using

personally-identifiable information receive training or instruction regarding the state's policies and procedures described in the regulations implementing the Individuals with Disabilities Education Act and the Family Educational Rights and Privacy Act. The local educational agency maintains, for public inspection, a current listing of the names and positions of those employees within the agency who may have access to personally-identifiable information.

34 CFR § 300.623

DESTRUCTION OF INFORMATION. The local educational agency informs parents when personally-identifiable information collected, maintained or used under the Individuals with Disabilities Education Act is no longer needed to provide educational services to the child. The information is destroyed at the request of the parents. However, a permanent record of the student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.

34 CFR § 300.624

TRANSFER OF CONFIDENTIALITY RIGHTS AT AGE OF MAJORITY. Under the regulations for the Family Educational Rights and Privacy Act, the rights of parents regarding education records are transferred to the student at age 18. When the rights accorded to parents under the Individuals with Disabilities Education Act are transferred to a student who reaches the age of majority, the rights regarding educational records in the Individuals with Disabilities Education Act also transfer to the student. However, the local educational agency provides any notice required under the Individuals with Disabilities Education Act to the student and the parents.

34 CFR § 300.625(b) and (c)

Children With Disabilities Enrolled in Private Schools by Their Parents

CHILD FIND. This school district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district. The child find process is designed to ensure the equitable participation of parentally-placed private school children and an accurate count of those children. This school district undertakes child find activities similar to the activities undertaken for the agency's public school children. The child find process is completed in a time period comparable to that for students attending public schools in this school district. In carrying out the child find requirements for parentally-placed private school students, this school district includes parentally-placed private school children who reside in another state.

34 CFR § 300.131

Any due process complaint regarding child find requirements must be filed with the school district in which the private school is located and a copy must be forwarded to the Department of Public Instruction.

34 CFR § 300.140(b)(2)

PROVISION OF SERVICES. To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in private, including religious, elementary and secondary schools located in this school district, this school district provides for the participation of those children by providing them with special education and related services, including direct services determined in accordance with the provision under the “Equitable Services Determined” section of this policy.

A services plan is developed and implemented for each private school child with a disability designated by this school district to receive special education and related services under the Individuals with Disabilities Education Act. This school district maintains in its records, and provides to the Wisconsin Department of Public Instruction, the following information related to parentally-placed private school children: (1) the number of children evaluated; (2) the number of children determined to be children with disabilities; and (3) the number of children served.

34 CFR § 300.132

EXPENDITURES. In providing special education and related services, including direct services, to children with disabilities enrolled by their parents in private schools, this school district spends, for children aged 3 through 21, an amount that is the same proportion of the school district’s total Individuals with Disabilities Education Act flow-through grant as is the number of private school children with disabilities aged 3 through 21 who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in this school district, is to the total number of children with disabilities in its jurisdiction aged 3 through 21.

For parentally placed private school children aged 3 through 5, this school district spends an amount that is the same proportion of this school district’s total preschool entitlement funds as the number of parentally placed private school children with disabilities aged 3 through 5 is to the total number of children with disabilities in its jurisdiction aged 3 through 5. This school district may provide services to private school children in excess of those required, consistent with the law and local educational agency policy.

In calculating the proportionate amount of Federal funds to be provided for parentally-placed private school children with disabilities, this school district, after timely and meaningful consultation with representatives of private schools, conducts a thorough and complete child find process to determine the number of parentally-placed children with disabilities attending private schools located in this school district.

After timely and meaningful consultation with representatives of parentally-placed private school children with disabilities, this school district determines the number of parentally-placed private school children with disabilities attending private schools located in this school district; and ensures the count is conducted on October 1 of each year. The child count is used to determine the amount this school district must spend on providing special education and related services to parentally-placed private school children with disabilities in the next subsequent fiscal year.

34 CFR § 300.133(c)(2)

State and local funds may supplement and in no case supplant the proportionate amount of Federal funds required to be expended for parentally-placed private school children with disabilities under the Individuals with Disabilities Education Act.

34 CFR § 300.133(d)

The cost of carrying out child find requirements, including individual evaluations, is not considered in determining if this school district has met its obligation to expend a proportionate amount of Individuals with Disabilities Education Act funds to provide equitable services.

34 CFR § 300.131(d)

If this school district has not expended for equitable services all of the funds required by the end of the fiscal year for which Congress appropriated the funds, the district obligates the remaining funds for special education and related services (including direct services) to parentally-placed private school children with disabilities during a carry-over period of one additional year.

34 CFR § 300.133(a)(3)

CONSULTATION. To ensure timely and meaningful consultation, this school district consults with private school representatives and representatives of parents of parentally-placed private school children with disabilities during the design and development of special education and related services for the children regarding the following:

- the child find process, including how parentally-placed private school children suspected of having a disability can participate equitably, and how parents, teachers, and private school officials will be informed of the process;
- the determination of the proportionate share of Federal funds available to serve parentally-placed private school children with disabilities including the determination of how the proportionate share of those funds was calculated;
- the consultation process among this school district, private school officials, and representatives of parents of parentally-placed private school children with disabilities, including how the process will operate throughout the school year to ensure that parentally-placed children with disabilities identified through the child find process can meaningfully participate in special education and related services;
- how, where, and by whom special education and related services will be provided for parentally-placed private school children with disabilities, including a discussion of the types of services, including direct services and alternate service delivery mechanisms, and how special education and related services will be apportioned if funds are insufficient to serve all parentally-placed private school children, and how and when those decisions will be made; and,
- how, if this school district disagrees with the views of the private school officials on the provision of services or the types of services (whether provided directly or through a contract), the district will provide to the private school officials a written explanation of the reasons why the district chose not to provide services directly or through a contract.

When timely and meaningful consultation has occurred, this school district must obtain a written affirmation signed by the representatives of participating schools. If the representatives do not provide the affirmation within a reasonable period of time, this school district forwards the documentation of the consultation process to the Wisconsin Department of Public Instruction.

If a private school representative files a complaint under 34 CFR § 300.136 to the Wisconsin Department of Public Instruction, this school district will forward appropriate documentation to the department.

34 CFR §§ 300.134, 300.135, and 300.136.

EQUITABLE SERVICES DETERMINED. No parentally-placed private school child with a disability has an individual right to receive some or all of the special education and related services the child would receive if enrolled in the public school. Decisions about the services that will be provided to parentally-placed private school children with disabilities are made in accordance with services plans and consultation processes contained in these policies.

The final decisions regarding services to be provided to eligible private school children are made by this school district.

34 CFR § 300.137

If a child with a disability is enrolled in a religious or other private school by the child's parents and will receive special education or related services from this school district, the district initiates and conducts meetings to develop, review and revise a services plan for the child in accordance with the law. This school district ensures a representative of the religious or other private school attends each meeting. If the representative cannot attend, this school district uses other methods to ensure participation by the private school, including individual or conference telephone calls.

34 CFR § 300.137(c)(2)

EQUITABLE SERVICES PROVIDED. The services provided to parentally-placed private school children with disabilities by this school district are provided by personnel meeting the same standards as personnel providing services in this school district, except that private elementary school and secondary school teachers who are providing equitable services to parentally-placed private school children with disabilities do not have to meet the highly qualified special education teacher requirements. Parentally-placed private school children with disabilities may receive a different amount of services than children with disabilities in public schools.

34 CFR § 300.138(a)(2)

Each private school child with a disability who has been designated to receive services from this school district has a services plan that describes the specific special education and related services this school district will provide to the child in light of the services the district has determined (after consultation with representatives of private school children with disabilities) it will make available to parentally-placed private school children with disabilities. The services plan, to the extent appropriate, meets the IEP requirements with

respect to the services provided. The services plan is developed, reviewed and revised consistent with the provisions in the law concerning IEP teams, when IEPs must be in effect, parent participation in IEP team meetings, and development, review and revision of IEPs.

34 CFR § 300.138(b)(2)

Services to parentally-placed private school children with disabilities are provided by employees of this school district or through contract by the district with an individual, association, agency, organization, or other entity. The services, including materials and equipment, are secular, neutral, and non-ideological.

34 CFR § 300.138(c)

LOCATION OF SERVICES AND TRANSPORTATION. If this school district provides services to private school children with disabilities at the child's private school, including a religiously affiliated private school, it will do so to the extent consistent with state and federal law. If necessary for the child to benefit from or participate in the services provided, this school district transports private school children with disabilities from the child's school or home to a site other than the child's private school and from the service site to the private school or the child's home, depending on the timing of the services. This school district may include the cost of such transportation in calculating whether it has met the requirement to expend a proportionate amount of Individuals with Disabilities Education Act funds on services to parentally-placed private school children with disabilities.

34 CFR § 300.139(b)(2)

REQUIREMENT THAT FUNDS NOT BENEFIT A PRIVATE SCHOOL. This school district does not use Individuals with Disabilities Education Act funds to finance the existing level of instruction in a private school or to otherwise benefit the private school. The funds are used to meet the special education and related services needs of parentally-placed private school children with disabilities, but not for meeting the needs of a private school or the general needs of the students enrolled in the private school.

34 CFR § 300.141

USE OF PERSONNEL. Individuals with Disabilities Education Act funds are used to make public school personnel available in other than public facilities to the extent necessary to provide equitable services for parentally-placed private school children with disabilities and if those services are not normally provided by the private school. If this school district pays for the services of an employee of a private school employee, the employee performs the services outside of his or her regular hours of duty and under public supervision and control.

34 CFR § 300.142

SEPARATE CLASSES PROHIBITED. This school district does not use Individuals with Disabilities Education Act funds for classes that are organized separately on the basis of school enrollment or religion of the students if the classes are at the same site and include both students enrolled in public schools and students enrolled in private schools.

34 CFR § 300.143

PROPERTY, EQUIPMENT, AND SUPPLIES. This school district controls and administers Individuals with Disabilities Education Act funds used to provide special education and related services to parentally-placed private school children with disabilities and holds title to and administer materials, equipment, and property purchased with those funds. Equipment and supplies are placed in a private school for the period of time needed for the Individuals with Disabilities Education Act program. Equipment and supplies placed in a private school are used only for Individuals with Disabilities Education Act purposes and can be removed from the private school without remodeling the private school facility. Equipment and supplies are removed from a private school if the equipment and supplies are no longer needed for Individuals with Disabilities Education Act purposes; or removal is necessary to avoid unauthorized use of the equipment and supplies for other_than Individuals with Disabilities Education Act purposes. Individuals with Disabilities Education Act funds are not used for repairs, minor remodeling, or construction of private school facilities.

34 CFR § 300.144

PARENTALLY PLACED CHILDREN IN PRIVATE SCHOOLS WHEN FAPE IS AT ISSUE. The local educational agency is not required to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if the local educational agency made FAPE available to the child and the parents elected to place the child in a private school or facility. The child is considered a parentally placed private school child with a disability.

34 CFR § 300.148

Children With Disabilities in Private Schools Placed or Referred by the Local Educational Agency

When, pursuant to an IEP, a child with a disability is or has been placed in or referred to a private school or facility by the local educational agency as a means of providing special education and related services, the local educational agency ensures that the child:

- is provided special education and related services in conformance with an IEP that meets the requirements of the law and at no cost to the parents;
- is provided an education that meets the standards that apply to education provided by the Department of Public Instruction and local educational agencies including the requirements of Individuals with Disabilities Education Act, except that staff are not required to meet the highly qualified teacher requirements; and
- has all of the rights of a child with a disability who is served by a public agency.

34 CFR § 300.146

DEVELOPMENT, REVIEW, AND REVISION OF THE IEP. Before the local educational agency places a child with a disability in, or refers a child to, a private school or facility, the local educational agency initiates and conducts a meeting to develop an IEP for the child in accordance with the law. The local educational agency ensures a representative of the private school or facility attends the meeting. If the representative cannot attend, the local educational

agency uses other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

After a child with a disability enters a private school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the local educational agency. If the local educational agency permits a private school or facility to initiate and conduct meetings to review and revise IEPs, the local educational agency ensures the parents and a local educational agency representative are involved in any decisions about the IEP and agree to any proposed changes in the IEP before those changes are implemented. Even if a private school or facility implements a child's IEP, the local educational agency retains responsibility for compliance with the requirements of special education law.

