5:00 P.M.                      Board of Education/Administrative Work Group Time

In place of the learning session Board meetings held the first Wednesday of some months of the school year, Board members and administrators will meet in work groups as follow up to the February Board Retreat.

There are no formal agenda items for the entire Board to consider. No Board action would be taken.

There are three priority areas and corresponding work groups:

- Teaching and Learning
- Community Engagement
- Finance, Facilities & Operations.

We anticipate the work time on April 5 focusing on the first and third topics:

- Teaching and Learning
- Finance, Facilities & Operations.