34 CFR § 300.325

When the local educational agency places a child, in a private school as a means of providing special education and related services, the local educational agency ensures an IEP is developed and implemented for each child with a disability and the special education and related services are provided in conformance with an IEP and at no cost to the parents.

Wis. Stat. § 115.77(1m)(d)

Children in Residential Care Centers

When the responsible local educational agency receives a notice from a county or a state agency that a child will be placed in a residential care center, the local educational agency does all of the following:

- if the child is a child with a disability, as soon as reasonably possible and after consulting with the county or state agency, as appropriate, the local educational agency appoints an IEP team to review and revise, if necessary, the child's IEP and develop an educational placement offer;

- if the child has not been identified as a child with a disability, the local educational agency:

- appoints staff to review the child's education records and develop a status report;
- sends a copy of the status report to the county or state agency within 30 days after receiving the notice that the child will be placed in a residential care center;
- appoints an IEP team to conduct an evaluation of the child if the local educational agency has reasonable cause to believe the child is a child with a disability;
- ensures the IEP team conducts the evaluation; and
- ensures the IEP team develops an IEP and an educational placement offer, in consultation with the county or state agency if the IEP team determines the child is a child with a disability.

Wis. Stat. § 115.81(3)(b)

When the responsible local educational agency offers an educational placement in a residential care center, the responsible local educational agency:

ensures the child receives a free appropriate public education;

ensures the child's treatment and security needs are considered when determining the least restrictive environment for the child;

appoints an IEP team to reevaluate the child, as required by state law, while the child resides at the child caring institution;

while the child resides at the residential care center, the local educational agency refers the child to another local educational agency after consulting the residential care center and a county department or state agency, if the responsible local educational agency determines that the child's special education needs may be appropriately served in a less restrictive setting in the other local educational agency; and

assigns staff or an IEP team to develop a reintegration plan for a child leaving the residential care center, in cooperation with county and residential care center staff.

Wis. Stat. § 115.81(4)(a)

When this school district receives a referral from the responsible local educational agency because the referring responsible local educational agency believes the child's special education needs could be met in a less restrictive setting, this school district assigns staff to determine whether the child can appropriately receive special education and related services in the school district. If the assigned staff determine the child can appropriately receive special education and related services in this school district, it provides such services and may apply for state tuition payments under Wis. Stat. § 121.79(1)(a), for the child's educational expenses. If the assigned staff determines the child cannot appropriately receive special education and related services in this school district, the school district keeps a written record of the reasons for that determination.

Wis. Stat. § 115.81(4)(c)

Placement Disputes; School Board Referrals; Interagency Cooperation

When a dispute arises between the local educational agency and the Wisconsin Department of Health and Family Services, the Wisconsin Department of Corrections or a county, or between local educational agencies over the placement of a child, the local educational agency seeks resolution of the dispute from the State Superintendent. This provision applies only to a placement in a nonresidential educational program made under Wis. Stat. § 48.57 (1)(c) or to a placement in a residential care center made under Wis. Stat. § 115.81.

Annually, on or before August 15, the local educational agency reports to the county departments under Wis. Stat. §§ 51.42 & 51.437 the names of resident children who are at least 16, are not expected to be enrolled in an educational program two years from the date of the report and may require services from the county department.

If a public agency, as defined by Wis. Stat. § 166.20(1)(i), except that it does not include a local educational agency, is required by federal or state law or by an interagency agreement to provide or pay for the location, identification or evaluation of a child with a disability, including a child with a disability who is not yet 3 years of age, or for assistive technology devices or services, supplementary aids or services, transition services or special education or related services for a child with a disability, and fails to do so, the local educational agency provides or pays for the services. The local educational agency seeks reimbursement for the cost of providing the services from the public agency.

Wis. Stat. § 115.812

Local Educational Agency Reporting to State

The local educational agency, in providing for the education of children with disabilities within its jurisdiction, has established and implemented policies, procedures and programs that are consistent with state and federal special education requirements, policies and procedures. The local educational agency will modify them to the extent necessary to ensure compliance with the law if the provisions of federal or state laws or regulations are amended, if there is a new interpretation of Individuals with Disabilities Education Act by federal or state courts or if there is an official finding of noncompliance with federal or state law or regulations.

34 CFR § 300.201; Wis. Stat. § 115.77(1m)(f)

The local educational agency files with the Department of Public Instruction information to demonstrate all personnel necessary to carry out the requirements of state and federal special education law are appropriately and adequately prepared, subject to the requirements of the personnel requirements of the Individuals with Disabilities Education Act and the Elementary and Secondary Education Act.

the data regarding children with disabilities and nondisabled children in the local educational agency that the division is required to collect or report to be in compliance with 20 USC 1400 to 1482; and

any other information the division requires to permit its review of the plan.

34 CFR § 300.200; Wis. Stat. § 115.77(4)

When the local educational agency participates in a county children with disabilities education board program, annually by October 1, the local educational agency and the county children with disabilities education board submit a report to the state superintendent. The report includes the portion of each school day that each pupil enrolled in the county program, who is also enrolled in the local educational agency, spent in county program classes in the previous school year, and the portion of the school day that the pupil spent in the local educational agency classes in the previous school year.

SCHOOL DISTRICT OF STURGEON BAY
ANNUAL NOTICE OF SPECIAL EDUCATION REFERRAL AND EVALUATION
PROCEDURES (8/7/2008)

[Placed Annually with other Door County Schools]

Upon request, the district of Sturgeon Bay is required to evaluate a child for eligibility for special education services. A request for evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. The district locates, identifies, and evaluates all children with disabilities who are enrolled by their parents in private (including religious) schools, elementary schools and secondary schools located in the school district.

A physician, nurse, psychologist, social worker, or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to refer the child, including a homeless child, to the school district in which the child resides. Before referring the child, the person making the referral must inform the child's parent that the referral will be made.

Others, including parents, who reasonably believe a child is a child with a disability may also refer the child, including a homeless child, to the school district in which the child resides.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting [name], Director of Special Education, Sharon Sanderson at 920 746-2804 or by writing him/her at 1230 Michigan St., Sturgeon Bay, WI 54235.

Sturgeon Bay Schools 00.0 STEPS TO BE FOLLOWED WHEN A DISABILITY IS SUSPECTED.

(Partial doc./Section II of Sturgeon Bay Process for Educational Concerns: Steps for the Classroom Teacher and Other Staff

Adapted from...S:\FACULTY\Pupil Services Team\2018 Referral Process for all educational concerns)

State and Federal Regulation require a referral for a special education evaluation be filed if disability is suspected. In most cases the Sturgeon Bay School District handles the initial referral and evaluation the same way and that is through a formal special education referral. (This includes a suspected 504 disability. Please see that policy for exceptions.)

Identify the School Person who has the concern or is closest to the concern. Completion of the referral typically involves at least two people. This group is referred to as the Referral Team. The Classroom Teacher and Building Principal are key to this process no matter where the concern originates, and would typically always have a role in completing the referral. If a grade level Special Education Teacher or Specialist has been part of the building review/screening/intervention process, that person would assist in completing the referral.

When a Parent makes a referral, it would be completed with those that know the child best... the primary Classroom Teacher and the Building Principal/Designee. The Designated Evaluation Coordinator would be alerted immediately and may assist this group.

The Referral Team alerts the Special Education/Pupil Services Office and obtains access to a specific special education referral form online in SEEDS (or a paper version from the Special Education/Pupil Services Office). If not alerted already, the Designated Evaluation Coordinator is notified.

In most cases a suspicion of a disability will involve a history of concern so there will be screening profile, an outside specialist's report/evaluation, earlier intervention at the building level or a documented pattern of concerns/behaviors. The Referral Team reviews that information and summarizes that and other supportive information in the referral.

If the Parent is not part of the Referral Team, someone from that group must notify the parents/guardian of the decision to refer before the referral is submitted to the Designated Evaluation Coordinator.

The final version referral is always reviewed and initialed by Building Principal before it is submitted to the Designated Evaluation Coordinator for review/.

The Designated Evaluation Coordinator will review the referral to ensure it is appropriately completed and then will sign/accept the referral. Compliance timelines begin when the referral is signed/accepted.

The Designated Evaluation Coordinator and the Special Education/Pupil Services Office identify the evaluation team, and send out appropriate notification and input paperwork. This includes a copy of the procedural safeguards to the parents.

If not already involved, a grade level Special Education Teacher or Specialist is designated as the Tentative Case Manager for the evaluation by the Special Education Director*. That person works closely with the Designated Evaluation Coordinator to complete a comprehensive evaluation within the timelines. If the student is found to be eligible, in most cases the Tentative Case Manager will become the Case Manager who is responsible for the development of the College and Career Ready (CCR) IEP.

* The Designated Evaluation Coordinator has a specific role in Sturgeon Bay. The Special Education Director may serve as the Designated Evaluation Coordinator if needed.

Sturgeon Bay School District (updated 8/7/2008)
CONFIDENTIALITY OF PERSONALLY IDENTIFIABLE INFORMATION
OBTAINED THROUGH CHILD FIND ACTIVITIES

The Sturgeon Bay School District is required to locate, identify, and evaluate all children, with disabilities, including children with disabilities attending private schools in the school district, and homeless children. The process of locating, identifying, and evaluating children with disabilities is known as child find. This agency conducts a variety of child find activities each year including district wide screenings, individual referrals, coordinated activities with county agencies and community specialists, and public announcements (on the district website, local radio station, county newspapers and the local cable channel). This notice informs parents of the records the school district will develop and maintain as part of its child find activities. This notice also informs parents of their rights regarding any records developed.

The school district gathers personally identifiable information on any child who participates in child find activities. Parents, teachers, and other professionals provide information to the school related to the child's academic performance, behavior, and health. This information is used to determine whether the child needs special education services. Personally identifiable information directly related to a child and maintained by the school is a pupil record. Pupil records include records maintained in any way including, but not limited to, computer storage media, video and audiotape, film, microfilm, and microfiche. Records maintained for personal use by a teacher and not available to others and records available only to persons involved in the psychological treatment of a child are **not** pupil records.

The school district maintains several classes of pupil records.

"Progress records" include grades, courses the child has taken, the child's attendance record, immunization records, required lead screening records, and records of school extra-curricular activities. Progress records must be maintained for at least five years after the child ceases to be enrolled.

"Behavioral records" include such records as psychological tests, personality evaluations, records of conversations, written statements relating specifically to the pupil's behavior, tests relating specifically to achievement or measurement of ability, physical health records other than immunization and lead screening records, law enforcement officers' records, and other pupil records that are not "progress records." Law enforcement officers' records are maintained separately from other pupil records. Behavioral records may be maintained for no longer than one year after the child graduates or otherwise ceases to be enrolled, unless the parent specifies in writing that the records may be maintained for a longer period of time. The school district informs parents when pupil records are no longer needed to provide special education. At the request of the child's parents, the school district destroys the information that is no longer needed.

"Directory data" includes the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, photographs, degrees and awards received, and the name of the school most recently previously attended by the student.

"Pupil physical health records" include basic health information about a pupil, including the pupil's immunization records, an emergency medical card, a log of first aid and medicine administered to the pupil, an athletic permit card, a record concerning the pupil's ability to participate in an education program, any required lead screening records, the results of any routine screening test, such as for hearing, vision or scoliosis, and any follow-up to the test, and any other basic health information, as determined by the state superintendent. Any pupil record relating to a pupil's physical health that is not a pupil physical health record is treated as a patient health care record under sections 146.81 to 146.84, Wisconsin Statutes. Any pupil record concerning HIV testing is treated as provided under section 252.15, Wisconsin Statutes.

The Family Educational Rights and Privacy Act (FERPA), the Individuals with Disabilities Education Act (IDEA), and section 118.125, Wisconsin Statutes, afford parents and students over 18 years of age ("eligible students") the following rights with respect to education records:

The right to inspect and review the student's education records within 45 days of receipt of the request. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. The school district will comply with the request without unnecessary delay and before any meeting about an individualized education program, or any due process hearing, and in no case more than 45 days after the request has been made. If any record includes information on more than one child, the parents of those children have the right to inspect and review only the information about their child or to be informed of that specific information. Upon request, the school district will give a parent or eligible student a copy of the progress records and a copy of the behavioral records. Upon request, the school district will give the parent or eligible student a list of the types and locations of education records collected, maintained, or used by the district for special education. The school district will respond to reasonable requests for explanations and interpretations of the records. A representative of the parent may inspect and review the records.

The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask [Name of] School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record, the district will notify the parent or eligible student of the decision and the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information in the student's education records, except to the extent that federal and state law authorize disclosure without consent. The exceptions are stated in 34 CFR 99.31, Family Educational Rights and Privacy Act regulations; Sec. 9528, PL107-110, No Child Left Behind Act of 2001; and section 118.125(2)(a) to (m) and sub. (2m), Wisconsin Statutes. One exception that permits disclosure without consent is disclosures to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Also the district discloses "directory data" without consent, unless the parent notifies the district that it may not be released without prior parental consent.

The right to file a complaint with the U. S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-4605.

Introduction

Under §118.153 (2) Wis. Stats., every school board in the state must identify the children who are at risk of not graduating from high school and, annually by August 15, develop a plan describing how the school board will meet the needs of those students. (update 2016) Links:

- **Section 118.153:** [Section 118.153, Wis. Stats., Children at risk of not graduating from high school](#)
- **Chapter PI 25:** [Chapter PI 25, Wis. Admin Code., Children at Risk Plan and Program](#)

UPDATE 2019-20: Chapter PI 25 (http://docs.legis.wisconsin.gov/code/admin_code/pi/25) defines children who are at risk of not graduating from high school, establishes criteria for school boards to consider when developing children at risk plans and sets forth the requirements for receipt of additional state aid in those districts. The rule, which has not been amended since 1994, provides that each pupil and his or her parent must be notified in writing whenever the pupil has been identified as a child at risk and that a notice must include the name and telephone number of the staff person designated by the school board for developing the school district's program for children at risk. The exception to this update is to note that on 5-18-17 the Assembly Education Committee of administrative rules added email address to the required district contact info. http://docs.legis.wisconsin.gov/code/register/2017/741A3/register/ss/ss_101_17/ss_101_17/20
http://docs.legis.wisconsin.gov/code/register/2017/741A3/register/ss/ss_101_17/ss_101_17.pdf

The statute defines At-Risk students as the following:

Pupils in grades 5 to 12 who are at risk of not graduating from high school because they are dropouts, or are two or more of the following:

- *one or more years behind their age group in the number of high school credits attained,*
- *two or more years behind their age group in basic skill levels,*
- *habitual truants, as defined in §118.16(1)(a),*
- *parents,*
- *adjudicated delinquents,*
- *8th grade pupils whose score in each subject area on the examination administered under §118.30(1m)(am) 1. was below the basic level, 8th grade pupils who failed the examination under §118.30 (1m)(am) 2. and 8th grade pupils who failed to be promoted to the 9th grade.*

The School District of Sturgeon Bay recognizes the need to assist potential or current dropouts to acquire a high school diploma and has developed a district wide intervention system to address their needs. The district believes all students should be guaranteed the right to participate in and benefit from a variety school and community resources and programs. The Sturgeon Bay School District's system embraces an expanded definition of at-risk and uses the state's dropout early warning system or DEWS. See link:

<https://dpi.wi.gov/ews/dropout> . Any Sturgeon Bay student, who is not meeting their educational goals, is

not a behaviorally appropriate and productive worker, is not emotionally stable and/or is in danger of not completing high school, is considered to be at risk.

Process for Children Considered At Risk of Not Graduating from High School

The Building Principals and designated staff are responsible for the following:

- Developing individual plans for qualifying students. This includes activating and implementing the district's intervention system of support (see page 6) that will best fits the students' needs.
- When additional interventions, programs and services are needed, various building teams take responsibility for assessment, identification, development of an action plan or program and progress monitoring.
- Providing that all work-based learning experiences and other similar programs and activities taking place outside the school for which pupils receive academic credit under the district plan, including those programs or curriculum modifications authorized under s. 118.15 (1) (d), Stats., and instruction and pupil support services contracted for under s. 118.153 (3) (c) 1. and 2., Stats., are supervised by departmentally licensed teachers or other licensed school personnel.
- Ensuring that in grades 9 through 12 curriculum modifications and alternative education programs provided for children at risk are designed to allow pupils to meet the high school graduation requirements under s. 118.33, Stats., and ch. PI 18.\
- Notifying each pupil and his or her parent in writing whenever the pupil has been identified as a child at risk. The notice shall include all of the following:
 - The name and telephone number of a person the parent or pupil can contact regarding the school district's program.
 - A description of the district's plan.
 - A statement that the pupil is eligible to be enrolled under the district plan to serve children at risk.
 - A description of the at risk programs available and how the pupil may participate in a specific program if more than one program is offered as part of the district plan.
 - A statement to inform the parent that he or she may select one or more programs in which the pupil will be enrolled, if the pupil meets the prerequisites for the specific program requested.
 - Describe the procedure for requesting that the pupil be enrolled in the specific at risk program selected by the parent. The request shall be in writing, by signature on a district-provided form, or be given verbally to the person responsible for enrolling the pupil in the program. This person shall record the date and time of a verbal request and whether this request was made in person or by phone.
 - Identify the process that a parent may use if the parent disagrees with the planned services.

- Enrolling the pupil in the at risk program upon the request of the pupil or the pupil’s parent. If the board makes available more than one at risk program, the board shall enroll the pupil in the district program selected by the pupil or the pupil’s parent if the pupil meets the prerequisites.
- Ensuring that the special education and related services needs of a child with a disability, as defined in s. 115.76 (5), Stats., are first addressed in the child’s individualized education program developed pursuant to s. 115.787, Stats., whenever that child is also eligible to be served in a children at risk program.

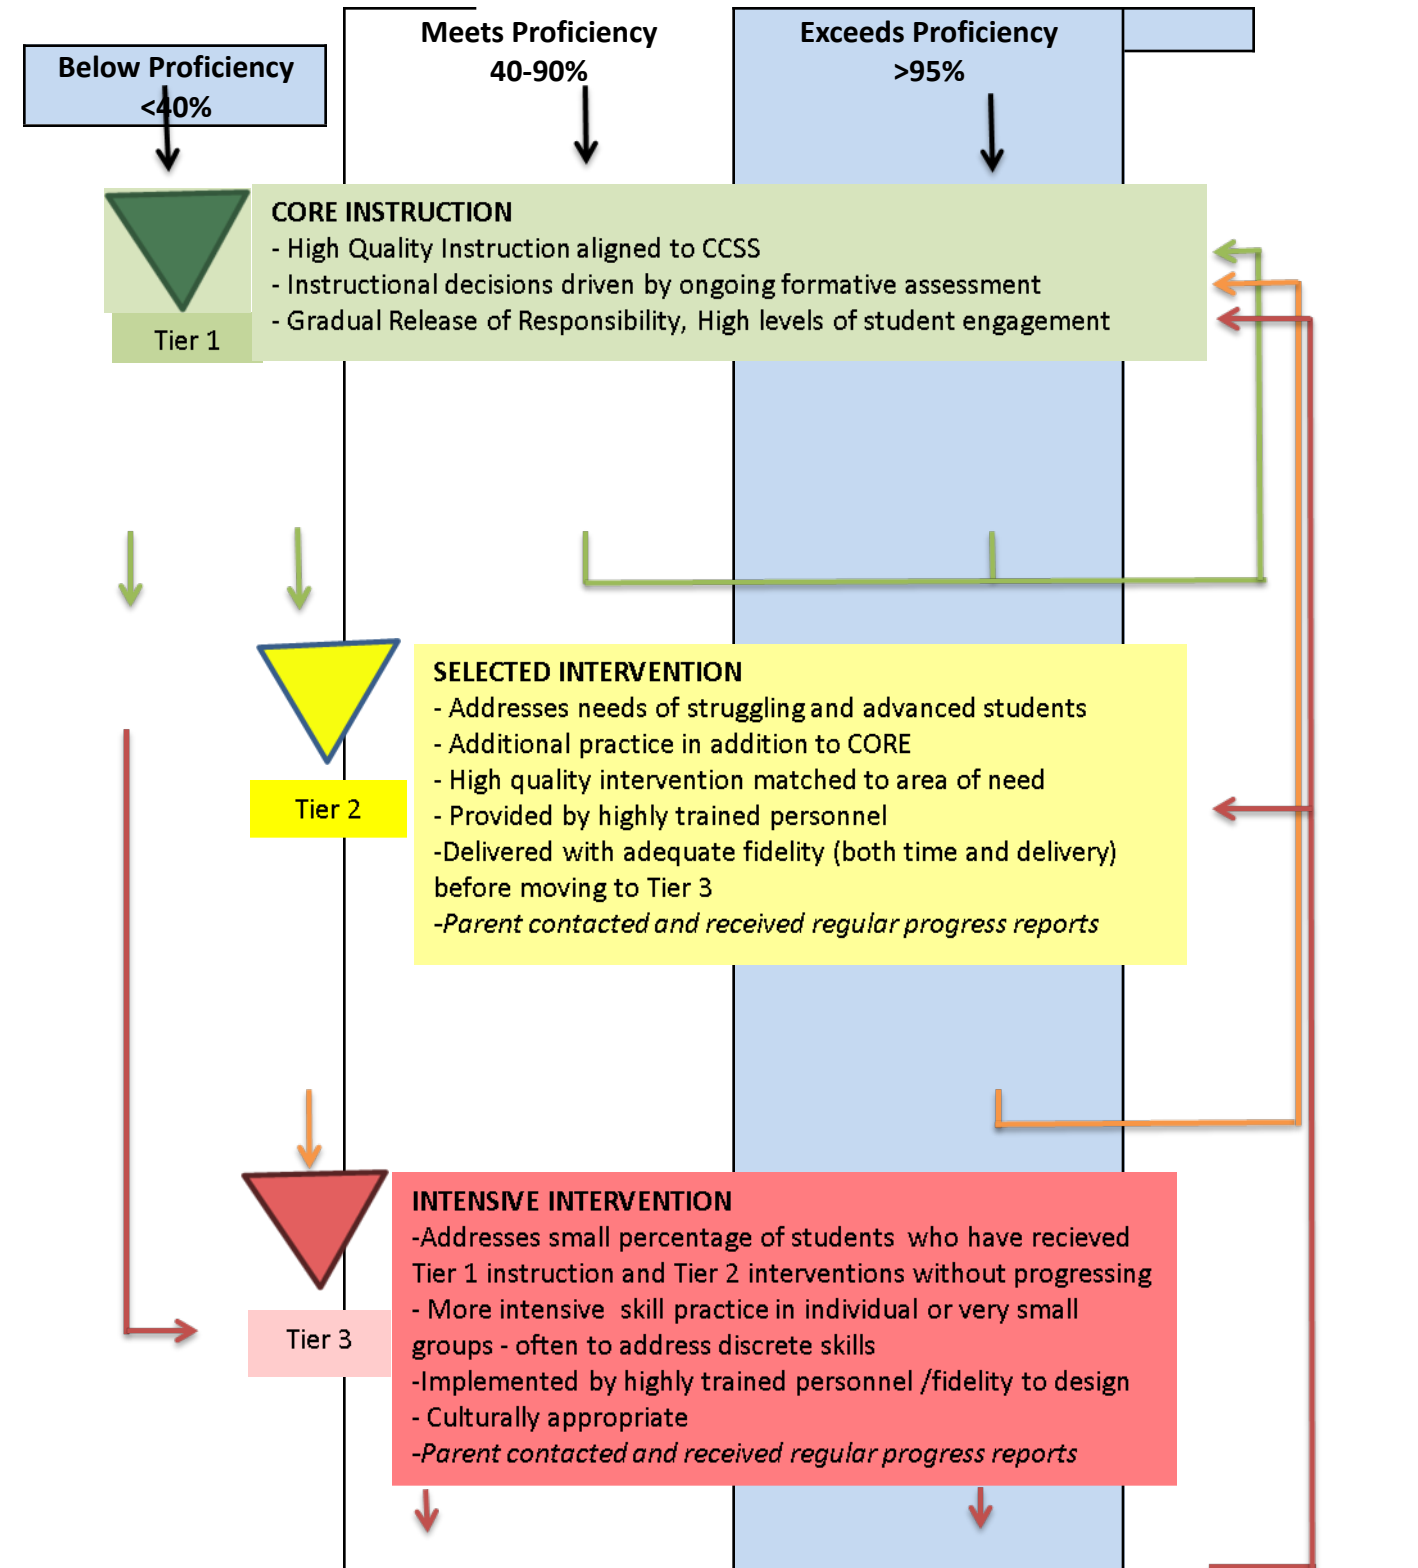

In an effort to provide these opportunities, the school district will identify, address and reduce any factors that place the child “at risk” of not graduating from high school. At risk services will be provided district-wide and will meet or exceed all of the requirements defined in state statutes (118.153 Children At Risk).

As part of the district plan developed annually, by August 15, a board, may consider the following:

- (a) How pupils will be identified and enrolled in programs or provided services to meet their needs.
- (b) How pupils will be identified in early childhood and kindergarten through grade 4 and what programs may be offered to prevent pupils from becoming at-risk.
- (c) How parents will be informed and involved in the programs or services made.
- d) What accommodations can be made to support pupils’ achievement and success in school through any of the following:
 - Curriculum modifications.
 - Adaptive instructional strategies.
 - Alternative education programs.
 - Pupil support services.
 - School to work programs.
 - Community services.
 - Coordinating services provided by the district, community agencies and other organizations.
 - Eliminating systematic barriers that may cause pupils’ success at school to become at-risk.
- (e) How will the district evaluate the success of the services provided under the at-risk plan?

This process fits into the Sturgeon Bay School District overall plan to provide a responsive support system for all students. During the past decade, most schools have increased standards for grade level achievement and high school graduation. Concurrently, changes in family structure, social environment, and economics have negatively affected various student populations. All of these changes have interfered with some students acquiring the needed skills and related behaviors necessary for school success and contributed to the lower achievement level of certain students. Failures at all levels of the educational spectrum resulted. At some point in every student’s school experience some additional assistance may be needed. The Sturgeon Bay School District has made a commitment to being proactive and providing a system of support for all

students and has been building capacity to provide more support and interventions to all students who exhibit risk factors. Since low achievement is often the core factor in student failure whether it be within a class or failure to graduate. The district has focused on closer monitoring of student proficiencies. While the system is evolving, the following flow chart describes our current system.

IDENTIFICATION PROCEDURES

Procedures in this section are limited to those required for the “at risk” students as defined in the Wisconsin Statute 118.153 :

Pupils in grades 5 to 12 who are at risk of not graduating from high school because they are dropouts, or are two or more of the following:

- one or more years behind their age group in the number of high school credits attained,
- two or more years behind their age group in basic skill levels,
- habitual truants, as defined in §118.16(1)(a),
- parents,
- adjudicated delinquents,
- 8th grade pupils whose score in each subject area on the examination administered under §118.30(1m)(am) 1. was below the basic level, 8th grade pupils who failed the examination under §118.30 (1m)(am) 2. and 8th grade pupils who failed to be promoted to the 9th grade.
- use of the DEWS Outcomes indicators

Adjudicated Delinquent

Interagency referral and court ordered school attendance are the two primary identification procedures used to identify adjudicated delinquents. Students can also self-disclose their delinquency status or parents can seek assistance through the guidance counselor and or building principal.

Basic Skills Deficit

Students are provided screening in the major academic content areas (or pre-academic readiness skill areas) from age 3 through the 10th grade utilizing district approved formalized assessment methods such as the Wisconsin Knowledge and Comprehension Exam administered at the 4th, 8th and 10th grade levels, the Wisconsin Reading Comprehension Test administered at grade 3 and other district-approved standardized tests. Alternate assessment procedures are followed for students who are excluded from district-approved formalized assessment. Results of the student assessments are shared with the classroom teacher(s), special education and Title I staff, guidance counselor, principal and the Wisconsin Department of Public Instruction. Additionally, classroom teachers monitor student academic performance and referrals can be made for further evaluation (utilizing the special education or non special education referral forms) following the appropriate screening procedures.

Credit Deficiency

The high school guidance counselor monitors the credit achievement of all students and reports students who are credit deficient for advancement toward graduation to the high school principal, student and parent(s)/legal guardian(s).

Dropout

Each September following the opening of school, the building principal and guidance counselor review the student enrollment lists to identify any students who have not returned to school. Student and parent contact is made by the building principal and/or guidance counselor to assure that the compulsory attendance policy and procedures are followed.

Truancy

The attendance officer and clerical staff report to the building principal the name of the student(s) who is/are truant, provide a computerized report of the students’ attendance record and follow the district’s policy and procedures related to truancy.

School Age Parent

Some of the methods for identifying school age parents include self-referral, parent referral and interagency referral.

APPENDIX A

**Sturgeon Bay Procedures to Address Educational Concerns
General Steps for the Classroom Teacher or Other School Staff**

Student: _____

D.O.B. _____ School Year: _____

School/Grade: _____

Teacher: _____

I. STEPS TO FOLLOWING WHEN EDUCATIONAL CONCERNS EMERGE:

_____ When the student is not meeting academic or behavioral expectations or has some type of difficulty accessing the curriculum and or activities, staff will begin by reviewing cum, behavioral (yellow), and health files (red) and talking to parents. Contacting and discussing the issue(s) with parents is an important 1st step. (Also consider checking with building secretary to see if a vision/hearing has been done within the past 12 months and contact Special Education/Pupil Services Office for information on the student.)

_____ Consult with the Principal and other pertinent specialists: Reading Specialist, Psychologist, Special Education Teacher, Gifted and Talented Resource Teacher, Guidance Counselor, etc. It is also important to consult with other teachers who are or who have worked with the student.

_____ Develop, implement, and evaluate the process, interventions and or accommodations identified through those consultations. Set a reasonable time for intervention plan to work. Notify parents of process/plan/interventions. Document results and progress. Repeat consultation process as appropriate.

_____ When the classroom level interventions or accommodations have not met the student’s needs and student’s learning (or that of others) continues to be negatively impacted, consider a referral to a Student Consultation Team (SCT) or similar more formal building process.

_____ Concerned teacher or staff member obtains and begins to complete a non-special (purple) SCT Referral form or similar form from the office. Submit the non-special education (purple) referral form to Principal for review. The Principal will sign and begin to process the referral.

_____ Notify/Inform parents and secure written consent if screening or evaluation procedures are involved.

_____ When a formal SCT process and referral are not used, obtain the appropriate consent form from the building office or online. Forward the completed/signed form to Principal or designee for review and processing.

_____ Staff who conduct the screening/evaluation will review the results with appropriate classroom teachers/staff and Principal or designee. Team or individuals will determine what additional action is needed. If a disability is suspected, review and follow section II. Otherwise go to section III.

II. ADDITIONAL STEPS TO BE FOLLOWED WHEN A DISABILITY IS SUSPECTED. * updated in 2019 see Appendix F.

_____ State and Federal Regulation require a referral for an evaluation be filed if disability is suspected. A student can qualify for a special education or a 504 disability. In most cases* the Sturgeon Bay School District handles the initial referral and evaluation the same way. Obtain a specific special education referral form online in the

SHARE file or from the Special Education/Pupil Services office when there is a reasonable suspicion that a child has a disability. In most cases a concern at this level will have involved as specialist's report/evaluation, an earlier referral to the SCT or similar group or other documentation. Review that information and include a summary of that and other supportive information in the referral. The exception is in the case of specific medical conditions that have specific medical documentation. In those cases a specific 504 referral and evaluation process may be appropriate. See the district's 504 policy for specifics.

_____ The Classroom Teacher or Building Principal/Counselor will usually complete the referral form and notify the parents/guardian of the referral. The referral is then submitted to the Principal for review and then forwarded to the Special Education/Pupil Services Office.

_____ The Evaluation Coordinator will review the referral to insure it is appropriately completed and then will sign/initial the referral. Compliance timelines may begin when the referral is signed. The party responsible for the referral, completes and sends out appropriate paperwork including procedural safeguards to the parents. Please see district's special education and 504 policy and procedures for additional details.

_____ The party responsible for the referral will notify the team members of the referral being initiated and circulate an input form which will include review and input from the Classroom Teacher (s) to determine if there is sufficient existing information in the file or whether additional tests are needed. Additional compliance timelines may begin with this process. Please see district's special education and 504 policy and procedures for additional details.

_____ Signed "Consent for Additional Tests" will be obtained prior to evaluations beginning. Please see district's special education and 504 policy and procedures for additional details.

_____ If the student is found not to be eligible for special education, the IEP team may consider 504 eligibility. Please refer to the district's 504 guidelines for more information.

III. ADDITIONAL STEPS TO FOLLOW FOR ALL REFERRALS

_____ Case-managers are assigned to students needing an Accommodation/IEP plan.

_____ Classroom Teachers complete a specific report as requested by Case Managers (hard copy or online form) and/or questionnaires as requested in a timely manner and submit to the specialist assigned to the evaluation team.

_____ Classroom Teachers attend and participate in meeting(s) as requested to discuss assessment results and to plan for interventions (Accommodation/IEP plan). A regular classroom teacher as a team member is a legal requirement for most IEP meetings.

_____ Classroom Teachers and other school personnel implement Accommodation/IEP plans as recommended

_____ Referral forms, evaluation reports, Accommodation/IEP plans and/or other forms documenting the referral and forms that document actions taken will be stored in the student's behavioral file (yellow) in the school office and/or in the student's special education file in the Special Education Office.

_____ The Principal or designated case managers (usually the building guidance counselors) will distribute Accommodation Plans to any other person responsible for implementing the Accommodation plan. IEP plans are distributed by special education case managers.

_____ Case managers are responsible for keeping staff and parents informed of Accommodation/IEP plan changes and for reviewing plans regularly or as required by law.

_____ Additional procedures may be required for students with disabilities. Please refer to the district's specific special education policies and procedures, 504 guidelines or contact the Pupil Services/Special Education office at 920-746-2804 for more specific information.

Categorical Aid Programs: [NOTE: The categorical aid funding for this program was eliminated by 2011 Act 25.sks 2012*]

Every school board that applies for children at risk categorical aid shall make available to the children at risk enrolled in the school district, a program for children at risk. A program for children at risk shall be designed to allow the pupils enrolled to meet high school graduation requirements under §118.33. The school board for ch. 119 schools shall ensure that there are at least 30 pupils and no more than 250 pupils in each program and that a separate administrator or teacher is in charge of each program.

00.0 STEPS TO BE FOLLOWED WHEN A DISABILITY IS SUSPECTED.

(Partial doc./Section II of Sturgeon Bay Process for Educational Concerns: Steps for the Classroom Teacher and Other Staff

S:\FACULTY\Pupil Services Team\2018 Referral Process for all educational concerns)

_____ State and Federal Regulation require a referral for a special education evaluation be filed if disability is suspected. In most cases the Sturgeon Bay School District handles the initial referral and evaluation the same way and that is through a formal special education referral. (This includes a suspected 504 disability. Please see that policy for exceptions.)

_____ Identify the School Person who has the concern or is closest to the concern. Completion of the referral typically involves at least two people. This group is referred to as the Referral Team. The Classroom Teacher and Building Principal are key to this process no matter where the concern originates, and would typically always have a role in completing the referral. If a grade level Special Education Teacher or Specialist has been part of the building review/screening/intervention process, that person would assist in completing the referral.

_____ When a Parent makes a referral it would be completed with those that know the child best...the primary Classroom Teacher (s) and the Building Principal/Designee. The Designated Evaluation Coordinator would be alerted immediately and may assist this group.

_____ The Referral Team alerts the Special Education/Pupil Services Office and obtains access to a specific special education referral form online in SEEDS (or a paper version from the Special Education/Pupil Services Office). If not alerted already, the Designated Evaluation Coordinator is notified.

_____ In most cases a suspicion of a disability will involve a history of concern so there will be screening profile, an outside specialist's report/evaluation, earlier intervention at the building level or a documented pattern of concerns/behaviors. The Referral Team reviews that information and summarizes that and other supportive information in the referral.

_____ If the Parent is not part of the Referral Team, someone from that group must notify the parents/guardian of the decision to refer before the referral is submitted to the Designated Evaluation Coordinator.

_____ The final version referral is always reviewed and initialed by Building Principal before it is submitted to the Designated Evaluation Coordinator for review/.

_____ The Designated Evaluation Coordinator will review the referral to insure it is appropriately completed and then will sign/accept the referral. Compliance timelines begin when the referral is signed/accepted.

_____ The Designated Evaluation Coordinator and the Special Education/Pupil Services Office identify the evaluation team, and send out appropriate notification and input paperwork. This includes a copy of the procedural safeguards to the parents.

_____ If not already involved, a grade level Special Education Teacher or Specialist is designated as the Tentative Case Manager for the evaluation by the Special Education Director*. That person works closely with the Designated Evaluation Coordinator to complete a comprehensive evaluation within the timelines. If the student is found to be eligible, in most cases the Tentative Case Manager will become the Case Manager who is responsible for the development of the College and Career Ready (CCR) IEP.

* The Designated Evaluation Coordinator has a specific role in Sturgeon Bay. The Special Education Director may serve as the Designated Evaluation Coordinator if needed.

Dear Dan:

Thank you for your support of the Wisconsin Association of School Boards and its mission of serving your school district. The WASB staff takes pride in supporting, promoting and advancing public education.

Enclosed is the 2022-23 Report to the Membership, which highlights the daily work of the staff this past year, along with an "At Your Service" brochure that outlines our services. We also included information about the complimentary WASB subscriptions and additional publications available to your district. If you have any questions about our services and/or publications, please let us know.

The Report to the Membership and the "At Your Service" brochure will be mailed to your board president as well. We encourage you to share them with your full board. Copies are available online.

In addition, enclosed is a copy of your dues invoice for 2023-24, which was emailed to your WASB district contact earlier this month. The WASB Board of Directors approved a 5 percent increase in the dues schedule. Per the WASB bylaws, your district's dues are based on the FTE total for classroom teachers, supervisors, principals, assistant superintendents, administrators, and other professional certified employees, as reported to the Department of Public Instruction last September.

Please note that school boards may not nominate or vote for WASB regional directors at the Fall Regional Meetings, participate in the Delegate Assembly in January, or enjoy any other member benefits until the dues invoice is paid.

2023-2024 Preliminary Budget Narrative

6/21/2023

Jake Holtz – Business Manager

I am recommending the approval of the presented preliminary budget for the 2023-24 Fiscal Year, which currently shows General Fund Expenses of \$18,511,851.23 and General Fund Revenues of \$18,368,580.00. As has been mentioned in the background document and in past years, by passing this preliminary budget, it gives the administration statutory authority to spend money, as needed, until the final budget is approved in October.

At this point it is extremely important to note that there is A TON going on with our budget right now and this preliminary budget, as presented, is being used by me mostly to get over the statutory hurdle of having a preliminary budget passed prior to July 1. Certainly, there are some things that we can pull from this budget, and I encourage you to keep two things in mind as you look at these numbers:

1. As I write this on June 13th, we do not have a biennial budget from the state for the two fiscal years, 2023-24 and 2024-25. So, the revenues you see are based solely on our current year revenue limits, aids, and grant programs. No increases of any assumed or proposed budgets for next year are in this preliminary budget.
2. On many non-government revenues (interest on investments, Medicaid Payments) as well as expenses that are yet to be determined (transportation, health insurance for new staff, utilities) I am trying to make sure I am ultra conservative at this point.

With that said, with this preliminary budget, I am presenting it to you in the same exact format that you will approve in October (the DPI issued Budget adoption workbook). Like past years, I do have some notes for you, which I am formatting how I normally would for our budget meetings in October (the October learning session and the pre-budget and levy approval meeting prior to the regular October meeting). I will also try to have some supplemental notes on the most recently proposed state budget for the meeting on the 21st.

As always, please let me know if you have any questions or would like to see anything different.

Here are my notes, which correspond to the numbers on the approval document:

1. This is an example of me trying to be conservative in how I budget with revenues. As I've shared throughout this year, we've had a huge surprise in how much we've received in interest. This \$60,000 represents about 3 to 4 months of interest revenue at our current interest rate and cash position. So, hopefully our current rate of return hangs on but, I believe this lower, conservative number covers us if we start seeing some bumps.
2. This source of revenue for this year is three separate programs – Medicaid, Get Kids Ahead (a grant Director Ferry has applied for and received), and 'Welcome Back Aid' (aid we received as part of ESSER funds, via the governor at the beginning of the year). Two of these three sources, at this point, we do not expect to continue next year (Welcome Back Aid and Get Kids Ahead). So, that's why you see a big dip in revenue here.
3. I combined these two expense functions as the projected decline in spending for 110000 and increase in spending for 120000 are directly related. 110000 is 'undifferentiated curriculum' which basically means money being spent on delivering all and/or multiple curriculum(s) in a

single room. Think elementary school where we see things like Math, Reading, Writing, etc... all being delivered by the same teacher in the same room. 120000 is 'Regular Curriculum'. This is where we see teachers who specialize in a subject teaching that same subject to different groups of kids. For example, Cliff Wind (a High School Math teacher) will teach his various Math courses throughout the day to different groups of students. He is coded under 120000 (technically 124000 but, we only use the first two digits of the function for reporting). Anyway, the reason you see the big changes here is that over the years we've seen a lot more specialization at the elementary level. For example, in 5th grade, our students will move rooms during the day. Or, as we've discussed, we have seen a lot more specialization in terms of reading and math interventionists at our lower levels. So, I've tried to take this spring to sit down with our new principals, Katy and Katie, to comb through our staff to make sure we are recording staff correctly. Between our fifth-grade staff (three teachers) and a few elementary teaching positions that have changed from classroom teacher to interventionist over the last couple of years, you see a relatively large shift in those budgets. There is also some shift from the 220000 function for interventionists, which I'll cover more in the next bullet point. Then, the total increase in budgeted expenses you see can be broken down to the general increase in staff wages, the increase in benefits (3.9% increase in health insurance AND the fact that I have all new staff budgeted for family health insurance), and an increase in new curriculum expenses as we purchase the CKLA curriculum director Weber spoke to you about last month, and which you approved (this is about \$40,000 higher than the math curriculum we replaced this past year).

4. The decline you see here is mostly from moving our interventionists from 220000 to 120000. That move was made to, again, better align with what they are doing and updates in definitions for codes from DPI. Some of it is also due to a counselor retiring so, we will see a large decrease in salary in this area. But, again, most of it is that changing of coding referenced above.
5. As always, I'll share that I loathe that 250000 is communicated as 'Business Administration', as if the whole of this increase is coming from the Business Department. In actuality, 250000 includes transportation and utilities, which I currently have both budgeted for 10% and 8% increases, respectively. Also included here is maintenance, which I currently have as seeing an 8% increase in their general budget so we can try and stay on top of inflation.
6. I expect this to go down a bit as this is directly related to income received via Special Education Categorical Aid reimbursements. The increase in costs for Special Education are also due to me currently budgeting for a couple extra aides than what we'll probably end up with and I am currently holding the unhired teacher spots with mid-career salaries and family health insurance.
7. This increase is mainly due to a shift in responsibilities and, thus, the pay code for a teacher who will be stepping into a full-time role as a teacher leader in Special Education this next year.

SFM Mutual Insurance Company
 Workers' Compensation and Employers' Liability Policy

Wisconsin Sliding Scale Dividend

Insured: Sturgeon Bay School District Effective Date: 07/01/2023

Sliding Scale Dividend based on the table below:

Net Audited Premium

Loss Ratio	Premium over \$5,000
0 - 5%	15.0
5.1 - 10%	13.0
10.1 - 15%	11.0
15.1 - 20%	9.0
20.1 - 25%	7.0
25.1 - 30%	5.0
30.1 - 35%	3.0
35.1% and over	0.0

The plan is available to insureds who have a minimum written premium of \$5,000 in Wisconsin and meet the underwriting criteria of the company. Underwriting criteria will include, but is not limited to past loss experience, premium size, years in business, proactive claim handling and commitment to safety.

Dividends will be paid on Wisconsin net audited premium. Only Wisconsin claims, premium and payroll data will be used in the calculation of the dividend.

The net audited premium is the figure after application of experience modification, premium discount and expense constant. Terrorism and Employment Practices Liability premium is excluded from the calculations.

The Dividend will be calculated based on total incurred losses (both paid and reserved claims) valued twelve months after expiration or termination. The Loss Ratio will be determined by calculating the ratio of Wisconsin total incurred losses to the Wisconsin net audited premium.

If any money is due SFM Mutual Companies as a result of an audit or cancellation for non-payment of premium, the dividend will be reduced by the premium amount owed SFM Mutual. If the amount owed SFM Mutual is greater than the dividend amount, the dividend amount will be applied to the balance due SFM Mutual.

Dividend payments of \$15.00 or less will be waived, unless such payment is requested in writing by the insured.

Loss of Eligibility:

Eligibility for payment of a dividend under this plan shall be lost:

If the Wisconsin net audited premium is less than \$5,000, or

If the insured fails to make available every report of earnings requested by the company or fails to keep accurate payroll records so that the company can determine the actual premium for the policy period.

Dividends cannot be guaranteed in advance, and are payable from earned surplus and upon specific declaration by the Board of Directors of SFM Mutual.

Community Engagement Board Report

June 2023

Presented by Jane Stephen

For those who are familiar with The Friends of Gibraltar (One of the oldest supporters of the Gibraltar school district, they raise 90% of their funds with their annual Hairpin 5K) I would like to move in that direction with this position. Ultimate goal would be to continually raise funds (\$10k+ each year) through fundraising efforts to support teachers and students, as well as to sustain this position.

Mission Statement: **Friends of Sturgeon Bay Schools** supports Sturgeon Bay K-12 students and their teachers, by raising funds for special programming that is outside the regular school budget. With help from the community Sturgeon Bay students are provided many learning opportunities to enhance and expand their education while giving students exposure to many genres of activities and subjects.

Tagline: **Friends of Sturgeon Bay Schools**; a group established to support Sturgeon Bay Schools and their efforts to offer unique programming outside the regular school budget

Our first fundraiser hosted by Friends of Sturgeon Bay Schools (FOSB), Rock the Dock, and was held June 3, 2023 at the Sturgeon Bay Yacht Club. Proceeds from the event will be used to assist teachers and students with the many “extra activities and cultural experiences” available to amplify their learning experiences. These extra activities (field trips, guest speakers, etc.) can cost more than what is budgeted for the school year. FOSB would like to be able to provide financial support for Sturgeon Bay Schools.

EVENT GOAL TOTAL = \$10,000

- \$12,750 raised in sponsorship prior to event!!!
- Cash Sales the day of the event totaled = \$6652
- Credit card sales are still being totaled = rough estimate \$3000
- We had over 300 attendees (372 to be exact...lots of these were children) My biggest fear was no one was going to come!! Glad I was wrong!
- Thank you to Dan and Mike for your MC skills!!
- There were over 40 basket raffle items to choose from, all levels of dollar value and from all over the county.
- Diamond Earrings raised over \$2000
- Weber Grill raised over \$1000
- Glas Hamr (Paid them **\$1500**) made a \$100 donation!!
- Open Door Bird Sanctuary gave a \$60 tour as a donation!
- Food: Total cost from the Club= (**\$5546**) This is after Econo donated some food and the club donated hot dogs.

- Tech Ed made cornhole games to auction, one went for \$100, the other \$75 (We owe Tech Ed back their cost of materials)
- PTO gave us volunteers and we own them a percentage of our total sales...I'm leaving this amount up to Dan.
- Would love to see more teacher support/turnout next year
- I would like to have a teacher speak next year about the use of funds from this year's event.
- Need more involvement from staff...our dunk tank raised the least amount of money the company has ever heard of (\$264 thanks to Mrs. DeVillers and Mrs. Smullen!!! I feel if we had more staff support with the dunk tank we could've killed it! Probably not going to use this next year...didn't seem to be a hit with staff. Sad as it was only \$200 to rent!
- We will be looking at ways to involve older students ie: games/prizes...as it seemed more elementary parents attended. Graduation may have affected this.
- Looking at the same date next year...waiting on Mr. Nerby to decide graduation date for next year.
- Wondering if we should book the same band??

ADRC: Would like to see the Pen Pal program back up and running with our 4th graders...

Elem playground: Researching grants for the Elementary playground needs...Working with Craig and Cheryl with some ideas to promote this campaign.

Tech Ed: Winter of 2021 worked with Brian on a Tech Ed Campaign to raise over \$100,000.00 for equipment needs. I started with letters to 30 local businesses, as well as a press release, resulting in \$20,000.00. I wrote the narrative for two Raibrook grants as well as one to Door County Community Foundation. Raibrook awarded \$40,000.00 for the first submission and another \$40,000.00 for the second submission. DCCF granted us \$2,000. One of the wonderful outcomes of this campaign is that we are building relationships with these local businesses and almost everyone we spoke with would like to get more involved with the Tech Ed team (guest speakers, tours).

Newsletter: Spring newsletter hit boxes a couple weeks before the Rock the Dock event. It was perfect timing to get information out about the event. Thanks to all involved in compiling articles and formatting the newsletter. This is a strong piece of communication between our community and school; let's keep up the great work of sharing all the wonderful things SB is doing!

TJ Walker Board Report June 2023

TJ Walker was busy the last week of school. We held an incoming 6th grade parent night on Wednesday, May 31. Parents participated in a question-and-answer panel led by three current 6th grade students: Samuel Lien, Frankie Pichette, and Makenna Coyhis. Incoming 6th grade students met with staff, toured the building, and learned all things related to 6th grade.

We kicked off June with our Second Annual Geography Night. 6th Grade Geography students provided parents with engaging facts, foods, and drinks and about their selected country. Parents traveled throughout the world using their “passport” to earn 5 stamps so they can receive a snack at the end of the tour. Our students did a fantastic job as the gym was packed with travelers.

Next, Clipper P.R.I.D.E. breakfast invited 115 students and parents to our Clipper P.R.I.D.E. Awards. Students who earned a P.R.I.D.E. card in each of the five areas were invited to a family breakfast, awards presentation, earned a field trip to a trampoline park and rock-climbing experience, and a free Clipper P.R.I.D.E. t-shirt. 1068 Clipper P.R.I.D.E. cards were handed out this year.

Nothing signals the year’s end like field trips and did our students get the red-carpet treatment.

- Thursday, June 1, Mr. Propsom, SRO Jennerjohn and a host of local fishing guides took out 20 students (Jericha Reynolds, Milo Back, Caleb Nault, Kaitlyn Kratcha, Ashton Benzinger, Atticus Haus, Deaon Haus, Izzy Schoeneman, Mason Black, Makenna Coyhis, Genevieve Austad, Jhonaton Wienke, Hughe O’Handley, Mariah Laluzerne, Frankie Pichette, Leeland Hubers, Violet Boyarski, Scarlet Tomberlin, Konnor Zayac, and Sam Lien). Each student received a new rod and reel.
- Friday, June 2nd, 6th Grade students traveled to Bay Beach and 7th grade students went to Jacksonport to play disc golf (a culminating Physical Education experience).
- Monday, June 5, over 130 students earned their Clipper P.R.I.D.E. cards went to a trampoline park and rock-climbing experience. In all cases, students had to be passing and not be suspended for May to attend.

Finally, the 8th grade Awards ceremony was held Tuesday, June 5 in the auditorium. Parents received a set of tickets and could donate to pick up additional tickets. Money raised is going towards the Robert H Nickel auditorium renovation project. 20 students earned an award. Mr. Jacobson was presented with the Most Valuable Teacher award. Mrs. Darlene Hohlfelder was honored for her 35 years of service. All students received a carnation and a certificate. After

the ceremony, 6th and 7th grade students formed a receiving line that honored 8th grade students.

Literacy Updates:

- Mrs. Judas and Principal Smullen met with the 5th grade team and received recommendations as to which students would be assigned a math and or reading intervention.
- Summer Reading novels and Summer Bridge packets are still being provided to families. These can be returned August 30, 2023, at the district-wide open house from 4:00 - 6:00 p.m.

Board of Education Report

June 2023

Katy DeVillers

Sawyer Principal

Teaching and Learning

- Our Building Leadership Team (BLT) met on June 8th and one of the main purposes was to review the End-of-Year Staff Survey data and set priorities for next school year. We also spent the last hour of this meeting with Eric Larsen reviewing data and utilizing his expertise as it relates to our literacy and math data and areas of focus for next school year.

Community Engagement

- Our End-of-Year Celebration was well-attended with approximately 250 parents and other family members present. The students and their guests enjoyed a walk on our nature trail, some playground time together, coloring activities and ice cream treats. We changed the format this year to be less structured and allow families a choice as to how they enjoyed all the activities. Many parents shared positive feedback about the improvement and it was a great success! Next year we hope to have another activity choice or two and use a similar structure.

Thanks again to Levi at the Kobussen Bus Company for helping us with a shuttle service to ease the stress of finding parking around Sawyer, to members of our facilities Department for helping with covering our parking signs on the south side of Willow Street, and to Jenny, from Food Service for her help with securing enough ice cream treats for everyone to enjoy!

- Second grade parents and guests were invited to school at dismissal time on the last day to watch their child walk the halls of Sawyer one last time. All staff and students were also in the hallways outside of their classrooms wishing the 2nd grade students well.

Finance/ Facilities and Operations

- We have reviewed our intervention and grade level schedules this year as we continue to make progress on the implementation of our Multi-level Systems of Support (MLSS) for students. As a result, we will be making revisions to the schedule to ensure students receive the support they need at both Tier 2 and Tier 3. We plan to revisit the schedule in late October to gauge how we are doing and making any necessary changes at that time.

Board of Education Report

Jennifer Weber

Director of Teaching, Learning and Technology

Teaching and Learning.

- While we close out the school year, many staff members are getting ready to jump right back in as our Summer Learning Academy kicks off on June 12. It takes several people working together to coordinate schedules, room assignments, registration, communication with families, and our partnerships with the Sturgeon Bay YMCA, and Kobussen. Special thank yous go out to the building principals and Stephen Jacobson for their organization which began many months ago. The work continues with help from Brenda Hartl, Ivy Barlament (Sunrise and MS secretaries), Nelson DeMeuse and Spencer Gustafson who set up staff devices, Jen Hanson who organized all student chromebooks, and Amanda Wilke, third grade teacher and Summer Learning Academy Lead.
- The Spring testing window and subsequent data digs have been the subject of many meetings over the past several weeks. This end of the year data not only helps us to see academic growth and progress, but is the tool we use to plan for the upcoming school year. Data digs influence everything from building schedules, class offerings, school and district level goal setting and program implementation. Data conversations will continue to be the focus as staff work in leadership teams and with a CESA consultant who will be on-site with teams from across all grade levels prior to the 2023-2024 school year.
- Planning for summer curriculum work and professional development is the focus as we begin year three of our literacy initiative. Additionally, we are excited about how continued work in literacy will serve as a model and help to reignite work across the district in connected areas - specifically, mathematics, professional learning communities, unit planning, and technology integration.

Department of Technology

- The tech team has worked over the last week to plan for and facilitate the collection of student and staff devices. They will process all devices, updating them prior to returning them to staff and students.

- The team has also worked to develop their summer schedule, prioritizing all of the projects that need doing. The first of these, on June 8 and 9 is a district-wide printer install.
- As a reminder and so you can check back from time to time on our website redesign, you can scan each of the QR codes below. This summer, Jen Hanson, Holly Selle, and Aaron Pairolero will be working on the redesign of our district website to change to a theme that will be more mobile device-friendly. At the same time, we will be modifying our calendar integration to make it more user-friendly on both the back end and the public calendar for viewing. Watch for a launch of the new Sturgeon Bay Schools

Sturgeon Bay Schools

Freedom School District

website (tentatively) in late summer (based on a timeline developed in conjunction with our website provider, 4Schools). You can check out the difference in a site with mobile-responsiveness vs. our site using the QR codes (below). [Sturgeon Bay Schools/Freedom School District](#)

- Our Tech Mentor team has begun to work on planning professional development in technology for both new and returning teachers as they return in August and will continue to dedicate their summer hours to plan and prepare for our staff's needs. As we all know, technology changes rapidly, and the advent of artificial intelligence has spurred some interesting developments for many products. Google in particular has capitalized on this to create some product updates for its educational products that harness the power of AI to create teaching materials such as practice sets for formative assessment more quickly and efficiently. Additionally, we will feature technology topics such as video production, flat panel usage, and creating classroom materials with organization and student engagement in mind.

1. Audit Report Follow up – Bank Collateral

In the days following last month's board meeting, where the annual audited financial report was accepted but a question was asked about collateralization of our monies with Nicolet, I did have some good follow up with our representatives at Nicolet. As it turns out, there is a Door County Pledge Pool with Nicolet where they (the bank) pledge collateral to these public municipalities and entities. Being that it was free to join, I signed the district on pretty quickly and now all of our money is collateralized.

2. Professional Staff Salary and Benefits

My bet is that by the time we meet on June 21st a State Budget will have been approved or final details will be very close to being done with final details being hammered out. As I've shared in emails with you, I will do my best to provide updated projections with you, as we receive concrete updates from Madison. I can't promise when I'll have those updates for you – you may not see anything until you arrive for Wednesday's meeting – but, I will try to have something for you. In the meantime, based on news and educated guesses and speculations that are out there, it appears that this budget is generally a win for Sturgeon Bay (truthfully, I can't say the same for the rest of the public schools in Wisconsin). With that in mind, I wanted to start revisiting a few of the professional staff salary and benefit decisions that you put on hold until we knew more about the state budget. At this point, I am just going to put some costs to some of the things that have been proposed and talked about. Please feel free to ask me if you'd like to see costing on something a little different.

I'm thinking the best way to do this is for me to copy and paste Dan's notes from last month (in italics) on these points and I can add costs from there.

- *Teacher Salary Ladder - Jake has assembled a couple of scenarios the Board has now seen this month and last month. Alternate Scenario A updates salary ladder percentage increases to try to reflect the original percentage throughout the ladder. Alternate Scenario B updates salary ladder percentage increases in the bottom half of the ladder. Further discussion at the Board level would have to occur for these or any other potential updates to the ladder to occur.*
 - Projected Professional Staff Salaries, no changes, for 2023-24: **\$6,252,848.35**
 - Corresponding Benefits (WRS, FICA, Life, LTD): **\$953,559.40**
 - Total Projected Salary and Benefits for Professional Staff: **\$7,206,407.75**

- **Alternate Scenarios A and B** were shared with the board at the March learning sessions. I'll include them again as appendix A with this report (on following pages). With these scenarios I tried to take into account a couple of ideas. First, when this salary ladder was first approved, the intent was for teachers towards the bottom of the ladder to be able to increase their wages at a faster rate. As we've cut rungs off the bottom of the ladder, this has been lost a little. That's not to say 4.0% increases are small, they're just not 4.5% (in the original salary ladder, the first five increases new teachers saw were 4.5% then, the subsequent percent increases were all for 5 total steps). Second, if you were to look at updating the ladder, two of the bigger concerns we have heard over the years from our

staff on the compensation committee are the proximity to base concerns and a concern that when we added step to the top, that was great but it would take some people 30+ years to get there. In my opinion, updating these percentage increases avoids those two concerns.

- **Scenario A** would add a second increase of 4.5% from step B to C and then also keep 5 steps for each percent increase (ex. 4% shows up five times, 3.5% shows up five times, etc...). This would see staff at the bottom receive bigger increases, while staff at the top would see the biggest effect, with the biggest increases.

- **Projected Professional Staff Salary increase for Scenario A vs Base:** \$91,192.30

- **Corresponding Benefits:** \$13,906.98

- **Total Increase for Scenario A:** \$105,099.28

- **Scenario B** would also add a second increase of 4.5% from step B to C, and keeping 5 steps of 4.0% increases between steps D and H. Again, staff at the bottom would see bigger increases while staff at the top of the ladder would see a bigger increase (albeit smaller than in Scenario A)

- **Projected Professional Staff Salary increase for Scenario A vs Base:** \$47,809.30

- **Corresponding Benefits:** \$7,291.12

- **Total Increase for Scenario A:** \$55,100.42

- **Longevity Supplemental Pay** is an idea that has popped up in the last few months, after our March learning session. I gave you a bit of background on this in my report last month. I'm including that same background in this month's report so that I'm not repeating myself. You can read that again, if you'd like, in point three of this report. Whereas with the previous two scenarios, the increase for those at the top of the ladder includes teachers who have come to us from other districts and professions, this supplemental pay would focus on increasing the pay of the teachers who have been with us the longest – rewarding loyalty and hopefully increasing retention. The biggest note is that this idea would play off of longevity stipends that have been used in the past by the board but, make those stipends ongoing supplemental pay, like we do for Master's degrees. Based on conversations with teachers, including the compensation committee, I am running costing projections based on the following supplemental pay levels:

\$500 starting in 5th year teaching for the district

\$1,000 starting with the 10th year

\$1,500 starting with the 15th year

\$2,000 starting with the 20th year

\$2,500 starting with the 25th year

\$3,000 starting with the 30th year

\$3,500 starting with the 35th year

\$4,000 starting with the 40th year

- **Projected Professional Staff Salary increase for Scenario A vs Base:** \$87,500

- **Corresponding Benefits:** \$13,343.75

- **Total Increase for Scenario A:** \$100,843.75

- **Appendix D/Curriculum Writing, etc. Rate** - Jake has assembled a couple of scenarios and the Board looked at these last night. In a nutshell, one scenario utilizes the formula from the last master agreement which would result in updated rates of \$23.20 and \$26.15. The other scenario utilizes an inflation-related calculator which would result in updated rates of \$22.25 and \$25.10. No vote was taken of course, but there were board members who preferred the version with the higher rates dating back to the calculation used at one point. Again, we'll await the state budget news.

-Total Estimated Increase for higher rates: \$25,834.77

-Total Estimated Increase for lower rates: \$21,766.48

- **PTO time & starting some sort of incentive for unused days** - Jake priced out some substitute costs for PTO usage, as well as the cost of we would provide an incentive for an unused PTO day (ex. \$75) payable into a person's 403b account, etc. The Board understands that this has been a priority of the last couple compensation annual review meetings and wants to be able to try something for next year. Based on the various conversations and suggestions thus far, it wouldn't surprise me if we talk more about providing two PTO days as part of the annual allotment, move away from the two sub-deduct days for reasons pointed out when we met March 14, and continue to provide the additional paid personal days after the particular numbers of years in the district as we have been doing. Again, this or anything along these lines would need further discussion once more is known on the state budget front, but I wanted to give you a decent sense of where things would appear to be at least right now. (I'll also note that we did talk about any potential changes being for the majority of the group and "grandfathering" the small group of teachers who have been here long enough to be part of the years of health insurance with an incentive for unused sick days already.)

-Total Estimate if we were to buy back ONE unused PTO days at \$75/day into the teacher's TSA, assuming ALL staff took advantage of this: \$7,992.75

- Total Estimate if all staff were to use one PTO day: \$16,061.16

3. Teacher Concerns – salary outliers (this point is remaining from last month)

Within the School District of Sturgeon Bay we have a couple of teachers who, based on their teaching experience, are paid far more than their colleagues. Truthfully, this is an issue that is not isolated to Sturgeon Bay; it is an issue across the state. In fact, I would say we have been fortunate that this issue has not presented itself sooner. Generally, when we see salary outliers across the state it is because that teacher is now in a second career and/or they are teaching in a field where it is hard to find experts (think Tech Ed, Calculus, Physics, etc...).

As you can imagine, the idea that someone new to teaching can come in and make a significant amount more than staff who have been in education for a long time and specifically in our district for even longer does not sit well with some staff. To be sure, this is not something we were not aware of. We have known we have had an outlier or two over the past few years and have spoken to staff members individually about it and it has always felt like, to me and Dan,

after we had those conversations we were OK or, at least there was some understanding that we were all doing our best and we could continue, status quo. Long story short, that assumption was wrong.

About a month to a month and a half ago I was approached by some teachers who have been with the district for more than two decades, asking if they could share some concerns. After an initial conversation, we scheduled a couple of meetings and have had a couple unscheduled conversations as well. I want to make sure to underscore that the way in which I was approached and the way in which these conversations have been held have been nothing but professional. To be sure, I can feel their frustrations in a number of areas. Some of the frustrations that were shared were slights that happened in the past to this group hired between about 2000 and 2015. I would say we ended up in a place where we agreed that we can't necessarily do anything to fix past slights but we can use those for context moving forward as we look for ways to improve our retention of employees.

Again, I would categorize these conversations we've had as professional and productive. As an administrator, it has provided me a unique opportunity to just listen, and problem solve with staff. And I do know that is appreciated by this group of teachers.

Most of the problem solving, to this point, has centered on what we can do to limit the number of salary outliers going forward and if there is something we can do to show our appreciation for our more tenured teachers, specifically with salary. Some of the ideas that have been shared I would categorize as very good ideas and doable ideas. They are not necessarily new ideas, maybe reimaged a little bit but tangible things that could really help with our ultimate goal of retaining our quality staff here in Sturgeon Bay. At this point I haven't had a chance to hammer out details but, with the biggest idea, very broadly, it would deal with bringing back a version of longevity pay for staff.

Understanding that we currently have tabled discussions surrounding other compensation-related topics (like PTO days for professional staff, summer curriculum writing pay rates, and potential professional salary ladder updates) until we know more about what the state budget looks like this year, it also does not make sense to get terribly far into details at this point. However, I do anticipate that this conversation could fit nicely into the conversation we have about updating the professional staff salary ladder, if and when that happens.

To be certain, I do not believe nor do I want these conversations to be finished if we do something with teacher pay. Beyond anything salary related, I would say there are some other great ideas that have been thrown out there that are worth investigating when the time is right.

4. End of year projections

June 21, 2023, Board of Education Meeting Superintendent Report

Prepared by Dan Tjernagel, Superintendent of Schools

Updated for the meeting packet on June 12, 2023; Additional updates added later are in section four

1. Teaching & Learning

- a. **Thank you!** – I want to thank everyone involved with navigating another school year. Thank you! Thanks to everyone involved in the day-to-day important work with students in our classrooms every day, as well as everyone who works in our offices, hallways, kitchens, and various behind-the-scenes capacities to support our students, families, and staff members. Thank you for your ongoing efforts on behalf of others. You make a difference.
- b. **Strategic Action Plan and Priorities for 2023-2024** – While this item deals with all three priority areas, I'll address it in this area. The Core Administrative Team has worked on a draft for next year this spring and will spend more time on it in the June 21 Admin Team meeting. The current plan is to have a draft for the Board as an informational item in the July 19 Board meeting, so then the Board can give it the official stamp of approval in the August 16 Board meeting.

2. Community Engagement

- a. **DCEDC Board** - The monthly DCEDC Board meeting is on Monday, June 19.
- b. **YMCA Board meeting** – The regular monthly YMCA Board meeting is replaced this month by an abbreviated board meeting and then the annual meeting Thursday, June 15. These meetings will be held at the Northern Door Program Center, recently renamed as the Jackie and Steve Kane Center.
- c. **Spring Community Newsletter** – Thank you again to everyone involved with the Spring Clipper Connection community newsletter which arrived in mailboxes late in the third week of May, shortly after our May board meeting.
- d. **Potential Marketing Discussions** – Last month I shared with you that Jake and I had a phone call with Brian Nicol from the Donovan Group on the afternoon of May 2. I first met Brian at the WASDA spring conference in Madison in late April. In a nutshell, we shared with Brian aspects of some past conversations at the Board level around marketing and communications, newsletter approaches, positive and negative community anecdotes, open enrollment trends and information from the previous study on the topic, and so forth.

As promised, Brian assembled a process document when we were completing last month's meeting packet, so I am going to share it with you in conjunction with my report this month. In theory, it could fit nicely with some of the discussion and learning sessions referenced in my next report item. In a nutshell, Brian's process memo is just two and a half pages long, looks to build on some things we have put effort into in recent years, and gives us a couple of options to consider.

- e. **Rock the Dock event and Thank you!** – Thanks to everyone involved with the planning and sponsorship of this event, as well as everyone who took time to attend. I'll defer to Jane Stephen regarding additional details involving our first-ever Rock the Dock for Education event held on the afternoon and evening of Saturday, June 3. While I'm sure the beautiful weather helped, the event and turnout was awesome with more than 325 people attending the event at the Yacht Club.

As a review for some and new information for others, when the part-time community engagement position was discussed a number of years ago, the vision was to have some sort of fundraiser or fundraising event as part of the position, funding for unique and additional programming for students, raising awareness of the efforts, and our own version of what one might call a Friends of Sturgeon Bay Schools organization of sorts. Jane had put in the legwork and there were plans for the first event in the spring of 2020, then of course COVID happened and events of this sort were on hold for some time.

I want to thank Jane and her “small but mighty” (as she would put it) planning committee for the wonderful work they did, the tremendous support that Jane and the group garnered from throughout Door County—not only Sturgeon Bay—and the great event that had attendees of all ages at the Yacht Club.

As I shared with the Board in an email recently, we plan to have Jane visit with the Board in a learning session and discuss topics ranging from this sort of event to various approaches to the newsletter next fall, likely in September and/or December.

- f. **Developer Tour June 16** – I've been asked to participate in the developer tour planning for Friday, June 16. The day will incorporate a meeting, lunch, and Trolley tour of some available sites. A key focus of the event this year is to showcase single family housing, in addition to some of the opportunities that have been showcased in the past.

3. Finance, Facilities, & Operations

- a. **Federal Conversation & State Budget** – On the last day of school (June 6), I received the following updates from the School Administrator Alliance:

ESSER Funds Update from DPI:

Education partners, DPI is pleased to share the attached information sent by the US Department of Education confirming that the Fiscal Responsibility Act of 2023, which suspended the Federal debt ceiling, does not impact formula-driven COVID-19 relief funds awarded under the Elementary and Secondary School Emergency Relief (ESSER) program, the Emergency Assistance to Non-Public Schools (EANS) program, the Governor's Emergency Education Relief (GEER) program, or the American Rescue Plan Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY) program. LEAs should continue to spend and claim these funds according to their DPI approved budgets and plans by their federal deadlines (September 30, 2023 and September 30, 2024).

Budget Update:

The Joint Finance Committee is only meeting on Thursday this week. Generally, most budgets are completed by the July 1st deadline. Governor Evers' first two budgets were passed by the Committee on June 11, 2019, and June 17, 2021.

The 2023-25 budget appears to be moving at a slower pace than most budgets in the last few decades. Major items, like K-12 spending are being held up due to negotiations on shared revenue (funding for local governments).

Twice in the past 20 years the committee has completed its work by now, once in 2013 under Gov. Scoot Walker it finished June 4th after a grueling all-night session. Two budgets in the past 20 years were unable to advance the bill out of committee by June 30th. In 2015, JFC sent the budget to both houses on July 2nd. In 2017, disagreements between the houses, largely related to the amount of bonding to spend on transportation kept the bill in JFC until September 5th.

b. Local Compensation Topics pertaining to Professional Staff and Ongoing Conversations - I'll include the list I've shared in recent months to keep this on our radar and add a second paragraph of the salary ladder item below:

- **Teacher Salary Ladder** - *Jake has assembled a couple of scenarios the Board has now seen this month and last month. Alternate Scenario A updates salary ladder percentage increases to try to reflect the original percentage throughout the ladder. Alternate Scenario B updates salary ladder percentage increases in the bottom half of the ladder. Further discussion at the Board level would have to occur for these or any other potential updates to the ladder to occur.*

Jake has also been in contact with the compensation committee after talking with some staff members about the strategy/idea of awarding a longevity pay stipend for professional staff that recognizes staff with x number of dollars for teachers who have been here 10 years, for example, and increase the number at 15 years, 20 years, and so forth. Again, nothing is set in stone, but it would be another way to look at compensation for staff and would certainly align with the retention concept as part of the "attract and retain" wording we've had on our strategic action plan and priorities document.

- **Appendix D/Curriculum Writing, etc. Rate** - *Jake has assembled a couple of scenarios and the Board looked at these last night. In a nutshell, one scenario utilizes the formula from the last master agreement which would result in updated rates of \$23.20 and \$26.15. The other scenario utilizes an inflation-related calculator which would result in updated rates of \$22.25 and \$25.10. No vote was taken of course, but there were board members who preferred the version with the higher rates dating back to the calculation used at one point. Again, we'll await the state budget news.*

- **PTO time & starting some sort of incentive for unused days** - Jake priced out some substitute costs for PTO usage, as well as the cost of we would provide an incentive for an unused PTO day (ex. \$75) payable into a person's 403b account, etc. The Board understands that this has been a priority of the last couple compensation annual review meetings and wants to be able to try something for next year. Based on the various conversations and suggestions thus far, it wouldn't surprise me if we talk more about providing two PTO days as part of the annual allotment, move away from the two sub-deduct days for reasons pointed out when we met March 14, and continue to provide the additional paid personal days after the particular numbers of years in the district as we have been doing. Again, this or anything along these lines would need further discussion once more is known on the state budget front, but I wanted to give you a decent sense of where things would appear to be at least right now. (I'll also note that we did talk about any potential changes being for the majority of the group and "grandfathering" the small group of teachers who have been here long enough to be part of the years of health insurance with an incentive for unused sick days already.)

We will continue to stay tuned regarding recent State Budget developments and how that could impact local compensation topics.

- c. **State Budget Update** – As Jake shared with the Board back on June 8 when information was first released, it appears that the Governor and Republican leadership have worked out an agreement. As information continues to be released we'll all learn more. In the meantime, this gives us some fairly solid information for updated projections and to be able to act on over the summer and even into next fall. As communicated in his June 8 email, Jake will go more in depth the night of the school board meeting.

As I update this report for the Board meeting packet deadline the week before the meeting, we are told that the Joint Finance Committee will likely vote on the agreement tomorrow (June 13).

- d. **Support for Programs Document** - As I shared with you last month, Mr. Craig Sigl spoke with me this spring about something that could be viewed as helpful for various programs and efforts in our district. As part of his volunteer work with community partners regarding athletic facility updates on property owned by the City and the District, he came across a document that New Berlin assembled.

I told him I thought it was something that I thought not only the Board would be supportive of, but also individuals involved with programming in the Arts, Athletics, and more. A copy of the New Berlin document is now in the board meeting packet, as referenced last month.

4. **Additional Items and/or Updates** *(added after I submitted my report for the Board packet)*

Sturgeon Bay Schools**
From: Brian Nicol, Partner, Donovan Group
Re: Process document

Once again, thank you for reaching out to us. I enjoyed our conversation and learning more about Sturgeon Bay and the opportunities and challenges in front of the Clippers. I am excited about the opportunity to work with you.

In considering our conversation, I decided to structure this document less like a proposal, but more as a process document. It outlines, in broad strokes, how my colleagues and I might work with you and your team to advance the goals of the district.

With that in mind, this document continues with a review of Assumptions, provided so that you might validate my thoughts and provide further context as needed. This is followed by an Options section, where I outline a menu of communications options for your consideration.

ASSUMPTIONS

I understand from our conversation that Sturgeon Bay Schools are trending in the right direction with consistent community support. This includes six consecutive successful operational referenda dating back to 2007, and most recently in 2022, in order to fund educational programming.

I understand that while open enrollment (OE) is not a state of crisis in Sturgeon Bay, you have noted and communicated with the Board that the recent trend is one of a slight OE out to neighboring districts. You want to remain competitive in this regard, as a county seat district, and want families moving to the area to give Sturgeon Bay a good look when they are considering their educational options. When you hear anecdotal evidence of new families moving to Sturgeon Bay, but choosing other districts, it is a challenge you are motivated to address.

Further, I understand Sturgeon Bay is differentiated from other Door County districts by its comprehensive academic programming. You take great pride in the breadth and depth of academic opportunities you provide your students and you have a strong, experienced leadership team in place focused on continuous improvement.

I understand you have an engaged and high-functioning nine-member Board of Education and that one of the three priorities of your Strategic Action Plan developed in 2017 is Community Engagement. This plan is reviewed and revised annually.

I understand you have existing communications channels including a biannual community newsletter, and would like to develop a focused and coherent message to amplify the excellence of the district as

well as consider reaching existing and new audiences through strategic use of current and possible new channels, such as emerging media outlets. You have partnered with CESA 7 in the past for some video work, as part of the “May Public School Experience” campaign, but have not invested much in the area of video since.

Finally, I understand you would like some assistance with the creation of a communications/marketing plan, and may seek assistance executing the plan.

OPTIONS FOR CONSIDERATION

Based on the assumptions noted above, I would now like to outline a communications planning process. Its goal is to engage your key audiences and highlight the excellence of the school district, while building community and school pride to further differentiate Sturgeon Bay schools among the options available to Door County families.

Over the years, our firm has used a planning process that I believe would work well for Sturgeon Bay. It is built around answering four key questions. These questions are discussed in turn:

- 1) What are our communications and marketing goals?
- 2) What audiences do we need to engage in order to accomplish our goals?
- 3) What messages do we want our audiences to know, understand and feel to accomplish our goals?
- 4) Finally, what communications tools will we use to deliver our messages to our audiences to accomplish our goals?

My sense is that we can move quickly to create a plan and begin the work of communicating. The following are some things we may wish to include in the plan. Please note that some of these items may have already been done or are in progress at Sturgeon Bay.

Website: I suggest the creation of a specific web page that can serve as a home base for elements from the plan and all the work and content that supports our #ClipperPride. In addition, I would elevate new communications channels to the Quick Links section of the main website page in addition to using the photo banner strategically to highlight communication and marketing elements, when they are launched.

Social Media: The district's social media channels can be used to highlight the communications and marketing efforts and to direct audiences to website content. We view social media as a messaging amplifier and a tool to build awareness and trust in other communication channels.

Survey: It may be advisable to review results of your prior School Perceptions community engagement survey and review whether or not an updated survey and data set could inform communications planning. Donovan Group has a proprietary survey tool to accomplish this task.

Video: I believe an opportunity exists to celebrate Sturgeon Bay students, staff, and families through video. In our experience, a branded campaign with brief breakout videos ([such as this video](#) produced for one of our clients) can be powerful engagement and community building tools that work well on websites and social media.

Media engagement: Our conversation noted some consistent media relations efforts along with goals to expand or reconsider opportunities, especially in the print media realm. We understand that while the print newspaper industry is in the midst of significant upheaval, newspapers remain a viable

communications channel for our older taxpayer audience, especially those who might not otherwise have a direct connection to the district. We would explore repurposing existing newsletter and media content as well as develop new print content in order to reach newspaper audiences throughout Door County.

NEXT STEPS

If we proceed, I suggest working with you to develop a communications/marketing plan and potentially begin the first items included in that plan. I think two options for partnership are worth considering:

1. Development of a communications/marketing plan for the district's execution with additional support for any video elements proposed in the plan. I would describe Option 1 as the **Planning and Video** option.
2. The items described above in Option 1 as well as Donovan Group's comprehensive communications services which would include development and deployment of communications/marketing plan elements including, but not limited to: surveys, social media management, issues management, video, graphic design, and content creation (copywriting, website copy, parent communication, newsletters, etc.). I would describe Option 2 as the **Comprehensive Communications Services** option.

Once again, thank you for your consideration. I look forward to the opportunity to discuss this project with you.

SCHOOL BOARD POLICY

School Board Policy - 9700.01 - COMMERCIAL ADVERTISING AND SPONSORSHIPS

In recognition that public schools may provide a potential market for commercial activities and that money derived from paid advertisements or sponsorships may benefit educational programs of the District, the Board authorizes paid advertising and sponsorships in accordance with this policy. In application of this policy the Superintendent shall ensure such advertising does not interfere with educational programming and that students will not be required to listen to, read or be subjected to commercial advertising in the classroom, in school-provided materials, in curriculum related activities or in District-sponsored events. Nothing in the above shall be construed to limit or otherwise prohibit instruction relating to advertising.

Advertisement, for purposes of this policy, means any payment or money or other economic benefit to a school or the District that requires visual, audio or video placement of a name, slogan, or product message on a District property, publication or broadcast. Advertisement does not include traditional fund-raising activities or outright gifts or other economic benefit for which no quid pro quo is attached. Sponsorship means any payment of money or economic benefit to a school or the District in exchange for recognition.

It is the intent of the Board that the determination of acceptance of any advertisement or sponsorship and the content of such will be under the discretion and control of the Board and the Board's representative, the Superintendent, whose decisions shall be final. The District shall not permit any advertisement or sponsorship that is materially or substantively disruptive to the school or the educational process, pervasively vulgar or harmful to students. Specifically, the District will not permit any form of advertisement or sponsorship that:

1. Promotes alcohol; tobacco; drugs or drug paraphernalia; weapons; lewd, vulgar, obscene, pornographic or illegal materials or activities; gambling; violence; hatred; sexual conduct; sexually explicit materials; or X-rated or R-rated movies;
2. May contain libelous material;
3. Is false, misleading or deceptive;
4. Is inconsistent with the educational objectives of the District;
5. Attacks, demeans, ridicules or disparages based on membership in any group identified in the District's non-discrimination policy;
6. Endorses a political cause, political activity, political party or candidate for a political office or position; or
7. Endorses any religious organization.

Acceptance of advertisements or sponsorship does not constitute or imply approval and/or endorsement of any product, service, organization or activity. This policy is intended solely to sell paid advertisements or sponsorships to raise revenue and expressly does not create a public forum for public expression.

The Superintendent shall consider the age appropriateness of any accepted advertisement and shall ensure that students, employees and volunteers will not be required to advertise, distribute, purchase or support any product, service, company or industry.

ADVERTISEMENTS

Subject to approval, paid advertising may be allowed in the District's athletic facilities or fields, auditoriums, program pamphlets, school publications (e.g. programs, yearbook, newspapers) or other venues (e.g. banners, fixed signage) where such paid advertising would be directed primarily to members of the public. The Superintendent shall not approve paid advertising in classroom or other venues where such would be primarily directed toward students instead of the public. Advertising will not be permitted on the exterior of a school building or cause the erection of any apparatus on school grounds without approval of the Director of Buildings and Grounds.

The use in the schools of curriculum related materials, school supplies or equipment bearing the name, trademark, or logo of a business, publisher or manufacturer not the distribution of awards for students donated by a business enterprise and approved by the building principal shall not be construed as advertising under this policy.

SPONSORSHIPS

Sponsorships with governmental, non-profit as well as commercial organizations may be approved by the Superintendent when such will promote activities of general interest to the public and that are non-partisan and promote the educational or best interests of students. No sponsorship agreement shall be approved that requires the District's programs and services be delivered in a specific manner.

All advertisements and sponsorships must be documented with a written contract approved by the Superintendent except as otherwise provided herein. The written contract shall, at a minimum, contain:

1. Language indicating the District has authority over content and the placement of advertising.
2. Language specifying the Superintendent has authority to view and approve all materials and the content therein prior to actual placement.
3. Specific provisions regarding the financial terms and timing of payments.
4. A hold harmless clause that requires removal of advertisements prior to expiration of the contract if a lawsuit is brought against the advertiser.
5. A warranty regarding intellectual property and indemnification against alleged violations of trademark or copyright protections by third parties.

Contracts for a duration of greater than 24 months and sponsorships in an amount greater than \$10,000 shall be submitted to the Board for approval.

4. Per School Board Policy, contracts for a duration of greater than 24 months and sponsorships in an amount greater than \$10,000 shall be submitted to the Board for approval.
5. Once the application has been reviewed and accepted, the applicant will be contacted to execute the agreement, to pay all deposits or fees due, and to provide any other materials or information that may be needed by the district to implement the sponsorship.
